Money refunded to dissatisfied buyers. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa. —Take a slip of paper and place thereon in figures your age in years, dropping months, weeks and days. Multiply the sum by two; then add to the result obtained the figures 3768, add two and then divide by two. Subtract from the result obtained the number of your years on earth, and see if you will not obtain figures you will not be likely to forget. —We are in receipt of a copy of the new text book for schools, entitled "Elementary Physiology and Hygiene" published by Ivison, Blakeman, Taylor & Co., New York, and written by William Thayer Smith, M. Torbert, of Coburn, has lately been visited by several misfortunes. A few weeks ago he lost a valuable cow, and week before last, while out driving in a buggy, the horse in making a short turn in the road upset the same, throwing him to the ground and dragging him for several rods. His face and right hand were badly lacerated. The wounds are healing up nicely. Also one of his children has been quite sick the last few months but is mending. This is indeed a chapter of trouble, but as he says, "Misfortune never comes singly." "YOU KNOW HOW IT IS YOURSELF." —There is not a particle of doubt but you have to this day a vivid recollection of the horrible, nauseating doses of worm-seed tea or syrup forced down your throat twenty years ago by an over-solicitous aunt or grandmother who pronounced your case worms. You will be able to appreciate a vermifuge like McDonald's Celebrated Worm Powders. The most effective and reliable worm destroyer of the age. So easy and pleasant to take the patient will never know a medicine is being administered. Money refunded to dissatisfied buyers. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa. —Sound words taken from an exchange: The first thousand dollars a young man earns and saves will generally settle the question of business with him. It is the fruit of personal industry. He gives his time and labor for it. While he is thus earning and saving it, he must earn two, or three, or perhaps four times as much, to pay current expenses. He is consequently held sternly to the task of industry for a considerable period. The direct consequence to him is a steady, continuous and solid discipline in the habits of industry, in patient, persistent, forecasting and self-denying effort, breaking up all the tendencies to frivolity, and making him an earnest and watchful economist of time. He not only learns how to work, but he also acquires the love of work; and, moreover, he learns the value of the sum which he has saved out of his earnings. He has toiled for it; he has observed its slow increase from time to time; and in his estimation it represents so many months or years of practical labor. THE LATEST THING OUT.—The new spring goods at D. S. Kauffman & Co's store on Main street. Go and see.

—On Monday, the 20th, the Bellefonte Daily News entered upon its sixth year and at the same time changed hands. Miss Fannie E. Gray, the accomplished and bright sister of Edward L. Gray, deceased, a former editor of the paper, has taken entire control of the News, and her name appears at the head of it as managing editor. The lady in her salutatory editorial gives fair warning to the craft of the peculiar adaptiveness of woman to handle the pen as successfully as the tongue and we for one do not trust to test her powers, but we do wish her all the success which the thankless trade can bring her. A DRUGGIST'S VERDICT.—M. E. Gargano, one of the principal druggists of Philadelphia, Pa., writes: "Dr. J. A. McDonald, Reedsville Pa. Dear Sir:—One of the most prominent citizens of our city and a gentleman well known and highly respected in the surrounding country, called at our store and voluntarily offered to go before a Justice of the peace and testify in an affidavit to the virtue of your Blood Purifier, saying that he had used but three bottles, and was now entirely cured of a distressing and long continued attack of erysipelas, after having tried a number of other remedies without receiving any noticeable benefit. Please send us one dozen by express. We never had a medicine in our store that sells so readily or gave such universal satisfaction as your Blood Purifier." For scrofula, erysipelas, tetter, salt rheum, skin diseases, humors, sores, eruptions, pimples, blotches, swellings, tumors, boils, ulcers, scald head, ringworm, syphilis, and all blood disorders, no remedy ever devised equals in power and efficacy McDonald's Great Blood Purifier or Sarsaparillian Alternative. Warranted. Seventy-five cents per bottle at all dealers in medicine. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa. SCHOOL FUNDS MISSING.—Detective Crouse, of Centre county, was seen in Williamsport to-day in search of one Solomon Etinger, of Woodward, Centre county, who is a fugitive from justice. Etinger was treasurer of the Haines township school board and had over one thousand dollars in cash, belonging to the school fund, in his possession, all of which he took along. Besides this he managed to get about \$3,000 of private individuals on indorsed papers and goods for which he never paid. He was generally considered an upright and honest business man, and his recent actions can hardly be accounted for by his friends. Much indignation prevails in the community, and especially among a large number of school teachers who have not been paid in full: They are especially anxious to see the absconding treasurer.