-On Saturday night some mean thief broke into the smoke house of Mr. David Fiedler, near Sebastian Musser's church, in Penn township, and stole seven hams and four shoulders of smoked meat. There is no clue to the perpetrators of the theft.

-Mr. George Stover, residing along Penns Creek, who has been confined to the house all winter from the effects of a paralytic stroke, managed to take his first stroll in the open air last Friday. But for the traces which the stroke left on one side of his head, Mr. Stover's general health would be comparatively good.

She respectfully solicits a share of the ladies' patronage assuring them that they will find her stock complete and latest and her work satisfactory in all respects. Call on her if in need of new headwear.

-Mr. Keller, of Adamsburg, Snyder Co., gave us a call on Saturday forenoon. He canvassed the town for scholars for a term of summer school and met with good success, his list of pupils numbering about thirty at this writing. Mr. K. is an experienced teacher, having taught sixteen winter terms and is equipped with a professional certificate. His school will commence next Tuesday, April 20th, in the grammar school room on Penn St.

-Mr. Wm. A. Sandoe, whose advertisement appears in another column, opened a tailor shop in the building on North street, formerly used for the same purpose by the late Thos. Frank. Mr. Sandoe comes highly recommended by some of the best citizens of Centre Hall, his place of residence, and persons wishing to have any work done in his line, will beyond a doubt, find him an excellent mechanic. He has already taken quite a number of orders for suits.

-Our band, being at present under the "tut"orship of Prof. J. H. Feehrer, of Selingsgrove, was out last Saturday evening serenading the people on Main street. They executed some of the new and fine music which their able instructor had given them and which their listeners evidently appreciated. The boys showed that the more they blow the better they blow. The evening was warm and pleasant and the town was well filled with country people. It was only necessary for the band to strike up in order to bring the people out of the stores and houses and in a very short time the sidewalks were lined with a big crowd, testifying to the truth of the lines: "Music hath charms to soothe the savage breast, To soften rocks, or bend a knotted oak."

-Last Saturday's and Sunday's services in the Lutheran church were of unusual interest. On Saturday afternoon eleven catechumens were admitted to the church by the sacred rite of confirmation. On Sunday forenoon a large congregation greeted the pastor and sixty-seven members, besides a number of persons from sister churches participated in the celebration of the Lord's Supper. Eight persons joined the church on certificates, making a total of nineteen. The services were very impressive and touching, Rev. Deitzler delivering a powerful and effective sermon. The singing on this occasion was exceptionally good, largely owing to the valuable assistance rendered by Prof. Feehrer or his cornet. A liberal collection was lifted for missionary purposes.

WHAT THE GRANGERS INTEND TO DO.—There was an important meeting held at Mechanicsburg last Saturday and Monday. Hon. Leonard Rhone, Worthy Master of the State, Hon. Mortimer Whitehead, Lecturer of the National Grange, and Hon. E. H. Thomas, Sec. of the State Grange, besides other prominent members of the state were present. The meeting was called for the purpose of taking decided action against the proposed tariff bill, which, in the opinion of farmers, discriminates against the agriculturists of the country by admitting, free of duty, wool and other farm products. The farmers are united in their opposition, and the order of Patrons of Husbandry will work vigorously for the defeat of the measure. The order in other States will follow in the footsteps of Pennsylvania.

CHANGES AND IMPROVEMENTS.—This was a busy week for our builders, carpenters and painters. In nearly every part of town a lot of mechanics could be found at work on some job or other.

On Penn street the frame work of P. S. Meyer's two story addition to his house was erected, and W. N. Auman had material hauled on his premises to build a cobbler shop, back of his summer kitchen.

On Main street B. F. Kister had a number of men at work, rolling W. J. Springer's former barber shop down to his premises, opposite the M. E. church.

The Albright brothers are busy finishing their wagonmaker and blacksmith shop, and A. Musser had A. Harter's grocery, Springer's new barber shop and P. H. Musser's jewelry store touched up with a coat of paint.

These scenes of activity are a sure sign that our borough is full of life and grit and that our citizens are bound to make things move if it is at all in the wood.

-Prof. J. H. Feehrer, who at present sojourns among us, celebrated his 48th birthday last Tuesday, and to suit the occasion composed a very brilliant march, entitled "Birthday Quickstep," for our band. His compositions give unmistakable evidence of the author's nimble and infinite musical faculty. The band boys in the evening displayed their kindly feelings towards their instructor by presenting him with an appropriate birthday gift, to which the writer adds his sincere congratulations. Joe, we hope you may live long enough "to climb the steep where Fame's proud temple shines afar."

DEATH OF TWO OLD PEOPLE.—On Friday morning, Mr. Jacob Heinle, the father of District Attorney Heinle, of Bellefonte, died at the residence of Mr. Elias Miller, at Madisonburg, at the advanced age of 86 years. Deceased was a native of Germany, and was well-known and respected by the people of this and neighboring valleys, having many years kept the tollgate in the mountains between Madisonburg and Nittany Hall and of late years the one in the Gap north of town. His business naturally caused him to lead a secluded life, his only company being his daughter, and thus he became a great lover of good literature. He will be remembered as a man who was always at his post and ready to attend to his duties, with a pleasant word for all the travelers who passed his place.

A strange coincidence, suited to make the event more sad, is, that on the same day, with but a few hours intervening, in the same house, Mrs. Elias Miller, an aged lady of Madisonburg, also departed this life. The remains of Mrs. Miller were followed to the grave by a large concourse of people on Sunday morning, and Rev. Dotterer preached a very appropriate sermon on that occasion. In the afternoon the same day Mr. Heinle was buried in the same cemetery, Rev. Deitzler, of Adamsburg, and Rev. Bright, of Kansas, officiating.

