MAC FARLANE'S BILL, amending the law of 1840, governing the term of Notary Publics, to four years, unanimously passed third reading, in the senate of the Pennsylvania legisla-

THE British are having lively times in the Soudan. Some sharp battles have been tought there. The Afghan war question is still indefinite, reports changing almost every day. Time only will tell whether it be war or peace between Russia and England.

LATEST reports of General Grant's condition state that he is failing fast, growing weaker and weaker and that his end is very near. The opinion of his attending physicians on Monday forenoon was that he will hardly live more than forty-eight hours.

APRIL 1 .- The midnight bulletine announces that the General has slept quietly and breathes without distress, His general condition seems to be improved.

FRANCE suffered a bad defeat at the hands of the Chinese last Friday and is greatly excited over it. Heavy reinforcements are being dispatched to Tongua.

The latest accounts represent the French troops to be in full retreat with the Chinese vigorously pursuing them. A vast quantity of commissary and other stores have been lost. General Negriey received a gun wound in the chest. He was brought from the field, but his recovery is doubtful. The total French loss in killed and wounded is not yet known. General Brier de L'Isle, who is in chief command in Tonquin, telegraphs for assistance in an imploring tone, which leads the partisians to expect further disasters. A council of war was held to-day with General Lowell, the minister of war, presideng. Intense excitement prevails wherever the bad news has become known in France.

A Day for Tree Planting.

The selection of Thursday, April which trees and shrubbery are to be planted by road sides, in parks, commons and waste places, should particularly attract the attention of those who live in mountainous parts of the State, near the headwaters of streams. It is widely urged by scientific authorities that an abundance of vegetation, by protecting ground which has absorbed moisture during a storm, causes its retention for a much longer period than would be the case if the ground were bare. The soil is kept in a spongy condition and vegetable growth is maryelously promoted. Later this vegetable growth decays and

which have been stripped of their forests become dry, and a heavy rain, instead of being absorbed by the ground does not penetrate it so easily; but the water runs along the surface, swells the terrents in the ravines, the creeks and the rivers and causes disastrous floods. The ground dries rapidly after the storm and the people wonder why they are so liable to suffer from

the business.

tion of rainfall over a wide area and the permanence of springs in that area, but the benefit which the soil receives from the moisture that deof water that seeks an outlet is dimin-

the rural districts of the State who is not personally interested in observing the "Arbor Day" selected by the Governor .- Philadelphia Times.

To Physicians. We do not find fault, reproach or condemn the practice of any regular physician—this is not our mission—but we do claim that if he were to add PERUNA to his prescriptions, as directed in our book on the " Ills of Life," (and furnished gratuitously by all druggists), he would cure

all his patients.

Mr. Henry C. Reynolds, Ironton, Lawrence County, Ohio, writes: "My wife has been sorely distressed for many years. Her disease or diseases and the symptoms of them have been so varied that an attempt to describe them would be more than I feel able to undertake. I have paid over a thousand (1,000) dollars for doctors and medicines for her, without any satisfactory results. We read so much about your PERUNA that I was forced to try it. She has now taken five bottles; they have done her more good than all the doctors and medicine that she has ever made use of. PERUNA is certainly a God-send to humanity."

Mrs. O. L. Gregory, Las Vegas, San Migvel County, New Mexico, writes: "I think PERUNA and MANALIN saved my Mrs. Cora Engel, First House on La-

zelle street, near Rich, Columbus, Ohio, says: "It affords me much pleasure to state to you the benefit I have received from your PERUNA. I had been troubled with kidney complaint and dizziness in my head for eighteen years. I tried different kinds of patent medicines, and consulted a number of physicians, but received no benefit whatever. About three weeks ago I commenced taking PERUNA. I began to get better before I had taken half a bottle. The dizziness has disappeared, and the other affection has so much improved that I am positive, after I will have taken another bottle, I will be entirely well. I feel like a different person already. A number of my friends have used it, and they think it is a wonderful remedy. My husband says it is one of the best medicines for a cough that he

A. W. Blackburn, Wooster, O., writes: "Several weeks ago a man came to me, all broken down, terribly nervous, stomach without any power to digest food. Had tried four doctors; none did him any good. Asked me to do something for him. I recommended MANALIN. He told me to-day that he has been taking it regularly, and is now almost well. Said he would sound the praises of MANALIN far and near."

Experimental Farms to be Sold.

HARRISBURG, March 26 .- The bill authorizing the Pennsylvania State College to sell its eastern and western experimental farms came up on third reading to-day and the Senate went in to committee of the whole on a small amendment by Senator Humes. After a long debate, in which Senator Hood, of Indiana, showed that the farm in his county had been well managed and it would sell for far more than it cost, but was useless in advancing the science of

'You Know How IT IS YOURSELF.' There is not a particle of doubt but you have to this day a vivid recollection of the horrible, nanseating doses of worm-seed tea or syrup forced down your throat twenty years ago by an over-solicitous aunt or grandmother who pronounced your case worms. You will be able to appreciate a vermifuge like McDonald's Celebrated Worm Powders. The most effective and reliable worm destroyer of the age. So easy and pleasant to take the patient will never know a medicine is being admin--There is not a particle of doubt but never know a medicine is being administered. Money refunded to dissatis-JOHNSTON, HOLLOWAY & CO.,
