If that mark is illegible, as is very often the case, they are left in the dark.

Donahower, the well known artist of Lewisburg, was up among our mountains as the guest of Mr. Sober and to try his luck with the hook and line and capture as many of the speckled beauties as would bite. He selected a little stream running through a Mr. Confar's ground and began operations, when the owner, an old gentleman, made his appearance with a shot gun and kindly stood guard over the lonely fisherman, presumably to protect him from the nasty annoyance of mosquitoes or some other spiteful enemy. Our informant could not tell whether it was the Mulligan or N. G., but it was certainly a good body guard and Mr. Donahower prides himself of being a more distinguished personage than President Cleveland, who fished among the Alleghenies without a guard. To say the least it must have been a novel way of fishing. —WORDS OF CHEER FROM A GOOD LADY.—Editor Journal:—The organization of a W. C. T. U. in your town was an advance in the right direction and good will result therefrom. When women and children get aroused on philanthropic and temperance questions, then the world will be better; purer homes, better society and good laws will be the consequence and every town and village should have a W. C. T. U. and Band of Hope. All the christian women of the churches and the children of all the Sunday schools should unite and combine their efforts to put down the enemy of the home—the saloon. "Total abstinence and prohibition" is the war cry. The officers of your local society were well chosen and very efficient they will prove, and good will be done for "God and Home and Native Land." P. E. D. Mackeyville, Pa., June 14, '86.

—Mrs. Dr. P. T. Musser, of Aaronsburg, last week presented us with a basket of splendid strawberries, of her own cultivation, for which we thankfully tip our hat. It is indeed a consolation that once in a while some kind lady takes pity on the half-starved country printer. And while we are in a grateful mood we also wish to return thanks to Mrs. J. W. Stover, of this place, for a large slice of her magnificent picnic cake. —Four carriages and about twice as many buggies carried a party of thirty-one town folks to the Penn's Cave last Saturday forenoon. Owing to the genial spirit which prevailed among the excursionists a grand time was had. The most enjoyable feature of the day was a splendid dinner, which was partaken of in picnic style, after which the party visited that curious freak of nature, the cave, through which they were safely piloted by the proprietor, Mr. Long. This part of the programme was mostly enjoyed by those who had never before been in the cave and they were overwhelmed with wonder at the strange and magnificent sights. It happened that some of the best vocalists of our town were with the party and it was indeed a rich treat to hear their melodious voices sing several songs while in the interior of the cavern. The party remained at the cave until about three o'clock, when they started for home, arriving in Millheim at about 6 o'clock, all being satisfied that they had spent a day of genuine pleasure. —Mr. Hooveman, of Williamsport, is at present here on a visit to his son, J. B. Hooveman, who is lying very low of consumption at his residence on Main street. The afflictions of this family are many. The following article from last week's Millinburg Times giving an account of the terrible accident which happened to a brother of James is but another of a long list of troubles that have befallen this family in late years: —On Thursday morning as a local freight was doing some switching at Montandon, Harry Hooveman, a young man who rides around on the train occasionally, while in the act of cutting some cars loose, his foot caught between the rail and a plank, and as the train moved off knocked him under the car and a pair of trucks passed over his body, cutting him up the middle about nine inches. As he crawled from beneath the cars, he said: "Oh! My Lord, poor little Jip's gone!" Medical attendance was summoned but to no avail. He died about an hour and a half afterwards. He was buried at the Lewisburg cemetery yesterday afternoon. —SOCIAL HOP AT SPRING MILLS.—Last Friday evening Shafer's hotel was the scene of a very pleasant social hop, by a party from Centre Hall. Everything was in a flurry of cheerfulness and enjoyment. Shortly after the arrival of the party the Spring Mills band appeared upon the veranda of the hotel and treated the lovers of fun and frolic to some excellent music. For a change the music struck up in the hall, and the gay dancers wheeled through the room like "a thing of life," until about 12 m., when the dinner gong sounded and a grand march to the dining room followed, where the hospitable landlord had laden a table, capable of seating fifteen couples, with all the delicacies of the season, well prepared by the hand of that excellent hostess, Mrs. Shafer. The fine voices were calculated to excite the appetite of the most exquisite epicurean. After the feast the party again repaired to the ball room, where they continued tripping the "light fantastic" until they hid themselves away to their homes, just in time to find their dear indefatigable mammas and papas astir for the morning work. —THE PENN'S CAVE HOUSE.—Having been one of the party to the cave last Saturday we had a good opportunity to give Long's new hotel a thorough inspection. At a distance of a quarter of a mile the imposing three-story building can be seen, standing on a gentle elevation and surrounded by the picturesque mountain scenery. Its clean, white and attractive exterior, displaying a good deal of taste, invites the tired traveler, who may have passed over several miles of country roads on a warm summer day, to a cool and delightful rest. Upon having arrived at the house the guests will find the obliging proprietors and managers ready to attend to their wants. The interior of the building is in full keeping with its outside appearance. The hotel has a fine office, two nice parlors, a tidy dining-room and twenty-two cozy bedrooms, splendidly furnished throughout with all the modern conveniences. Another advantage, and one that is of vital importance to the hungry, is the well-prepared and delicious bill of fare with which the tables are furnished. The close proximity of the hotel to the renowned cave make it one of the most desirable places of resort in the state and judging from the number of guests registered since the house was opened to the public it seems to be already famous as a pleasant rural retreat. The grounds around the hotel are large enough to admit of the enjoyment of various outdoor sports, while the Penn's Cave, the month of which is but a stone's throw from it, makes it a point of interest that is rapidly becoming known throughout Pennsylvania. —A. Crownover, Salsburg, Pa., writes: "J. A. McDonald, Dear Sir:—Your Liver Pills are giving good satisfaction here and there is quite a demand springing up for them. Please send me three dozen boxes at once, as I am out and some of my customers want have any other." Comment needless. Dissatisfied purchasers can have their money returned.
