THE Illinois legislature is not through balloting yet for a U. S. Sen-

IF Russia would consent England would jump at the chance for Peace. But Russia may not yield.

PHILADELPHIANS are anxious for the the final passage of the "Bullit" bill in its amended form which postpones the enforcement of that city law until the election of a new mayor in 1887.

GOVERNOR Pattison says the printing of 15,000 additional copies of Smull's Handbook would be an ex travagance and vetoes the bill for the printing. The governor believes in economy.

GENERAL Grant still improves and is at work on his book. He dictates from an hour to two hours and the second volume will soon go into the hands of the publishers. The General feels confident of complete recovery.

Purchase of United States Steam. ships.

United States by Russia and are to be have followed burglary as a profession. used as cruisers.

Mr. L. Rhone, one of the representatives from this county made an effort last Friday in the house to have the bill considered requiring the auditor general and state treasurer to annually fix the rate of taxation of the capital stock or shares of private corporations subject to tax, the proceeds of which are to be applied to cover state government expenses. The bill failed to be acted upon as might be expected under the circumstances. Democratic measures stand but very little chance, there are too many odds against them.

ALTHOUGH the republican state convention has not been called yet, the canvass for delegates to said convention is already quite animated. Col. M. S. Quay, of Beaver county for one, J. A. McDewitt, of Pittsburg another candidate, the latter backed by Cris. L. Magee are sounding the first notes of the campaign . trumpet for the state treasuryship, and propose to make it lively for each other. The leaders of the party are laying back yet and do not wish to committ themselves to either side. Which of these two republican bosses will come out ahead is not hard to guess at, when the partisan power of the Camerons, who are Quay's endorsers, is considered.

The Public Debt Statement (Old Style.)

WASHINGTON, May 1, - The debt statement issued to day (according to the old form) shows the decrease of the public debt during the month of April to be \$5,464,596.38 Decrease 075,229.98; cash in the treasury,\$483, 932,566.09; gold certificates outstanding, \$153,860,090; silver certificates outstanding, \$141,585.086; certificates of deposits outstanding, \$25,450,000; refunding certificates outstanding, \$244,050; legal tender outstanding, \$346,681,016; fractional currency (not included in the amount estimated as lost or destroyed), \$6,966,153.88. The decrease as shown by the new form is \$4,837,339.71.

The time for the unveiling of the Governor Snyder monument at Selinsgrove has been set for May 27. Able speakers will be present and a grand time is anticipated

Governor Curtin Predicts War.

WASHINGTON. April 28.-Governor Curtin was asked to-day what he thought of the prospects of war between England and Russia. He replied : "I think it inevitable. It is a necessity to the perpetuation of the Russian dynasty." In regard to the probable effect of a war in Europe on business in this country he replied: "War between two great powers like England and Russia will naturally agitate the whole world. If it lasts a long time, as it probably will, it will create demand for many of our products. Of course after war shall have been declared we can't sell arms and amunition legitimately, but we can legitimately sell the raw materials which go to make up the materials of war and that will increase trade. Then in the event of a protracted war our breadstuffs and kindred products will be in demand. It will be a war which will shake all Europe."

Henry Randall, a brother of Congressman Samuel J. Randall, died suddenly on Wednesday April 29th at his home in Germantown, Philadelphia. He was one of three sons of Josiah Randall, all of them lawyers, of whom the ex-speaker is the most widely known. Henry Randall was a very retiring and unostenfatious man, and took no part in and had no taste for public life. He attended closely to his law business, which consisted mainly of the management and settlement of estates. He was the eldest of the three brothers, being in his sixty-third year.

On Monday, May 4th at noon, President Cleveland, Vice President Heudricks, Secretary of War Endicott, Secretary of the Navy Whitney, Postmaster General Vilas, Generals Black, Roseerans, Springer, Hunt, ex-Governor Curtin and other distinguished men arrived on the battlefield of Gettysburg and took a tour of inspection over the historic scenes of the late war. Governor Pattison, and a large number of others had arrived there earlier. Promptly at six o'clock in the evening the presidential party returned to Washington. The president was highly pleased with the sights of the day.

WASHINGTON LETTER.

From our Regular Correspondent.

