

Congressional.

The Apportionment Bill as Agreed Upon by the Conference Committee.

HARRISBURG, May 21.—The conference committee on congressional apportionment held its final meeting this morning and completed its labors. The bill as agreed upon makes eighteen sure Republican and eight sure Democratic districts, with the doubtful districts, Schuylkill, and Bucks and Montgomery, according to the vote of 1880. According to the vote of 1884 the Democrats would have but seven districts. The bill is as follows:

The 1st, 2d, 3d, 4th, 5th and 6th districts, Philadelphia; 7th, Bucks and Montgomery; 8th, Chester and Delaware; 9th, Lancaster; 10th, Northampton, Carbon, Monroe, Pike and Wayne; 11th, Berks and Lehigh; 12th, Luzerne; 13th, Susquehanna and Lackawanna; 14th, Dauphin, Lebanon and Perry; 15th, Schuylkill; 16th, Bradford, Tioga, Potter and Wyoming; 17th, Cumberland, York and Adams; 18th, Huntingdon, Fulton, Mifflin, Juniata, Snyder and Union; 19th, Cambria, Blair, Somerset and Bedford; 20th, Clearfield, Clinton, Centre, Elk, Forest and Clarion; 21st, Washington, Green and Fayette; 22nd and 23d, Alleghany; 24th, Lycoming, Sullivan, Montour, Columbia and Northumberland; 25th, Westmoreland, Indiana, Armstrong and Jefferson; 26th, Venango, Warren, McKean and Cameron; 27th, Erie and Crawford; 28th, Mercer, Lawrence, Beaver and Butler.

In the senate the report was read and adopted—yeas 31, nays 0—Messrs. Ross [Greene] and Vandegrift voting with the Republicans. The other Democrats did not vote. The senate then adjourned.

TUESDAY'S account of the Plymouth epidemic reports that the condition of the patients is no better and several of the convalescents have had relapses. The weather is oppressively hot and no efforts have been made yet by the borough council to improve the sanitary state of the town.

FOR the last few weeks the news from Russia and England sound so peaceable that hardly anybody thinks any longer about a war between the two nations. Peace or war, Russia plays its cards well and gets what it wants and England seems to be satisfied anyway.

J. E. EICHHOLTZ, the editor of the Northumberland county Democrat, was appointed postmaster at Sunbury, Pa., vice Jacob Rohrbach. President Cleveland certainly picked the right man in this case and we congratulate brother Eichholtz on his promotion.

It is said that General Grant practically completed his book and will only need to revise the work yet. The latest news of his health are that he rests very well at night and feels much stronger.

E. F. FRELINGHUYSEN, of New Jersey, the Ex-Senator and Ex-Secretary of State under president Arthur, after a lingering illness, died on Wednesday, May 20th, at his home in Newark.

THE New Orleans Exposition is to be reopened next November. Funds are being raised to carry the show over until then.

CUNNINGHAM and Burton, the London dynamiters were found guilty and were sentenced to life-long imprisonment.

FROM all parts of Europe the reports talk of stormy and cold weather and it is said that the crops suffered very much.

WASHINGTON LETTER.

WASHINGTON, D. C., May 25, 1885. One of the strangest episodes of modern political campaigning is that which has just resulted in the election of Gen. John A. Logan to succeed himself as United States Senator from Illinois. With the Legislature a tie, and Republicans in the body whose antipathy to Logan had already kept him out of an election for very near five months, it needed only Democratic success in one of the strongest Democratic districts in the State, to not only prevent Logan's election, but to ultimately insure the success of some Democratic candidate by the election of a successor to Mr. Shaw. Relying with the utmost confidence upon their strength in the district, Mr. Morrison hies himself away to Washington to see after the distribution of official pap, leaving the only assurance to Democratic success to the tender mercies of such manipulating Republicans as "Long" Jones, Dan Shepard, Ame Babcock and ex-Post-

master Palmer. These men went down into this Democratic stronghold, organized their forces in the dead of night, held them in reserve at every balloting place in the district until 3 o'clock in the afternoon, least the enemy might suspect their intentions, and when the vote was counted that night they had carried off their Senatorial prize by a round majority. At 1 o'clock on the morning after Logan's election, the President's ears were greeted with the thunder of 38 guns, fired under his very windows. It is no wonder that the Democratic party is charged by the enemies of Democracy with never learning and always forgetting.

