LAY THEM AWAY. We mean the horrible, nauseous worm-seed compounds called worm syrups and vermifuges; many of them are as worthless as the flies are obnoxious. They have outlived their usefulness. People do not want them since McDonald's Celebrated Worm Powders, so easy and pleasant to take, can be had from any dealer. Everyone who has tried them says they are the nicest and best vermifuge ever discovered. Their children take them and never know a medicine is being administered. Any case of failure to cause expulsion when worms exist the money promptly refunded in every instance.

AN OLD MILLHEIM LADY GONE.—Mrs. Sarah Moore died at her residence on Main street, after a protracted illness, on Saturday morning. Mrs. Moore was a daughter of John and Elizabeth Harter and was born in Penn township, November 7th, 1800, reaching the age of over 83 years. On March 16th, 1823 she was united in wedlock by Rev. L. A. Ilgen to Mr. Adam Moore, and has been making her home in town for many years. She was a faithful wife, while her husband, who preceded her to eternity, was living. The community and friends loose in her a devoted christian, a kind neighbor and a beloved relative. She died a calm and truly christian death, being fully resigned to the common fate of humanity. Peace be to her ashes.

The funeral took place on Sunday afternoon from the decedent's residence and was followed by a large concourse of people, Revs. J. Tomlinson and J. G. W. Herald officiating.

—Tuesday's Harrisburg Patriot contains an account of a murderous assault by two cowardly villains. On Sunday forenoon Dr. Richard A. Robertson, a practicing physician of Mercer county, was on a visit to Harrisburg, when he was decoyed to the river by the two scoundrels, drugged, dangerously shot in the back and robbed of \$1635 and a gold watch. He was thrown down over the bank in an unconscious condition and lay there for some time. When taken home a physician was called who pronounced his wound serious. Without doubt the men, who were confederates, were far from the scene of the attempted murder before the doctor reached the house of his friend, and it is very questionable whether they ever will be captured.

Business must be on the decline. At least the tobacco agent F. O. H. does not call as often anymore.

Geo. C. went down town the other evening, threw his hat some fifteen feet in the air and cried at the top of his voice "It's a girl."

The question is frequently asked "who writes for the JOURNAL?" I can help you out of your trouble, just inquire of me, but do not give it away.

Harvey Hauck and family of Millheim have been visiting friends in Brushvalley for the last two weeks. Glad to see you looking so well again.

SHUN BONE.

LETTER.

To J. C. Smith and others.

Gentlemen:—In answer to your request in last week's issue of "the Journal" and the personal requests of a number of others to submit my name as a candidate for member of the Legislature I will say that by reason of present position of my business associations I feel in justice to myself and those of my business connections obliged to decline complying with your wishes at this time. It is an office worthy of the aspirations of any man but I have no particular ambition for it.

In connection with this reply allow me to give expression to one article of faith. Not infrequently the members remain in extra session until there is a general feeling of relief when they do become endowed with sufficient wisdom to adjourn and go home.

I think the business of both branches of the Legislature should be conducted in a practical and expeditious manner and to promote this end would advocate a reduction of salary 50 per cent per diem for any time in session after regular session of one hundred days.

I thank my neighbors for this expression of confidence—office is a trust and not a perquisite.

Respectfully,

July 15th, 1884. A. WALTER.

—Mr. John Kerstetter, Jr., still makes a business of doing special jobs at carpentry. John is really an expert at the business and has large experience, both in making out plans, specifications and drawings, as well as a practical workman. People who entrust their work into his hands can safely rely on having it done in best style at the lowest prices.
