

DEMOCRATIC STATE TICKET.

FOR STATE TREASURER, CONRAD B. DAY, OF PHILADELPHIA.

DEMOCRATIC COUNTY TICKET.

For Jury Commissioner—JOHN ROAN. For Coroner—Dr. H. K. HOY.

"We denounce, as in flagrant violation of the constitution, the attempt to consolidate the South Pennsylvania and Beech Creek railroads with the Pennsylvania railroad company, and we heartily approve the proceeding of the commonwealth, through the governor and attorney general, to protect and preserve the rights of the people under the constitution."

THINK of Day, talk of Day, and vote for Day—on election day.

CONRAD B. DAY grows in public confidence and esteem day by day, and we are likely to carry the day on the 3rd of November.

CHAIRMAN HENSEL made several strong and effective political speeches in Ohio last week, principally attacking John Sherman's campaign tactics of waving the bloody shirt.

Governor Hoadley and Judge Foracker, the opposing candidates for Ohio's governorship, had two interesting joint debates on the issues of the campaign. Both were attended by thousands of people.

A close comparison of Conrad B. Day's record with the one of Matthew S. Quay, brings out in bold contrast the superiority of the former as a candidate for such a responsible office as the state treasurership.

The Republicans who recently held an anti-Quay meeting in Philadelphia and their utterances about the republican candidate for state treasurer, are proof that public sentiment, in these days of clear judgment and enlightenment, favors honest business men for offices of trust.

"We favor the enforcement of the constitution of Pennsylvania in its every article and section, and especially demand the regulation by law, in accordance therewith, of the carrying corporations of the state, the equalization of the tax laws, the appropriation of public moneys to public uses only, an honest management of the state treasury and rigid enforcement of the laws governing it."

PETERSON'S MAGAZINE for Nov. is on our table—absolutely, as usual, of all the other lady's-books. It has a charming steel-plate, "A Feather in Her Cap," a mammoth colored fashion-plate, some fifty other illustrations, and several original stories of unusual power, written by Mrs. A. S. Stephens, Frank Lee Benedict, etc.

Miscellaneous News.

There was a fall of "the beautiful snow" in Cambria County on Thursday.

One of the novelties on exhibition at the State Fair is a large artificial iceberg.

The Milton car-works are about to resume operations with plenty of orders on hand.

A Chinese theatre is soon to be opened in Philadelphia. Only Chinese will be admitted, as it is feared that 'Mellion' man would disturb the performance.

A Reading man who started on a bicycle excursion to Nebraska accomplished his object—making 1,183 miles in twenty-five days on the "whirling wheel," over all sorts of roads—and is now on his return trip.

Cardinal McCloskey Dead.

New York, Oct. 10.—1:20 a. m.—Cardinal McCloskey died at 12:50 o'clock a. m. He died peacefully and surrounded by relatives and clergymen.

The proper construction to be placed upon the school law, as it relates to the attendance of teachers on County Institutes, is being discussed by a number of newspapers, one of which recently published what purported to be a "decision" of Superintendent Higbee, in which he assumed that the attendance of teachers was not "voluntary," but that they were "bound to obey the summons of the County Superintendent."

An Awful Drowning Catastrophe. KITTANNING, Pa., Oct. 12.—A terrible accident happened on the Mahoning Creek at what is known as Milliron's Dam this afternoon, in which three young folks were on their way to Milliron's Church and there being no bridge, were obliged to row across. When they arrived at the creek, B. E. and Annie Neale, daughters of James Neale, got into a small flat boat with W. H. Neale, as oarsman. When they had reached the middle of the creek the boat sank. The girls grasped hold of the young man, but, being an expert swimmer, managed after a terrible struggle to get loose and get to shore. The three girls were drowned. About two hours after the bodies were found. Their ages ranged from 15 to 18 years.

Fierce Prairie Fires.

Widespread Destruction in Four Counties of Nebraska and Elsewhere. BISMARCK, Dak., Oct. 10.—Three prairie fires were started near this city yesterday, it is thought, by sparks from engines on the Northern Pacific Road. One was started within the city limits and passing north destroyed a large amount of property. This is still raging, and, like all previous prairie fires, it is beyond control of the farmers.

