

Keeping It in Balance.

There is a story told among the Tar-tars, which has a moral for the civilized men of the present day. It is to this effect: Robo, cousin of the Great Mogul, was condemned to death for participation in a rebellion. The most skillful swordsman in the empire was provided for the execution, and the Great Mogul and his court were present as spectators.

The thin, keen blade flashed in the sunlight and descended upon the bare neck of Robo, who stood upright up to receive the stroke.

The executioner's work was so deftly done that though the head was severed not a vital organ was disturbed. Robo remained standing.

"What, Robo, art thou not beheaded?" exclaimed the Great Mogul. "My lord, I am," replied Robo, "as long as I keep my balance right, my head will not fall off."

The Great Mogul was pleased, a bandage was put on Robo's neck, and he recovered. He afterwards became a loyal subject and was made Cashier of the Empire, because, as the Great Mogul remarked—

"He knows that if he keeps his balance right, his head will not come off."

ADVICE TO MOTHERS.

Are you disturbed at night and broken over your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. WISLLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures sore throat and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. WISLLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

The Rise of Postage Stamps.

It is estimated that every year about 50,000,000 letters are posted in the world. America leads, with about 2,500,000,000, and England follows with 700,000,000. Japan, which established a postal service only ten years ago, now mails annually 95,000,000 letters. Postage stamps are of a far more recent origin than many people imagine. Great Britain was the first country to issue them, and in 1840 a prepaid envelope made its appearance, designed by W. Muscard. Prepaid letter sheets were issued about the same time, there being two denominations, one penny and two penny. Before that time postage was prepaid at the postoffice, or what was even more common, collected upon delivery. Now almost every country in the civilized world has adopted this method of prepaying postage. Strange as it may appear, Brazil, in 1843, was the first nation to follow Great Britain's example. It was not until 1847 that the United States began to use postage stamps, but several years prior to that time the postmasters at New York, St. Louis, Baltimore, New Haven, Providence and Philadelphia had issued stamps for their own convenience.

His Favorite.

"A lover for the animal kingdom is common to everybody," said a Sunday-school talker. "Some people love birds, others like dogs, horses, goats, etc., and it is quite proper that they should do so. I suppose every little boy and girl here loves some dumb creature better than all others. Don't you my little friends?"

All hands went up. "That's right, and I am glad to see it. It shows that you have hearts full of love for the poor creatures who have not been blessed with reason and other precious gifts like yourselves. Now, to illustrate a point, I am going to ask some little boy to tell me what his favorite is among the domestic animals. Ah, thanks. This little boy shall answer. What do you like best, my little man. Speak up loud, so that all may hear you."

Boy (in tones that made the windows rattle and put the audience in an uproar)—"Roast Chicken!"

"No," said the pork butcher, "I am not in the habit of swearing, but when that boy came in and stole a string of grapes, I could not help exclaiming 'dog-gone!'"

PYÆMIA

Is the most virulent form of blood-poisoning. Less speedily fatal, but not less certainly so, is the vitiation of the blood of which the first symptoms are Pimples, Sties, Boils, and Cutaneous Eruptions. When the taint of Scrofula gives warning of its presence by such indications, no time should be lost in using AYER'S SASSAPARILLA, the only perfect and reliable medicine for the purification of the blood.

SCROFULA

Is a foul corruption in the blood that rots out all the machinery of life. Nothing will eradicate it from the system and prevent its transmission to offspring but AYER'S SASSAPARILLA. This preparation is also the only one that will cleanse the blood of Mercurial poison and the taint of Contagious Diseases. Impoverished blood is productive of

ANÆMIA,

A wretched condition indicated by Pallid Skin, Flaccid Muscles, Shattered Nerves, and Melancholy. Its first symptoms are Weakness, Languor, Loss of Nerve Force, and Mental Dejection. Its course, unchecked, leads inevitably to insanity or death. Women frequently suffer from it. The only medicine that, while purifying the blood, enriches it with new vitality, and invigorates the whole system, is

DOWN'S ELIXIR. N. H. DOWNS' Vegetable Balsamic ELIXIR

For the cure of Consumption, Coughs, Colds, Catarrh, Croup, Asthma, Pleurisy, Hoarseness, Influenza, Spitting Blood, Bronchitis, and all diseases of the Throat, Chest, and Lungs. In all cases where this Elixir is used its efficacy is at once manifested, convincing the most incredulous that it is not an incense merely added to— At its commencement it is but a slight irritation of the membrane which covers the Lungs, then an inflammation, when the cough is rather dry, local fever, and the pulse more frequent, the cheeks flushed and chilliness common. This Elixir is curing the above complaints, operates so as to remove all morbid irritations and inflammation from the lungs to the surface, and finally expel them from the system. It facilitates expectoration.

It heals the ulcerated surfaces and relieves the cough and makes the breathing easy. It supports the strength and at the same time reduces the fever. It is free from strong opiate and strychnine salts, which are so drying a nature as to be in great danger of destroying the patient; whereas this medicine never dries or stops the cough, but, by removing the cause, consequently, when the cough is cured the patient is well. Send address for pamphlet giving full directions, free. Price 35 cts., 50 cts., and \$1.00 per bottle. SOLD EVERYWHERE. HEIST, JOHNSON & LORD, Props., Burlington, Vt.
