THE voters of this Commonwealth will have to decide by ballot at the next fall election whether or not the amendment to the constitution, providing that a county must have no less than 60,000 population, in order to become a seperate judicial district, shall be a law. At present only 40, 000 are required to make a county such a district. The secretary of state has issu ed his notice referring to this matter several weeks ago.

THE following statement appearing in the Harrisburg Patriot of yesterday would indicate that business confidence is being restored again and that prospects for better times are brightening: "Eller & Lessig in Pottstown have notified the heater helpers, rollers, and those working about the rolls, that their wages will be increased, the increase in some cases reaching 20 per cent., with prospects of the mill going | was granted and the question arose on double time and plenty of work,"

According to the reports of the larger daily papers in the country, an impression seems to prevail that a great improvement in the business and financial condition of the country is close at hand. By all means let it come_the poor man is looking forward to the happy change with longing eyes. One good consequence people learnt to prize the cent, while fully an acquittal of murder in the first

JOHN KELLY is no longer the sachem of the mighty Tammany organization in New York. A large majority of the Tammanites, in consequence of the peculiar position which their old chief took in the late presi dential election, demanded his resignation and succeeded in the election of a new leader, a Mr. Loew. The movement deserves the praise of every true democrat, because under Kelly's selfish leadership it became very doubtful sometimes on which side of the political fence Tammany is going to land. It is to be hoped that under the new man, the organization

Consideration of Measures for the Relief of the Industrial Classes Asked.

PITTSBURG, Aug. 14 .- Trades or-

ganizations throughout the United States will issue a petition to-morrow requesting President Cleveland to call an extra session of Congress to be devoted exclusively to the consideration of measures for the relief of the industrial classes of the country and the revival of business. The petition atter calling the attention of the President to the general stagnation of business says: "The consequences of this depression are especially severe upon the laboring people, small manufacturers and farmers who are without any reserve means upon which to live, or to pay their debts and save their homes and small properties from forced sales. Employers and employed are involved in a common disaster and believe that it is in the power of Congress and the Executive to greatly relieve this depress ion by wise legislation." It asks that the extra session be convened on or before the last Monday in September, 1885.

Buy Your Coal Now.

PHILADELPHIA, Aug. 14.-It is believed to-day that the anthracite coal companies have about consummated plans for the restriction of the output of the mines to the extent of 600,000 and hurried away. tons during the month of September. This restriction, it is stated, will weed out the surplus stocks and put the trade in excellent condition for the fall. It is understood that it is the intention of the companies to advance rates on the 1st of October, believing that the market will then be in such a condition that they can be maintained.

An Important Decision.

Conviction of Murder in the Second Degree Bars Trial for the Higher Crime.

MONTROSE, Pa., Aug. 16 .- A decision of importance to lawyers throughout this State was rendered here in the case of the Commonwealth vs. P. Winters. Pat Winters was tried and convicted of murder in the second degree at April sessions last. A new trial whether, after a prisoner, charged with homicide, has been tried and convicted of murder in the second degree, he can, upon a new trial afterwards, be convict-

ed of the higher offense. It was agreed by all that this point had never been decided by the Supreme Court of this State and probably never will be until some judge holds that the defendant can be convicted of the higher offense, and a jury renders a verdict in the first degree, Judge J. B. McCollum decided that a trial and conviction of the general depression is that most of murder in the second degree was as Paralyzed While Bathing.

WILMINGTON, Aug. 13. - Elwood Smith, aged 20 years, died at Newark, Del., yesterday under peculiar circumstances. On Sunday, July 26, with a party of friends, he went to the creek above Newark for a swim. Smith dived at once into the water after undressing. He did not reappear for some time, and then one of his friends jumped into the creek and found his motionless body floating under water. He was taken to the house of his grandfather, Jacob Casho, where he remained in a comatose state until he died. He never rallied after the first shock, and the doctors have been puzzled to find a cause, as he was very strong and healthy. He was a native of the State, but came latterly from Camden, N. J., where his funeral will take place.

-THE Liver is the largest gland in the human organism and stands guard, as it were, at the portals of health. Properly performing its functions it eliminates all impurities and disease germs from the blood; failing in this misery and disease follows. An occasional dose of McDonald's Improved Liver Pills will insure regular, healthy and vigorous action of this great gland, and save doctors' bills and days of misery. Dissatisfied purchasers can have their money refunded.

