

PRESIDENT CLEVELAND and cabinet are announced to be at the encampment of the National Soldiers' Reunion at Fairmount Park, Philadelphia, on the Fourth of July.

THE papers are full of commencement accounts of the many colleges throughout the state. Thousands of young people are graduating and ready to take a hold of the first paying position or job presenting itself. Time will only tell whether or not their education is of practical benefit to them.

GOVERNOR PARTISON has signed the marriage license act. The bill requires couples intending to be married to take out a license one month before. The law will go into effect about the first of October next and it is to be hoped that much of the crookedness and folly which exist in the marriage business will be straightened out by this law.

NEW YORK'S three most important offices, from a political standpoint, were filled on Saturday by President Cleveland in the appointment of the following men: Edward L. Hedden, to be Collector of Customs, in Mr. Robertson's place; H. S. Beattie, Surveyor of Customs and Silas W. Burt, Naval Officer. Cleveland made these selections after a very careful consideration, well knowing the peculiar political color of New York's Democracy.

Mr. Hedden is an experienced merchant and pure business man and has never been an active politician. He is approved by Irving Hall and as a man is not objectionable to Tammany Hall.

Mr. Beattie is also a County Democracy man and a warm friend of Secretary Whitney. He is a lawyer and at present Deputy County Clerk of New York.

Colonel Burt was the Naval Officer under Hayes, when Arthur took the chair. Burt received the cold shoulder and he turned and voted for Cleveland both for Governor and President. His appointment makes the second important office given to Independent Republicans.

To please both the county democracy and Tammany was almost an impossibility.

Tammany is hard to please and in this case as before is mad at Cleveland and everybody else.

GENERAL GRANT is slowly but surely nearing his end. The following statement of Dr. Douglas, his attending physician, fully explains the patient's condition:

"His life has been prolonged by the invigorating air here instead of the great heat of New York. The disease has progressed in the natural way. As I have said before, his disease is one of increasing debility. The General was likely to die at any time in New York, and had he remained there instead of coming here he would in all human probability have expired before this. His present weakness is the natural result of the disease. He is each day less strong, and though the step from day to day is scarcely perceptible, the aggregate of fourteen days becomes noticeable. Two weeks ago Grant left the city, and if he was in New York to-day he could not be moved here. His strength to-day is unequal to such a journey. Now if you ask me when the end will probably be, I cannot tell. No one can tell. He grows weaker and weaker, and at last the point of exhaustion will be reached. That is all, and nobody can say when that shall be."

COMMENCEMENT EXERCISES.—Franklin and Marshall College, Lancaster, Pa., is the oldest and leading institution of the Reformed church. The commencement exercises began June 14th with the baccalaureate sermon by Pres. T. G. Apple, D. D. The Board of Trustees conferred the honorary degree of Ph. D. upon Prof. D. M. Wolf and L. D. upon the Hon. John Cessna. The college received a generous donation of \$10,000 from Charles A. Santee of Philadelphia. At the reunion of the Diognathian Literary Society, W. U. Hense, a graduate member, occupied the chair. He was also appointed on the committee which has in charge the publication of a Centennial Memorial volume of the college.

Among those who responded to toasts at the alumni dinner and semi-centennial celebrations of the literary societies, were Hon. J. H. Wickersham L.L.D., a member of the Board, Hon. John Cessna L. L. D., Hon. John W. Killinger, Major A. C. Reinhold, Mayor D. E. Rosenmiller and Rev. Kryder Evans.

The class day exercises, characterized by wit and humor, were exceedingly entertaining to a large audience on the college campus. The graduating class numbering twenty-four were arrayed in gowns and caps, ten of whom delivered orations. S. C. Stover, of Farmers' Mills and Mr. Masataka Yamana, a Japanese student, were among the graduates. The Minister of the Japanese Government at Washington has engaged the latter as one of the Japanese lezation, and he has already gone to his post. He is a sincere Christian.

The trustees are engaged in erecting an observatory, the principal instruments for which were manufactured in Europe at a great cost. For this purpose a lady of Frederick, Md., donated \$10,000. Other contributions are being added.

The Hon. John Cessna L. L. D. is President of the Board of Trustees, a position occupied for many years by President Buckingham. Prof. D. M. Wolf, Ph. D., Revs. L. K. and John M. Evans, Dr. C. S. Musser, Harvey Musser Esq., Prof's. Goble, Henry Bitner and Wm. Hosterman, natives of this valley, and many others throughout the county, are graduates of Franklin and Marshall. Calvin M. Bower, Esq., is a member of the Board of Trustees. The college is being well-endowed and equipped. It is thorough and progress is in its work.

Miscellaneous News.

The Mystery Solved.

POTTSVILLE, June 25.—The mystery surrounding the recent incendiary fires here seems on the point of solution. The police to-day arrested 'Tony' Reinhardt, 'Skip' Mayer and 'Bull' Carlisle, well-known local crooks. Evidence against two of them is so strong that it is expected they will make a clear breast of the identity and the operations of the incendiary gang. They were all committed for trial.

