

Lodge & Society Directory. Millheim Lodge, No. 885, L. O. O. F. meeting hall, Penn Street, every Saturday evening...

EMPEROR William, of Germany, is reported as seriously sick.

THE total amount of immigration in the United States last year was 453,983 souls, while in 1883, 560,196 landed in this country.

LAST week the official count of West Virginia's October election was completed and shows a majority of 5,289 for Wilson, democrat, over Maxwell, republican.

FOUR THOUSAND cigar manufacturers and their hands in Philadelphia signed a petition against the ratification of the Spanish treaty and sent the same to Senator Cameron.

SENATOR CAMERON, as everybody with some political knowledge expected, received the nomination for U. S. Senator and the anti-Cameron republicans have no other choice but to be satisfied with this result. It is a case of "stand up to the rack, fodder or no fodder."

Unfavorable to Grant's Retirement.

WASHINGTON, Jan. 19.—The senate committee on the federal relation, to which was referred the resolution asking congress to place General Grant upon the retired list of the army reported to-day that it ought not to pass.

CAMERON is renominated as U. S. Senator from Pennsylvania and that means he is re-elected. The "machine" works as smooth as ever and Cameron has the republican party of this state in his pocket.

Since writing the above Senator Cameron has been re-elected to the U. S. Senate.

THERE is at least one class of working people who thus far remained exempt from the general reduction of wages and by all appearances will be spared in the future—the domestic servants. Cooks, Coachmen, servant girls and stablemen, who generally have more steady employment, than mechanical laborers, seem to be better taken care of than factory hands, miners and the like.

Washington News and Gossip.

WASHINGTON, D. C., January 17, '85. There has been a remarkable change of opinion during the past week or at least two of the measures before the House. And it is a change which promises to make laws of at least those two measures. One is the Grant retirement bill, and the other is the Blair Educational bill.

Would Sooner Work Than be Idle. WILKESBARRE, Jan. 19.—The miners and laborers employed by Pardee & Co., Cox Bros. & Co., George B. Markle and Leisenring & Co., coal operators, in the lower part of Luzerne county, began work this morning at a reduction of ten per cent. in their wages.

The Educational bill has grown in favor wonderfully of late. It is getting active and general support from the South, a section which has heretofore seemed strangely indifferent on the subject. I say strangely for two-thirds of the seventy millions to be expended will go to the one-third of population known as "the South."

The net result of the present week's work has been the passage of the French Spoliation Claims bill, a venerable bill which has come down to us from former generations. The claims are as old as the Government. Claimants are simply permitted to go before the Court of Claims, after which, if the court finds anything due, Congress will make the necessary appropriations.

Your readers will perhaps hardly believe me at first, but this is the only House debate for twenty years on any important subject, in which party or section had not some place. But it is true, so far as I can remember. Congress has hardly buried a Senator or Representative in the last decade, without a reference in the obituaries to the late war, or to "the South," or to "the North," or to the services of the deceased to his party.

The venerable French Spoliation bill was too much for members, however, and only the merits and demerits of the bill itself were mentioned.

Everything goes on well with the Monument dedication, and Presidential inauguration managers. The gathering here, especially on the 4th of March, will be greater even than has heretofore been expected. Funds are being subscribed by all classes of people, and citizens without regard to party are at work upon the committees. Reports from every section are to the effect that hardly a township will be unrepresented.

For some reason unknown to the outsider, there has been lately much less confidence among Republican clerks here in regard to their places than there was a month ago. It seems to be understood among them that the ax will fall heavily.

Miscellaneous News.

A \$40,000 fire occurred in Beloit, Kansas, Sunday.

The post office block at Dodge City was burned yesterday with a loss of \$75,000.

John Gardner yesterday was arrested near Huntingdon, Pa., for the murder of George Warfel, his father-in-law.

Wheeling, West Virginia, was badly damaged by the wind and rain on Saturday and Sunday. Many houses were unroofed, telegraphic communication was cut off, and barns, sheds and fences in the surrounding country were blown to the ground.

M'Clain, the camp meeting homicide, was found guilty of murder in the first degree. The trial at Lewistown, Pa., ended on Saturday night, Jan. 17th, by the rendering of the above verdict. The murderer of Smeadman will probably receive his formal sentence this week.

Last Sunday morning, Jan. 18th, the infirmary of the Illinois eastern hospital for the insane burned and a great number of the inmates perished in the flames. The patients were mostly suffocated before they could be reached and the insane were either unable or unwilling to help themselves. There were 1500 inmates in the hospital.

Just so. The wise and prudent man now procures a bottle of Dr. Kessler's Celebrated English Cough Medicine and keeps it in the house to be prepared for croup and whooping-cough emergencies. It never fails, it never disappoints. Instructions for treatment of croup and whooping-cough on each wrapper. Nothing like it for colds and all lung troubles. Dissatisfied buyers can have their money returned.

JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa. The Oliver and Phillips Failure.

PITTSBURG, Jan. 19.—There was very little news to-day regarding the Oliver Bros. and Phillips affairs. Matters seem to be progressing satisfactorily towards an extension on favorable terms. A meeting of the creditors to-morrow will be attended by all of the leading creditors and will, no doubt, be harmonious. It is stated on authority that an examination of the liabilities will show them not over \$2,200,000.

Extreme Cold at Chicago.

CHICAGO, Jan. 19.—This has been the coldest day of the year in this city. The thermometer ranged anywhere from 19 degrees to 30 degrees below zero, the signal service quoting 19 degrees below. The condition of affairs prevails throughout the state, but in the northwest the weather is milder as compared with that of twenty-four hours ago. Winnepeg is quoted at 14 degrees below, Jamestown 16 below, Fargo 17 below and St. Paul 19 below.

WILKESBARRE, Jan. 19.—The miners and laborers employed by Pardee & Co., Cox Bros. & Co., George B. Markle and Leisenring & Co., coal operators, in the lower part of Luzerne county, began work this morning at a reduction of ten per cent. in their wages.

A Burst Boiler. POTTSVILLE, Jan. 18.—At Good Spring, a small station at the Schuylkill and Susquehanna branch of the Philadelphia and Reading railroad, yesterday afternoon, the boiler of Abraham Earnst's saw mill exploded with terrific fatal effect, five men being killed outright. The mill has been run by Earnst for fifteen years, making him timber for the Philadelphia and Reading Coal and Iron Company's Collieries in the west end of the county. It employs from eight to ten men. To-day half the force were in the woods, some distance from the mill, loading and hauling logs. About 2 o'clock the explosion occurred. It is supposed to have been caused by a defect in the boiler. The killed are Albert Earnst, aged twenty years, son of the mill owner's brother; Henry Collier, aged twenty-seven years, having a wife and four children; Jacob Gehres, aged thirty-five years, having a wife and five children, and two others, whose names have not been learned. Good Springs is an isolated place and difficult to reach. All the bodies were terribly mangled and parts of them have been picked up four or five hundred yards from the scene.

Chronic Catarrh. C. W. Mellier, of 406 South Fourth street, St. Louis, is twenty years of age, and has been a sufferer from chronic catarrh, which had become quite offensive. When he came to Dr. Hartman, two months ago, he was told to take six months' cure him. But he has progressed beyond all expectations, and nearly all signs of the disease have disappeared. Before being treated he could not breathe out of the nose, and now he has perfect control of the nasal organ. PERUNA did the business.

James Dunn, of 1310 Gay street, St. Louis, has suffered from catarrh since 1870. The gentleman told the reporter the following singular story of his case. "I took the disease in Memphis. It commenced in my head and extended to my throat, and a bad cough followed. I went to a number of physicians, and they told me my trouble was liver disease, and one said it was palpitation of the heart that caused the cough. For the last year I have been practically worthless. I could not ascend a flight of stairs without suffering from shortness of breath and fast beating of the heart, and my appetite was very defective. After eating I often coughed so hard that I would throw up everything in my stomach. I could not walk any distance without panting. Five weeks ago I went under the care of Dr. Hartman, and now my cough has disappeared and I feel like a new man." PERUNA was his treatment.

Next came George Sauerbaum, residing at 1209 Carr street, St. Louis, who is an old patient of Dr. Hartman. He stated that he had suffered most intensely from chronic catarrh of the head and lungs, but is now almost cured, his lungs being entirely well and his head greatly improved. The gratitude of this gentleman was almost boundless, and he expressed it to the reporter in the strongest terms, saying "PERUNA will cure any disease."

L. P. Dukehart, of Cumberland, Md., superintendent B. & O. R. R. Co's Hotels (conductor on the Baltimore & Ohio Railroad for twenty-eight years, and previous-ly a druggist), writes: "Dr. S. B. HARRMAN & Co., Columbus, O. I have used but one bottle of PERUNA between myself and son. He had diphtheritic sore throat, and is now well. As for myself, it has entirely relieved the dullness in my head, which has been of long standing—the result of chronic malaria. I never took anything in my life that gave me such great satisfaction. My wife is now taking it also."

Heavy Losses by Fire in Boston.

BOSTON, Jan. 18.—The Bay State sugar refinery and the Standard dye works were burned to-night. The loss will be heavy. The refinery is fully insured.

Not extensive advertising but genuine merit has placed McDonald's Improved Liver Pills at the head of the list, the most exacting, scrupulous care exercised in selection of materials, the highest attainable chemical skill employed in their manufacture, and sold on an honest guarantee. Any dissatisfied buyer can have their money returned.
