

Lodge & Society Directory.

Millheim Lodge, No. 855, I. O. O. F. meeting hall, Penn Street, every Saturday evening...

THE WAY the present legislature of the state stands we can only expect actions in the interest of the republican party and the worst part of it at that.

All hope to gain a democratic representative in the U. S. Senate was defeated in the late election. The last legislature consisted of 30 republicans and 20 democrats in the senate, and 88 republicans and 113 democrats in the house...

The new proportionment of the state will also be taken up in the near future but with results which will give the republican party the best advantages.

The old Liberty Bell will be taken from the rotunda of Independence Hall, Philadelphia, on the morning of January 24th, and placed upon a truck.

W. H. Vanderbilt, the millionaire, generously presented to Mrs. U. S. Grant, the debt and judgement for \$150,000 against the General.

The New York Star, John Kelly's Tammany paper suspended on Monday last. It had to succumb to the hard times and will after this only appear as a Sunday paper.

General Grant suffers from a painful swelling in his mouth and some of his physicians apprehend that he may have cancer.

Folger's Son Dead.

GENEVA, N. Y., Jan. 11.—Captain Charles W. Folger, only son of the late secretary of the treasury, died here to-day of consumption, aged 40 years.

WASHINGTON LETTER.

From our Regular Correspondent. WASHINGTON, D. C., Jan. 14, 1885. The comfort that can be extracted from Mr. Cleveland's late deliverance on civil service reform is general, and the disposition he is to make of the intense partisan employes in particular, it is of the most frigid character.

I really hope that the friends of Mr. Springer, of Illinois, will convince Mr. Cleveland of the propriety of having such a man in his Cabinet. If, as is said, the new administration is to be a vigorous one, whose heads are to be those of virility, and whose muscles are to be active and strong, then men like Mr. Springer cannot be ignored.

I have just come in from a tour through the departments, made for the purpose of satisfying myself that the Government would be turned over to Mr. Cleveland in good shape next March. I must say, however, that evi-

dence of niggardly appropriations in the matter of the employment of sufficient clerical force in some of the departments were much too frequent, especially in the Land Office and in the office of the Sixth Auditor of the Treasury.

Miscellaneous News.

Better Business Prospects.

RENEWED LIFE IN DIFFERENT BRANCHES OF TRADE WITH THE NEW YEAR.

The New York World presents interviews with many business men of that city, which shows a better outlook for trade. There is a better feeling prevailing and it would not be at all surprising if the opening spring would witness a general revival of trade and a brightening up of traffic in many directions.

John Clafin spoke for his father, Mr. H. B. Clafin, and for the dry goods trade in general. He said that the question was beginning to be whether there was any depression at all.

Gardner R. Colby, of the firm of Harding, Colby & Co., one of the largest commission houses in Leonard street, said: "We act as agents for several large New England mills and I am therefore in a position to know that the outlook is favorable both for a good spring trade and for the employment of the hitherto idle mill hands."

H. K. Thurber, of the firm of Thurber, Wyland & Co., spoke for the grocery trade. "Stocks are way down," he said; "formerly the warehouses were bulging with goods and it was difficult to obtain storage room, but within the last few weeks the piles have been diminishing until now great vacant spaces stare the warehousemen in the face and they are skimming around for merchandise to put on storage and are offering very low rates."

A Millionaire's Peculiar Will.

BOSTON, January 8.—The late Geo. Gardner, of Boston and Beverly, a recently deceased millionaire, left a peculiar will, which was filed to-day. There are no public bequests, but the bulk of his property is left in the hands of trustees. They are directed to pay to his wife each year 1,161 Troy ounces of pure gold, and in addition, if she wants it, \$10,000 cash.

COOK & SPERRING. ROLLER & RINK. The proprietors respectfully inform the public that their RINK is open daily, afternoon and evening. (Size of Rink 40 x 100.) The building is commodious and finely arranged, has a splendid floor, and patrons will always find new and strong skates on hand.

Neuralgia of the Face.

Capt. John Orr, Pearlborough, Miss., has been a most intense sufferer from facial neuralgia for over twenty years. He has had seventeen operations performed on the nerves—that is, had them divided, cut off close to the bone from which they emerge. But this never did him any good; the most excruciating pain continued without the least interruption.

Mrs. C. J. Miles, Galtopols, O., writes: "Dr. B. H. Hartman & Co., Columbus, O. My affliction has been rheumatism, located in the right arm and shoulder, of more than two years' standing, and after trying a great many remedies without any relief, I commenced the use of PERUNA, which, after using three bottles, effected a decided change for the better. I continued to use it and now feel entirely well."

The Boom in Business.

A Brighter Outlook for the Rolling Mills and Furnaces at Cleveland.

CLEVELAND, January 8.—There is a brighter outlook among the rolling mills and iron furnaces of Cleveland. For several weeks nearly all the departments of the Cleveland Rolling Mill Company have been idle and many men employed in them have been unable to provide for their families.

Tuesday morning six departments of the Cleveland Rolling Mills started and the night turn of the wire mills also resumed work, thus giving employment to several hundred idle men.

A Panic in Spain.

Fifteen Thousand People Leave Granada—A Village Sliding Down Hill.

MADRID, January 9.—Fifteen thousand persons have already left Granada. The people generally are of the opinion that the end of the world is at hand and are asking absolution from the priests. The village of Guenjar is slowly sliding downwards to the valley. An opening has appeared in the mountain at Olmar, from which smoke is reported to be issuing.

Cave-In Near Shenandoah.

SHENANDOAH, Pa., January 9.—An extensive cave-in occurred last night on the wagon road leading from this place to Frackville, about half a mile south of town. The amount of surface gone down is yet small, but the ground is gradually sinking and cracking for hundreds of yards.