WASHINGTON, D. C., May 5, 1885. One nail in the coffin of Mormon polygamy has been driven by the U.S. Supreme Court in the Clawson case, which affirms the decision of the court below in eliminating polygamists from the jury-box. The farce of trying a person for the crime of polygamy by a panel of jurors who are guilty of the offence themselves, is about as broad as by this new road consists of 10,000 ST. PETERSBURG, April 29 .- Five that of the burglar who insisted upon steamships have been purchased in the being tried by his peers, who must also

> One admirable effect of the operations of the civil service delusion, is the impetus it has given to the business of the office broker. For a sufficient consideration these influential gentlemen hold out to the office seeker the inducement that any ordinary clerical position with a good salary attachment can be secured under the provisions of the act without any formula of examination or other preliminary. This, of course, opens the door for the admission of all sorts of incompetents, whose tenure of office depends upon the influences that secured their appointment, and not by any application of civil service rules, or clerical capacity. To say that these office brokers are now driving a rushing big trade, is to demonstrate to the civil service reform admirers the beauties of the system, which admits to the very best places in the Government the class of incompetents that the civil service

law has vainly intended to eliminate. Hitherto there have been few beneficial results from the iusurance of Presidential proclamations when they affect ed the settlement or distribution of the public lands because there were so many interests involved in opposition to them, but the recent proclamation from the executive which absolutely and without reserve orders the removing and destroying of the illegal fences that have enclosed the lands belonging to the people, will be and must be carried out to the letter. The law provides that these fences shall be taken down, and the President declares that the law shall be enforced.

With all of the public and private endowments that have been made in this country for the proper care and treatment of the insane, almost one half of the entire number of these unfortunates are cared for by their own friends at home, for want of room in the public institutions. The proportion of insane patients to population is greatest in New England, while the largest ratio of the debt since June 30th, 1884, \$50, of increase comes from the West, where there has been an almost inexcusable omission to make provision for this large increase of insane persons. A somewhat astonishing fact in connection with the great increase of insanity is given by the census statistics, which show that the number of insane persons in 1880 was greater by 150 per cent. than in 1870, and that the increase of the whole population in that decade was but 25 per cent. Truly may it be said that the world is getting crazy.

> CULTIVATION AND REFINEMENT .-Hon. B. S. Hewett, ex-Speaker House Representatives, writes: 'J. A. Mc-

Chronic Ulcers and Catarrh.

Mrs. Christian Zelle, aged sixty-three years, of Carondelet, St. Louis, Missouri, had a chronic ulcer on her leg which had been running for forty-three years.' To use her own language, she had "tried all the doctors," but without perceptible benefit. Two of the most noted of this city advised her, as the only alternative from death, to have the leg amputated below the knee. She was troubled with an intolerable itching sensation, which only gave way to a distracting pain, which made death her daily wish. She could not sleep or rest. On March 21, this year, she commenced using Dr. Hartman's PERUNA, and to-day the leg is entirely healed, and the thankful old lady says she has slept more during the last three months than she did in the previous

forty-three years. Miss Alice Brady, of East St. Louis, Illinois, suffered from catarrh ophthalmia for five years. On April 27 she began treatment under Dr. Hartman. For a year before she was a patient of two of the best known oculists of this city, but they signally failed to help her. After one month under Dr. Hartman and his PERUNA, her eyes have almost entirely healed, and, according to her own statement, he has done more for her in this short space of time than the oculists did in the previous whole year. PERUNA,

of course, did it. Miss Annie Baker, First Avenue, Milwaukee, writes: "I take great pleasure in recommending PERUNA. For years I have suffered from Asthma. I was induced to try PERUNA. It promptly relieved the paroxysms, and its continued use renders their recurrence less and less frequent. I am confident it will cure me

Walker Brothers, druggists, Batavia, O., write: "DR. S. B. HARTMAN, Columbus, O., Dear Sir: Some two weeks ago I had a very peculiar case, and after a few questions were answered, I came to the conclusion it was catarrh of the stomach of the worst kind, of ten years' standing. The patient had consulted every physician far and near. I persuaded her to try your PERUNA and MANALIN. She had been having spasms every three or four days, and the fifth dose kept them

off, and they have not returned since." W. M. Griffith, Ashland, Ky., writes: "The large chronic ulcers of fifteen months' standing, are entirely healed. The swelling, pain and itching have all subsided, the leg is healed, and I am perfectly well. PERUNA is a wonderful rem

