

Table listing Democratic County Commissioners for 1885, including names and districts.

HARRISBURG is decked this week with the national colors in honor of her centennial.

CANADA is infested with the small-pox. Won't that be rough on the crowd of absconding cashiers, who took refuge there? It's likely to turn the rascals out.

REPUBLICAN Chairman Cooper will find the job of collecting campaign funds from government clerks somewhat slower than before. The clerks argue that it is impossible to serve two masters at the same time.

The headquarters of the Democratic State Committee have been established for the campaign at the S. E. Corner, Broad and Chestnut Streets, Philadelphia, where the active and wide-awake chairman, W. U. Hensel, and his secretary, J. B. Lichty attend to the cumbersome duties of the campaign work.

The latest foreign news report that Spain and Germany are about cooling down and are settling their difficulties in a peaceful way. But both are rather hot-headed and the slightest disagreement may get them to quarreling again. The great trouble with the European potentates is that each and every one has a craving to be "on top of the pile."

The Grant Memorial fund in New York which has been started with the intention of making it a round million dollars, as yet lacks about nine hundred and twenty-six thousand dollars to make the million full. The good people of this country fail to see the use of sticking an enormous sum of money into a great monumental pile, when something more modest would answer just as well.

To Go or Not to Go.

The Ohio clerks in Washington, of the Republican faith, are said to be considering whether it is worth while to go home to vote this fall or not. Heretofore they never were given an opportunity for considering the matter. They were required to go home and vote by the political leaders, who were supposed to be all powerful with the appointing power. That settled the matter. The clerks invariably were on hand at the polls on election day and voted the party ticket.

At the present juncture matters are in an entirely different shape. There is nobody who can hurt them if they don't go. There is a healthy fear in the minds of some of them that they might have occasion to regret it if they did go. Many of them have exhausted their thirty days' leave of absence and, as the present administration does not grant more than the thirty days without deducting from the salaries for the time lost, they have an excellent excuse for not going.

While there is no evidence that going home to vote would cost any efficient clerk his place, as there is nobody standing ready to deceptate him if he does not go, it may be taken for granted that the migration to Ohio at election time will be much less than usual.—Phila. Times.

The New York Governorship.

NEW YORK, Sept. 13.—Advices from all over the State are to the effect that Hill will take the Democratic nomination for Governor without much opposition, also that Carr is leading all the other republican candidates, closely pressed by Morton. If Carr continues to gain as fast as he has the past week he will be nominated, though the friends of Morton and Davis are still very sanguine.

The Business Strain is Passing Away.

From the Pittsburg Dispatch. The business revival keeps on reviving in a way to rejoice the hearts of all. The period of strain has been a trying one, but it is passing away, and trade skies are rosate.

Asking Clerks for Money is Mean Business.

From the Kennet Advance, Blaine in 1888 Organ Chairman Cooper has hearded the lion in his den, so to speak, and has sent circulars to all the Pennsylvania employes in government offices, asking for contributions to the campaign fund. Some of the clerks are kicking as though they feel dreadfully insulted but it is likely that the majority of them will pay up without any fuss, although they may be put in the unpleasant dilemma of trying to serve two masters. It is a mean business and ought to be abolished.

Secretary Manning has leased a house at the corner of Eighteenth and P streets, Washington, and will occupy it as soon as Mrs. Manning returns to Washington. The house, a fine residence, is in Dupont Circle, opposite the Blaine mansion and Stewart castle. Secretary Whitney is fitting up the Means mansion on the Tenallytown road, recently purchased by him, and will spend the autumn there. Attorney General Garland has purchased a residence at the corner of Rhode Island avenue and Fourteenth street. All the members of the Cabinet, except Mr. Lamar, may now be said to be provided with homes in the District of Columbia.

Miscellaneous News.

Secretary Bayard has been informed by cable that cholera is prevalent at Shanghai, China.

DEAD AT THE AGE OF 111 YEARS.

HUDSON, N. Y., Sept. 10.—Christian Cooper, of the town of Livingston, Columbia county, died yesterday, aged one hundred and eleven years, ten months and fifteen days. Mr. Cooper was active and retained; his mental faculties until a few days before his death.

