The Prohibition State Convention will meet at Pittsburgh to-day.

HON. S. G. RANDALL left Washington last week and will spend the summer on his farm at Berwyn, a quiet place in the country along the Pennsylvania railroad.

On last Friday the Legislature adjourned and as far as the apportionment bill with all that hangs around about it is concerned, everything will for the present remain as it had been.

With the exception of a few chronic kickers the people who elected President Cleveland are perfectly satisfied with the working of the governmental machine. It seems to run very nice and smooth and the fears that a change would cause the downfall of the country prove entirely unfounded.

GLADSTONE, the great British Premier, who resigned his position, announced in the House of Commons on Friday afternoon that the Queen had accepted his resignation and that the Marquis of Salisbury had been summoned by her majesty to be entrusted with the formation of a Tory cabinet. This is the political end of the leader of the liberal party in England.

Curtin and the Old Soldiers.

Washington Letter to Pittsburg Post. Governor Curtin receives more applications from old soldiers to look up pension cases than any five members of the House combined. He is so well known by reputation at least that they do not hesitate to write him about their needs and claims.

The Ohio Republican State Convention met last Thursday morning, with J. D. Taylor as temporary chairman.

Judge Joseph B. Foraker, of Cincinnati, who was a former candidate for the governorship of Ohio, was re-nominated for that office on the first ballot. The following other nominations were made by acclamation: Gen. Robert P. Kenney, for Lieutenant Governor; Judge George W. Melville, for Supreme Judge; and John C. Brown, of Jefferson, for Treasurer.

A sore spot to Foraker is the opposition of the colored men to his election, which will be used by the Democrats to his disadvantage.

LATEST advices of General Grant's health state that his condition has again become alarming. The cancer has been steadily increasing during the last two weeks and yesterday the General had a sudden attack. His throat swelled, the pain increased, and it was feared he was going to relapse into the same critical condition of last March.

Miscellaneous News.

The old Liberty Bell is on its way home from New Orleans. Oh! Oh! This howling, jumping, raving toothache! I would give anything for relief. Well, it won't cost you much. 15 cents will get you a bottle of the Great Zingari Toothache Drops. Guaranteed. For toothache and neuralgia the Great Zingari has no equal.

The Republican caucus Thursday afternoon, nominated George Handy Smith for President pro tem of the Senate. The Democrats nominated Senator Ross, of York, for the same office.

Pennsylvania Honored.

WASHINGTON, June 11. — Ex-Congressman George A. Jenks, of Brookville, Pa., arrived here to-day in response to a telegram from Secretary Lamar. Mr. Jenks has been tendered the position of assistant secretary of the interior, which was created by the last congress, and which ex-Congressman Post so confidently expected to get. This appointment gives two of the highest offices in the gift of the administration to Pennsylvania, the other being Assistant Postmaster General Hay.

WASHINGTON LETTER.

From our Regular Correspondent. WASHINGTON, D. C., May 16, 1885. About as bitter a contest over political spoils as Mr. Cleveland will ever be called upon to decide is that over the Chicago Marshals, which he has just given to a man who does not live in Chicago. There were sixteen applicants for the position, all from Chicago, and all buzzing in the President's ears, early and late, but a still, small voice came up from a Democratic Congressman, who told the President that if he was after a good man to fill the office he had one, who, like the President himself, had been the sheriff of his county, and who, in a county that ordinarily gave two thousand Republican majorities, had been elected because he was the right man in the right place. It cannot be denied that the President has exhibited more backbone in making this appointment than has usually been accorded to men in his place, because the elements at work upon him in the interests of other candidates embraced the whole leadership of the Chicago Democracy, to say nothing of a vast amount of outside Democratic pressure from Indiana, Michigan, Missouri and Wisconsin.

A colored watchman in the Treasury was driven to incurable insanity the other night on being told that the Republicans were bent on killing him for holding an office under a Democratic administration. This is the sort of diversion that the Republicans all along have been indulging in to retain their hold of the negro vote, which, in Virginia and Maryland, counts for a good deal. This African gentleman was from Virginia, and had been one of Mahone's best lieutenants in many a Virginia campaign, but he was intelligent enough at last to see the uses to which he and his class were being put by the scoundrel crowd that Mahone led by the nose, and he flew the track. The elimination of the best part of the negro element from Mahone's forces, has broken him up completely, and he was only two short years ago the master hand of the political destinies of the old commonwealth, is now so poor that he finds none to do him reverence.

