REPUBLICANS look as black as BLACK can be since the Democratic state convention.

CONGRESSMAN Ermentrout was re-nominated for congress in the democratic convention of Berks county on Tuesday.

NORTHUMBERLAND county democrats met in convention last Monday and nominated James McDevitt, of Sunbury, for Congress, William Dean and T. H. Deckert for the Legislature.

THE idea of spending six months in the penitentiary for jumping from the Brooklyn bridge into the river will likely have the effect of stopping that foolhardiness and lessen the number of ambitious cranks.

THE Grangers Inter-State picnic at William's Grove was formally opened on Tuesday by Hon. Leonard Rhone, Worthy Master of the State Grange and Rev. James Calder, D. D., Worthy State Lecturer, in the presence of 10,000 people.

STATE Superintendent Higbee will have a cool reception on his return from the west. Thirty specifications of wrong doing in connection with the Soldiers Orphan schools are filed against him and his arrest will take place as soon as he gets home. Truly "the way of the transgressor is hard."

WASHINGTON city had a scare on Tuesday in the shape of an earthquake shock. Meetings which were in progress in different parts of the city were broken up in consequence of the shaking buildings. The shock was felt in many south western cities but so far no damage was reported beyond the cracking of walls and toppling of chimneys.

CHAIRMAN W. U. Hensel has opened the headquarters of the Democratic State Committee at rooms 7 and 9 of the Girard House, Philadelphia, the historic quarters where Curtin's victorious campaign of 1860 and Pattison's of 1882 were organized. He will be assisted by Capt. Wm. McClelland, who was chairman of the committee in 1876 and 1877; secretary in 1878 and 1880, and who has a very wide acquaintance with the Democratic politics; by P. Gray Meek, secretary for the past four years and a veteran campaigner, and by E. P. Kiser, who has seen many years' service in the State Committee rooms. These gentlemen represent respectively the western, central and northeastern sections of the State.

THE Prohibition convention which met at Harrisburg on Wednesday last week was large and enthusiastic. Nearly all their delegates were in their seats and the exercises were opened by singing and prayer. The first in order was the lifting of a contribution of \$10,000 for a campaign fund, to carry on the campaign work and thoroughly organize the state. The contributions were called by counties

and resulted in subscriptions amounting to \$6,319 besides about \$2 000 worth of temperance literature for campaign purposes. After some strong addresses in favor of the prohibition cause and more singing the convention adjourned until 2 o'clock in the afternoon. When the chair called the convention to order in the afternoon session 658 delegates were present. The chairman of the committee on resolutions reported the platform which was unanimously adopted. The nomination of candidates on the state ticket being in order Hon. Charles S. Wolfe, of Union county, was named for governor and he was nominated by acclamation amid cheering and the wildest applause. His colleagues on the ticket are A. A. Barker, of Cambria, for Lieutenant-Governor, Charles S. Hawley, of Lackawanna, for Auditor General, Hon. John N. Emery, of Lawrence county for Secretary of Internal Affairs, and Rev. John M. Palmer, (colored) of Pittsburg, for Congressman-at-large. All these candidates were nominated by acclamation and delivered short addresses which were listened to with great interest. The convention closed by singing the long meter doxology.

The Democratic campaign book, prepared under the auspices of the Democratic Executive Committee, is now in the hands of the printer, and will soon be ready for distribution. The committee has not resorted to the Republican methods of levying assessments upon officeholders for their campaign expenses, nor has any officeholder in the United States been requested to contribute a cent. Such contributions have in no case been received. The book will contain a spicy review of the past administration of the Government under Republican rule, and will discuss a number of subjects of contemporaneous importance. It will contain an exhaustive history of former abuses of the pension office and of the prostitution to party ends of this bureau, which was organized for the dispensation of the people's money to the people's soldiery. It will contain a discussion of the squandering of the public domain by the Republican party, and of the recent movements inaugurated by Democrats to restore it to the original owners, the people. It will discuss the Civil Service as abused heretofore and as administered by President Cleveland. It will contain valuable matter touching the administration of the Land Office and the conduct of the Indian affairs. It will be valuable in the discussion of labor problems, containing a chapter on that subject and on the recent legislation affecting it. It will discuss past delinquencies of responsible officers and agents of the Government, and indicate the correction of abuses in that line. It will contain a summary of the action of the last Congress touching matters of importance to the people, and make a fair exhibit of the results accomplished. It will give a history of the war on the President by the Senate and the surrender by that body of the false issue which it had raised for political ends. In short, the book will be a fair and truthful presentation of political matters. The committee is not in possession of funds to enable it to distribute the book gratuitously. In order that the volume may be thoroughly distributed the committee has determined to send it prepaid by mail to any person who will make application therefor and transmit the sum of \$1. To encourage the distribution eight copies will be sent for \$5.

