

Table listing Democratic County Commissioners for 1885, including names like Wm. Galbraith, Wm. R. Ludwig, and others.

PRESIDENT Cleveland is said to be as successful a fisherman as an executive. A flannel shirt, a slouch hat and top boots form his costume and mud and water seem to effect him as little as spoilsmen.

THE Democratic State Convention of Pennsylvania to nominate a candidate for state treasurer met at Harrisburg yesterday. The result of the convention, of which no certain news reached here in time for this week's JOURNAL, will be published in next week's paper.

THE Inter-State Picnic Exhibition of the Patrons of Husbandry of the Middle States, at Williams' Grove, Cumberland Co., Pa., will begin next Monday, August 31st and continue until Monday following, Sept. 7th. We hereby acknowledge the receipt of an invitation to attend.

THE Democratic State Convention of Ohio last Thursday renominated Gov. Hoadly for Governor and John G. Warwick for Lieutenant Governor, by acclamation. The rules passed by the convention are creditable to the party and the Democracy of the Buckeye state seems to be well united and confident of success.

ACCORDING to the new law, prohibiting the employment of children under fourteen years of age in coal mines, nearly 6000 boys have so far been discharged in the state. Their work in the mines was to sort the slate from the broken coal. The vacancies are mostly filled by Poles and Hungarians, the right sort of fellows too, for they are used to boys' wages.

THE "Buffalo Evening Telegraph" the penny paper which played such a conspicuous roll in last summer's campaign by dishing up unsavory scandals about the private life of President Cleveland, was overtaken by the avenging Nemesis and suspended its publications. "The Buffalo Democrat" in commenting on the matter says that the meanness and littleness which pervaded the columns of the "Telegraph" were the immediate cause of its ruin. The "Evening News" Cleveland's organ, is now issued from its office. This should be a warning to all newspapers who are fostering the idea that abusive scandals will increase their circulation or benefit their standing.

Vilas Inquiring Into Things.

FROM THE Phila. Times. WASHINGTON, August, 23.—When Postmaster General Vilas went West last week he took occasion to talk civil service reform to some of his employees. Soon after leaving the city on the Baltimore and Ohio Road he donned a long linen duster and took a seat in the mail car, where several men were at work. He made himself acquainted in a few pleasant words and then proceeded to ask a multitude of questions about the details of the work. He rode for many miles in this way and before leaving the car told the clerks that they might consider their tenure of office secure so long as they did their work and did not meddle offensively in politics. This class of the government service, with four or five thousand clerks, does not come under the civil service law, but has a civil service of its own, founded on a knowledge of the work and ability to perform it, clerks being appointed for a probationary term of six months. After his visit to the postal car Mr. Vilas told a gentleman with him that he considered the railway mail service to be one of the best conducted departments under the government.

ALL the iron interests over the country are in much better shape than they were this time last year.

THE Philadelphia Times has this to say in defense of the mischievous small boy, who would be pronounced a criminal for a small offense by some of the more severe and rash people: The Crimes of Small Boys.

The action of Judge Patterson, of Lancaster, in dismissing indictments against two boys, only eight and ten years of age respectively, is deserving of the highest commendation. One was charged with taking a box of licorice balls from a store and the other had in some way trespassed upon some property belonging to the railway at Bird-in-Hand. The Judge ordered that a nolle prosequi be issued in each case against the protest of the District Attorney.

There has been a marked and general tendency of late years to prosecute children for offenses of the gravity of which they can have no adequate idea. In some cases they may represent a precocity for crime, but even then they do not and cannot understand at their tender years the seriousness of the offenses charged against them. But in the majority of instances such incursions represent nothing more serious than the mischief inherent in every boy.

In any event prosecution and conviction are almost certain to make criminals of the victims. As a rule, parents may be trusted to correct any tendencies to malicious mischief if the officers of the law will direct their attention to the matter, while the natural childish fear of a constable or a policeman may be depended upon, as a rule, to keep boys of such years in restraint. If Judge Patterson's example were more generally followed it cannot be doubted that many young persons would be kept out of crime and made useful to themselves and society.

Miscellaneous News.

Snyder County's New Jail.

SELINGROVE, Pa., August 22.—The Snyder County Commissioners are now busily engaged in selecting a site for the proposed new county jail to be located at Middleburg, the county seat.

The Ohio Republican Ticket Complete.

COLUMBUS, August 20.—The Republican State central committee met today and added to their ticket the name of J. W. Spear, of Trumbull county, as nominee for the vacant Supreme Judgeship.

Jacob Zilius, an enterprising stonemason, of Huntingdon, has been prospecting in Sinking Valley, Cambria County, and claims to have found valuable deposits of lead and silver. Mr. Zilius is endeavoring to lease the land upon which he made the discoveries, if successful will erect the necessary machinery and begin operations at once.