It would seem from the evidence of the architectural experts now being examined upon an investigation of the Capitol architect, Mr. Clark, that the reign of shoddy commenced in this country a good many years ago. From this testimony we are informed the very walls of the Capitol, which we assumed would stand the wear and tear of centuries of politics and politicians, have long been in a state of disintegration. The iron dome, weighing 8,909,200 pounds is about to fall upon the heads of the unfortunate visitors in the rotunda, without a moment's warning, because of the shoddy material with which it was composed, the shoddy priming that was put into the paint, and the shoddy labor with which the iron beams were joined together. Even the bronze female that surmounts the dome to represent the freedom stricker, is warped out of all shape and looks as though it had just emerged from a case of secondary rickets. Of course the architect of the Capitol has his enemies, and they may overstate matters somewhat, but I wish that you could see some of the botch-work about this Capitol, for which we have paid first and last about seventeen millions of hard earned dollars.

The four greatest and most desirable properties of a successful medicine are perfectly combined in McDonald's Blood Purifier or Sarsaparilla Alternative. In malassimilation of food and dyspepsia its effects are speedy and happy. For disgusting humors of scrofula and tetter, the loathsome sores of venereal diseases, the burning torturers of erysipelas, no other medicine can possibly equal it. As a spring medicine, diuretic and aperient, it meets with gratifying favor from the medical profession and the people. Dissatisfied buyers can have their money refunded. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

My physician said I could not live. My liver out of order, frequently vomited greenish mucous, skin yellow, small dry humors on face, stomach would regurgitate. Burdock Blood Bitters cured me. Mrs. Adelaide O'Brien, 372 Exchange St., Buffalo, N. Y.

Summer Heat in Earnest.

There is every indication that the summer heat has come to stay. There was a general rise in temperature on Sunday in the East and West. New York sweltered at 89 degrees, Boston was credited with 86 degrees, while Atlantic City at 88 did not fare much better than Philadelphia at 96 degrees. In the west the average was about the same. Detroit was treated to 83 degrees, Toledo 87 degrees, and even Cheyenne showed 66 degrees.

A frightful collision of trains occurred on the Pennsylvania Schuylkill Valley Road on Friday afternoon in which three men lost their lives and two men were injured. The conductor, engineer and fireman are the killed, and were all on the engine when the horrible accident took place. The trains collided within fifty yards of a little station named Spring Mill, one mile east of Conshohocken.

The trains in collision were the fast freight train running between Philadelphia and Reading, and known as the "market train," and a local freight train bound for the same destination. The local train left the city some time in advance of the market train and should have been on the siding at Spring Mill when the fast freight reached there.

A BOTTLE of Curtis' Carmelite Cordial should occupy the handy corner of every traveler's satchel. No prudent person will think of undertaking a journey involving changes of climate, diet and water, without first procuring a bottle. It never fails! It never disappoints! Money refunded in every case when a single bottle, as directed, fails to cure any case of cholera, dysentery, cholera morbus, diarrhoea, cramps, pains in the bowels, or any intestinal irritation. Sold by all dealers.

JOHNSTON, HOLLOWAY & CO. Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa. —The merit of merit for promoting personal aesthetics is due to J. C. Ayer & Co., whose incomparable Hair Vigor is a universal beautifier of the hair. Harmless, effective, agreeable, it has taken rank among the indispensable articles of the toilet. To scanty locks it gives luxuriance; and withered hair it clothes with the hue of youth.

Druggists as a rule are extremely jealous and careful of the honor of their profession, and are loath to praise a medicine which they do not possess personal knowledge know to be a meritorious article. They all agree, however, that for smallness of dose, easiness to take, and effectiveness as a worm destroyer, McDonald's Celebrated Worm Powders are the best and most desirable vermifuge in their stock, and do not hesitate to recommend them. Dissatisfied buyers can have their money refunded.

JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

For constitutional or scrofulous catarrh, and for consumption induced by the scrofulous taint, Ayer's Sarsaparilla is the true remedy. It has cured numberless cases. It will stop the noxious catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

A Crownover, Salsbury, Pa., writes: "J. A. McDonald, Dear Sir:—Your Liver Pills are giving good satisfaction here and there is quite a demand springing up for them. Please send me three dozen boxes at once, as I am out and some of my customers won't have any other." Comment needless. Dissatisfied purchasers can have their money refunded.

"My physician said I could not live. My liver out of order, frequently vomited greenish mucous, skin yellow, small dry humors on face, stomach would regurgitate. Burdock Blood Bitters cured me. Mrs. Adelaide O'Brien, 372 Exchange St., Buffalo, N. Y.

Constable G. W. Harter, of Millheim would hereby respectfully inform the people of these valleys that he has taken the agency for the Spring Tooth Harrow, formerly handled by A. S. Harter.

Chronic Dysentery.

