

PHILADELPHIA will soon do away with telegraph poles and have the wires laid under ground.

GENERAL LOGAN, after a three months' contest for the United States Senatorship in Illinois, was re-elected to that office on Tuesday.

THE Plymouth epidemic is abating. There are nearly 100 less cases than appeared by the canvass two weeks ago. Many old cases are convalescing and no new ones have appeared.

RIEL, the rebel leader in the Dominion of Canada, has been captured. His soldiers are all scattered. Many of them are giving up their arms and the Canadian rebellion is entirely ended.

The president appointed Charles B. Staples to be collector of internal revenue for the twelfth district of Pennsylvania (Wilkesbarre) vice Edward H. Chase.

THE new postal card under the new contract will be a delicate pink in color instead of the present yellow. The size will be the same but the texture of the card is to be improved.

SIXTEEN years ago the murder of Mary Monrnan, a little girl of 6 years of age, occurred in Philadelphia, and John Hanlon, a barber living near her mother's house, was convicted of the murder and hanged. On last Monday the Boston Herald printed the confession of the man who really committed the murder and which gives the sad intelligence that a man has been hanged innocently.

THE date of adjournment of our legislature has now been fixed for the 13th of June. Anti discrimination bills, revenue bills, apportionment and appropriation bills will have to be pressed through in the remaining few weeks and nobody can expect a careful consideration of these measures in such short time. The tardiness of the legislative body in their work is the subject of universal dissatisfaction.

BOSS Chris Magee has found that James A. McDewitt, of Lancaster, is not the man to win the fight against Colonel Quay, for state treasurer. He has discovered that State Senator Lewis Emery, Jr., the millionaire oil prince from McKean county, will do better, and that gentleman will enter the field with the determination and confidence of winning the victory. Those who know say that Emery's popularity, ambition and means, will make it lively for Quay and the chances of success about even.

Signs of Returning Prosperity.

POTTSTOWN, May 18.—The rolling mill of the Potts Brothers Iron Company, limited, of this place, which has been lying idle since last fall, started up in all its departments this morning on single turn, giving employment to a large number of men. The firm has received sufficient orders to keep them going for some time. The iron industries are picking up considerably in this section of the state.

A Mistake.

Many mistakes are made for want of thinking before forming a conclusion. A great many people will take a city weekly instead of their home paper because the former happens to be a trifle cheaper. They never stop to think that they are supporting an industry outside of their own community, while they are neglecting a similar industry of which all ought to be proud—the home newspaper. They may read a city weekly for a month and not find even their own county mentioned. The home paper comes every week freighted with news, notices, markets, &c., in which they are interested. It is a means of disseminating items of local importance, it exposes those who are dishonest, it upholds honesty and morality, prompts and promotes their own enterprises. It is the best paper for the family published, because the tone is moral and it contains nothing that contaminates the young reader, but stimulates him to the habit of reading, while very few issues of city weeklies, taking the opinion of ministers to be correct, are suited for the family: Take your home paper, pay for it, and influence your friends in its behalf, and you are supporting an industry that is working hand-in-hand with the church and common schools in the struggle of intelligence and christianity against ignorance and crime.—Ex.

CLOTHING SPECIAL.

H. R. Whitcomb, Clothier, Lock Haven, can at the present time give you some remarkable bargains in clothing, having bought a large amount of clothing from the firm of Knowles, Leland & Co., Boston, Mass., manufacturers of fine clothing, who are retiring from business. These goods have been bought at prices so low that we can retail them for much less than they cost to manufacture. You may never have an opportunity to purchase good clothing as cheap as you can from us at present, as we must realize on these goods. WEITCOMB, Sign of the Red Flag. Lock Haven.

Storms in the West.

Emigrants Overwhelmed by a Waterspout—A Death-Dealing Cyclone.

KANSAS CITY, Mo., May 18.—An Omaha special says a waterspout descended upon a ravine near Kearney, Neb., Friday night, washing a family of emigrants, named Scott from their wagon, and drowning two children.

The Journal's Kirwin, Kan., special says: A cyclone passed through Rook county on the 15th, about 4 p. m., starting near the line between Osborne and Rook counties, at the southeast corner of Medicine township, and followed a westerly course, dealing death and destruction throughout the pathway of its entire course. Nearly fifty persons were injured. Among the fatally injured are Rev. Grimes, wife and child, killed; a child, name unknown, fatally injured; George Campbell, missing, supposed to have been killed; A. J. Johnson, brother of H. M. Johnson, banker, of this city, badly injured by falling timbers in a stable where he had taken refuge.

The loss at Bull City, and Stockton consists of chimneys blown down and window glass broken by hail. Some hailstones measured four inches in diameter. At this point but little damage was done. The damage in Rook county will probably reach \$50,000.

MANY children suffer from day to day; puny, pale, fretful and feverish, variable appetite and restless sleep, finally die, and their parents never suspecting the real cause, that the little sufferers' stomachs are infested and eaten through with worms. Twenty-five cents invested in a box of McDonald's Celebrated Worm Powders would save the doctor's bills and the patient's life. Entirely vegetable. Easy and pleasant to take. Money refunded to dissatisfied purchasers.

Locusts in Illinois.