PIERCE, Neb., Oct. 10.—A terrible and wide-spread prairie fire is raging in the northeastern part of this [Pierce] county and in the adjoining counties of Cedar, Wayne and Knox. A high wind has been blowing the last twenty-four hours and the fire has been travelling with remarkable rapidity. They lay on every farm in the course of the fire has been swept off. Many settlers have lost barns, sheds and out-houses and one man his dwelling-place. All the hay on the Logan bottoms, which had been put up for the cattle on Colonel Ott's Cedar county ranch, a farm containing five thousand acres, has been destroyed. There are many large herds of cattle in that region and as the hay has been destroyed the loss will be very hard on the stockmen. The fire, which seems to have started about the centre of Knox county, just below the Santee Sioux Indian reservation, has been beating south against a strong wind, which has materially stayed its progress. Should this wind suddenly decrease, the fire may penetrate the southern border of this county and work incalculable damage.

LADIES!

Address, COTTAGE HEARTH CO., Boston Mass.

Mason & Hamlin Pianos.

Mason & Hamlin bid fair to become as famous for their upright pianos as they have long been for their world-renowned cabinet organs. The distinguished feature about the "Mason & Hamlin Upright" is an important improvement in the method of holding the strings of the piano, which originated in their own factory. The strings are secured by metallic fastenings, instead of by the friction of pins set in wood, as has been the case, and the advantages resulting are numerous and highly important. Among them are the following: Wonderful beauty and musical quality in tone; far less liability of getting out of tune; greater reliability in trying climates; and greater solidity of construction and durability. Mason & Hamlin have made 150,000 organs. They can hardly expect to make as many pianos, but they will doubtless be called upon for a very large number. Indeed, their piano department is now running to its utmost capacity, and the company is behind in orders. So great is the demand that the company is now arranging for a large additional factory building.

Sad End of a Belle's Existence.

From the Harrisburg Patriot. BELLEFONTE, Oct. 9.—Clarence Clark, a former wealthy druggist of Bellefonte, committed suicide some weeks ago, and yesterday afternoon his wife killed herself by taking opium. Annie Johnson, twenty years ago, was the belle of Wilkesbarre. She was young, pretty and rich. Clarence Clark was then a successful business man and he succeeded in winning her affections. The young couple lived in style, and everything went well until Clarence commenced to drink and neglected his business. Annie followed in her husband's footsteps, and having acquired the habit of eating opium she became so low that she had no control over herself.

At last they took what remained of their fortune and came to Bellefonte, where for years they were known as terrible drunkards, living in an old shanty until their money was exhausted. The husband, driven to despair, blew out his brains. After her husband's death she drank worse, and yesterday she was found dead in a shanty, with a quantity of opium in her hand, having evidently taken enough to kill her. It is supposed that some of her relatives will bury her.

—DRUGGISTS all report a rapid and steadily increasing demand for McDonald's Celebrated Worm Powder. There is no secret or trick about their popularity. It is solely because people have become convinced through trial or hearing their neighbors say that they are the best and easiest to take vermifuge ever produced. Nasty sickening, old-fashioned wormseed syrups would sell. People demand McDonald's Celebrated Worm powder, and won't have anything else, hence their sales are greater than all the other vermifuges combined. Money refunded to dissatisfied purchasers. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhut, Millheim, Pa.

Will It Pay?

There are some farmers who say, "It will not pay to use Phosphate; it costs too much." Some of these farmers toil year after year on almost barren fields, and hardly raise half a crop of anything. Suppose they would buy a ton or two of Baugh's \$25 Phosphate every year, and raise on one acre what they now raise on three, and make their poor land good; get plenty of wheat, rye, grass, straw, manure and the most needful of all, money. Will it pay? Of course it will. There is nothing a farmer can buy that will pay him so well for his investment in so short a time as Phosphate.

Baugh & Sons,

Philadelphia.

THIS PAPER may be found on the 1st of Oct. at Geo. F. Koppert's Advertising Bureau 59 Spruce Street, where advertising contracts may be made for \$10
