JUBILEE. -On Monday evening the Gregg township Democracy had a splendid ratification of Cleveland and Hendrick's election, at Spring Mills. About six o'clock a glaring bonfire on the hill west of the town lit up the surrounding country and the large and spacious business houses in the new part of Spring Mills were grandly illuminated. Grenoble's store house, Bibby's hotel and McCool's residence presented a fine sight with its hundreds of burning candles and lamps and truly looked like a golden crown, setting off the rest of town to great ad vantage. About seven o'clock a procession, equipped with torches and japanese lanterns and headed by the Farmers' Mills band and a drum corps started from Bibby's hotel to have a walk around, after which the large crowd of people who had gathered in from all parts of W. Koch of Potter township. A fine display of fire works fittingly closed the demonstration and greatly entertained the enthusiastic and lively

Spring Mills can justly be proud of her Jubilee. It was a well-arranged and liberally supported affair. The citizens of the place seemed to be fully awake to the great victory and all stroye to do their share in making the jubilee a success, in which they did not tail. It was a credit to Spring Mills.

ANOTHER JUBILEE .- Perhaps in all the history of this growing little borough, there never was such a harmonious and social time of enjoyment spent Ly our democrats as was last Tuesday evening, when they celebrated their great victory in the late election. Early in the morning the citizens went to work in good earnest with the view of work into his hands can safely rely on painting the town as red as possible. Flagsiwere swung to the breeze and nearly all the business places and many private residences were dressed in the festive garb of America's colors. Extensive preparations were made to brilliantly illuminate, as soon as darkness set in and several men were hard at work building a tremendous stack of pitch wood for the bonfire. When evening had come Main street and part of North street were shinning forth in splendor and soon Penn street followed suit. Our two hotels presented the richest appearance and everybody admired the good taste which the landlords displayed in the arrangement of their candles, lamps and chinese lanterns, and they certainly deserve great credit, for their efforts. From the hill down to the bridge it was a continuous chain of flaming jets and the streets were full of people in spite of the falling snow. At about 7 o'clock the band struck up a national air, giving the signal for a walk around. Marshall Frain then took charge of the parade of about 200 men and boys, who marched through Main and Penn streets to the lively music of the drum corps and that at their place you are sure to get the band. When they came back to the First National Hotel they were shortly but ably addressed by D. W. Cox, Esq., of Lewisburg. The jollification was wound up with the grandest bonfire ever witnessed in this neigh-

> When the high stack of pitch wood, saturated with coal oil, was set on fire, the column of flames about thirty feet high, on an elevated point west of town shed a bright and dazing light over the whole town. Three tremendous cheers for Cleveland and for Curtin went up and the stirring band and marshal music relped to make things very lively.

The most pleasant feature of the occasion was the decorum and good-feeling which prevailed throughout the evening. Not an intoxicated person could be seen, nor was any improper language heard. Everybody seemed to be filled with a quiet but earnest enthusiasm over our great victory and the

-PETERSON'S MAGAZINE for December comes to us ahead of all others, a perfect maryel of beauty. There are more than a hundred pages of readingmatter; two superb steel-plates; a colored pattern, costler even than a chromo ; a colored fashion-plate, double size, printed from steel; and more than half a hundred wood-cuts of fashions, worktable patterns, etc., etc. The stories are exceptionally good; though "Peterson" always has the very best. It is a standing wonder to us how this maga zine can be furnished at its low price it can only be explained by the enormous circulation which "Peterson" has now for more than thirty years. We really suppose there are few families at all pretending to refinement, in which this magazine is not to be found. It claims, and not undeservedly, to give more for the money-and of better quality-than any other. The December number ends the year. Now, therefore, is the time to subscribe for 1885. or to get up clubs. We advise our fair readers to subscribe for no magazine till they have seen a copy of this. Specimens are sent gratis, if written for in good faith. The price is but Two DOLLARS a year to single subscribers. To clubs, it is cheaper still, viz: Four copies for six dollars and a half, with an extra copy of the magazine as a premium to the person getting up the club. Or five copies for eight dollars, with both an extra copy of the magazine for getting up the club, and also a superb illustrated book of American poets, called "The Pearl of Price," or a large-size steel-engraving, for framing, The Lion in Love." No other magazine gives such costly premiums. For larger clubs, the price is still lower, while even more premiums are given. Address Charles J. Peterson, 306 Chestnut Street, Philadelphia, Pa.