Castor's Slayer Gets Three Years.

NORRISTOWNS, Sept. 12.—Judge Boyer this afternoon sentenced Alexander Steele, the Insane Asylum attendant who was convicted at the June court of manslaughter for the killing of Theodore F. Castor, a patient at the institution, to three years at hard labor in the County Prison. His counsel asked for mercy. Steele pleaded pale.

THE BOAT CAPSIZED AND THE MINISTER DROWNED.

MUNCY, Sept. 10.—A drowning accident occurred yesterday in the river near McEwensville by which the Rev. Mr. Millet, of that place, lost his life. He and his brother were in a boat fishing, when it capsized, precipitating both of them into the water. In his efforts to save him his brother also came near being drowned. The body was recovered.

He Struck a Nitro-Glycerine Can.

BEDFORD, Sept. 13.—This afternoon, about two miles south of this city, some boys discovered a disused nitro-glycerine can. One of the boys, George Canfield, aged 17 years, threw a stone at it. He was a good marksman and the stone exploded what little glycerine remained in the can. The force of the explosion caused the stone to rebound, one piece of it striking Canfield in the abdomen and another in the cheek. He lived but an hour.

Death of B. L. Wallace.

Bishop L. Wallace, of Clearfield, assistant cashier of the Clearfield County Bank, died at the residence of his father, Hon. W. A. Wallace, on Monday morning, from injuries received in a fall on Friday morning last. Mr. Wallace was a young man of bright promise, and his distinguished father has the sympathy of his numerous friends in this region in his severe affliction. The deceased was a nephew of Mr. Thomas L. Wallace and S. J. M. McCarrell, Esq., of Harrisburg.

Overdose of Morphine.

LANCASTER, Sept. 13.—Dr. Frank M. Musser, a prominent young physician of this city, died at 2:30 yesterday afternoon from the effects of an overdose of morphine. He had long suffered from severe headaches and on Thursday afternoon took an injection of morphine to relieve the pain. The dose was too large, and he sank into unconsciousness, from which he did not recover. He was 35 years old and leaves a wife and three children.

GOLD ALLEGED TO BE FOUND AT WILLIAMSPORT.

A late dispatch from Williamsport to the Philadelphia Press says: "Peter Weisel a reputable citizen of this place, claims to have discovered gold in Lycoming County while out hunting recently. He refuses to divulge the location of his find, but a stock company is being formed by him to develop it. Mr. Weisel claims to have sent some of the quartz to New York last week for assay, and states that he today received information that his specimens yielded at the rate of \$220 per ton. More quartz have been sent to New York, and a number of capitalists are anxious to open up the alleged vein."

Discovery of Coal.

MT. CARMEL, Sept. 15.—The Company of Reed, Stecker & Reed this week commenced the work of sinking a slope on the Northumberland County Coal Company's tract, a few miles north of this borough. A vein of excellent coal seven feet thick has been discovered, and a prosperous mine will be opened in the near future.

THE RAVAGES OF CHOLERA.

LONDON, Sept. 12.—The total number of cases of cholera reported in Madrid since September 1st was 10,666 and for the whole of Spain for the same period 23,641. The total number of deaths from the disease throughout Spain since September 1st was 6,379. The disease has almost disappeared from the provinces of Valencia, Murcia, Saragossa and Granada. A few cases of cholera and deaths from the disease are daily reported from various towns in the south of France. The Archbishop of Aix, Department of Bouches-du-Rhone, seventeen miles north of Marseilles, has died from cholera. He contracted the disease while visiting a cholera hospital.

MOLLIE MAGUIRE MURDERS.

NINE PERSONS KILLED BY THE ORDER IN THE LUZERNE COAL REGION.

