

GENERAL Pearson has been reappointed postmaster of New York City.

Governor Hoadly, of Ohio, is at present under treatment of a celebrated oculist. He is nearly blind.

GENERAL GRANT had a hemorrhage yesterday morning and his life is hanging in the balance. The impression is that he has but few hours to live.

No less than 4500 republican post masters are begging of the President to let them stay in their offices, and those very fellows during the campaign did their very best to spread the false and treacherous accusations against Cleveland's private character.

SECRETARY of the Navy, Whitney, ordered over four hundred marines to Panama last week to protect the American interests in that country. Four hours after the orders were received at the navy yards of Boston and League Island, the men were at the trains, ready to embark for the Isthmus.

LAST week the mill turning out the old and bringing in new government officials was again running on full time. Cleveland has commenced in earnest to read out among the former officeholders and the fact that he selects capable democrats to fill the vacant places is no more than right or could be expected. If however among his nominations several reform republicans find deserved recognition as for instance by the replacing of General Pearson to the New York postmaster-ship, it is a matter about which he is best able to judge. Every child knows that the independent republicans of New York helped to elect Cleveland and that just as many democrats voted and worked against him is again well known. Why then should Cleveland not reappoint a man who proved himself honorable and fully capable for the position and who is one of the rank and file which helped to bring the victory to him? To retain General Pearson in his office is but a proof of Cleveland's views of practical reform and is a move urgently requested by a large number of New York's business men.

The New Ordinance.

WASHINGTON LETTER.

From our Regular Correspondent. WASHINGTON, D. C., April 6, 1885. The professions of almost every kind throughout the country will soon receive large accessions from the effects of the democratic guillotine at Washington, which is now getting into good working order. Lincoln, who was a most conspicuous failure as a War Secretary, has joined the grand army of Chicago chrysothems from which he was drifted by President Garfield, and even Mr. Arthur goes back to New York to enter the copartnership, which was broken up by his more successful practice as a politician. The ex-commissioner of Internal Revenue, Walter Evans, Esq., whose career has been all too short because he was a most excellent public officer, will return to his law practice at Louisville, Ky., where a very large clientele awaits his services. Old man Ben. Brewster, with his ruffled shirt and English heraldry, has never

been in Washington long enough at one time to say that he has left his law business in Philadelphia at all. As for Chandler and Hatton, the twin dukes of Arthur's Cabinet, the public cannot be much concerned as to their future; they can both pick up a living anywhere—if nobody's watching them. The army of political hacks and dead beats that have found their way into the Treasury Department in the capacity of special agents, is to be completely broken up and scattered. Secretary Manning's attention was called early in the hours of the new administration to the useless and expensive host of scallawags who for years have done nothing under Heaven but draw their salaries and play into the hands of the very men they were set to watch. In fact these fellows had so much influence with the last administration that neither Arthur nor his Secretary of the Treasury could find it possible to lop them off. The Senatorial junketing parties for the summer that had been laid out under the miserable pretense that they were for the promotion of the public interest, have come to naught through the instrumentality of old man Van Wyck, who has lately been stirring up the Republican gait in the Senate with a very pointed stick. Mr. Van Wyck is a veritable Miss Nancy in appearance, but he has abundantly shown his ability to hold his own in a lip contest with some of the best men in the Senate.

Neuralgia of the Face.

Capt. John Orr, Pearlton, Miss., has been a most intense sufferer from facial neuralgia for over twenty years. He has had seventeen operations performed on the nerves—that is, had them divided, cut off close to the bone from which they emerge. But this never did him any good; the most excruciating pain continued without the least interruption. He often wished for death to relieve him of the intolerable pain. The best physicians failed to relieve him. They finally advised him to consult Drs. Hartman & Miller, at the St. Charles Hotel, New Orleans, which he did. They prescribed PERUNA, and in less than a month was entirely relieved of the pain. Before consulting these doctors the least touch to any part of his face or head would cause the most fearful pain, while now he can blow his nose and wipe his face without the least fear of pain. The captain is grateful beyond measure for this unexpected and unlooked-for result. Mrs. Elizabeth Kenner, 98 Laurel street, New Orleans, has been one of the greatest sufferers from Neuralgia of the face during the past year that we have ever heard of. From morning to night, and from night to morning there was one constant, racking, tearing, burning pain, extending clear around her head and deep down through every muscle, tooth and bone in her face. No rest and no sleep. All physicians failed to relieve her, as well as all remedies. She was constantly in the most agonizing despair. She called on Dr. Hartman, who said the cause was chronic catarrh. He prescribed PERUNA for her and now every pain has left her. She feels like another person and can eat heartily and sleep soundly.

Mrs. C. J. Miles, Gallipolis, O., writes: "Dr. S. B. HARTMAN & Co., Columbus, O. My affliction has been rheumatism, located in the right arm and shoulder, of more than two years' standing, and after trying a great many remedies without any relief, I commenced the use of PERUNA, which, after using three bottles, found a decided change for the better. I continued to use it and now feel entirely well."

Huldah Ward, Weston, O., writes: "I have been afflicted for years with that dreaded disease, catarrh. I tried a great many different kinds of medicine, but to no effect. I commenced taking your PERUNA about nine months ago; have taken about ten bottles. It is doing me much good. By its continued use I hope to be entirely cured."

Dr. A. B. Lovejoy, Dadeville, Ala., writes: "I have a fine run on your PERUNA and MANALIN. Please send me a lot of books, 'The Life of Life.'"

The President and General Grant.

WASHINGTON, April 5.—Owing to the critical condition of General Grant, the president has postponed indefinitely the general evening reception to the public, which was to have been given on Tuesday.

Revival in the Iron Industry.

ALEXTOWN, Pa., April 4.—A gradual revival is apparent in the iron industry in this section. Preparations are being made to blow in one of the stacks of the Lehigh furnace here and one of the Coplay furnace, at Coplay.

READING, Pa., April 4.—The fires of Mount Laurel furnace, at Temple, this county, which have been out of operation for some months, were relit this morning, giving employment to the usual quota of men.

This then is the Journal Store column—bought and paid for just as other men buy and pay for advertising space. On this point he takes occasion to say just thus much, once for all—and certainly plainly enough for all to understand.