A party of eastern capatilists, interested in Clearfield county coal lands, are arranging for the formation of a syndicate with a view of building a new railroad from the main line at Tyrone to the head of Moshannon creek, in Clearfield county, by way of Tipton Gap. Starting at Tyrone, this road, after reaching an elevated grade on Tipton run, will reach the summit with comparative ease. The Topography on the divided summit is of such a character that connection with the head of Moshannon creek would only be practicable but easily accomplished. The amount of coal in the Moshannon creek will justify the expense of this new road from that section to Tyrone. The immediate field that will be developed acres, which would expand to 40,000 or 50,000 acres by extending short branches. The several owners of this vast body of locked up coal are anxious to contribute toward the grading of the road up Tipton Run, the most advantageous route that can be selected. The only reason for the past neglect of this large mineral territory is that it was not known heretofore to contain valuable coal. - Bellefonte Daily News.

An Efficient Remedy

In all cases of Bronchial and Pulmonary Affections is Ayer's Cherry Pectoral. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

Ayer's Cherry Pectoral

Has preserved the lives of great numbers of persons, by arresting the development of Laryngitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Colds and Influenza, ailments peculiarly incidental to childhood and youth. Promptitude in dealing with all diseases of this class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste precious time in experimenting with medicines of doubtful efficacy, while the malady is constantly gaining a deeper hold, but take at once the speediest and most certain to cure,

Ayer's Cherry Pectoral, PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

Journal Store Column.

A SURE TEST.

A man who can actively and helpfully pass through the house-cleaning siege, with all that the dreadful term implies-remove the garbage from the cellar, take up, shake, and tack down the carpets, refill the chaff ticks, white wash the walls and ceiling, and fix the stove pipes-ugh!-and not get "mad," not even lose the sweetness of his temper, such a man I say-MARK HIM! SPOT HIM!! he is CHRISTIAN SURELY!!! even if he don' belong to "our church," for among the best fruits of the spirit are "peace, longsuffering, gentleness and goodness." Such a man I say again-and would to God that such were more plentifulwill certainly give his darling wife lots of "spor doolics" to buy some of the pretty things at th Journal Store-of course he will.

AGITATION:

What a a fearful agitation is going on throughout the entire world just at this time. Communism, ni hilism, the labor and other burning questions of the day are keeping mankind in hot water all the time. In Europe and even in Asia the pending wo questions agitate the crowned heads and the populace alike. A great war between England and Russia, into which other nations will most probably become involved, is just beginning. In Haines township the school tax question, and sundry other matters that hang around the subject primarily and collaterally, bother and vex the people from Woodward to Aaronsburg. Our own model town is just now shaken upfrom centre to circumference by the questions, "was the poor tax paid actually paid or not? Will the one party be allowed to swear to the payment, lispute, 'or both or either, at the discretion of the court ?" " Is a receipt conclusive, final evit pass for nothting ?" What a world of angry passions, heart-burning, strife and bitterness, to say nothing of positive loss in dollars and cents o SOMEBODY, it will cost to settle these harrassing questions. But why not take the Jour nal Store man's plan to settle all such costly diferences IN ADVANCE? And what is his plan? Buy a Ready Reference Tax Receipt Book-at the Journal Store of course-pay your axes seasonably and regularly and take your eceipt every time, "only this and nothing nore." Be wise and see to this matter at once to whether your taxes are paid or not paidwhether partly paid or wholly paid.

THROWING AWAY MON-EY.

Nearly everybody throws away ioney in some way or other-some in extravagant residences, costly furniture, fast horses-in fast living generally. Much money is thrown away worse than uselessly on whiskey and tobacco. Many think it is throwing away money to buy their children a few toys, books or innocent games. With such the Journal Store man differs radically, fundamentally. He thinks that every home should be made as attractive as means afford. That play houses, play grounds, swings &c, as well as toys, books and games should be more common than hey are. He thinks that children should have proper and varied exercise in order to the well-balanced development of body and mind-and all who think as he does are most cordially invited to buy their toys, toy books, games, puzzles &c, all very cheap, at the Journal Store.
