—The proper committee of the town council had occasion to look after an unpardonable nuisance yesterday. Over a dozen dead chickens were left lying around Bupp's premises on Mill street to decay and fill the neighborhood with a nauseating stench. AN ACCIDENT.—One of James Dutweller's boys, on North street, aged about 6 years, had three of his fingers chopped off by one of Abe King's boys on Wednesday last week. The little fellows were playing with an axe when the accident happened. Not a very healthy plaything for children. —Some of our "young gentlemen" amused themselves the other night by using Adolph Miller's cigar sign as a target for their missiles and succeeded in completely demolishing the same. Of course they were found out and the damage had to be made good. Boys, whenever you are tempted to indulge in fun of this kind again, remember that you may not slip off as easy.

CASHMERE, CASHMERE, CASHMERE.—We have this day received a full line of new cashmeres which we intend to make a run on by selling cheaper than ever before. We defy competition in the county in this particular line. Remember we have shades and prices to suit everyone. Whether you intend to buy or not, do not fail to look at them. Yours truly, D. S. KAUFFMAN & Co.

—Rev. Steck's lecture in the Lutheran church of Rebersburg on last Thursday evening was listened to by a large audience. On account of the very inclement weather but very few from this place ventured to go. But they returned highly pleased with the lecture and declare it the most thrilling and powerful discourse they ever listened to. In fact the Lutherans of this place are completely inflamed with the desire to have Rev. Steck lecture at this place. We are truly anxious ourselves to have the plan carried out at an early day, and are of the opinion that it can be made a success in every way.

ANOTHER SUDDEN DEATH.—The sudden death of Mr. Henry Stover, the only son of Mr. Andrew Stover, of Coburn, which occurred on Thursday night of last week, was a complete surprise to the many friends of most estimable young man. Deceased was apparently in good health until a few days before his death and was engaged the greater part of the winter in hauling material on the ground for a new house at Coburn. He was a man of untarnished character and industrial habits and enjoyed the confidence and respect of the whole community. At the time of his death, which was due to pneumonia, he was one of Penn township's school directors. The fact that he was but in the prime of manhood makes the shock all the heavier to his aggrieved parents, who have the sincere sympathy of all their friends and acquaintances. The remains were interred in the cemetery of the Reformed church at Aaronsburg, of which he was a devout member, on Sunday forenoon, when a very large concourse of friends attended the funeral.

—Pursuant to a call of a meeting of the citizens of Millheim convened in the office of Adolph Miller, on Saturday evening to take action on the question of future control and supervision of the Town Clock. W. R. Weiser was chosen chairman of the meeting and after a free discussion of present and future needs the following resolutions were unanimously agreed to: Resolved, that the present purchasing committee continue in the care and control of said clock until May 1st next and on that day surrender the control of said clock to the permanent committee, comprised of the persons hereinafter named; and that for their efficient labors in procuring and keeping said clock in running order the thanks of the community are due them. Resolved, that the future or permanent committee shall consist of two of the Trustees of the Ev. church of Millheim and the Chief Burgess of the borough, and their respective successors afterwards from year to year. Said committee to take charge of said clock on the day aforesaid with powers of absolute control to devise such measures and means as may in their judgement be advisable and necessary toward keeping it in running order and securing to the community continuous and correct time, or as near so as circumstances will reasonably allow.

GOOD ADVICE.—Aaronsburg is rather a good town. Men who have lived here for seventy and more years will tell you to day that it never has been a very progressive town. In point of morals, in decency and general good behavior, none of our sister towns can face us and say, we are equal with you. In this connection we wish to say a few words to the boys, or rather the young men of our town, hoping they will read and profit by what we say. You boys of to-day, have you ever thought to inquire of yourselves who will succeed our old fathers of 70 a few years hence. Have you ever considered how soon you will be required to take up the burden of life, and assume the cares and responsibilities that, according to nature's law, will be handed down to you by your fathers. Very soon some of you will be called upon to become the merchants, mechanics, editors, lawyers and doctors of our towns, and the sooner you stop, think and realize this, the better it will be for you. Life is not very satisfactory at the best, but remember, boys, your lives will be very much what you make them. To engage in evil doing, such as swearing, drinking whiskey and making indelicate remarks about your fellow-men, and especially of the young girls, we wish to assure you will never bring you good results. Honest, intelligent boys, who have no bad habits, are always in demand, and these are they who make the better citizens of the world, and within you is the power to make of yourselves great and good men. How often do we hear young men say that it don't pay to engage in bad habits, such as drinking whiskey and swearing, and should you so ever in your young life you will certainly ever after regret it, and in your later and better life you will always hate to recall the acts of your younger days.