SAD ACCIDENT—A LITTLE BABY DROWNED.—On Thursday of last week while crossing a foot-log over a stream at the head of Spring creek, Mrs. Chas. Stemm, of Boalsburg, this county, became light-headed, lost her footing and fell into the creek, with her two children, one a little boy five years old, and the other a mere babe aged nine days.

The water was swift and high, and the baby was swept off and drowned, and its body has not been recovered at this writing. The mother and little boy were rescued.

Mr. Stemm was in the act of moving his family from Boalsburg to a farm about a mile in the country. His wife and the children had been left at the house of his brother, a few rods distant from the house to be moved into, with instructions to remain there until the new place of residence was made ready and ordered for their reception. But Mrs. Stemm naturally anxious to get into her own house, started to walk the few rods that intervened, carrying the baby in her arms, the little boy running along beside her. On the way this stream had to be crossed, and she tried the foot-log, with the result above stated. The fall was witnessed by persons in the house, who ran to her assistance, but the poor little baby's short life was extinguished forever. —Bellefonte Watchman.

Al Stover has taken charge of Prof. Bierly's singing class, whose term of ten weeks closed last week.

An unusually large audience assembled in the new Reformed church on last Sunday evening, to listen to an able and eloquent sermon preached by a "Centre county boy," Rev. J. A. Bright, of Ellsworth, Kansas. Quite a number were in attendance from Millheim and from down the valley.

Lewis Wolf intends teaching school in town, provided he gets the desired number of scholars.

Some disease has visited Mr. Henry Fiedler's stable. Three of his horses are in a critical condition at this writing.

WOODWARD.

Several petty thefts occurred in our hamlet lately. Suspicion strongly points to some tramps who passed through here last week.

C. W. Hosterman will next week move to his farm. Thereafter the hotel will be under the management of a Mr. Burris.

During the summer our school house is to be improved. This improvement will consist in enlarging the school-room and refurnishing it with new patent desks, in place of the old ones, now so disfigured by the many emblems so characteristic of that bad school boy's dog knife.

"Mountain Avenue!" As Squeers said—"You can name anything what you like;" if there was a law to the contrary, whoever stood sponsor at the christening of this thoroughfare would have been hung long ago. There is no avenue about it; a sort of a cut across for the hungry, belated cow, in quest of her evening meal.

Some talk of laying a board walk through the village. Market Neidigh is finding a liberal market for his apples in Snyder county. ARGENTI.

ROLLER FLOUR FOR SALE.—The undersigned will in the future keep on hand a supply of the Oriental Roller Flour, manufactured by Messrs. Kurtz & Son, Centre Hall. Having added another capacity to their mill, they are now able to put before the public a more superior quality of flour than is offered anywhere in the county.

A. J. HARTER.

"YOU KNOW HOW IT IS YOURSELF."—There is not a particle of doubt but you have to this day a vivid recollection of the horrible, nauseating doses of worm seed tea or syrups forced down your throat twenty years ago by an over-solicitous aunt or grandmother who pronounced your case worms. You will be able to appreciate a vermifuge like McDonald's Celebrated Worm Powders. The most effectual and reliable worm destroyer of the age. So easy and pleasant to take the patient will never know a medicine is being administered. Money refunded to dissatisfied buyers.

And now, Mr. Editor, I extend my thanks to you and my brother correspondents and take a temporary farewell as my vacation during the warm season of the year prevents me from gathering news. Hoping that somebody else in this vicinity will interest himself in the work of newspaper corresponding and send you the weekly items, I remain yours truly, SQUIBON.

A DRUGGIST'S VERDICT.—W. E. George, one of the principal druggists of Phillipsburg, Pa., writes: "J. A. McDonald, Reedsville, Pa. Dear Sir:—One of the most prominent citizens of our city and a gentleman well-known and highly respected in the surrounding country, called at our store and voluntarily offered to go before a justice of the peace and testify in an affidavit to the virtue of your Blood Purifier, saying that he had used but three bottles, and was now entirely cured of a distressing and long continued attack of erysipelas, after having tried a number of other remedies without receiving any noticeable benefit. Please send us one dozen by express. We never had a medicine in our store that sells as readily or gave such universal satisfaction as your Blood Purifier."

For scrofula, erysipelas, tetter, salt rheum, skin diseases, humors, sores, eruptions, pimples, blotches, swellings, tumors, boils, ulcers, scald head, ring worm, syphilis, and all blood disorders, no remedy ever devised equals in power and efficacy McDonald's Great Blood Purifier or Sarsaparillian Alternative. AFTER DINNER.

Persons who suffer from indigestion can arrest the progress of that painful malady by the use of an after-dinner pill, so composed that it will give tone to the stomach, prevent heartburn, rouse the liver to healthful action, invigorate the kidneys, and thus, through the activity of these organs, promote the natural movement of the stomach and bowels. AYER'S PILLS are so compounded that their action, though mild, effectually produces the above results. They also, in curing Constipation, remove the cause of Biliousness, Liver Complaint, Kidney Disease, Rheumatism, and many other serious ailments.

AYER'S PILLS

contain no mineral nor poisonous substance, and do not gripe unless the bowels are irritated, and even then their influence is healing. To continue their effect in constipated or chronic cases, they need only be taken in diminishing instead of increasing doses. For women, and inhabitants or travelers in sparsely settled countries where physicians are not at hand, they are of inestimable value. There is hardly a sickness they will not alleviate, and in most cases cure, if taken promptly. To young girls just entering upon womanhood, and to women whose period of maturity is drawing to a close, Ayer's Pills, in moderate doses, merely sufficient to ensure regular action of the bowels, will be found of

Incalculable Value.
