New Appointments.

WASHINGTON, May 29.—The president to-day appointed James W. Whelpley of New York, assistant treasurer United States, and Charles Derby, of Indiana, minister to China.

It is said that for the 300 Consuls for which President Cleveland will make appointments, there are no less than 8000 applicants, with the natural consequence that about 7700 of these willing fellows will be left.

By the new apportionment bills counties are left whole, and that is about the only merit the bills possess. But as to equality and justice, they deserve the condemnation of every fair thinking citizen and Governor Pattison emphatically vetoes them.

A Warning to Councils.

WILKESBARRE, May 29.—The grand jury has indicted the town council of Plymouth for maintaining a nuisance and for neglect of their official duties in not keeping the town in a good sanitary condition. The trial will take place in June. Three deaths occurred to-day.

In reading the proceedings of our legislative bodies, we must not forget that they have large republican majorities. Whatever bad and worthless laws are made, and whatever time and money is uselessly spent in the present session the majority must be blamed for, of course.

The manufacture of steel nails has made rapid progress since 1833, in which year this industry may be said to have had its beginning. During last year there were 393,482 kegs of steel nails manufactured, the production of the three leading nail making states being as follows: West Virginia, 204,336 kegs; Ohio, 730,636 kegs, and Pennsylvania, 29,324 kegs. In 1882, this country produced only 18,224 kegs of steel nails.

The republican journals lift their heads in exultant pride and exclaim "You see, not a cent was missing at the investigation of the U. S. treasury and we were wrongfully blamed by the Democrats." So it is, as far as the treasury is concerned. But how about the discovery of Secretary Whitney, that John H. Russell, spent \$900,000 for the repair of the "Mohican" which is about three times for what a new vessel of the same style could be built. There is more than one way to squander the people's money.

The Lutherans at Harrisburg.

HARRISBURG, May 30.—At the opening of the General Synod of the Luth. Church, Rev. J. W. Richard, of York, Pa., secretary of the board, read the eighth biennial report of the Church Extension Society. The total receipts for the two years were \$77,506.92, a large increase over the amount reported at the last meeting. The amount paid by the district synods on apportionment was \$37,472.99. The amount received in response to a special appeal for Grace Church, Chicago, was \$10,961.14; for the children's memorial at Kansas City, \$3,340.88; for Christ Church, New York, \$2,550.48. The Women's Society contributed \$7,045 for the erection of a church at Freeport, Ill. The board asked for \$50,000 for the next two years.

The treasurer of the Synod reported receipts of \$3,561.16. The order of the day being church extensions, the afternoon was consumed on the subject; \$2,200 was raised to liquidate a debt resting on Christ's Lutheran Church, New York. Rev. Dr. Morris, from Baltimore, revealed to the synod the fact that some generous donor had given \$20,000 in his hands with which to found a lectureship.

WASHINGTON LETTER.

From our Regular Correspondent. WASHINGTON, D. C., May 30, 1885. By degrees the work of change is increasing its motion as President Cleveland is putting more of Democratic peremptoriness into his utterances. The result is more pleasing to Democrats, and is not satisfactory to Republicans who of late have been jubilant outside of the departments and more and more overbearing in. Thus far more than 200 changes have been made in the Presidential post offices by Mr. Cleveland, who sees the importance of making changes but is desirous of placing none but solid men and good stayers in positions everywhere.

First Assistant Postmaster General Hay is now at his post and at work. He is a slim, middle-aged man, with hair rapidly changing from black to gray. He has bright, handsome eyes, a fine set of teeth, smiles pleasantly, is quick to see, and acts about as quick as he thinks. To him are referred about all of the minor appointments and he gives promise, if his health holds out, of letting Democrats know that he is their friend. To the date of May 27th, about 1,500 changes have been made in post offices outside those made by the President, making a total of about 1,700 changes made in post offices generally, Democrats going in as Republicans go out.