It is said that "a little nonsense now and then is relished by the best of men." Yes, fun, real fun, is an excellent thing in its place, and you are expected to have lots of it while you are boys, but you must guard against mistaking wrong-doing and bad habits for fun. There are many sins of depraved youth committed on the sly and the world being none the wiser. But here you deceive yourselves, boys. "Be sure your sins will find you out." What you start out to accomplish that will you surely do, and it is with you to become a man in the true sense of the word, one who possesses steady and industrious habits, together with sobriety and economy, or you may become a shiftless, worthless tramp or whiskey soak, and boys, sooner or later you will be called upon to decide whether you will be something or nothing.

—Have mercy on your wife! No smell, no moisture, no rags, no burns, no scalds. Buy her an "Odorless" Kettle. Neighboring News. SMITH TOWN. A word of two letters put down every man in last Wednesday's spelling bee—"pi."

Mr. Kurt Condo, from St. Paul, Minn., was yesing here last week. Quite a number of our folks are complaining with sore throats. Mrs. H. E. Duck is suffering from that disease at present. Michael Grave, of Lemont, the well-known horse dealer, called on a few of his friends in this section last week. The teamsters on Noah Stover's track of woodland are unable to haul logs to the mill since the snow is gone. Mr. Web Smith, of Dayton, Armstrong Co., Pa., and Oscar Bartley, of Bellefonte, in company with Annie and William Smith of Millheim, were in this neck o' woods on a visit. JUMBO. Spring Mills. The venerable Peter Wilson, of this place, celebrated his eighty-eighth birthday this week. He is in reasonably good health. It is rumored that a stove machine is to be erected at this place by spring. Emanuel Zettle, Esq., received the solid vote of the southern precinct of Gregg township for the office of Collector of Taxes. Both parties voted for him solid.

AARONSBURG.

Well, I am back again. A week lost can never be regained. Lulu and Minnie will certainly not forget their last sleigh ride. Anyone desiring information in regard to R. R. ticket rates, etc., to Kansas, can call on Andy Musser, Aaronsburg, Pa.

The coming musical concert, to be conducted by the Hon. J. G. Meyer, assisted by Prof. Lowell Meyer, will certainly be a good one, judging by its conductors. Rev. Deitzler's German sermon two weeks ago was very interesting as well as instructive. He selected as his central truth, "The Bible Looking-glass."

Geo. Kreighbaum, Dr. P. T. Musser's best man, occupies the doctor's tenant house lately vacated by Francis Zerby. These young men of our town who are guilty of carrying concealed deadly weapons, should be more careful. The law has no mercy on boys carrying such weapons.

A force of men are at work moving the furnace in the new Reformed church to a more central part of the building. ANOTHER. COBURN. It seems as though Spring was coming in spite of the ground hog's prediction. Well, we have our own opinion of a groundhog that would come out on a day, when the thermometer marks 15 degrees below zero.

Our friend Frank Barker, had the misfortune to have one of his ribs broken last week, while in a scuffle. Mrs. W. H. Kremer and daughter Gracie, are off to Ashland, Ohio, on an extended visit.

It becomes our painful duty this week to chronicle the sad demise of our esteemed and much-loved citizen, Henry Stover, who died Thursday evening, Feb. 11th, and was buried on Sunday morning. He was 29 years old, a consistent member of the Reformed church, and an exemplary young man.

Miss Lydia Musser, of Haines township, while on a visit to Mr. Em'l Kerstetter's last week, contracted a cold and died in a few days thereafter at the advanced age of 66 years. She was taken back to Haines township and interred on Friday.