All communications should be addressed to Hon. John E. Kenna, Chairman, 1408 H street, N. W. Washington, D. C.

Miscellaneous News.

Looks Like a Boom in Business. General Manager McCrea, of the Pennsylvania Company's lines west of this city, says the Pittsburg Dispatch, was asked what he thought of the freight traffic this summer. His reply was that it was immense and certainly is a good indication of the amount of general business done. In order to remedy the great scarcity of freight cars the company has just closed contracts for the immediate manufacture of 6000 cars for all kinds of traffic.

IN TIME OF PEACE PREPARE FOR PEACE.—Changes of climate, diet and water, oftentimes atmospheric changes alone, will subject some member of the family to cholera morbus, dysentery, &c., when that wail of misery in the "wee sma' hours of the night" announces the fact, and you are sent from your comfortable bed across lots or down back alleys for a doctor, 'twould be a good time to reflect that had you only secured a bottle of Curtis' Carmelite Cordial in time, you could with a few drops have headed off the attack, saved a doctor's bill, and secured a peaceful night's rest. Dissatisfied purchasers can have their money refunded. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

More Anarchists.

The Chicago police made a raid on an anarchist's nest on last Sunday and arrested three foreigners, all Germans, in a cooper shop, belonging to one of them. Upon closer investigation a regular arsenal was discovered hid away in the ceiling in the shape of a closet, filled with all kinds of firearms. When Juhl, Kloth and Batzel were asked to account for the presence of this lot of arms they had no explanation to offer. Kloth openly avowed that he was an anarchist and for that reason had to flee from Berlin.

Attacked by a Maniac.

FREEMONT, Ill., Aug. 27.—Charles Lashelle, who is confined in the Carroll County Jail at Mt. Carroll, for the murder of Patrick Reddington, a night watchman at Shannon, a few months ago, was ferociously attacked yesterday by an insane man named Francis F. Mayer, and nearly killed. The two men were occupying the same cell in the jail, but Mayer's hands had been bound by iron shackles, which in some manner he slipped. Just before the attack Mayer was reading the Bible. He suddenly stopped before Lashelle, exclaiming: "You are a murderer and must die," struck him with a club, felling him to the floor, and followed the first up with several more blows. Lashelle's skull was fractured and several of his ribs and one arm were broken. The physicians say that his case is critical, with the chances against recovery. He was to have been tried for the Reddington murder at the coming term.

—Jas. R. Irwin, druggist, Curwinstown, Pa., writes: "J. A. McDonald, 1 EAR ST.—Send us a gross of your Worm Powders—they give good satisfaction to our trade. Professionally, I always recommend them, as I consider they embody to the utmost the principal and most desirable points in a vermifuge—smallness of dose, easiness to take, compactness and elegance, while our steadily increasing sales attest their value as a worm destroyer and the satisfaction they give our trade."

A Long Walk.

On or about June 1st, David Cassidy, of Catawaga, Pa., started to walk to Missouri to secure evidence for the prosecution of his claim for a pension, and in the meantime placed his wife and children in the Lehigh county Poor House. A letter received from him last week says that he succeeded in getting the necessary affidavit at Wakenda, 210 miles west of St. Louis, and the affidavit accompanied the letter. Alderman Shock, of Allentown, has forwarded it to the Pension Office at Washington and says the affidavit is sufficient to procure a pension for Cassidy of \$1500. Cassidy writes that by forced marches he will reach home by Oct. 1.

—For habitual constipation, biliousness, sick headache, torpidity of the liver, congestion of the kidneys, malaria and all complications arising from a degenerated condition of the bowels, liver or kidneys, McDonald's Improved Liver Pills can be depended upon for certain and permanent relief; as a dinner pill, gentle cathartic and safe aperient, they are without an equal. Many eminent physicians use them in their daily practice. Money refunded to dissatisfied purchasers. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

Death in a Mine.

An explosion of gas occurred in the Fairlawn colliery, near Scranton, Pa., resulting in the death of six men and seriously injuring a number of others. At the time of the explosion no men were employed in the mine, but a small party had gone in to clean up their chambers. A rescuing party at once entered the mine who after slow and tedious work found three of the party who had entered the mine before the accident dead and the other three alive. The latter however died soon after they were brought to the surface. The men had naked lights by which it is supposed they ignited the gas.

MULTUM IN PARVO.—McDonald's Great Blood Purifier or Sarsaparilla Alternative is the most highly concentrated, most harmoniously and skillfully combined of all the blood medicines offered to the public. Many certificates from well known and worthy persons could be furnished to substantiate the virtues claimed for this great medicine, but the manufacturer prefers simply to say any purchaser feeling the benefit derived from a bottle of not equivalent to the seventy-five cents invested in the purchase can have their money refunded. Voice Restored by Electricity.

