—We notice by the Bellefonte Watchman that J. C. Harper, the former prothonotary in this county, after a thorough examination, through which he went successfully, was admitted to the Centre county bar. Another lawyer for Bellefonte and it surely isn’t the fault of the mountain city if the country does not go according to law. We congratulate Cal on his promotion and expect to see him become one of the brightest legal lights.

—On a recent visit to Lewisburg we had the pleasure of being chartered by that prince of fellows, C. A. Sturgis, who shortly after our arrival at the Union county capital took charge of us and showed us the interesting sights of the city. The nail factory was one of the first places we were taken to and we were agreeably surprised at the lively rate that factory is running. That enterprise certainly is a most valuable industry for Lewisburg and can not feel a notable sight shown us was the fire department building, with its fine engine and a splendidly furnished room on the second story for the meetings of the company. Accompanied by Mr. Cornelius, the photographer, we were taken to the top of the fifty-foot tower, from which lofty place the eye is treated to one of the grandest sights in the state. The scope of the whole city and several miles up and down the Susquehanna present a fine panorama and it was truly a rich feast to behold the beautiful picture.

As our stay was but a short one we had to decline the warm invitation of our friend Sturgis to accompany him to other places of interest, but we left the town with the satisfaction of having had a good look at Lewisburg’s most attractive points and having enjoyed the genial company of Sturgis, Cornelius and Harris.

—Rev. W. H. Day, D. D., of the A. M. E. church, Harrisburg, preached a very able sermon in the Methodist church at this place on Sunday forenoon. A large audience was in attendance and a liberal collection was lifted for the benefit of colored young men who are being educated by said church. Rev. Day is a fine speaker and handles his subject with great care and ability. He preached at Rebersburg on Sunday night.

—From an exchange: “It’s amusing when soliciting, to hear a man say, ‘it doesn’t pay to advertise.’ Why does this man put out a sign? That’s advertising. Why does he obstruct the pavement in front of his store with samples of the goods he sells? This is advertising. Why does he daub the head of a mackerel barrel or dry goods box with the words: ‘A!z O!r Goods cheap,’ and stick it in a keg of beans or a pile of calico in his store?”

—In pursuance of a call for a meeting by the committee on organization a number of citizens assembled in the grammar school room on Penn street for the purpose of organizing an association, to be styled “The Millheim Hook & Ladder Co., No. 1.”

Twenty-five members were enrolled and the company adopted a constitution and by-laws. The following were elected the officers for the ensuing year: Pres. Dr. D. H. Mingle; Vice Pres. C. W. Hartman; Sec.—B. A. Bumiller; Treas.—A. A. Frank; Foreman—J. H. Maize; 1st Assistant Foreman—W. L. Bright; 2nd Assistant Foreman—Sam. Weiser, Jr.; Ladderman—E. J. Brumgard; Assistant Ladderman—Lloyd Auman.

The time and place for the regular monthly meetings will be the last Monday of each month in the grammar school room. The secretary was instructed to transcribe the constitution and by-laws of the company and submit a copy of the same to the town council for approval. A special meeting for this evening was called by the chair to transact important business and enroll more members. The Hook and Ladder Truck is expected to arrive this week. The first meeting of the company was very harmonious and all present took great interest in the work.

—Many ladies admire gray hair—on some other person. But few try its effect on their own charms. Nor need they, since Ayer’s Hair Vigor prevents the hair from turning gray, and restores gray hair to its original color. It cleanses the scalp, prevents the formation of dandruff, and wonderfully stimulates the growth of the hair.