—Sun and Banner. —Last Sunday afternoon, as Master Frank Hartman was riding a young and spirited horse, belonging to Michael Lamey, to water, the animal became unmanageable and started off on a dead run with his young rider on his back. C. W. Hartman, the boy's father, saw the horse coming and fearing for Frank's safety attempted to catch the horse, but was so unfortunate as to stumble just as he wanted to grab the halter and fell under the horse which tramped on his right limb, and gave him a painful bruise. The horse swept past him entering the alley between Bartholomew's and Hartman's, when Frank made up his mind to jump off, which he did and landed on his breast and face, but not injuring himself. The affair looked dangerous, but we can give the pleasant information that no more serious results came from it. WEDDING BELLS.—An interesting though quiet wedding took place on Tuesday forenoon at the residence of the bride's parents at Aaronsburg. Miss Kate Harter, the youngest daughter of Mr. Wm. Harter and one of Aaronsburg's most estimable ladies was married to Mr. Samuel M. Campbell, one of the best and most respected young men of our town. The ceremony was performed by Rev. S. G. Finkle, of Hartleton, assisted by Rev. B. Hengst, of Millheim. The nuptials were witnessed only by the relatives and nearest friends and after the ceremony a sumptuous repast was enjoyed. The newly married couple then drove to Coburn station where they boarded the 7.30 o'clock train for Philadelphia. We wish them a happy and safe journey on their wedding trip and through life. The presents are said to be numerous and costly—in fact quite an array of silver and glassware. The printer thankfully tips his hat for that delicious piece of wedding cake and other delicacies. —Now that sudden and violent changes of weather occur every twenty-four hours, almost everyone has a troublesome cold, which, if neglected, may produce results that may trouble you for the remainder of your life. Dr. Kessler's Celebrated English Cough Medicine is especially deserving praise in this class of complaints. It never fails! It never disappoints! Instructions for treatment of croup and whooping cough are given on each bottle. Every family, especially where there are children, should have a bottle. Dissatisfied buyers can have their money refunded. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa. —As a superb hair dressing and renovator Ayer's Hair Vigor is universally commended. It eradicates scurf and dandruff, cures all eruptions and itchings of the scalp, promotes the renewed growth of the hair, and surely prevents its fading or turning gray. —The enervation and lassitude of spring time are but indications of the sluggish action of the blood, overloaded with carbonates accumulated by the use of heating food in winter. This condition may be remedied by the use of Ayer's Sarsaparilla, the best blood purifier known.

Miller, the Reformed minister held services at this place every evening during the remainder of the week. East Mouday almost every farmer in this neighborhood went out to plow, but most of them had to quit on account of it being too wet. On last Sunday the Lutheran church at this place was dedicated. Rev. Dr. Conrad, of Philadelphia, conducted the services and preached powerful sermons both in the morning and evening. The house was fairly filled on both occasions. He raised seven hundred dollars in the forenoon and one hundred and fifty dollars in the evening. There is yet a small debt on the church. Rev. J. K. Miller, of Booneville, was present and assisted in the exercises. STILL. Spring Mills. Our schools are again in full operation. Prof. Hosterman, who has charge of the Academy department has a larger class than at any time for the spring session. She comes very highly recommended as a lady and a teacher and from what your correspondent observes she proves to be all that was claimed for her. P. J. Auman, one of the successful teachers of our town has charge of the other primary school with a very fair attendance. Rev. Heckman preached a very interesting and instructive sermon to a large congregation in the M. E. church last Sunday. A Monument for Governor Snyder's Grave. COLUMBUS, April 18.—Over two hundred miners, mostly Poles and Hungarians, who have been imported to take the places of the strikers in the Hooking Valley, left Carbon Hill yesterday, bound for their homes across the sea. They assign as the reason for leaving their inability to earn a living. Some of them say they have experienced days when the value of powder they used in blasting their output of coal exceeded their wages. The experienced miners are likely to remain and take their chances on a prospect for better work in the near future. MARRIED. On the 12th inst., by Rev. N. J.