The manner in which the primary election is manipulated in our township is not very satisfactory to the majority of the citizens. All persons attending the caucuses have a perfect right to vote for the nominees, and this ticket of one or two persons "slating" a ticket, will very likely be done away with hereafter. Why not hold the primaries in some school house where all interested can get in and have a say. Bosh on "Machine Work!"

School report: No. of pupils enrolled 48; average attendance 44, per cent of attendance 91. Average progress 12—Average conduct 2. DAMPINO. WOODWARD. Theodore Hosterman captured a fine coon last Friday.

Mrs. Catharine Orndorf will move to Woodward in the spring. N. W. Eby had an order from Tremont, Ohio, for one barrel of whiskey. He did not say if or not it was from Ex-Pres. Hayes.

On Tuesday fourteen wagon loads of lumber left this place for Snyder Co. Rev. Mountz delivered his farewell sermon last Sunday. "How sad it is in this brief life of ours to do anything for the last time." AGENCY. Rebersburg and Vicinity. Prof. C. C. Spangler will this week visit some of our public schools.

The lecture on last Thursday night by Rev. Chas. T. Steck was a rare treat, but owing to the inclement weather the house was not crowded as was expected. The lawsuit on last Wednesday was quite interesting. Bower and Fortney of Bellefonte were here as attorneys.

Jacob Geplart is making preparations to build a new barn this spring. Cornelius Bowersox, of Snyder county, will do the carpenter work. Miss Martha Gramley, formerly of this valley, but now residing at Hinkley, Ill., is at present here visiting friends, but will shortly leave again for her western home.

Rebersburg will have no convention this winter, although we have two well conducted singing classes under the tutorage of Prof. Bierly. Something new in our valley—a printing press with Clark Gramley as operator. He is turning out cards, hand bills, etc.

We are told that the teacher of Gramley's school has several times informed the directors of the district that the coal stove in the school room is out of repairs, but it seems of no avail. Would it not be well for the school board to look after the matter, as it endangers the health and lives of the scholars. The stove fills with gas below which suddenly escapes, with a dull report, from all crevices and openings and fills the house with smoke and unhealthy odors. This state of affairs may one day lay the building in ashes, and all through sheer neglect. Waken up, Jacob. "SQUIBON."

THE GREAT REGULATOR

PURELY VEGETABLE. Are You Bilious? The Regulator never fails to cure. I most cheerfully recommend it to all who suffer from Bilious Attacks or any Disease caused by a disordered state of the Liver. W. R. BERNARD. Kansas City, Mo.

Do You Want Good Digestion? I suffered intensely with Full Stomach, Head-ache, etc. A neighbor, who had taken Simmons' Liver Regulator, told me it was a sure cure for my trouble. The first dose I took relieved me very much, and one week's time I was as strong and hearty as ever I was. It is the best medicine I ever took for Dyspepsia. H. G. CARRISAW. Richmond, Va.

Do You Suffer from Constipation? Testimony of HIRSH WATSON, Chief Justice of Ga. "I have used Simmons' Liver Regulator for Constipation of my Bowels, caused by a temporary derangement of the Liver, for the last three or four years, and always with decided benefit." RICHMOND, VA. H. G. CARRISAW.

Have You Malaria? I have had experience with Simmons' Liver Regulator since 1855, and regard it as the greatest medicine of the times for diseases peculiar to malarial regions. So good a medicine deserves universal commendation. R. M. B. WHARTON, Cor. Sec'y Southern Sanitary Theological Seminary, Richmond, Va.

An Efficient Remedy

In all cases of Bronchial and Pulmonary Affections is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save a life. There is no doubt whatever that

Ayer's Cherry Pectoral

Has preserved the lives of great numbers of persons, by arresting the development of Laryngitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Croup and Influenza, ailments peculiarly incidental to childhood and youth. Promptitude in dealing with all diseases of this class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste precious time in experimenting with medicines of doubtful efficacy, while the malady is constantly gaining a deeper hold, but take at once the speediest and most certain to cure, Ayer's Cherry Pectoral.