Postmaster General Vilas has moved into the elegant house No. 27 Iowa circle, where at night after office hours those who persist in obtaining what they want, find him and explain. He stands the heavy pressure brought to bear upon him by Democrats with good nature, and says that when the harvest is ended Democrats will be satisfied. Of late he has been feeling around pretty lively in old Virginia, and is by his good appointments in that State adding greatly of courage and strength to Democrats. Democrats are being urged to give Democratic papers increased circulation at once, so that in all parts of the country they may know what is going on, especially in Washington city.

In the Treasury Department Secretary Manning has already made over 500 changes, and hundreds more are being marked for n. t. u.—no further use. Manning is the strongest and most daring Democratic politician in the Cabinet. A man of much sagacity, clean in his courage, and decidedly intent on making New York State solidly and reliably Democratic. In appearance he so much resembles President Cleveland that the two are often mistaken for each other.

Miscellaneous News.

A Clearfield jeweler named Snyder constructed, and has in running order, the smallest steam engine in the world. It is so small that a human hair is used as a belt to run the governor.

Severe Storm in Lancaster County.

LANCASTER, May 31.—A very heavy thunder and hail storm, accompanied by strong wind, passed over the northern end of this county this afternoon. The wind tore strong trees up by the roots and threw them across the roadways, and in several instances tobacco barns were picked up bodily and demolished. The hail stones, which were very large, fell to an unusual depth.

—A BOTTLE of Curtis' Carmelite Cordial should occupy the handy corner of every traveller's satchel. No prudent person will think of undertaking a journey involving changes of climate, diet and water, without first procuring a bottle. It never fails! It never disappoints! Money refunded in every case when a single bottle, as directed, fails to cure any case of cholera, dysentery, cholera morbus, diarrhoea, cramps, pains in the bowels, or any intestinal irritation. Sold by all dealers. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

The Great Iron Strike.

PITTSBURG, May 31.—The iron workers' strike, which will be inaugurated to-morrow, promises to be almost general throughout the west. Five firms in this city have signed the scale, and will continue their mills in operation. Other mills, it is expected, will close down, thus throwing out of employment nearly 100,000 men. The workmen are cheerful, and assert that the strike will be of short duration, and that its ending will be favorable to them.

—A Crownover, Saulsbury, Pa., writes: "J. A. McDonald. Dear Sir:—Your Liver Pills are giving good satisfaction here and there is quite a demand springing up for them. Please send me three dozen boxes at once, as I am out and some of my customers won't have any other." Comment needless. Dissatisfied purchasers can have their money refunded. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

Bad Outlook for the Wheat Crop.

CHICAGO, May 31.—Reports received by the "Farmers Review" from all the western and southern wheat growing states, including the Pacific region, indicate that the outlook for winter sown wheat is the worst in ten years, and under the most favorable conditions will fall considerably under the short crop of 1881, when the total product was 380,000,000 bushels. They have received reports from over 3,000 correspondents.

Superior Excellence.

The reasons for PERUNA's superior excellence in all diseases, and its *modus operandi*, are fully explained in Dr. Hartman's lecture, reported in his book on the "Ills of Life and How to Cure Them," from page 1 to page to through the whole book should be read and studied to get the full value of this *per* excellent remedy. These books can be had at all the drug stores gratis.

W. D. Williams, U. S. Pension Agent and Notary Public, New Vienna, Clinton County, Ohio, writes: "I take great pleasure in testifying to your medicines. I have used about one bottle and a half, and can say I am almost a new man. Have had the catarrh about twenty years. Before I knew what it was, had settled on the lungs and breast, but can now say I am almost well. Was in the army; could get no medicine there that would relieve me."

Col. E. Finger, Ashland, Ohio, writes: "I am happy to say I have used several bottles of your medicines called PERUNA, and my health has been greatly improved by it. I cheerfully recommend PERUNA to all who suffer with heart trouble, as being an invaluable medicine."

Rev. J. M. Ingling, Altamont, Ill., writes: "My father-in-law, who resides with me has been using your PERUNA for kidney disease, which has afflicted him for forty years and could get no relief until he saw your medicine. I induced him to try a bottle, which he did, and the one bottle of PERUNA and one bottle of MANALIN has given him more relief than all the other medicines he ever used."