Fourth of July Excursions.

For the benefit of those who would enjoy the great national holiday in visiting friends or making short excursions to attractive points, the Pennsylvania Railroad Company will sell excursion tickets at greatly reduced rates, on the 3rd and 4th of July, good to return until the 6th between all stations on its lines, comprising the Pennsylvania, the Philadelphia, Wilmington and Baltimore, Baltimore and Potomac, Alexandria and Fredricksburg, Northern Central, West Jersey, and Camden and Atlantic railroads.

LAY THEM AWAY.—We mean the horrible, nauseous worm-seed compounds called worm syrups and vermifuges; many of them as worthless as they are anxious. They have outlived their usefulness. People do not want them since McDonald's Celebrated Worm Powders, so easy and pleasant to take, can be had from any dealer. Everyone who has tried them say they are the nicest and best vermifuges ever discovered. The children take them and never know a medicine is being administered. Any case of failure to cause expulsion where worms exist the money promptly refunded in every instance.

Silver Discovered Near Pittsburg.

PITTSBURG, June 27.—The little town of Montour, on the line of the Pittsburg and Lake Erie Railroad, ten miles west of Pittsburg, is in ferment of excitement over the discovery of what experts claim is genuine silver-bearing quartz. The quartz was found by Superintendent Kelly, of the imperial Coke Company, on the property of the company. He had it assayed by Prof. Hugo Blank, a prominent chemist here, who states that it has \$7.50 of silver to the ton. Of course it is expected to be more valuable when it is mined. The lode is located three miles from Montour, in a ravine on a right angle from the river. Those who ought to know say the indications are that the strike is genuine.

—ONE dose of McDonald's Great Blood Purifier or Sarsaparillian Alternative is guaranteed to contain more alternative properties, more truly remedial power than three doses of any other known alternative or blood purifier. Many other blood remedies are good enough in their way, only that you are compelled to buy a gallon of medicine to get a pint of remedy; the manufacturers having sacrificed strength and usefulness to palatability and profit. McDonald's Blood Purifier is put up in seventy-five cent bottles containing as much as most dollar bottles of other makes. Dissatisfied purchasers can have their money refunded.

A Terrible Accident.

Josiah Fry Almost Out in Twain by Coming in Contact with a Buzz-Saw.

DAUPHIN, June 25.—A terrible accident happened at Bayard's stove mill, six miles from this place, about 2 p. m., Wednesday. Mr. Josiah Fry, a sawyer, was working at a buzz-saw when a part of the frame-work gave way, allowing the saw to swing forward, coming in contact with Mr. Fry's right shoulder and cutting diagonally through the body to the lower ribs on the left side. The cut was a terrible one, almost dividing the body. Death was instantaneous.

Mr. Fry was upwards of sixty years of age, and was respected by all, having a kind word for every one. He has been a resident of Clark's Valley for many years, and the whole community was shocked to hear of his sad death. The Messrs Bayard will have some difficulty in finding a man to take Mr. Fry's place.

IT WENT ROUND AMONG THE NEIGHBORS.—Mr. Levi Sahl, merchant and postmaster at Fostoria Pa., writes:

"Mr. J. A. McDonald, Reedsville, Pa. Dear Sir.—Some time ago I had a severe attack of chronic diarrhoea. Could obtain no relief. A friend gave me a part of a bottle of your Curtis' Carmelite Cordial, and a few doses entirely cured me. The balance of the bottle went around among the neighbors. Since then I have written to New York and Philadelphia for the medicine but could not procure it. I traced up the bottle we had and found it was purchased of Mr. Jacob Cowan, merchant in Altoona, and from him obtained your address. Please forward me one dozen bottles by express once, as I do not wish to be without it in my family any more. Write to me at Fostoria, Pa. Single bottle Curtis' Carmelite Cordial guaranteed to cure any case cholera, dysentery, diarrhoea; cramps, pains, and all irritation of the bowels incident to change of climate, diet or water."

Neuralgia of the Face.

Capt. John Orr, Pearlinton, Miss., has been a most intense sufferer from facial neuralgia for over twenty years. He has had seventeen operations performed on the nerves—that is, had them divided, cut off close to the bone from which they emerge. But this never did him any good; the most excruciating pain continued without the least interruption. He often wished for death to relieve him of the intolerable pain. The best physicians failed to relieve him. They finally advised him to consult Drs. Hartman & Miller, at the St. Charles Hotel, New Orleans, which he did. They prescribed PERUNA, and in less than a month was entirely relieved of the pain. Before consulting these doctors the least touch to any part of his face or nose would cause the most fearful pain, while now he can blow his nose and wipe his face without the least fear of pain. The captain is grateful beyond measure for this unexpected and unhopd for result.

Mrs. Elizabeth Kenner, 88 Laurel street, New Orleans, has been one of the greatest sufferers from Neuralgia of the face during the past year that we have ever heard of. From morning to night, and from night to morning, there was one constant, racking, tearing, burning pain, extending clear around her head and deep down through every muscle, tooth and bone in her face. No rest and no sleep. All physicians failed to relieve her, as well as all remedies. She was constantly in the most agonizing despair. She called on Dr. Hartman, who said the cause was chronic catarrh. He prescribed PERUNA for her and now every pain has left her. She feels like another person and can eat heartily and sleep soundly.

