IN THE HOUSE OF REPRESENTATIVES on motion of Mr. Brown, (Pa.) a bill was passed on Monday increasing the limit of cost of the public building at Williamsport from \$125,000 to \$225, 000, and appropriating a further sum of\$50,000 for the purchase of additional ground.

PHILADELPHIA looks forward to a large building boom. The Record of that city says that plans are being prepared and contracts closed for the erection of large numbers of dwellings and other buildings. Slight advances in building materials are taking place and others are anticipated.

To-DAY it is exactly a year that a Democratic President holds executive power. And still the nation's reputation is up to its elevated mark. Of course the chronic grumbler keeps up a dissatisfied mumbling in the distance, but that don't change the fact that all departments of the adminisruns as smoothly as it has done at any time in the last twenty-five years.

THE special message sent to the Senate by President Cleveland in the matter of removals and suspensions from office and the question of right of the senators to examine "all" papers and documents connected with such removals was read to that body on Monday. The message is a pointed and decisiv declaration, in which the President firmly declines to send copies of "unofficial" papers to the senate. This ought to be conclusive and Senator Edmunds ought to sit down and hold his peace forever.

The War On Mormonism. A Bill With Very Stringent Provisions to Be Pushed in

Congress. WASHINGTON, Feb. 28.-Representative Woodburn, of Nevada, will tomorrow introduce in the House an antipolygamy bill which has received the approval of prominent Gentiles in U. tah and has been submitted to members of the judiciary committee of both houses of Congress. The preamble sets forth the practical evasion. by secret intrigue and the possession of political power by the Mormons, of the laws now in existence against unlawful cohabitation and that this evasion of the law is induced by the leaders, who openly advise the followers to resort to these illegal practices as a part of their religion.

It is therefore provided in the first section that no one who counsels others to cohabit with any other than a lawful husband or wife, or contributes to any organization authorizing such unoffice in any Territory or under the shall any such person acquire any title | Company were notified that an increase Section 2 provides the form of test oath | month. required of every person challenged un, der the first section before being registered as a voter. Section 3 provides a flesh, appetite variable, and sleep much penalty of \$1,000 fine and imprisonment disturbed. Her condition was becomof not more than fourteen years for to try McDonald's Celebrated Worm s vearing falsely as above. Section 4 Powders, Administered three and she and 5 provide that all persons elected or expelled the enormous number of 132 appointed to Territorial offices and any person seeking title to any public lands shall take the oath as prescribed in section 2.

Section 6 declares void all poll and registry lists now existing in the Territories and directs the Territorial elec. tion officers to prepare new lists of persons eligible this act.

The Court House Question.

To the County Commissioners: to suppress the evils of intemperance, and believing it to be a benefit to the county as well as locally, subscribe our names to their petition for the use of the Court House for future temperance meetings. (Signed).
Mrs. J. P. Harris,

' B'anchard, and others.

To Mrs. Harris, Mrs. Blanchard and

The signers to the above petition asking for the use of the Court House for an indefinite length and number of times, consist of about 500 voters, representing only about one-sixteenth of the whole number of voters in the county. You have not given any special reason why we should grant the use of the Court House to the W. C. T. U. to the exclusion of all other societies. You infer that your society has been organized for the suppression of crime, and that you have societies all over the county, and therefore we should throw open the doors of the Court House to the use of the W. U. C. T. for public meetings.

Now, if we were to adopt this line of argument as a good and sufficient reason for granting your request, then we could not consistently refuse the Court House to any other organization. The Methodists, the Presbyterians, the Odd Fellows, the Free Masons, the Y. M. C. A., all might make the same demand of us to throw open the doors of the public meetings, as all are societies for the suppression of eyil and for the elevation of mankind.

It is true, we did grant the Court House to the Teachers' Institute, because we recognized it as a county institution, authorised and created by the Legislature of the State, and most of the expenses for holding the same are paid out of the county treasury, and, therefore, we believe they had a legal right to its use As custodians of the county property, built and kept in repair at the expense of the tax payers, we cannot see the consistency of giving the Court House to one society and excluding others.

We know there is often personal abuse heaped upon us because we dared to do what we believed to be right, but a sense of duty compels us in this instance to refuse the Court House to the W. C. T. U, believing that our action will be sustained by a majority of the voters in the countyassuring you that it is not in any spirit of antagonism to the temperance cause that we have taken this stand.

In adddition th the above we beg

leave to submit for your consideration the opinion of Judge Yerkes recently given before the court at Doylestown, Pa., which in our mind is a convincing evidence that we have no right to make a town hall of the Court House. Judge Yerkes said: "It is difficult to understand by what authority the County Commissioners permit the public buildings to be constantly occupied, let for a term of years and used for the government postoffice at Doylestown bortration have received the most careful ough, or for any other purpose not connected with the public business of the and efficient attention, and that the county. These buildings were erected governmental machine at present for the use of the people of Bucks county to conduct their public business in, and neither the general government nor the people of any borough or district of the county, nor any association, sociey, or corporation, however commenda. ble, useful and worthy, has any special or peculiar privilege therein, especially to the exclusion and detriment of the convenient, economical conduct of the public business of the county. The Commissioners have no power or right to use these grounds to erect on them large and unnecessary buildings, and to rent them or any part of them out for any purpose; to concede that they may do so in one case is paying the road for further abuses. Other buildings might be constructed thereon for different purposes, and next we may expect these rooms to be occupied for lawyer's offices, or even shops or saloons by some favorite or relative of the Commissioners."

All of which is respectfully submitted. We are, respectfully, John Wolf,

A. J. GRIEST.

Huntingdon's Gold Mania.

HUNTINGDON, Pa., Feb. 28.-Intense excitement prevails in Brady Township, this county, over the discovery of a valuable deposit closely resembling gold. Jacob Zillius, a mineralogist, of the city, while prospecting for coal, found evidence of a large deposit of the valuable mineral when but 75 feet below the surface. An analytical chemist of Philadelphia reports that the ore is worth from \$10,000 to \$15,000 per ton. Mr. Zillius is now in consultation with capitalists of this city with the view of organizing a stock company to develope the land in which his valuable find has been made. In prospecting for gold Mr. Zillius struck a 3foot vein of anthracite coal, which is now being developed. The land in the neighborhood that heretofore would not bring any price whatever bas now Court House whenever they want it for risen to fabulous sums. Prominent capitalists of Philadelphia and Pittsburg are buying up the land with the view of developing its resources.
