THE POLITICAL FIGHT.

THE LATEST NEWS.

New York Gives a Sure Majority for Cleveland—New Jersey, Indiana, Connecticut, Michigan and a Solid South Democratic.

FROM THE HARRISBURG PATRIOT.

Special to the Journal.
Harrisburg, November 5th, 6 P. M.
Cleveland has New York, New Jersey, Nevada, Connecticut, Indiana and the Southern States certain while Illinois, California and Michigan are in doubt. Cleveland's election is sure.
Geo. D. Hobert, The Patriot.

Word from Senator Gorman.

Special Dispatch to the Patriot.
New York, Nov. 5.—New York close. We think we have carried it by 7000. Indiana, New Jersey and Connecticut safe, and probably California, Wisconsin, Illinois and Nevada.
A. P. GORMAN.

From Chairman Hensel.

Special to the Patriot.
Philadelphia, Nov. 5.—8 P. M.—New York close, but we think we have it. Indiana, New Jersey and Connecticut safe. Chance at California and Illinois.
W. U. HENSEL.

New York "Times" Estimate.

Special to the Patriot.
New York, 5.—Cleveland carries New York by not less than five thousand, and is undoubtedly elected. He cannot be counted out.
The Times.

Connecticut in Line for Cleveland by Twelve Hundred Majority.

Hartford, Conn., Nov. 5.—Cleveland carries the state by 1200 plurality.

According to the above dispatches and news given by daily papers all over the country Cleveland's election is assured. We will give full and reliable news in next week's issue.

The Result in the County.

HON. A. G. CURTIN is elected to congress by about 1000 to 1500 majority in spite of the antagonistic Hall faction, which threw its entire vote to Patton, the republican candidate. So hurrah for Curtin!

As far as Hoy, Rhone and Woodward are concerned the democrats of Centre county should have learned the lesson of "United we stand, divided we fall" in the defeat of Judge Adam Hoy, and our candidates for the Legislature, Messrs. Rhone and Woodward. Had they stuck to their ticket, instead of "kicking" we could have elected the whole of the county ticket and with overwhelming majorities just as in former years. We can not help grumbling at some of our party. It is certainly a humiliating fact that this county should be represented by two Republicans. But the JOURNAL has done all in its power to prevent anything of this kind and it is our consolation to know that this part of the county can not be blamed for this unfortunate result.

We were not able up to this writing to get the majorities of the successful candidates, but are glad to say that they are all elected.

A bitter fight was also made on the sheriff, MILES WALKER, but he came out victorious.

Chester Munson, Robert G. Brett, Charles Smith James A. McClain, Frank E. Bible, A. J. Griest and John Wolf, all were elected and we congratulate our elected friends on their triumph.

Had the Democracy of the whole county done its duty, we would not be compelled to sympathize with any defeated democratic candidates.

Thursday 3 P. M.—While pressing intelligence reaches us of the election of Rhone and Woodward for legislator by small majorities not exceeding 100. Hip, hip!

We think our roosters will grow larger and crow louder by next week.

Afterthoughts.

Now that the election is over and the natural anxiety and worry of a long campaign as abated, we ought to be able to think and act calmly and soberly. Whatever party won, it matters materially very little in our rural communities. There are of course disappointments, but they come to all and everything will and ought to go on as before and it is our duty to cheerfully do the best we can under all circumstances. If religious, social and business interests have suffered any through the heat and suspense of this campaign, we ought to at once revive them with renewed efforts. The world goes on no matter who is president or who are our public officers. We naturally must move along with the world and therefore would just as well put our shoulders to the wheel and settle down to business in earnest.

WASHINGTON LETTER.

From our Regular Correspondent.
WASHINGTON, D. C., Nov. 3 1884.
The exodus of Government clerks from Washington to be used at home for working purposes has never been so great as at this fall's Republican danger. In the face of the Civil Service law, these men are furnished with transportation to their homes, and in many cases their entire trip expenses are borne, if not from the public Treasury, nobody knows what. From the Government Printing Office so many have left that the place has about the same appearance this week that it has on the Sabbath day. When it is remembered that there are 80,000 voters here to be distributed among the several States, and there is likely to be a close fight in many of them, we can see the reason for this gathering of the Republican clans and concentrating them upon the country ballot-box. This very morning the alarm comes from R. publican Wisconsin that calls for the last man from the Badger State who has a vote to go home and cast it.

The man who has talked and written more about finance and demonstrated that he knew less about it than anybody else, has received the portfolio of the Treasury in the place of Mr. Gresham, who takes a life place on the bench as the successor of Judge Drummond. McCulloch's vagaries as Secretary of the Treasury once before, were the laughing-stock of the whole financial world, except the few sharks in Wall street into whose hands he was constantly playing the Government's best trumps. It is Wall street now that has demanded of Mr. Arthur the re-instatement of the same McCulloch who believes that hoarding five hundred millions of dollars in the Treasury to lie idle, while the country's industrial industries are going to the dogs, is the true theory of successful financing.

