

It is said Cleveland will have eighty postmasters to appoint next month to fill offices vacated by expired terms.

Governor Pattison emphatically denies the story of having been offered the position of Controller of the Treasury by President Cleveland.

The ranks of the Illinois legislature have again been broken by death. This is the third case in this session and removes one of the democratic members, which will delay the election of a U. S. senator for several weeks.

The lowest temperature in Oregon during March was 33 degrees, the highest 62. The vegetation is said to be greatly advanced in that state, flowers and fruit trees having been in full bloom for the last few weeks.

The war news from the Afghanistan cause a considerable rise of railroad bonds, as well as wheat, coal and produce. In case of war which is a settled matter by this time, the outlook for a lively foreign market in grain, meat, leather, &c., is splendid and the demand and exportation of American products will naturally greatly raise their prices.

The untimely reports which have been published and spread by the press of Mrs. Lucretia Garfield's betrothal to a Presbyterian minister have proved to be nothing but sensational items of news without any foundation whatever.

Mr. Cleveland Scores One.

A PLACE-HUNTING SENATOR BROUGHT UP WITH A ROUND TURN.

WASHINGTON, April 9.—The following is told as one of the incidents at the White House to-day:

A Western Democratic Senator called to press the appointment of one of his constituents to an Assistant Commissionership.

"When I was practicing law," said the President, "I found that an instrument in writing usually outweighed an oral statement. You Senators seem to have a habit of signing petitions for candidates and then you ask verbally for the appointment of others to the very positions. I can't afford to waste time considering such requests. Half the Democratic Senators have signed a petition for the retention of the incumbent of this place and your name is on the list. I don't know the man, but he is certainly well endorsed."

"Oh, no!" said the Senator; "I have not signed such a paper."

Thereupon the President is said to have produced a petition bearing the Senator's signature, as stated.

"I never was so flattered out in my life," remarked the Senator, when narrating the incident to a friend. "But the fact is, we sign almost anything, but it has generally been understood that it means nothing."

Attempt to Assassinate Hoadly.

CLEVELAND, April 10.—A special from Coshocton says that the Democratic Standard, of that place, has private information of a plot to assassinate Governor Hoadly. Last Monday, it says, the governor received through the mail a strong wooden box, from one end of which hung a string. The governor's suspicions being aroused, he caused the cover of the box to be removed, and a carefully arranged infernal machine, loaded with dynamite slugs and spikes, was disclosed to view. The string had been so adjusted that it had pulled it would have caused an explosion, resulting in death. It is said the authorities are at work on the case, and for that reason the facts have not been made public.

Horrible Massacre.

THE NORTHWESTERN INDIANS AND HALF BREEDS MADE IN BLOOD.

OTTAWA, Ont., April 10.—In the house of commons this afternoon Sir John Macdonald said he regretted he had to announce a massacre at Frog Lake, about 40 miles north of Fort Pitt.

WINNIPEG, April 10.—Later news from Battleford says that fourteen persons in all were killed by the Indians at Frog Lake. Fort Pitt is garrisoned by only twenty-five police. It is thought there that these and all the settlers around have been massacred. Pitt is surrounded by the worst Indians in the northwest, mostly under the leadership of the notorious Big Bear.

The Hudson Bay company this afternoon received another dispatch from Prince Albert stating that the settlement at Carlton which was not consumed when the place was evacuated by Irvine and Crozier has been burned by the rebels.

An exchange says: April is General Grant's month. He was born April 27, 1822; fought the battle of Shiloh, April 7, 1862; broke General Lee's line at Appomattox, April 9, 1865. Thursday April 9th 1885 was the twentieth anniversary of that great historical event.

WASHINGTON LETTER.