Mr. James Brannan, Second avenue, Pittsburgh, Pa., writes: "For two years I have been constantly troubled with a chronic diarrhoea, or dysentery, having had, on an average, from twenty to twenty-five passages every twenty-four hours, and every one bloated. I had thoroughly tried all the treatment physicians in Pittsburgh, was twice in the West Penn Hospital, the first time thirteen weeks, and though I felt it much better, yet in five days it was as bad as ever. I then tried two other great doctors in this city, and one of them finally assured me I was not long for this world, and advised me to write to my friends about it. I next went to Dr. Hartman, without the least confidence that he could do anything for me. He examined me, smiled, and said, he could stop the bloody discharges in less than two weeks, which he did with PERUNA, and I have now been entirely well for several weeks, and never felt better in my life, though I am still taking his PERUNA. I will take it whenever I need medicine."

Mr. Patrick Burns, Pittsburgh, writes: "I have suffered intensely from piles and chronic diarrhoea. I was treated by five of the best physicians and surgeons in the city of Pittsburgh, and finally three of them constantly worse. Finally they grew tired of my case, and I was operated on. This frightened me, and I went immediately to Dr. Hartman, who has entirely cured me with PERUNA. I have been at work now for three months, and never in my life felt better. Call and see me at corner of Twenty-seventh and Mulberry streets, Twelfth ward, Pittsburgh."

Charles Frank, of Emrichville, Jefferson county, Ohio, writes: "I had piles and fistula in ano for four years. I had suffered constantly with a discharge of mucus from the parts, and sometimes matter from the bowels through them. I could not have borne it much longer. I had heard so much of the ill effects of a knife operation that I resolved to go to Dr. Hartman. He ridiculed the silly idea of cutting it, and at once performed his own original operation without the knife, and without pain. I am thoroughly cured, though of course I took PERUNA."

—More people, adults and children, are troubled with costiveness than with any other ailment. Dr. Hartman's medicine will cure costiveness and prevent the diseases which result from it.

—A BUTTER CHURN with "bock," good as new, can be bought cheap for cash. Inquire at this office.

LOOK HERE.—I cure Piles. I have a positive remedy for piles. By its use many cases of the worst kind and of long standing have been cured. It cures as if by magic. Money refunded to dissatisfied patients. Address, H. K. SUMMERS, AARONSBURG, PA.

Rupture. DR. J. A. SHERMAN—Dear Friend: I am sorry, Doctor, you have left Boston. Persons continue to come to my house to inquire respecting you, while many others write me. Many who left me said they would surely seek you all. Your success has been wonderful, and I am quite sure without a parallel. To my surprise my large hernia appears to be perfectly healed. I did not expect that at the age of 73. After receiving your treatment I was relieved from suffering which was fast taking my life. I have no idea I should be living had you not taken my case in hand. I weigh now 150 pounds, over thirty pounds more than then. I think you must receive a great amount of happiness from the relief given and gratitude rendered. You owe it to my son in Boston, who has known many of your patients before and after healing, that I applied to you. "Go," said he, "to Dr. Sherman; he is doing wonders." I had failed of help from a dozen others and doubted, but he would not let me rest till I went. I bless the day I did so. It is to me a mystery, Doctor, that you have so wonderfully out-distanced all in your profession. I hope your life will long be spared to relieve sufferers, and thus bless the world. Most affectionately and gratefully yours, REV. JOHN ALDEN. The Rev. John Alden's case was quite as bad as Mr. James Corlew's. REV. JOHN ALDEN, a well known and respected man, who had been afflicted with a rupture for many years, and who had tried every other treatment and remedy, was cured by Dr. Sherman's treatment and remedies. His book, containing thousands of testimonials, is a most valuable work, and one which every sufferer should possess. It is for sale at Dr. Sherman's office, 302 Broadway, New York, except on Sundays and holidays, when he will be in Philadelphia office, 302 Walnut Street. No operation or dentical from business Patients from a distance can receive treatment and leave for home same day. 23 4t

An Efficient Remedy. In all cases of Bronchial and Pulmonary Affections is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that Ayer's Cherry Pectoral Has preserved the lives of great numbers of persons by arresting the development of Laryngitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Colds and Influenza, ailments peculiarly incidental to childhood and youth. Promptness in dealing with all diseases of this class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste precious time in experimenting with medicines of doubtful efficacy, while the malady is constantly gaining a deeper hold, but take at once the speediest and most certain to cure.

Ayer's Cherry Pectoral. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass., Sold by all Druggists. Old in Experience. We have had thirty years' experience in manufacturing Raw Bone Super-Phosphates, and farmers may depend upon our goods. There is no improvement or economy of manufacture suggested by science or accomplished by skilled experience, that we have not embodied in producing reliable and cheap fertilizers. It has been shown over and over again by testimonials from reliable farmers, and by analyses made and published by State Boards of Agriculture, that Baugh's \$25 Phosphate is a complete and reliable fertilizer for general use. BAUGH & SONS, Philadelphia.