Decoration Day, which is always a day of distinguished observance in Washington, is to be more than usually attended to this year. The President is expected to speak at the exercises at Arlington, and the usual amount of bad poetry will be flung in by way of airing the ambition of those poetic souls were disappointed by the cold, bleak spring that we have had. Col. Joyce, the poet Laureate of America, whose divine allatus has been appropriated by Ella Wheeler, the Sweet Singer of Chicago, will read one of his rambic effusions, surviving which, the audience will be treated to an idyllic effort from the pen and tongue of Dr. Mary Walker.

The project of propelling the cars upon elevated railways by electricity has long been considered feasible, but has not yet been put into practical operation because of the claims of several persons for priority of invention. Edison, who has been claiming everything in the way of applying electricity, was one claimant to the discovery of this method of locomotion, while Sir William Siemens was another. Mr. S. P. Field, of New York, another claimant, has had his patent granted in the Patent Office here, Mr. Field has carried off the award for the original discovery of the application, and this award has to-day been confirmed by the Commissioner of Patents. This decision, under a recent opinion of the Supreme Court, is a finality, and Mr. Field will at once proceed to apply his invention upon all the elevated roads in New York City. PHONO.

The Revised Bible.

Large Orders Received by the Publishers and the Sales Begun.

The revised version of the Bible was put on sale in Philadelphia and country on Thursday morning, May 21st. The American Sunday School Union received its supply at 12 o'clock, midnight, and three or four minutes later were selling the books and filling orders, with a portion of its day force busily at work. The J. B. Lippincott Co., the agents for the Cambridge edition, have had their hands full for the past week with orders from all over the country, selling large numbers in New York, while Nelson & Sons, of that city, agents for the Oxford edition, have made good sales in Philadelphia. Demands are coming in continually for supplies that cannot be furnished for at least three weeks. The public, and the clerical portion more especially, would not purchase anything but the cheaper styles of the revised New Testament, but now that the revised Bible is finished finer and more lasting copies are demanded. Supplemental orders are constantly being received for both the one and two dollar editions. The Oxford and Cambridge editions are exactly alike. The edition published by Harper & Bros., of New York, is from the Cambridge press, although bearing their imprint.

It is believed that the complete Bible will have a continuous and steady sale and always command a remunerative price. A gentleman connected with one of the religious boards said yesterday that the clergy was sending in large orders, most of which were for one finely bound copy and the remainder for gifts to friends. The sales, he thought, would aggregate in money value more than those of the New Testament.

The book is neatly bound in cloth and contains 925 pages. After the title page comes a preface of ten pages. The Old Testament follows in 679 pages, which are increased in this country to 696 by the addition of seventeen pages of the American committee's recommendations. Following is the New Testament, with 204 pages and a fifteen page preface. The print is clear and beautiful and the binding substantial. Reprints will be put out by the score, notwithstanding the great cost of composition which the venture will involve.

Victor Hugo, the Poet, Dead.

PARIS, May 22.—Victor Hugo died at half-past one o'clock to-day. In the Senate M. LeRoyer delivered a eulogy on Hugo. The speaker said that for the past sixty years Victor Hugo had been the admiration of France and the world. He had now entered immortality. His glory belonged to no party, but to all men. Prime Minister Brisson delivered a eulogy in the Chamber of Deputies. He said the whole nation mourned the loss of Victor Hugo, and moved that the funeral of the poet be conducted at the State's expense. The motion was greeted with applause. The Senate and Chamber adjourned out of respect to the memory of the dead. The newspapers of Paris appear in mourning this evening. It is believed that the funeral will be the grandest seen in France for a century. The poet was sketched as he lay on his death bed by the great painter, Bonnat, who will transfer to canvas the impression taken. It is reported that M. Hugo bequeathed his manuscripts to France. Victor Hugo passed away peacefully, without suffering. His death has caused profound emotion in the capital. The residence of the deceased is surrounded by huge crowds. M. Fleuret, President of the Chamber of Deputies, has requested M. Allain-Targé, Minister of the Interior, to allow the coffin to lie under the Arc de Triomphe for twenty-four hours. The Municipal Council has expressed the wish that the remains be interred in the Pantheon. This wish will be considered by the Council of Ministers to-morrow. The death of M. Hugo dwarfs every other subject, political as well as social.