HUNTINGDON, Pa., Aug. 30.—Sam'l S. Harrison, a leading citizen of Pennsylvania, Houston township, has within the past week recovered his voice, of which he has been deprived for 19 years. He lost his speech by going into the water when his blood was overheated. About three years ago he sustained a severe injury to his arm, and since then has suffered intense pain in that member. A relief from this pain he found in taking a shock, as he terms it, by placing his hand on a large belt in his mill. The other evening he again resorted to the belt for relief and, experiencing a greater shock than ever before, he was agreeably astonished to find that his voice had returned. He attributes its recovery solely to the electric shock produced by the revolving belt.

—DARBY'S PROPHYLACTIC FLUID gives prompt and permanent relief in burns, scalds, chilblains, venemous stings or bites, cuts and wounds of every description.

It is invaluable in scarlet fever, diphtheria, small-pox, cholera, yellow, typhus, typhoid and other fevers.

For sick-rooms, to prevent the spread of contagion, it is the best disinfectant known. Hon. Alex. H. Stephens, of Ga. Darby's Prophylactic Fluid is an article of little cost, but great value. Its domestic as well as medicinal uses are numerous while its specialties are most wonderful. No head of a family should ever be without it.

Daring Feat of a Cyclist.

WASHINGTON, D. C., August 29.—Mr. N. T. Robertson, the well-known bicyclist of this city, and two friends went to Cabin John bridge to ascertain the truth of the story published a day or two ago of the riding of a bicycle across that bridge on the coping. After careful inquiry they found that the story was a hoax originating in a joke. Mr. Robertson thereupon determined to be the one to accomplish the feat. The coping is a wall of 300 feet long with a flat top 15 inches wide and a height on the left of about three feet above the roadway of the bridge and on the right at the middle of about 125 feet above the rocky gorge below. Mr. Robertson placed his bicycle upon the coping, where it was held by one of his companions until he had mounted. He then started on his perilous trip. Moving slowly in an almost straight line he proceeded steadily to the middle of the bridge, where for an instant he swayed slightly toward the outside, but quickly recovered and went on. On nearing the further end he tipped his little wheel up, and with a short ride on one wheel dismounted backward safely, having crossed in three minutes.

TERRIBLE EXPLOSION.

Lightning Strikes a Powder Magazine.

CHICAGO, Ill., Aug. 29.—A severe shock like that of an earthquake was felt in every portion of the city this morning. The cause was the explosion of the Ladin & Rand Powder Company's magazine on the Archer road, near the McCormick Reaper Works. It is supposed that a bolt of lightning struck the magazine, and the concussion set off the dynamite and the gunpowder stored there. The shock caused in the two magazines of the Oriental Powder Company, and those belonging to the Warren Powder Company, the Hazard, the Dupont and the Foreite dynamite storehouse. The Jena, which stood about three-quarters of a mile distant, was unharmed. The Ladin & Rand Company's magazine was the only one which exploded. The house of John Guhl, a driver for the Oriental Powder Company, was flattened out upon the ground a mass of kindling wood. Guhl and his wife were fatally injured, and Carrie Erwin, their servant girl, was instantly killed. The residence of Mrs. Devine was demolished in the same way. Mrs. Devine had her leg broken and her body bruised, but suffered no other injury. She was dragged out from under the ragged heap of splinters and taken to the hospital. A farmer, whose name could not be learned, was driving past toward the city when the explosion occurred. His skull was fractured and his back badly lacerated by blocks of stone. He can not live. The horse he was driving was instantly killed and the wagon smashed to pieces. The whole side of Justice Michael Terney's house, near the Oriental magazine, was ripped off and the roof caved in, but none of the household were injured. Little Tom Terney, 9 years old, was lifted bodily from the stoop and landed on the out-house, about ten feet from the dwelling. The out-house collapsed, but the boy came out unhurt. Several people received slight wounds from falling stone, and a number of barns were riddled.

The scene of the disaster was crowded with people this afternoon. Where the Ladin & Rand Powder Works had stood was a deep hole in the clay in which not a vestige of the building remained. Over the prairie for half a mile were scattered bits of stone and slivers from the roof timbers. A block of stone, said to weigh nearly 150 pounds, went through the wall of the Grand Trunk round-house, about a mile north, and another dropped through the roof, smashing in the cab of an engine. The Chicago and Alton round-house, nearly a mile northeast, was riddled with small fragments, and every window smashed to pieces. John Shannon, aged 15, and Willie and Dan Kelly, lads of about the same age, found a can of black powder on the prairie about three-fourths of a mile from the explosion. It was still hot, and they had a curiosity to know its contents. They pried it open and the powder exploded, scorching them severely about the face and hands. They may lose their sight on account of their burns.

Throughout the southern and western portions of the city many thousand dollars damage was done by the explosion. Plate-glass windows all along State and Halstead streets, and on Clark, Madison and several other streets, fully six miles distant, were demolished.