With all our pretended perfection in the matter of transporting the mails of the country, the complaints come in at the rate of twenty thousand per year of the loss of valuable letters. Of these 14,641 contained enclosures of money, comprising checks, drafts and currency, of which number the efficient detective force of the Post Office Department succeeded in running down about 1,800 of them as having finally reached their destination, though no mention is made of the 18,000 that did not. It is gratifying to be informed however, that this percentage of convictions in the Federal courts for violation of the Post Office laws is on the increase, for out of the 698 offences tried in those courts 439 were convicted, 88 acquitted and 151 yet on trial.

An Indian No Citizen.

WASHINGTON, Nov. 3.—A decision was rendered by the supreme court of the United States this afternoon in another of the series of cases which have arisen out of the adoption of the fourteenth and fifteenth amendments to the constitution. The present case, which is that of John Elk, plaintiff in error, against Charles Wilkins, and which comes from a district of Nebraska, is the suit brought by an Indian against

the registrar of one of the wards of the city of Omaha for refusing to register him as a qualified voter therein.

The questions presented are whether the plaintiff in error is a citizen of the United States, and whether he has been denied any right guaranteed him by the Fifteenth amendment to the federal constitution. The court in a long and elaborate opinion by Justice Gray holds, first, that an Indian who is born a member of one of the Indian tribes, within the United States, which still exists and is recognized as a tribe by the government and who has voluntarily separated himself from his tribe and has taken up his residence among white citizens of the state, but who has not been naturalized or taxed or recognized as citizens, either by the United States or state, is not a citizen of the United States within the meaning of the first section of the fourteenth amendment. Second, that the plaintiff in error not being a citizen of the United States under the fourteenth amendment has been deprived of no right secured by the fifteenth amendment and cannot maintain this action. The judgment of the circuit court is affirmed.

Justice Harlan read a long and dissenting opinion in behalf of Justice Woods and himself.

—THE PREMIUM ENGRAVING issued by "Peterson's Magazine," for 1885, like everything else from that quarter, is of rare excellence and beauty. It is not one of the cheap colored lithographs with which the country is flooded, but a first-class line and stiple engraving, executed in the highest style of art. The artists are Illman Brothers, and they have engraved it—size, 21 inches by 27—expressly for "Peterson's Magazine," in their most brilliant manner. The picture is called "The Lion In Love," and is a capital affair; sure to raise a smile. In artistic merit, it is, we think, one of the finest "Peterson's" has ever issued. Another of the premiums is the "Pearl of Price," an illustrated volume of the American poets. Another is an extra copy of the magazine, etc., etc. You can get any of them gratis, by raising a club for "Peterson's" for 1885. This is a rare chance.

Specimens of the magazine sent, gratis, with full particulars, to those wishing to get up clubs, if written for. Address CHARLES J. PETERSON, 306 Chestnut Street, Philadelphia, Pa.

The New Orleans Exposition.

R. H. Thomas, Commissioner for Pennsylvania to the New Orleans exposition is collecting and packing the exhibits for transportation, and has secured specimens of the various State products, which will in the aggregate make a creditable display. The work of the Commissioner has been arduous, because of unexpected apathy concerning the matter among persons who were asked to interest themselves. Most of the articles have been secured through personal application and solicitation, and in many instances by direct purchase. But in other quarters, including the higher institutions of learning, valuable collections have been freely loaned and earnest assistance given. Commissioner Thomas, being desirous of making a thoroughly representative exhibit of this State, requests citizens to aid him in collecting the following objects: "Geological specimens, fossils, petrifications, shells and prepared specimens of animals, birds, insects, etc.; agriculture and horticulture; raw and manufactured products; ores, minerals, specimens of soil's, grasses, fibres, mosses, clays, sands, mineral waters, with analysis, and native woods; agricultural products not used for food; chemical and pharmaceutical products. Textile Fabrics—cotton, hemp, linen, worsted, silk, jute, hair, etc. Alimentary products—cereals, farinaceous products, fish, vegetables and fruits—natural, dried or preserved; also condiments, confectionery and domestic stimulants. Archaeological and historical collections, and relics and curiosities of all kinds will prove very interesting features of the State exhibit. Everything illustrating Indian life, colonial life and the history of our people will be in place." These objects, if sent to the commissioner's address, Mechanicsburg, Cumberland county, Pa., will be properly classified and cared for, and, if it be desired, will be returned to the owner at the close of the exposition free of expense.

Exhibits sent by express or through the mails should have expressage or postage prepaid.

When sent as regular freight the charges will be paid by the commissioner. All exhibits should be addressed as above indicated and should reach the commissioner's office by Nov. 20th, at which time the cars will be loaded for New Orleans. The name, county and postoffice of every contributor will be noted on article contributed, thus giving credit to whom credit is due.

Miscellaneous News.

Brignolio, the great tenor singer, died last Thursday night, at New York.

