FIRE AT MILLHEIM.-On Friday evening about 7 o'clock the western part of Main street was illuminated by the fierce flames issuing from the woodhouse of C. F. Deininger's property The fire originated in a box filled with pitch pine shavings and gained strong headway before it was discovered by any of the two families residing on the premises. The cry of fire ran along the streets and dozens of men, armed with buckets and tubs were on the ground in five minutes from the time the alarm was given. By that time the small building, connecting the two dwelling houses, was a complete victim of the flames and for a while it looked as if the two large houses were to follow suit. The bucket brigade went to work with a vengeance and by faithful and daring efforts succeeded in conquering the raging fire fiend. The house on the eastern side, occupied by Mr. Kurzenknabe was considerably damaged by the flames and had it not been for the snow on the roof and the general dampness of the weather, it could hardly have finally the Goliath of Millheim was prosbeen saved. The furniture belonging to Mr. A. O. Deininger, which was stored away in one of the departments of the small building was all destroyed, the intense heat making it impossible to enter the room. It was indeed a wonder that the conflagration was checked in so short a time, considering the meagre facilities the town affords for work of this kind. Of course Proyidence, as in many cases before, was gracious. Had it been dry and windy, the chances for saving the town would have been slim. The excitement among the neighbors was intense and many were looking for a clean sweep of Main street. The damages at Rev. C. F. Deininger's property are estimated at \$300. The buildings are insured in the Lebanon company.

EDITOR MILLHEIM JOURNAL.-I. the name of my father I wish to take this opportunity of returning our earnest and heartfelt thanks to all those, who so nobly and kindly assisted in ex. tinguishing the late fire and saving the property. CARD OF THANKS .- I hereby tender my sincere and heartfelt thanks to the many friends of this community, who so kindly and nobly aided in extinguishing the fire last Friday evening at our residence, and helped to remove our goods to places of safety and shelter. I also feel deeply grateful to our immediate neighbors, who so readily threw open their doors for our accommodation and supplied us with all the necessities required in such a case. Hoping that none of you may ever be placed in a similar position, I am

HARRY J. KURZENKNABE. RESOLUTION OF THE TOWN COUN-CIL.—In view of the great danger, that threatened our town by conflagration on Friday night last, be it

Resolved, that our citizens deserve and are hereby tendered the sincere thanks of the council for their heroic and successful efforts made at the imminent risk of life and limb in quenching the fire which broke out at the residence of Rev. C. F. Deininger on Main street, placing a good portion of our town for a time in great danger of de-

By order of the council, ADOLPH MILLER. JACOB EISENHUTH,

-We publish part of the Council proceedings of Monday's special meeting and our readers will find that Millheim is at last awakening to the fact that it is absolutely necessary to do something in the line of a fire apparatus. The council has taken steps to procure hooks, ladders and buckets, to be paid for out of the borough funds. Every property holder and resident of town will at once heartily endorse and support this timely action of our council because it is in the interest of every one to have complete and handy arrangements to fight fire. With a decent outfit and a well organized and drilled company the chances of saving properties in case of fire are certainly better than with the present facilities and we hope that the good work will be pushed without much delay.

-Mr. Daniel Stover, a son of Mr Noah Stover, died on Friday evening about 7 o'clock at the home of his pa rents on Penn street. He was a young man of about 23 years of age and had only been sick a few days. We understand he died of hemorrhages of the lungs. He bore his sufferings with resignation. His bereaved family have our sympathy in this their hour of affliction. The funeral took place on Monday forenoon, when services were held in the Lutheran church by Rev.

-The public entertainment given by the Pike school, in Penn township, on Thursday evening, January 15th, conleys, select-reading, &c., reflected great credit upon the participants, who acquitted themselves spler.didly, calling forth rounds of applause from the large crowd of spectators. When the programme was exhausted, sides were select. ed for the "Spelling Bee." About fifty persons, among them many from a distance took part in the battle of words. So evenly were the sides matched, that, when the order was given to "spell down," they stood a tie. Rising to their feet, the orthographical warfare grew fiercer, cutting down and thinning out the ranks, until but two spellers remained in opposition. Mr. Geo. Springer, of Millheim, on one side, and Mr. John Philips, son of B. F. Philips, Esq., on the other. The floor was warmly contested for some time, but trated upon the plain of orthography by the young David of the Pike school. Good order prevailed throughout and the affair was a success. Much praise is due the teacher, Mr. W. T. Auman, for his untiring interest and the manner in which he conducted the exercises. Mr. Auman is a model young man and a painstaking teacher, ever striying to make himself worthy of his responsible calling. Nothing in the line of duty escapes his vigilance. By dint of his personal energy he has made of himself what he is; and we doubt not, but that, by continued perseverance, he A SPECTATOR.

-Dr. C. S. Musser, while out on professional trip on Sunday had a break-down, one of the wheels of his buggy having given out. The doctor made short work of it. He went home on horse back, with the buggy behind him on a rail.

-Mr. David Ulrich's chimney caught are on Saturday morning early, sending the flames to the top of the house at a lively rate. Several neigbors who took notice of the flames called his attention and the fire was extinguished before it could do any damage.

-Friday was one of the gloom iest, most disagreeable days of this winter. A heavily clouded sky, continuous rain aud wet and slushy streets and pavements-bad enough all around to give a fellow the "blues." The mill race in several places overrun its banks.

-Saturday, for the sake of contrast was exceedingly stormy and cutting cold. The wind at times fairly shook the buildings in their very foundations and every now and then a blinding snow squall would help to make it more unpleasant. It was a bad day for man and beast.

-Millheim experiences a little stir at present by the discovery of what may turn out to be a paying coal mine. Mr. Geo. ---FOR CASH-

Believing that the people of Centre county are fully awake to their best interests and that they have the intelligence to comprehend and the courage to recognize the means best calculated to bring about the most desirable results, we would most confidently and earnestly submit the following for your careful consideration:

That king credit has slain its victims by the thousands upon its extended battle fields is a fact beyond successful contradiction, and we would only ask you to call to your recollections your own observations in proof of this fact, and, the pitiful appeals of those still under the crushing heel of the tyrant fall upon our ears with unmistable certainty and we would say, come, let us rush to their rescue by wielding the sword of justice and striking the monster down with a decisive blow and keeping him there by eternal vigilance. This can be done only by a system which pays as well as demands CASH on delivery.

This system we will adopt and put into operation on the twenty-sixth day of December 1884, after which we will buy and sell positively for cash and produce only and will name such figures on goods as will fully convince every intelligent person that it is to their interest to buy their goods where KING CREDIT finds no quarter, but where the
