Little William had traveled but a short time with the hurrying throng on life's great high way—long enough however not to fail to attract attention. Many stopped to look at this little traveler and none paused as briefly as not to love him and call him beautiful. To look into his bright eyes and always pleasant face was to see a picture of typical childish innocence and purity. On it no trace of evil, selfishness or and purity. On it no trace of evil, sensiness of care was yet written. A form of almost perfect proportions seemed to forbid merciless disease to mar or destroy it. It is not best perhaps that this nearly ideal one should be spared the conflict of life and escape the cruel, remorseles and unceasing warfare with sin and death through many years.