OVER FIVE THOUSAND NEW CASES.

MADRID, August 21.—The new cases of cholera reported for the last twenty-four hours from the various infected districts of Spain aggregate 5,018, and the deaths 1,072. During the twelve hours ended at midnight last night, fourteen new cases and nine deaths were reported in this city, and 117 new cases and 41 deaths in the province outside of the city.

Thriving Indian Schools.

WASHINGTON, August 20.—John H. Oberly, the new Superintendent of Indian Schools, has made a report to the Secretary of the Interior in relation to the condition of the Chillicothe Indian Industrial School, located in the Indian Territory, and the Haskell Institute, at Lawrence, Kansas. At the Chillicothe school there are 176 pupils and only 2 teachers, both young ladies. Superintendent Oberly says they are over-worked. The male pupils are taught farm work and the females general household work, sewing, cooking, etc. Superintendent Oberly speaks in the highest terms of the Haskell Institute, where, he says, the pupils are rapidly acquiring a knowledge of the English language, and are doing as well in their industrial and mechanical training as in their studies.

Patrik Henry Shoots Down Geo. Brown at Milton, Pa.

SUNBURY, Pa., August 23.—Patrick Henry shot Geo. Brown in Milton on Saturday night. Both are colored. Henry, who gave himself up and is in jail here, says there was an old grudge between Brown and himself and about 10 o'clock he met Brown with a white man on Main street. The white man was intoxicated and proposed a fight. Brown then stepped up to Henry and said, "I'll lick you," and at the same time put his hand into his hip pocket. Henry got away from them as soon as possible, and went home and got a revolver. Some time afterward, he met the party on Elm street. Henry then drew his revolver and fired, the ball striking Brown in the left breast, inflicting a wound from which he will die.

Killed by Lightning.

TITUSVILLE, Pa., August 21.—A terrible storm passed over this city about one o'clock this afternoon. The lightning struck the residence of Samuel Chambers on the outskirts of the city, instantly killing Mrs. Chambers, and seriously burning a year old child. Her husband was at work not 300 feet distant, knew nothing of the catastrophe until he went to his supper, five hours later, when he found his wife lying lifeless on the floor and his creeping infant moaning piteously.

Severe Storm.

PHILADELPHIA, Aug. 21.—Dispatches to the Press from various sections of the State report that the severest hail and lightning and wind storms known for years passed over to-day. At Danville hail stones an inch and a half in diameter fell, and lightning struck the house of the Montour Iron and Steel Co., causing some damage and rendering an old lady insensible. At Catawissa fruit and other crops were greatly damaged by hail and at Milton the corn and tobacco were considerably injured, the storm being the heaviest known since 1874. At Shendoan and other points in the vicinity the storm was very severe, hail covering the ground in many places to the depth of three inches.

HARRISBURG'S DEMOCRATIC ORGAN SOLD.

From the Punxsutawney Tribune. W. H. Hastings, who has for thirteen years presided over the destinies of the Punxsutawney Spirit and given it an enviable eminence among country newspapers, has purchased the Harrisburg Patriot and will remove thither the 1st of October. The Patriot is the leading Democratic daily in the State, barring those of Philadelphia and Pittsburg, and we predict for Mr. Hastings a brilliant career in metropolitan journalism. While we are sorry to lose Brother Hastings as a citizen, we are glad to see him do better. He has been a healthy but very fair, honorable and pleasant competitor of the Tribune and we hardly expect to behold his like again.

Trying Buzzard's Friends.

Several Members of the Welsh Mountain Band Sent to Jail.

Special Dispatch to the Phila. Times. LANCASTER, August 20.—This is a busy week in the Criminal Court and sessions are held night and day. There are a number of Welsh Mountain cases in the list and a great many residents of that region, both white and colored, are in town. For the past two days the time of the court has been taken up with the trial of George Houck, a notorious mountaineer. He was convicted of breaking into Shiffer's jewelry store at Bowmansville and Hershey's store at Buyerstown and of receiving stolen goods. Besides, he pleaded guilty to several charges of larceny. He was sentenced to ten years and nine months in the Eastern Penitentiary. Houck is a young man and has always been an intimate friend of Abe Buzzard. It is pretty certain that Abe was a partner in the Shiffer burglary. Houck fled from this county when it became too hot for him and was captured in Lebanon. He denies being guilty of any of the crimes and says that the stolen goods found in his house were brought there by John Lippencott, another partner of Buzzard, now in jail. It is now believed that Houck was one of the worst men on the mountain. William Lansdale and William H. Watson, colored, members of the gang, were convicted of robbing smoke houses; the former got one and the latter two years.

Paying for Ward's Rascality.