The Seventeen-year Ravens, Predicted by Professor Reilly, Appear.

CHICAGO, May 18.—The seventeen-year locusts, which Professor Reilly predicted, seem to have made their first appearance here. They have been found in large numbers close to the surface of the ground, and are moving upwards. The indications are strong that an unusually large swarm will appear in a short time. Very extensive apple orchards were planted by capitalists this spring, and a large eruption of locusts will almost certainly kill them. Prof. Reilly's prediction was to the effect that the country would soon be visited by two great broods of locusts, of the seventeen and thirteen year varieties, and that this is the first time in 221 years that they have appeared in conjunction. They will not prove greatly destructive, and the injury they will inflict will probably be confined to fruit trees. The visitation, he said, would be prolonged until late in July.

CULTIVATION AND REFINEMENT.—Hon. B. S. Hewitt, ex-Speaker House Representatives, writes: "J. A. McDonald."

DEAR Sir.—I have been buying my Flavoring Extracts for years from a Pittsburg manufacturer. Recently we tried a bottle of yours and found it very good indeed. Enclosed find five dollars. Send me its value in your Vanilla Extract."

PETERSON'S MAGAZINE for June comes to us, a paragon of beauty, ahead of all others. The principal steel-engraving alone is almost worth the subscription price. "No other magazine," as we often hear said, "has such steel-engravings." A charming story by Frank Lee Benedict, illustrates this pretty picture. The colored steel-fashion plate is also unusually brilliant, even for "Peterson." Most of the other illustrations—some fifty in number—are devoted to the fashions, to patterns in embroidery, etc. The "Story of Louisiana Pine-Lands"—one of rare merit—is finished in this number. But all the stories and novelets in "Peterson," as is well known, are exceptionally good. Considering the low price of this magazine, and its very great merit, it wonder it has not an even larger circulation; every family ought to take it. The terms are but two dollars a year, with great deductions to clubs, and costly premiums to those getting up clubs. Now is an especially good time to subscribe; for a new volume begins with the July number, when those who do not wish back numbers can commence. Specimens are sent gratis, if written for, to persons wishing to get up clubs. Address Charles J. Peterson, 306 Chestnut Street, Philadelphia, Pa.

A Justice Who Stole Chickens.

EASTON, May 16.—Joshua Gray, Justice of the Peace of the Fourth ward, Phillipsburg, was arrested this morning for stealing a lot of choice breed chickens from Hyde Kugler. All the combs, wings and tails were clipped to prevent identification. Kugler heard that Gray had robbed his hennery, procured a search warrant, captured the chickens and arrested the thief.

—By land or at sea, out on the prairie, or in the crowded city, Ayer's Cathartic Pills are the best for purgative purposes, everywhere alike convenient, efficacious, and safe. For sluggish bowels, torpid liver, indigestion, bad breath, flatulency, and sick headache, they are a sure remedy.

Corrected.

Miss Anna Johnson, of 24 Front street, Columbus, Ohio, says: "I suffered from an aggravated form of constipation and indigestion for several months. My family physician tried all kinds of medicines and pills, but to no effect. I began to think my case was a hopeless one. A friend of mine (Mrs. Elvira Redmond of East Long street, this city), called and seeing the condition I was in, recommended me to try your MANALIN. I must say I had but little faith in the medicine, but after I had taken a few doses I was convinced that MANALIN was the medicine for me. After I had taken one bottle I was entirely well of my complaint, I consider it one of the best remedies for constipation I have ever used. I have several friends who are using it. They think it an excellent remedy. I recommend it to all who are afflicted with constipation or indigestion. Any one doubting this statement is invited to call on me at 24 Front street."

Mr. Milton Knotts, Urbana, O., writes: "Last November one year ago I was taken sick and called in our family physician. He examined me and said I had symptoms of typhoid fever. He gave me medicine for two weeks or more without any relief. I began to think that my days on earth were fast closing in. I saw at once that his medicine would not reach my disease. Just as I was about to conclude that I would have to die, my daughter brought me one of your pamphlets. I noticed a case whose symptoms were like mine, and PERUNA and MANALIN had cured him. I concluded at once to try it. I procured one bottle of PERUNA and one of MANALIN, and took them as directed, and before I had used the two bottles I began to receive strength and gain in flesh. I finished the rest of the two bottles and continued its use until the third bottle was used. When they were used I could eat anything I wanted to and go about my work. I consider that if it hadn't been for your PERUNA I would have been in my grave. Parties wishing information write me at the above place. I recommend your medicine wherever I go."

Mr. John R. Davis, Moundsville, W. Va., writes: "I have been handling your PERUNA ever since its introduction. All who have used it speak highly of its curative properties. I consider it a reliable remedy."

Mr. George Fisher, Portsmouth, O., writes: "I am handling your PERUNA, and having a good trade on it. It gives splendid satisfaction."

—It is now conceded on all sides that there is not and never has been a remedy of such remarkable efficacy as Curtis Carmelite Cordial, in curing cholera, dysentery, cholera morbus, summer complaints, cramps, pains in the bowels, or any intestinal irritation whatever, a single dose brings remarkable relief and a single bottle is guaranteed to cure any case or money refunded. A remarkable pain killer and valuable household remedy.