W. H. Vanderbilt recently presented some of his "poor relations" with property worth, all told, about \$50,000.

In the mine disaster at Youngstown, four miles from Uniontown, Pa., fourteen men were killed from the explosion of fire damp, on Monday, Oct. 27th.

Railway postal clerks are authorities for the statement that postal cards are gradually going out of use. Since the reduction in postage they say that they handle on an average but one postal card now to five formerly.

Three Miners Crushed.

GIRARDVILLE, Pa., Oct. 31.—This afternoon, while George Kraposky, John Mullenwitz and George Unglovitch were cutting coal in a minebreach near Centraio a huge rock fell on them. All three were terribly mangled and there is but little hope of their recovery.

The importance of adding the county and State to the address of letters or other mail matter, even in the case of the most important cities, is apparent from the fact that there are in the United States 11 St. Pauls, 20 Bridgeports, 18 Buffaloes and Newarks, 17 Brooklyns, Cleveands and Rochesters, 16 Hartfords, 15 Louisvilles, 13 Bostons and Pittsburgs, 8 Cincinnati and Philadelphias, 6 Chicagos, 7 Detroites, 5 Milwaukeees and St. Louises, 32 Washingtons and 4 New Yorks and Baltimores. New Orleans and San Francisco are not duplicated.

—THE U. S. Dispensatory and the Science of Chemistry justify the assertion that for tonic, diaphoretic and expectorant properties, no combination of remedies can be devised to equal in power and efficacy Dr. Kessler's Celebrated English Cough Medicine. It is the safe and reliable standby in cases of croup and whooping-cough. Dissatisfied purchasers can have their money refunded.

Fatal Explosion of the Boiler of a Thresher.

NEW BLOOMFIELD, Pa., Oct. 30.—This afternoon a steam thresher burst on the farm of Daniel Wentz, in Jackson township, Perry county. The boiler was thrown over the barn, the latter badly wrecked and subsequently burned to the foundation walls. David Snyder, aged 25 had a portion of his head blown off and was instantly killed. One thousand and bushels of wheat, sixteen hundred bushels of corn, one thousand bushels of oats, together with all the hay and other crops and a lot of farming utensils and machinery, were burned. Most of the workmen employed about the thresher were at dinner at the time of the explosion. The loss will be \$4,000; insured for \$1,700 in the North American Company, of Philadelphia.

Attention, Doctors.

Everybody knows that the life of the average physician is a hard one. He is often compelled to ride great distances through mud and rain for a merely nominal fee. It is not fit nor proper for us to condemn any physician for his work, but we do assert that his practice can be made easier, and he can effect more cures by the proper and judicious use of PERUNA. If he will only add this great remedy to his list of medicines, he will find that his usefulness will be greatly increased. Full directions for its use will be found in the "Ils of Life," and he should at once procure this valuable book.

N. J. Wright, Business Agent Evening Herald, Erie, Pa., says: "DR. HARTMAN—I can not but feel it my duty to express to you my thanks for the great benefit I received from the use of your medicines, PERUNA and MANALIN. One bottle of each placed me square on my feet, after a sickness of four weeks, which confined me to my bed, and then left me lame and crippled. Three days from the commencement of the use of your remedies the cane was dispensed with, and in a week I was perfectly well."

Mrs. Ellen Maynard, Oswego, Potter county, Pa., writes: "DR. HARTMAN, Columbus, O. The small ulcers are all healed, and the two large ones are not more than half as large as they were. I am feeling quite well. The people say your PERUNA and MANALIN are doing a miracle. I do not take nearly so much opium as I did before."

Joseph Thomas, East Brady, Pa., writes: "I have used your PERUNA and MANALIN with good results. In the year of 1880 I was so bad that I could scarcely walk. I used PERUNA and MANALIN, and am now as healthy as I have ever been. I have also recommended it to several parties, and they have been much benefited by it."

Mr. C. H. Harris, New Vienna, Ohio, writes: "Our little girl was paralyzed at thirteen months old, and we resorted to everything we could hear of for relief, but she appeared to get but little better. Hearing of PERUNA we concluded to try it, and will say it has done her a great deal of good—the first bottle apparently giving aid and relief. We have used it for nervousness in other cases on other persons and found it a success. For general debility, and in fact for forty or fifty complaints, we have used it with success. We don't think anything else can at all compare with it. We have used forty or fifty bottles, and our house is never without PERUNA. Our little girl is now eight years old, and can run any place, was for four years helpless. PERUNA cured her."

DR. JOHN BULL'S Smith's Tonic Syrup

FOR THE CURE OF FEVER and AGUE

Or CHILLS and FEVER, AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PAINLESS cure of Ague and Fever, of Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

BULL'S SARSAPARILLA is the old and reliable remedy for impurities of the blood and Scrofulous affections—the King of Blood Purifiers.

DR. JOHN BULL'S VEGETABLE WORM DESTROYER is prepared in the form of a sandy crop, attractive to the sight and pleasant to the taste.
