GENERAL John A. Logan, the defeated candidate for Vice President, was nominated for the U.S. senate by the Republican senators of his state, Ill.

CLEVELAND came to New York to have an interview with the promi nent men of the party he represents. Many of them of course were after an appointment of some kind.

In less than four weeks President Cleveland will enter the White House as the first democratic president in twenty-four years. For the last few weeks he had interviews and consultations with the most prominent men and leaders of his party, no doubt for the purpose of hearing their opinions and advices on the vital questions of the great change. Cleveland is in no envious position. After the republican party has corrupted the administration in nearly all its branches, it becomes the task of the democratic party, with Cieveland as their leader to clense everything from its corruptness. For such a gigantic job the brains and energy of able and experienced statesmen are required and Cleveland no doubt will make it a main point to surround himself with such. At any rate we believe that Cleveland will be able to make himself master of the sit

WASHINGTON LETTER

From our Regular Correspondent.

WASHINGTON, D. C., Feb. 10,1885. Whatever may be the outcome of the Senatorial contest in Illinoise, the nomination of Col. William R. WASHINGTON, Feb. 8 .- Both the Pennsylvania senators have been in poor health the present winter and both have been advised by their physicians to leave Washington and seek a more genial clime. Senator Mitchell hopes to remain until the session closes, but Senator Cameron's health has failed so much during the last few months that his physicians insist that he must get away from the cares of state and the cankers of indoor life. He has recently had several hemorrhages and it is' thought best by his medical advisers that he should spend the next few months in the south. He has accordingly made arrangements for a protract ed visit to the land of flowers and sun-

Chronic Ulcers and Catarrh.

Mrs. Christian Zelle, aged sixty-three years, of Carondelet, St. Louis, Missouri, had a chronic ulcer on her leg which had been running for forty-three years. To use her own language, she had "tried all the doctors," but without perceptible benefit. Two of the most noted of this city advised her, as the only alternative from death, to have the leg amputated below the knee. She was troubled with an intolerable itching sensation, which only gave way to a distracting pain, which made death her daily wish. She could not sleep or rest. On March 21, this by a very questionable military record. year, she commenced using Dr. Hartman's PERUNA, and to-day the leg is entirely healed, and the thankful old lady says she has slept more during the last three months than she did in the previous

forty-three years. Miss Alice Brady, of East St. Louis, Illinois, suffered from catarrh ophthalmia for five years. On April 27 she began treatment under Dr. Hartman. For a year before she was a patient of two of the best known oculists of this city, but they signally failed to help her. After one month under Dr. Hartman and his PERUNA, her eyes have almost entirely healed, and, according to her own statement, he has done more for her in this short space of time than the oculists did in the previous whole year. PERUNA, of course, did it.

Miss Annie Baker, First Avenue, Milwaukee, writes: "I take great pleasure in recommending PERUNA. For years I have suffered from Asthma. I was induced to try PERUNA. It promptly relieved the paroxysms, and its continued use renders their recurrence less and less frequent. I am confident it will cure me completely."

,Walker Brothers, druggists, Batavia, O., write: "Dr. S. B. HARTMAN, Columbus, O., Dear Sir: Some two weeks ago I had a very peculiar case, and after a few questions were answered, I came to the conclusion it was catarrh of the stomach of the worst kind, of ten years' standing. The patient had consulted every physician far and near. I persuaded her to try your PERUNA and MANALIN. She had been having spasms every three or four days, and the fifth dose kept them off, and they have not returned since."

W. M. Griffith, Ashland, Ky., writes: "The large chronic ulcers of fifteen months' standing, are entirely healed. The swelling, pain and itching have all subsided, the leg is healed, and I am perfectly well. PERUNA is a wonderful resorted.

Reduced Rates to Inauguration

The Pennsylvania Railroad Making Popular Prices for the Great Event.

The inauguration of President-elect Cleveland on the 4th of March next promises to be a note-worthy event in the history of Washington. The citizens of the capital are working energetically and systematically to make the occasion a great success. In anticipation of an enormous throng of people, every effort is put forth to provide accommodations for all who may come. Beside the regular hotels and boarding houses, with which the city is well equipped, numbers of private families have agreed to entertain visitors, and sleeping quarters are being improvised in halls and such other buildings as are suitable. There will doubtless be ample accommodations for all, but those who desire to secure their lodging in advance can do so by applying to Col. L. P. Wright, chairman of committee on public comfort.