GENERAL GRANT'S REQUEST THAT HIS RELATIVES BE REIMBURSED FOR THEIR LOSSES. CHICAGO, Aug. 22.—Potter Palmer was asked here to-day what the committee would be satisfied with as the total amount of the Grant monument fund and when the subscription list would probably be closed. He said he thought there had not been sufficient canvassing done and that a much larger amount could be raised than had originally been counted upon. "We left Mount McGregor last Monday," said Mr. Palmer, "and at that time Mrs. Grant was feeling quite cheerful, or as cheerful as could possibly be expected. She likes to have a few intimate friends about her now and we would have been pleased to remain longer on the mountain, but circumstances would not permit. On the 11th of September Colonel Fred Grant and his wife will arrive in Chicago and remain at our home for a time. His little daughter, eleven years old, is already here with our family. The widow will start about the same time for Putnam county, in New York, where she will live for a time with the family of her son, who has a farm in that county." Speaking of the financial affairs of the Grant family, Mr. Palmer said he had not talked with any of the members on the subject, but he was assured they could not be in a much worse shape. The General's book, though promised a big return, the family would carry out General Grant's request to devote the first proceeds to paying relatives who lost money through Ward's rascality.

Woman's Province.

THE DUTIES OF THE GENTLER SEX—HOW BEST FULFILLED. What a great task is assigned to woman. Its dignity can not be elevated. It is not her province to make laws, to lead armies, nor to be at the head of great enterprises, but to her is given the power to form those by whom the laws are made, to teach the leaders of mighty armies and the governors of vast empires. She is required to guard against having the slightest taint of bodily infirmity touch the frail creature whose moral, intellectual and physical being is derived from her. She must instill correct principles, inculcate right doctrines, and breathe into the soul of her offspring those pure sentiments which in time to come will be a part of themselves, and bless generations yet unborn. Yes, to woman is given the blessed privilege of aiding the sufferer in all the various stages of his existence. She smiles serenely at the christening, and weeps at the burial, while she soothes the bereaved heart. This is her province and duty. Yet how can she fulfill her mission unless possessed of a strong and healthy body? The preparation of Dr. S. B. Hartman, and known as PERUNA, is just the thing for persons suffering from a majority of the complaints incident to this kind of heart. It is invaluable to women, and Mrs. J. W. Reynolds, of New Lisbon, Columbiana county, Ohio, is a noted example of what the medicine can do. She says she has suffered for years with congestion of the lungs, catarrh in the head, and was troubled with a bad cough. She had tried a number of physicians, but they all failed to cure her. She was induced to try PERUNA, and immediately a marked change took place. After using one bottle her cough ceased and in a short time her other ailments were cured. She is now completely restored to health, and she credits the cure to PERUNA. Mr. J. Reynolds, her husband, was a confirmed invalid. He could not sleep well, neither could he work. He used PERUNA, and as a result, was completely restored to his former vigor and strength. He says he now feels like a new man. Mr. Bernhardt Seubis, St. Clair, St. Clair county, Mich., says "I have thoroughly tried your PERUNA in the various diseases to which parents and a large family of children are ever liable, and I find it in every case to be just the thing needed. No family can honestly be without it." Nancy Feterman, Cookport, Indiana County, Pa., says: "Gentle and your valuable PERUNA is the best medicine I ever used."

Deinger's Ready Reference Tax Receipt Book is growing in public favor. Customers from a distance are beginning to call for it. It is an admitted necessity for every tax-payer who does his business in a practical manner. It is arranged to last for ten years and sells at the low price of 40 cents. Call and see it at the JOURNAL Store.

WHAT IS DYSPEPSIA?

Among the many symptoms of Dyspepsia or indigestion, the most prominent are: Variable appetite; faint, gnawing feeling at pit of the stomach, with unsatisfied craving for food; heartburn, feeling of weight and wind in the stomach, bad breath, bad taste in the mouth, low spirits, general prostration, headache, and constipation. There is no form of disease more prevalent than Dyspepsia, and none so peculiar to the high-living and rapid-eating American people. Alcohol and tobacco produce Dyspepsia; also, bad air, rapid eating, etc. BURDOCK BLOOD BITTERS will cure the worst case, by regulating the bowels and toning up the digestive organs. Sold everywhere.

ABOUT PHOSPHATES

Acidulated S. C. Phosphate Rock is not a complete manure—it is valuable for its soluble Phosphoric Acid only; and contains no Ammonia. It is often called "Soluble Bone," "Mineral Bone," "Fossil Bone," &c.

THE TWENTY FIVE DOLLAR PHOSPHATE

Is not South Carolina Rock. It is a true Ammoniated Animal Bone Super-Phosphate. We are the only manufacturers of it, and every bag has our name and address on, also guaranteed analysis. None other is genuine. BAUGH & SONS, Philadelphia