Mrs. C. J. Miles, Gallipolis, O., writes: Dr. S. B. Hartman & Co., Columbus, O. My affliction has been rheumatism, located in the right arm and shoulder, of more than two years' standing, and after trying a great many remedies without any relief, I commenced the use of PERUNA, which, after using three bottles, I decided change for the better. I continued to use it and now feel entirely well."

Huldah Ward, Wellston, O., writes: "I have been afflicted for years with that dreaded disease, catarrh. I tried a great many different kinds of medicine, but to no effect. I commenced taking your PERUNA about nine months ago, have taken about ten bottles, and now feel much good. By its continued use I hope to be entirely cured."

Dr. A. B. Lovejoy, Dadeville, Ala., writes: "I have a fine run on your PERUNA and MANALIN. Please send me a lot of books, 'The Ills of Life.'"

—A misstep will often make a cripple for life. A bottle of Henry & Johnson's Arnica and Oil Liniment at hand, will not prevent the misstep, but used immediately it will save being a cripple.

The Old, Old Story.

BEDFORD, Pa., June 29.—Mrs. Mary Moyle, of Everett, yesterday noon attempted to light her kitchen fire with a can of kerosene, with the usual result. The oil caught fire, the can exploded, and fragments of glass and tin were scattered all over the room. Mrs. Moyle was ablaze with fire when she ran out of the house, but before the flames could be subdued she was horribly burned. She lingered in misery a few hours when death ended her sufferings.

Rupture

PROVIDENCE, R. I., 10 Dexter St. Dr. J. A. SHERMAN—Dear Friend: I am sorry, Doctor, you have left Boston. Persons continue to come to my home to inquire respecting you, while many others "wail me." Many who let me say they would surely seek your aid. Your success has been wonderful, and I am quite sure without a parallel. To my surprise my large Hernia appears to be perfectly healed. I did not expect that the size of it. After receiving your treatment I was relieved from suffering which was fast taking my life. I have no idea I should be living had you not taken my case in hand. I weigh now 170 pounds, over thirty pounds more than then. I think you must receive a great amount of happiness from the relief given and gratitude rendered.

You owe it to my son in Boston, who has known many of your patients before and after healing, that I apply to you. "Go," said he, "to Dr. Sherman; he is doing wonders." I had failed of help from a dozen others and doubted, but he would not let me rest till I went. I bless the day I did so. It is to me a mystery, Doctor, that you have so wonderfully out-distanced all in your profession.

I hope your life will long be spared to relieve sufferers, and thus bless the world. Most affectionately and gratefully yours,  
REV. JOHN ALDEN.

The Rev. John Alden's case was quite as bad as Mr. James Corlew's, in Dr. Sherman's illustration. Those who value immunity from strangulated rupture, the injury to the system, and the comforts of physical soundness should lose no time in securing the benefits of Dr. Sherman's treatment and remedies. His book, containing likenesses of bad cases before and after cure, with evidence of his success and endorsements from distinguished physicians, clergymen, merchants, farmers, engineers and others, is expressed to those who send 10 cents. Dr. Sherman can be consulted daily at his office, 53 Broadway, New York, except Thursdays and Fridays, when he will be in Philadelphia office, 202 Walnut Street. No operation or detention from business. Patients from a distance can receive treatment and leave for home same day.

Low Priced Fertilizers.

Low priced fertilizers are not always the best. Baugh's \$25.00 Phosphate is the best and the cheapest fertilizer, for the simple reason that it gives as good results as articles that cost very much more money. No farmer can make a mistake who buys Baugh's Animal Bone Super-Phosphate for \$25 per ton, in new bags, free on board car or boat at Philadelphia. Their address is No. 20 South Delaware Avenue, Philadelphia.

Surface Indications

What a miner would very properly term "surface indications" of what is beneath, are the Pimples, Sties, Sore Eyes, Boils, and Cutaneous Eruptions with which people are annoyed in spring and early summer. The effete matter accumulated during the winter months, now makes its presence felt, through Nature's endeavors to expel it from the system. While it remains, it is a poison that festers in the blood and may develop into Scrofula. This condition causes derangement of the digestive and assimilatory organs, with a feeling of enervation, languor, and weariness—often lightly spoken of as "only spring fever." These are evidences that Nature is not able, unaided, to throw off the corrupt atoms which weaken the vital forces. To regain health, Nature must be aided by a thorough blood-purifying medicine; and nothing else is so effective as

Ayer's Sarsaparilla,

which is sufficiently powerful to expel from the system even the taint of Hereditary Scrofula.

The medical profession endorse AYER'S SARSAPARILLA, and many attestations of the cures effected by it come from all parts of the world. It is, in the language of the Hon. Francis Jewett, ex-Senator of Massachusetts and ex-Mayor of Lowell, "the only preparation that does real, lasting good."
