

### How Uncle Abe, of Alabama, Recovered his Pullet.

'De circumventions and de circumambulations of dis here prisint generation am pas my comprehensions,' exclaimed old Abe as he entered his cabin and held up for inspection a chicken partly denuded of its feathers.

'Call dem wuds ober agin, daddie,' said young Jake, throwing his hand behind his ear as if very suddenly afflicted with deafness.

'Whar's yer larning, boy?' testily replied the old man. 'You'se dun bin tending dat skule dese pas two years and it pears like, as how you aint larnt nutting but ill manners, you young varmint.'

'Woll, dad,' coolly retorted the youngster, 'I is de brag scholar of dat skule, but it strikes me dat dem jaw-mashers what you just mentioned aint no whar in my dictionary, but you was eddicated long afore I was born and dem wuds may be fus-class spresions, so taint no use to take a feller up so shortlike.'

'Hols yer tongue, Jake,' commanded old Rachel, 'and let your daddie tell us how he dun got 's session of dat pullet what dun been gone dese hull two days.'

'Wall,' began the old man, 'I hab my 'spicions 'bout dis here chicken, but I aint say much. I jis' lie low and watch de case. Tinks I, Brudder Dick bin a powerful han' on de stealing question, and I don't see as how his 'ligion dun prove him any, so I jis' keep my eye on his motions. Jis' now, as I was passing his house, I hear a mighty singing and patting ob de feet, like Brudder Dick feel monstrous happy. Den I peeps fro' de crack and dar, bress God, I seed de old sinner jes' a taring de feders outen dat pullet. Den I walked back a few steps and set up a singing too; and when I gets to his house I hollers out: 'Brudder Dick, is you dar?'

'Den he answers up, skeert-like, 'Is he here, Brudder Abe. What's yer pldger?'

'I 'se cuming in to sit awhile,' says I, and I shuffles about like dere is a powerful site o' mud on my feet, kase I was boun' fer' to hab a lettle fun, and I wanted to gib de old man time to hide de pullet.

'When I goes in, Brudder Dick was jes' a shoven a basket of fedders under de bed. 'Hab a cheer, brudder,' says he, powerful perlit, 'I 'se sure glad fur to see yer. Bring dat cheer hegher to de fish.'

'Den we talks and talks, and while I was looking aroun' I sees a piece ob dat pullet a sticking outen his pocket. 'Brudder Dick,' says I, 'dis you carry a rabbit foot for good luck?' And I gin a grab fur de chicken; but no bress de Lord, de old man too peart fur me and he holler out: 'Don't tech my rabbit foot, kase you spile all my luck!'

'Dat's de truff,' says I; 'den I sot to thinking how I was gwine to git dat pullet outen dat pocket.

'Arter awhile says I; 'Brudder Dick, I 'se dun loose dat fine Plymouth Rock pullet what I sot so much store by.'

'You aint tell me so he,' he 'plies, innercent like a dove; how dat dun happen, brudder?'

'I can't in no wise tell,' says I, 'but I bress de niggah what eats dat chicken, kase I dun put de ebil spell on it, and it is conjured clar to de backbone. I is shure seen dat pullet afore now stan' on its head and walk on its tail.'

'You aint say so,' he 'claims, and his eyes look like dey was gwine to pop outen his head, an I see him hitch back his coat like he was skeert fur de pocket to touch him. Tinks I, old man, you 'se all right now, and I tells him good night and leabs.

'Den I hides ahind a tree fur to see what he gwine fur to do next,' and bimeby he cumts to de door and peep out, he aint seen nobody and he gin a run and flung de chicken inter my yard. Den I hear him say to himself: 'Fdat dere chicken is conjured I is dun fixed up old Abe's dog, kase Cash is boun' fur to eat it afore mornin.' Den he slips in de house and I gits to dat pullet in a hurry, and here it is now ready fur de cooking, old 'oman. Ha! ha! ha! laughed the negro, 'I is cunning as a coon; it is hard to kotch up wid dis niggah.'

'You're right dar,' acquiesced his wife, while young Jake, with a knowing grin, quietly asked: 'Daddie, aint dis here de little speckled chicken you made me run down and kotch dat Sunday Miss Amy and de boss dun been go to church?'

'Hole your tongue, you meddlesome young rascal, you is so chock full of bigotness and circumventions you is mighty nigh unportable. Dese here children what am dun brung up since slabery times is gotten clar outen my comprehension.'

'I is kotch up wid de facts of dis ting, muttered old Dick, who had slipped in the yard to see what effect the conjured pullet would have on Cash. He hearing the old man talk-

ing, had peeped through the crack and seen how cunningly he had been cheated out of his chicken supper.

'Plig it eben wid de ole coon yit, he mentally ejaculated, and spying a stray chicken rooster near, he dextrously transferred it to his capacious pocket without any outcry from the feathery prisoner, and he gleefully chuckled as he reflected, 'Dat when it come to a pinch he reckon dat black coicken was mighty nigh as good as de Plymouth Rock pullet.'

There are hard times ahead for Prohibitionists. Sooner or later we shall be obliged to slack our thirst with beer, mintjules, milk-punch, and other cooling beverages, instead of the water with which we now irrigate our systems. Professor Proctor says the earth is gradually cooling off, very much as the enthusiasm for Blaine is beginning to loose some of its latent heat. The professor says that in about 15,000,000 years every trace of water will have disappeared from the surface of the earth.

'It is ground-hog day again, I see,' remarked the red-headed boarder, casting his eye over the breakfast table. 'Why, no it isn't,' contradicted a fly telegraph operator. 'Then what is dat sausage doing there?' rejoined the red-headed boarder.

### DOWN'S ELIXIR.

For the cure of Consumption, Coughs, Colds, Catarrh, Croup, Asthma, Fluorisy, Hoarseness, Influenza, Spitting Blood, Bronchitis, and all diseases of the Throat, Chest, and Lungs.

In all cases where this Elixir is used its efficacy is at once manifested, convincing the most incredulous that

Consumption is not incurable, if properly attended to. At its commencement it is but a slight irritation of the membrane which covers the Lungs, then an inflammation, when the cough is rather dry, local fever, and the pulse more frequent, the cheeks flushed and chills more common. This Elixir in curing the above complaints, operates so as to remove all morbid irritations and inflammation from the Lungs to the surface, and finally expel them from the system. It facilitates expectoration.

It heals the ulcerated surfaces and relieves the cough and makes the breathing easy. It supports the strength and at the same time reduces the fever. It is free from opium and all other deleterious ingredients, and never dries or stops the cough, but, by removing the cause, consequently when the cough is cured the patient is at once manifested, convincing the most incredulous that
