—The front of the Journal Store has been adorned with new boardwalks and the job is altogether in keeping with B. O. Deininger's renowned exactness and love of order. If the bloated bondholders vis-a-vis make as pretty a job of their prospective crossing, which seems to be "so near and yet so far" then there will be peace and happiness forever in this dearland.
—We are under obligations to Pres. Pierce, of Pierce's Business College, Philadelphia, for an artistic card of invitation and two tickets to the commencement exercises of that institution to be held in the Academy of Music, on the 18th inst.
Also to A. D. Deininger, son of Rev. C. F. Deininger, of this place, for a similar invitation to the commencement of the New Berlin Seminary on the 12th of June, on which occasion that young gentleman expects to graduate. Pressure of work prevents us however to make use of either of these invitations, much as we would like to attend.
—According to the Daily News Bellefonte will have no Fourth of July celebration this year, but will have an excursion to Lewisburg over the new railroad on that day. The Logan House Company of the Mountain City will attend the great firemen's parade at Lewisburg and expect to ride over the new road. All that is necessary is a free expression of sentiment of Bellefonte's citizens to make such an excursion a surety and the Daily News imagines that about a thousand excursionists might start from Bellefonte while others will be picked up all along the road.
We say let it come—and we are sure that the "others along the road" will not only be a handful. At least Millheim will be comparatively quiet on that day and many of our people think of attending the Lewisburg anniversary.
SUNDAY'S STORM IN CENTRE COUNTY.—All afternoon of said day black and threatening clouds rolled up on the horizon and in the evening the most vivid flashes of lightning shot from the dark vapors at short intervals and an almost continual rumbling of thunder told observing people that the air was filled with electricity and furious storms. However the heavier parts of the elements passed around this town and seemed particularly to hang over Sugar, Nittany and Bald Eagle valleys. Reports from those valleys go to show that the storm raged with terrific fury in those sections the greater part of Sunday night, being accompanied by hail and rain. One informant says the hail storm in Sugar Valley as severe than ever before known by the oldest inhabitants. The grain and fruit was very much damaged there. Bald Eagle was visited with particular force. In the latter part of the afternoon a hail storm occurred, the hailstones falling as large as walnuts. Much damage was done and there is hardly a house in that town where window lights were not broken. At midnight a heavy wind storm at Eagleview unroofed the Christian church and raised one of Mr. Baumgardner's houses and blew it from its foundations, while another of his houses was unroofed. The house occupied by Mr. Krotzer and family was also unroofed and Mrs. Krotzer in attempting to protect one of her children from a falling timber, was struck and hurt. It was a terrible night and but few people in Centre county enjoyed a solid night's sleep.

THE "BUZZ SAW" NEWSPAPER.—The May number of Lum Smith's Philadelphia HERALD literally sparkles with dynamical and electrical exposures of pernicious newspapers, frauds, quacks and humbugs that infest our land to the detriment of legitimate journalism and business and the morals of our boys and girls. Editor Smith prefers serious charges against Gov. Bunn, of Idaho, and calls on President Cleveland for Bunn's removal. Anthony Comstock, Secretary of the N. Y. S. for the S. of V., is again offered \$1800 to explain his connection with W. L. Allen, a notorious fraud and legally indicted blackmailer. The Texas press and officials are appealed to to drive Byron H. Van Raub, of Leon Springs, Texas, from that State. It appears that Van Raub is trying to establish a harem. "Dr." W. H. Hale, publisher of "Health and Home," Washington, D. C., is again fully exposed. Algernon H. Wilcox, Tom Chichester and "Dr." Fry, all of Philadelphia are given "Thirty Days Notice" to discontinue their demoralizing "Pennyroyal and Tansy Pill" business. Smith declares if they do not heed his warning he will arrest and prosecute them himself. The Louisiana Lottery Co. is again exposed. The stories, poetry, and puzzle department of THE HERALD are excellent. Smith scored his forty sixth victory on the 21st of May, before Judge Arnold, the jury awarding Smith \$25,000 damages.

A certain man of our town, who is either extremely well informed, or terribly confused in his ignorance, makes the astounding declaration that, "were it not for fire engines there would be no fires." AFTER DINNER. Persons who suffer from indigestion can arrest the progress of that painful malady by the use of an after-dinner pill, so composed that it will give tone to the stomach, prevent heartburn, rouse the liver to healthful action, invigorate the kidneys, and thus, through the activity of these organs, promote the natural movement of the stomach and bowels. AYER'S PILLS are so compounded that their action, though mild, effectually produces the above results. They also, in curing Constipation, remove the cause of Biliousness, Liver Complaint, Kidney Disease, Rheumatism, and many other serious ailments.
AYER'S PILLS contain no mineral nor poisonous substance, and do not gripe unless the bowels are irritated, and even then their influence is healing. To continue their effect in constipated or chronic cases, they need only be taken in diminishing instead of increasing doses. For seamen, and inhabitants of travelers in sparsely settled countries where physicians are not at hand, they are of inestimable value. There is hardly a sickness they will not alleviate, and in most cases cure, if taken promptly. To young girls just entering upon womanhood, and to women whose period of maturity is drawing to a close, Ayer's Pills, in moderate doses, merely sufficient to ensure regular action of the bowels, will be found of
