Millheim Lodge, No. 955, I. O. O. F. meeting hall, Penn Street, every Saturday evening...

Democratic County Com. for 1885.

- Delaware. COMMITTEE. Bellefonte, N. W. Wm. Galbraith, S. W. Wm. E. Ludwig, W. W. William Harper...

The war cloud between England and Russia is darkening.

The Ohio legislature has adopted a joint resolution for the submission of a constitutional amendment to change the time for the state election from October to November.

PRESIDENT Cleveland by this time must have a fair idea of the overwhelming number of men in this great republic who are willing to serve their country.

B. F. BUTLER is said to be in financial difficulties, being compelled to heavily mortgage his estates. Too many campaign expenses, such as palace cars, etc.

Two Commendable Nominations.

WASHINGTON, March 20.—But two nominations reached the Senate to-day—Ex-Governor James D. Porter, of Tennessee, as Assistant Secretary of State, and ex-Congressman J. D. C. Atkins, of Tennessee, as Commissioner of Indian Affairs.

President Cleveland Nominating Four Ministers on Monday.

WASHINGTON, March 23.—President Cleveland this morning sent the following nominations to the Senate: Minister to England, Edward J. Phelps, of Vermont; Minister to France, Gov. Robert McLane, of Maryland; Minister to Germany, Geo. H. Pendleton, of Ohio; Minister to Mexico, Harry I. Jackson, of Georgia.

The following conversation between a Philadelphia Times reporter and a prominent Democrat which appeared in that paper a few days ago strikes a familiar and pleasant cord in the minds of all Curtin men and the opinions expressed by said Democrat will receive the assent of the best men of the party:

There is a great deal of talk among the leaders of our party about sending Governor Curtin abroad. I hope he will not go. I think it was the mistake of his life when he allowed Cameron to get him out of his road by sending him to St. Petersburg. When you move a man from close and active association with his own people they are apt to lose earnest interest in him, and he in return is sure to lose more or less hold upon them.

Experimental Station.

EDITOR JOURNAL: Dear Sir:—The article I have seen in our county papers about the proposed experiment station at the State College has led me to investigate the matter and I have learned the following facts:

- 1. That the bill now before the legislature does not give one dollar directly or indirectly to the State College. 2. That the station is placed under the absolute and entire control of a board of managers, composed of the Governor, the President of the State Agricultural Society, the President of the State Horticultural Society, the President of the State Dairyman's Association, the Secretary of the State Board of Agriculture and two members elected by ballot.

Chronic Dysentery.

Mr. James Brannan, Second avenue, Pittsburg, Pa., writes: "For two years I have been constantly troubled with a chronic diarrhoea, or dysentery, having had, on an average, every twenty-four hours, five or six bloody stools. I had thoroughly tried all the prominent physicians in Pittsburg, was twice in the West Penn Hospital, the first time thirteen weeks, and though I left it much better, yet in five days I was as bad as ever."

WASHINGTON LETTER.

From our Regular Correspondent. WASHINGTON, D.C., March 23, 1885. One of the blessings that came of the closing days of the 48th Congress, was the practical closing up of the Census Bureau, a bureau that had entirely outlived its usefulness and had only been perpetuated as a sort of hostelry for an army of political hacks.

Miscellaneous News.

Miss Cleveland, sister of the president, speaks four languages fluently. President Cleveland has received from an Albany lady a crazy quilt made entirely of Cleveland and Hendricks campaign badges. The Laugham hotel, Chicago, was burned to the ground on Sunday evening. The fire originated in one of the lower rooms from a lamp, which was accidentally upset. About 200 guests were in the hotel at the time and but five of which were saved.

Chronic Dysentery.

Mr. Patrick Burns, Pittsburg, writes: "I have suffered intensely from piles and chronic diarrhoea. I was treated by five of the best physicians and surgeons in the city of Pittsburg, and with all grew constantly worse. Finally three of them said my only hope was an operation. This frightened me, and I went immediately to Dr. Hartman, who has entirely cured me with PERUNA. I have been at work now for three months, and never in my life felt better. Call and see me at the corner of Twenty seventh and Mulberry streets, Twelfth ward, Pittsburg."

Charles Frank, of Emrichville, Jefferson county, Ohio, writes: "I had piles and fistula in ano for four years. I had suffered constantly with a discharge of matter from the parts, and sometimes from the contents of the bowels through it. I could not have borne it much longer, I had heard so much of the ill effects of a knife operation that I resolved to go to Dr. Hartman. He ridiculed the silly idea of cutting it, and at once performed his own original operation without the knife, and without pain. I am thoroughly cured, though of course I took PERUNA."

"The 'disgraceful scramble for office' of which Mr. Jefferson spoke so reprehensibly, goes bravely on. Neither night nor day brings rest to the executive or department officials who have their crumbs of patronage at their disposal. The new Postmaster General, Mr. Vilas, has received 4,500 letters since the 4th instant, every one of them being a supplication for a post office. This is to say nothing of the armies of delegations and individuals that have been constantly tramping through the corridors of the Post Office Department during the ten working days since the administration changed. Possibly the cheekiest portion of the immense correspondence received by the Postmaster General is that received from the present incumbents of the post offices, who ask to be retained in their positions. These truly shameless barnacles should be, as they doubtless will be, the first to get bonned."

Probably the best riddance that our office-ridden Government has ever rejoyced over, is the outgoing of the floundering Secretary of War, Bobby Lincoln. The fellow was brought into the Cabinet by Garfield as a matter of sentiment, but his retention there has brought nothing but opprobrious criticism upon the department and everything connected with it. This callow egotist has managed to keep himself in hot water during his entire official existence, and of all the retiring members of Mr. Arthur's Cabinet, he is the only one who went without the least mark of remembrance from his superiors. PHONO.

McDONALD'S Improved Liver Pills are endorsed and prescribed by many eminent physicians. They do not make hair grow on bald heads or set broken bones, but they are the best corrector of a disordered liver yet discovered. They are returned to dissatisfied purchasers. Will It Pay?

There are some farmers who say, "It will not pay to use Phosphate; it costs too much." Some of these farmers toil year after year on almost barren fields, and hardly raise half a crop of anything. Suppose they would buy a ton or two of Baugh's \$25 Phosphate every year, and raise on one acre what they now raise on three, and make their poor land good; get plenty of wheat, rye, grass, straw, manure and, the most needful of all, money. Will it pay? Of course it will. There is nothing a farmer can buy that will pay him so well for his investment in so short a time as Phosphate.