PETERSON'S MAGAZINE for September opens with a very beautiful steelengraying, from a picture in the last Paris salon, 'The Drink At The Spring,' but contains, in addition, a mammoth colored fashion-plate, besides some fifty other illustrations, chiefly for the fashions, the work-table, etc., etc. The stories are remarkably good, even for Peterson.' Notably among them are : 'Thimble,' 'A Long Half-Hour,' 'The Passaway of Peril,' and a powerfully interesting novelet by Mrs. Ann S. Stephens, the sequel to 'The Motherless Girl.' That inimitable writer, the author of 'Josiah Allen's Wife,' also contributes the first part of a sketch, 'How The World Was Burned Up,' the conclusion of which is to appear in the next number, and which will be anxiously awaited. We cannot recommend this magazine too highly. It seems, to us, to fulfill all the requirements of a lady's book, and at a price that places it within the reach of all-yiz: two dollars a year for a single copy, with great reductions to clubs; it is, by all odds, the cheapest and best. Specimens are sent gratis, if written for, to those really wishing to subscribe. Address Chas. J. Peterson, 306 Chestnut street, Philadelphia, Pa.

A Railroad Man's Awful Position-

Supposed to be the Work of Tramps.

LEWISTOWN Pa. Aug. 16 .- One of the most fiendish crimes that eyer had its inception in the soul of human beings and carried into execution, was perpetrated upon Mr. Thomas Crepps, a division boss on the Pennsylvania Railroad. Mr. Crepps was walking on the railroad track making his way home, about 9 o'clock on Friday night, and when near Anderson Station, a few miles above this place, he was attacked by three unknown men. The assailants knocked Crepps down, and robbed him of his silver watch and a month's salary that he had just received. After the robbery the fiends gagged and bound him band and foot, and then tied him firmly across the track,

Crepps knew that a freight train was due in a few minutes, and began a struggle to which the desperation of an imminent death lent super-human strength. He wrenched his feet from his boots and succeeded in extricating his right hand when the expected freight train came in sight. One minute more and the thongs would have been severed. The struggling man rolled off the track and the iron horse came rolling on, crushing the fingers of his left hand. After the train had passed Crepps was found by a trackwalker, and the gag removed. Crepps was carried to his home at Granville,

and his condition is critical. Yesterday and to-day all the tramps that passed up and down the road were arrested and searched, but no evidence of the robbery in the shape of the missing property could be found,

Miss Anna Johnson, of 24 Front street, Columbus, Ohio, says: "I suffered from an aggravated form of constipation and indigestion for several months. My family physician tried all kinds of medicines and pills, but to no effect. I began to think my case was a hopeless one. A friend of mine (Mrs. Elvira Redmond, of East Long street, this city), called, and seeing the condition I was in, recommended me to try your MANALIN. I must say I had but little faith in the medicine, but after I had taken a few doses I was convinced that MANA-LIN was the medicine for me. After I had taken one bottle I was entirely well of my complaint. I consider it one of the best remedies for constipation I have ever used. I have several friends who are using it. They think it an excellent remedy. I recommend it to all who are afflicted with constipation or indigestion. Any one doubting this statement is invited to call on me at 24 Front street." Mr. Milton Knotts, Urbana, O., writes:

"Last November one year ago I was taken sick, and called in our family physician. He examined me and said I had symptoms of typhoid fever. He gave me medicine for two weeks or more without any relief. I began to think that my days on earth were fast closing in. I saw at once that his medicine would not reach my disease. Just as I was about to conclude that I would have to die, my daughter brought me one of your pamphlets. I noticed a case whose symptoms were like mine, and PERUNA and MANA-LIN had cured him. I concluded at once to try it. I procured one bottle of PERU-NA and one of MANALIN, and took them as directed, and before I had used the two bottles I began to receive strength and gain in flesh. I finished the rest of the two bottles and continued its use until the third bottle was used. When they were used I could eat anything I wanted to and go about my work. I consider that if it hadn't been for your PERUNA I would have been in my grave. Parties wishing information can write me at the above place. I recommend your medi-

cine wherever I go." Mr. John R. Davis, Moundsville, W. Va., writes: "I have been handling your PERUNA ever since its introduction. All who have used it speak highly of its curative properties. I consider it a reli-

able remedy. Mr. George Fisher, Portsmouth, O., writes: "I am handling your PERUNA, and having a good trade on it. It gives splendid satisfaction,"