Mr. Robert Grimes, Rendville, Ohio, writes: "My wife has been an invalid suffering from chronic catarrh, and after every other remedy had failed she commenced to use your PERUNA and MANALIN. They have helped my dear wife more than anything she has ever used. She has now taken two bottles, and is so much better that she will never quit its use until she is entirely well. I write you asking you to please send me five bottles of PERUNA and one of MANALIN by express and oblige, your humble servant."

Cook Bros., Procter, Marion County, Ohio, writes: "We have a good trade on PERUNA, our customers speak well of it."

—Druggists as a rule are extremely jealous and careful of the honor of their profession, and are loth to praise a medicine which they do not from personal knowledge know to be a meritorious article. They all agree, however, that for smallness of dose, easiness to take, and effectiveness as a worm destroyer, McDonald's Celebrated Worm Powders are the best and most desirable vermifuge in their stock, and do not hesitate to recommend them. Dissatisfied buyers can have their money refunded.

The Latest Telephone Patent.

An inventor by the name of Freeman has perfected a telephone which he claims is the superior of the Bell instrument. His application for a patent has been pending before the Patent Office for several weeks. A patent for his invention was issued on Monday. His telephone is the exact opposite of the principle of the Bell telephone. The latter is operated by a continuous current of electricity. The Freeman is operated by pulsations caused by the opening and closing of the circuit. It was clearly shown to be no infringement of the Bell telephone, as the patent has been already issued. The Freeman telephone promises to make a fierce opposition to the Bell if the latter does not buy the new invention.

—The four greatest and most desirable properties of a successful medicine are perfectly combined in McDonald's Blood Purifier or Sarsaparilian Alternative. In malassimilation of food and dyspepsia its effects are speedy and happy. For disfiguring humors of serofula and tetter, the loathsome sores of venereal diseases, the burning torturers of erysipelas, no other medicine can possibly equal it. As a spring medicine, perfect blood purifier, efficient and safe diuretic and aperient, it meets with gratifying success in the most neglected and the people. Dissatisfied buyers can have their money refunded. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

An Oil Operator's Failure.

ERIE, Pa., May 30.—Thomas Brown, of the Brown Oil Company, failed today for nearly half a million. This evening judgements for \$350,000 were confessed and recorded, representing about three-fourth of the liabilities. Brown was formerly manager of the Star and Eclipse Oil Companies, branches of the great Standard monopoly. He cut loose from the Standard and established oil refineries of his own in connection with a large producing interest at Claredon; but cut rates and the usual tactics of the Standard made his ruin inevitable. A few months ago the crash was expected, but was staved off by the considerate course of creditors. It could be avoided no longer. One judgement confessed is to Orange Noble for \$50,000. Brown's property, could it be sold for its worth, would realize about \$400,000. It is the largest failure occurring here for many years.

—Messrs. C. F. Deining and H. K. Luse, of this place, are the manufacturers and agents for Ellison's Ironing and Pressing Board, and have the right of sale in the borough of Millheim, and in Penn, Haines and Gregg townships. Surface Indications.

What a mother would very properly term "surface indications" of what is beneath, are the Pinpoints, Sides, Sore Eyes, Bolls, and Cutaneous Eruptions with which people are annoyed in spring and early summer. The effete matter accumulated during the winter months, now makes its presence felt, through Nature's endeavors to expel it from the system. While it remains, it is a poison that festers in the blood and may develop into Scrofula. This condition causes derangement of the digestive and assimilatory organs, with a feeling of enervation, languor, and weariness—often lightly spoken of as "only spring fever." These are evidences that Nature is not able, unaided, to throw off the corrupt atoms which weaken the vital forces. To regain health, Nature must be aided by a thorough blood-purifying medicine; and nothing else is so effective as Ayer's Sarsaparilla.

Ayer's Sarsaparilla.

which is sufficiently powerful to expel from the system even the taint of Hereditary Scrofula. The medical profession endorse AYER'S SARSAPARILLA, and many attestations of the cures effected by it come from all parts of the world. It is, in the language of the Hon. Francis Jewett, ex-Senator of Massachusetts and ex-Mayor of Lowell, "the only preparation that does real, lasting good."

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists: Price \$1; Six bottles for \$5.
