PHILADELPHIA SALESMEN are agitating a movement to get a reduction in an uniformity of the hours of labor, and especially the time of closing.

JOHN B. GOUGH, the famous temperance lecturer, died at Frankford last Thursday afternoon. On the previous Monday he was stricken with paralysis while lecturing at the Frankford Presbyterian church.

From ten to fifteen thousand nailers who have been idle for nearly nine months on account of the great strike at Pittsburg, will go to work again in a few days, a compromise having been effected between the nail firms and the strikers.

A COUNTERFIT five-dollar gold piece has made its appearance at the Treasury Department. It bears the date of 1881 and is manufactured in a very neat manner. Its actual value is \$4.47. The counterfeiters who put the coin in circulation are very modest as their profit is exceedingly small.

Hon. A. G. Curtin made one of the closing speeches in the house last week on the Fitz-John Porter bill. Mr. Curtin's arguments in favor of Porter were telling and full of personal reminiscences and anecdotes. The bill finally passed the house and for the sake of justice and fairness it is to be hoped that the senate will do likewise. Gen. Porter has been the victim of injustice and prejudice about long enough.

THE purchase of the interest of the Vanderbilt estate in the Reading railroad by President Gowen last Saturday creates much sensation in financial and railroad circles. The raise which Mr. Gowen is said to have made in the shape of anywhere between \$10,000,000 and \$25,000,000 is a matter of much comment. Mr. Gowen now proposes to keep control of the company, reorganize it, and put it on a firmer financial footing. Whether he will succeed in getting away with the powerful syndicate which opposes his plans, and save the company from almost certain foreclosure, remains to be seen. One thing is certain that the Reading road must be managed cough medicine eyer used. more economically than heretofore if it would pay its current expenses.

IT HAS come to light that the Solthe \$350,000 which the state appropriates annually for the support of these schools, it is estimated that a bout \$90,000 are absorbed by the managers for personal and selfish purposes. In fact the schools are being used as regular money machines and the real purpose—the education and proper training of the orphans—seems to be a minor point in the estimation of the officials. Reports say that children at these schools are fed at the rate of 3 cents per meal, per head, that three and four are crowded into one bed and their winter clothing is very scant. It is to be hoped that Governor Pattison, when this corruption and neglect prevailing in those schools, is properly presented to him will take decisive steps to better their

Unexpected Increase in Wages.

READING, Pa., Feb. 19 .- The 2,000 men who are employed in the Philadelphia and Reading Railroad Company's shops here, were this morning notified that an increase in all of the departments would be made on March 1st, not announced.

-WHEN your children are threatened withcroup or whooping-cough, beware how you lull them to sleep with cough syrups whose principle ingredients are morphia and odium. The nat-ural effort of the lungs to expel the suffocating mucus is coughing. Dr. Kessler's Celebrated English Cough Medicine contains no morphia or opium in any form, and by its stimulating actions on the kidneys, bowels, and pores of the skin, more than any other remedy, assists Nature in breaking up and expelling the worst colds from the system. Money refunded to dissatisfied thousands of acute and chronic cases purchasers. Sold everywhere.

Eight Horses Killed in a Railroad Wreck

WILKESBARRE, Pa., Feb. 19 .- This morning shortly after the south-bound freight train on the Lehigh Valley Railroad left Pittstoa, one of the axles of a car near the centre of the train proke, and seven cars were precipitated down an embankment and wrecked. Among the live stock on some of the cars were thirty-three horses being shipped from Seaforth, Out., to Daniel Logan and M. Bitzer, at Lancaster. Eight of the horses were killed, and nearly all the others are seriously in-

The New Substitute for Lard.

The Housekeeper for February has the first of a series of articles on the use of "cotton seed oil" (which is usually sold as olive oil) as a substitute for lard, which is always unwholesome and sometimes a rank source of disease. The discovery of a vegetable oil equally good for culinary purposes, and equally cheap, will be a godsend to housekeepers. Besides this new lead, this number of the Housekeeper is packed full of good practicle common sense on all home matters. Send for a specimen copy to Buckeye Pub. Co., Minneapolis, Minn.

-Adolf Lalloz, carriage manufacturer, 119 Carroll Street, Buff alo, N.Y., states: 'I was troubled with nauseau of the stomach, sick headache and general debility. Burdock Blood Bitters cured me.'

Gowen's Purchase of the Vanderbilt Share.

President Gowen on Saturday concluded negotiations for the purchase of the Reading Railroad stock held by the Vanderbilt estate. The price paid is not announced, but it is understood to have been two or three points above market quotations. Only about 66,000 shares were obtained by the purchase, as the late William H. Vanderbilt had parted with a large portion of his Reading holdings before his death. Mr. Gowen hopes by this means to retain his position in the presidency, and so worry the Morgan-Welsh syndicate that its foreclosure schemes will drag along for several years, by which time he expects to have the Reading property on its feet again. It is stated that Mr. Gowen has secured financial assistance to the extent of \$15,000,000, if that much is required, to aid him in carrying out his plan of reorganization.

Gowen's Purchases in South Fenn.

PITTSBURG, Feb. 22.-The minority stockholders of the South Pennsylvania Railroad of this city give as authoritative that, in addition to President Gowen's purchase of the Vanderbilt interest in the Reading Road, he also bought the Vanderbilt interest in the South Pennsylvania Road. They assert that the road will certainly be built.

-Ayer's Sarsaparilla is the best medicine for every one in the spring. Emigrants and travellers will find in it an effectual cure for the eruptions, boils, pimples, eczema, etc., that break out on the skin-the effect of disorder in the blood, caused by sea-diet and life on board ship.

Four Men Drowned in the Susquehanna.

STEELTON, Pa., Feb. 21.-1.1st Sat. urday is a day long to be remembered here, four men being drowned while attempting to cross the Susquehanna at this point. Five well-known men, Charles Mathias, 45 years, his son Frank, 19 years, Lewis and Herman Dierich, 30 and 32 years, and Andrew Mast, 18 years, were working the night turn at the big hammer. They all lived across the river.

The five started in a small boat about 6.30 a. m. and, reaching the island in safety, continued their journey across. During the passage the boat was hurled and twisted about in the storm. had reached a point about half way between the island and the Cumberland shore when a terrific gale struck the boat, and before they could realize their sank instantly and were borne away. Immediately when the boat capsized Frank Mathias caught hold of the boat and held on while he drifted down to Marsh Run, a distance of about two miles from the scene of the accident. It was marvelous how Mr. Mathias was enabled to cling to the boat for such a long distance with the thermometer so low, and considerable ice floating down. Eye witnesses to the scene immediately gave the alarm, and Mathias was rescued after much difficulty.

-THE MOST REMARKABLE Case of all. A gentleman writes us from Phillipsburg, Centre Co, Pa., that his little girl was horribly afflicted with scrofula. Her body was full of sores, ears dis charging continually thick yellow putrid matter, and her eyes so swollen and inflamed as to be almost blind. One bottle of McDonald's Blood Purifier has to all appearances entirely cured her. Our neighbors as well as ourselves consider the cure remarkable. A bonafide case. The address of the