Woman's Province.

THE DUTIES OF THE GENTLER SEX—HOW BEST FULFILLED. What a great task is assigned to woman. Its dignity can not be elevated. It is not her province to make laws, to lead armies, nor to be at the head of great enterprises, but to her is given the power to form those by whom the laws are made, to teach the leaders of mighty armies and the governors of vast empires. She is required to guard against having the slightest taint of bodily infirmity touch the frail creature whose moral, intellectual and physical being is derived from her. She must insist on correct principles, inculcate right doctrines, and breathe into the soul of her offspring those pure sentiments which in time to come will be a part of themselves, and bless generations yet unborn. Yes, to woman is given the blessed privilege of aiding the sufferer in all the various stages of his existence. She smiles serenely at the chattering and weeps at the burial, while she soothes the bereaved heart. This is her province and duty. Yet how can she fulfill her mission unless possessed of a strong and healthy body? The preparation of Dr. S. B. Hartman, and known as PERUNA, is just the thing for persons suffering from a majority of the complaints incident to this climate. It is invaluable to women, and Mrs. J. W. Reynolds, of New Lisbon, Columbiana county, Ohio, is a noted example of what the medicine can do. She says she has suffered for years with congestion of the lungs, catarrh in the head, and was troubled with a bad cough. She had tried a number of physicians, but they all failed to cure her. She was induced to try PERUNA, and immediately a marked change took place. After using one bottle her cough ceased and in a short time her other ailments were cured. She is now completely restored to health, and gives all the credit to PERUNA. Mr. J. W. Reynolds, her husband, was a confirmed invalid. He could not sleep well, neither could he work. He used PERUNA, and as a result, was completely restored to his former vigor and strength. He says he now feels like a new man.

Mr. Bernhardt Seubs, St. Clair, St. Clair county, Mich., says: I have thoroughly tried your PERUNA in the various diseases to which parents and large families of children are ever liable, and I find it in every case to be just the thing needed. No family can honestly be without it. Nancy Feterman, Cookport, Indiana County, Pa., says: "Gentlemen: Your valuable PERUNA is the best medicine I ever used."

It is now conceded on all sides that there is not and never has been a remedy of such remarkable efficacy as Curtis Carmelite Cordial, in curing cholera, dysentery, cholera morbus, summer complaints, cramps, pains in the bowels, or any intestinal irritation whatever, a single dose being sufficient to cure any case or money refunded. A remarkable pain killer and valuable household remedy.

AYER'S SARSAPARILLA has demonstrated its power of cure for all diseases of the blood. The Harpooner's Story. New Bedford, N. S. W., 1882. Dr. J. C. Ayer & Co.—Twenty years ago I was a harpooner in the North Pacific, when five others of the crew and myself were laid up with scurvy. Our bodies were black, gums swollen and bleeding, teeth loose, purple blotches all over us, and our breath seemed rotten. I took my share of the medicine, and in a few days I was able to get up and work. I had been some time in this way, and I was advised to take your Sarsaparilla, two bottles of which made my blood disappear rapidly, and I am now quite well. I have seen a good deal of it. Seeing no mention in your Almanac of your Sarsaparilla being good for scurvy, I thought you ought to know of this, and so send you the facts. Respectfully yours, RALPH Y. WINGATE.

The Trooper's Experience. Mason, Danatoland (S. Africa), March 7, 1883. Dr. J. C. Ayer & Co.—Gentlemen: I have much pleasure to testify to the great value of your Sarsaparilla. We have been stationed here for over two years, during which time we had to live in tents. Being under canvas for some time brought on what is called in this country "scald-sores." I had been some time in this way, and I was advised to take your Sarsaparilla, two bottles of which made my blood disappear rapidly, and I am now quite well. Yours truly, T. K. BODEN. Trooper, Cape Mounted Riflemen.

Ayer's Sarsaparilla. Is the only thoroughly effective blood-purifier, the only medicine that eradicates the poisons of Scrofula, Mercury, and Contagious Diseases from the system. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; Six bottles for \$5.