SHAMOKIN, Pa., Sept. 11.—Mollie Maguireism is again rampant in the upper and lower Luzerne districts. Nine murders have been committed recently in the northern coal fields, and mines are frequently fired. Murderers and firebugs go free, and the Coal and Iron Police seem powerless. The "Moonlight" rife companions are drilling un-molested, and the Association of Miners and Laborers is daily growing by hundreds. It is well known here that the Mollie Maguire Brotherhood has been quietly organizing since last April, and a general outbreak is confidently looked for before November. Detectives are watching for the approach of Socialist Gorschak, of Chicago, who, it is thought, will try to organize a revolt among the miners. The familiar "coffee notices" have been received by members of the Law and Order society.

Escape of a Robber.

An Old Offender Scales the Wall of the Huntingdon Jail.

HUNTINGDON, Pa., Sept. 11.—Paddy Connelly, an old offender, has escaped from the county jail in this city by scaling the wall with the aid of an old-fashioned lakeoven scraper, which he stole from the bakery. Connelly was arrested by railroad officers last spring on the charge of robbing freight cars, and his case would have come before the court next week. Connelly has broken out of jail several times. About three months ago he made his escape from the jail here with McClay Cherry, but was captured on one of the ridges adjoining the city, and about two years ago he dug his way out of the prison of Roanoke, Va. After he got out of jail in the evening, he made his way to the residence of a confederate, who is out on bail, and asked him to run away, but this the young man refused to do. Connelly then stole his way to the railroad in the darkness and has not since been seen or heard from.

A SINGULAR CASE OF POISONING OCCURRED IN WEST PHILA., A FEW DAYS AGO.

A young man had catarrh, for which he had tried many remedies, which relieved him but did not cure him. He had noticed a patent medicine advertised for the cure of catarrh, which he concluded to try. He repaired to a well established drug store near by, and bought a box of the new preparation, that was properly put up and labelled. When he reached home he found the contents in a pulverized condition, so as to be used as snuff. He took a small amount of the powder on his finger, and sniffed it. Instantly he gave a piercing shriek, and continued shrieking. Blood issued from his nostrils, and he became delirious and almost beyond control. A physician was hurried to his bedside, but could afford little relief. He hastily examined the box, and found the contents to be hebanone, one of the deadliest poisons known. The druggist was entirely blameless, as he had bought the sealed package for what it was represented to be on the label; and the house from which he purchased it had done the same. The patient survived, but his sufferings were long and terrible.

PETERSON'S MAGAZINE FOR OCTOBER MAKES US MARVEL MORE THAN EVER HOW SO BEAUTIFUL A MONTHLY CAN BE PUBLISHED FOR SO LOW A PRICE.

The principal engraving on steel, "The Star of the Night," is a portrait of one of the loveliest of women, and looks as if painted from life. There are two colored patterns in embroidery; a mammoth colored fashion-plate; a story profusely illustrated; and some fifty wood-cuts of fashions, work-table patterns, etc., etc. The powerful novel by Mrs. Ann S. Stephens, which has awakened such interest all the year, grows more absorbing as it approaches the close. "Josiah Allen's Wife" has one of her unrivaled humorous sketches; Frank Lee Benedict begins a new novelet; and there is a little sketch, "That Horrid Dress," which every lady ought to insist on her husband reading. But enough: the best thing to do is to write for a specimen of "Peterson," which will be sent gratis, and compare it with others, when you will be certain to subscribe, or get up a club, for 1886. Now is the time for this. The price of this "lady's favorite" is but two dollars a year, with great deductions to clubs. Address, Chas. J. Peterson, 306 Chestnut Street, Philadelphia, Pa.

Deininger's Ready Reference Tax Receipt Book is growing in public favor.

Customers from a distance are beginning to call for it. It is an admitted necessity for every tax-payer who does his business in a practical manner. It is arranged to last for ten years and sells at the low price of 40 cents. Call and see it at the JOURNAL STORE.

ADVICE TO MOTHERS.

Are you distressed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? Also, send at once and get a bottle of Dr. WINSLOW'S SOOTHING SYRUP FOR CHILDREN'S TEETHING. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Miss WINSLOW'S SOOTHING SYRUP FOR CHILDREN'S TEETHING is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States. It is for sale by all druggists throughout the world. Price 25 cents a bottle.