From our Regular Correspondent. WASHINGTON, D. C., April 13, 1885. Probably the most laborous and the worst bored of the heads of departments is the Postmaster General, who not only has the full control of the appointments in 48,525 post offices in the United States, but has partially the oversight in the appointments of the other 2,332 Presidential offices. Naturally, therefore, the office and the corridors adjacent to the office of Mr. Vilas have been thronged to absolute crowding during the past three weeks by those who being in desire to stay in, and those twenty-four year fellows who have patiently waited to get in. The number of officials, employes, contractors, postmasters, mail carriers and mail agents who pay homage and fealty to the Postmaster General, embraces one-third of the entire civil list of the country, and this fact may account for the other fact that the average Postmaster General is a short lived individual. In eleven years, during which time we ordinarily should have had but three Postmasters General, we have had nine, and Mr. Vilas is the tenth. The last administration averaged over one per annum, having had James Howe, Gresham and Hutton, and the six annual reports that have been transmitted to Congress in the past six years, have been signed by six different Postmasters General.

The Pennsylvania Railroad Company, which takes the initiative in everything pertaining to the safety and comfort of railroad passengers in this country, is now disputing England's supremacy in the matter of speed. The trains on the Great Western Railway, from London to Liverpool, annihilate the distance at fifty miles an hour, exclusive of stops, but what will Mr. Bull and the rest of the world say when they learn that the Pennsylvania Central Road whisks its passengers from New York City to Chicago (a good thousand miles) in twenty-four hours—including stops? By the schedule that went into effect last Sunday, the great cities of the east are thus placed within twenty four hours with the metropolis of the West, and this wonderful achievement is accompanied by the most positive guarantees of comfort as well as perfect safety. Neither pains nor expenses have been spared in the adoption of every possible means to insure passengers against accident, so that the inauguration of this new enterprise is destined to secure for this line the continuance of that popularity that its admirable management in the past has won from the whole traveling public.

The conflict between the Government and the people in regard to the settlement of the Oklahoma domain, can be adjusted and concluded only by the opening of that vast region to its occupation by its legitimate owners, the people. It is a domain that belongs to and ought to be in unmoested possession of the Government. The excuse for now keeping actual settlers out of the Territory, is that it may be added to the already enormous possessions of the ranchmen and cattle-kings who, if they once got a foothold there, will not fail to occupy it to the exclusion of any and all individual settlers. These lands belong to the United States Government to all intents and purpose, and all the proclamations that the executive may send out in the next four years will not serve to divest the people of their right to have this magnificent region opened to actual occupation by the white settler. PHONO.

Death Removes a Democratic Member of the Illinois Legislature.

SPRINGFIELD, Ill., April 12.—J. Henry Shaw, member of the legislature from Cass county, was found dead in his room at the Palace hotel to-day. Deceased had been ailing during the whole session, but not so that he could not attend to his duties most of the time. Representative Shaw was over 60 years of age and has been an unswerving democrat. This makes the third death during this session, something which never occurred before. It was anticipated that upon Senator Davis, from Greene county, assuming office something tangible would be done in relation to the United States senatorship question but this unexpected occurrence will again throw it back for twenty days at least. What makes the situation still worse it leaves the house a tie upon any question which will be construed into a party issue, and thus retard business. The governor will be requested to issue a writ for a new election to-morrow, but the election can not take place before twenty days after the call. The district represented by the deceased is largely democratic.

An Infernal Machine for Bismarck.

WASHINGTON, April 12.—A box addressed to Prince Bismarck excited the suspicions of the authorities at Frankfurt-on-the-Main and it was opened. It contained clockwork and a dynamite machine of a new type and of skillful contrivance. There is nothing to indicate by whom the box was prepared or sent.

"BLIND TOM" INSANE.

COLUMBUS, Ga., April 11.—Under proceedings on an injunction of idioy before the court of ordinary at this place, Blind Tom, the famous blind pianist, was to-day placed under the guardianship of General James N. Bethune.

Also, work put out from our shop second to none, and our prices for everything as low as the lowest.

Call on us before purchasing your IMPLEMENTS AND MACHINERY, and we will make it to your profit. We make an offer this Spring to a limited number of farmers of Penna Valley who are using Corn Planters, built here at this place either by Harpster, the Centre Hall Manufacturing Company or ourselves, to exchange with them our new Improved Fertilizer, Planter and Drill for their old ones, allowing them a large price for their old planters. So come on with your old machines, no matter how near worn out. The first come, the first served, and remember only a limited number will be exchanged.
