TONIC, ALTERNATIVE & CATHARTIC. —Simmons Liver Regulator cures malaria, biliousness, dyspepsia, headache, constipation and piles. It is most effective in starting the secretions of the liver, causing the bile to act as a purge. When there is an excess of bile in the stomach, the Regulator is an active purgative; after the removal of the bile it will regulate the bowels and impart vigor and health to the whole system.

—Andrew J. and G. Alvin, the sons of Andrew Harter, of Penn township left the parental roof the other day to attend school. Both are very promising young men and will doubtless make their mark in the future.

—N. W. Ayer & Son's American Newspaper Annual for 1885 is on our table. It is published in Philadelphia and is one of the most complete works of the kind in the country. It contains a carefully prepared list of all newspapers and periodicals in the United States and Canada, giving their general characteristics, time of establishment, size, circulation and advertising rates. We have not the space to enumerate all the other important features of the volume, but it certainly furnishes an incalculable amount of information to the advertising public.

—A gentleman from Brushvalley gave us a little item of news the other day which very much concerns our Rebersburg correspondent. "Squibob" came to said gentleman in poste haste and borrowed a horse and buggy to go on a short business trip and lo, when he returned there was a little stranger at his house whom he seemed to welcome very warmly. The sex, the weight and other interesting particulars will likely be furnished by "Squibob" upon inquiry. No doubt his items for the JOURNAL will be of a happy strain for the next few weeks.

—Prof. A. Bierly tarried in town on Saturday to solicit scholars for a class in vocal music. He succeeded in giving the list a fair start. Persons wishing to subscribe can do so by applying to Dr. J. F. Harter, Mr. J. W. Stover or to the writer, who are in possession of duplicate lists. Prof. Bierly's terms are very reasonable. He will teach a course of 13 lessons for \$40, provided 40 scholars can be raised. If more than forty will join the class the individual payments will become proportionally less. Let our people who are musically inclined take a hold of this matter.

—The Bellefonte Daily News of Monday is authority for the statement that Mr. Joe W. Furey, the able associate editor of the Democratic Watchman has gone to Lock Haven, to take charge of the editorial department in the Clinton Democrat office. By this change the Watchman loses one of its best editors while the county will be minus a hard-working and faithful democrat. Of course Clinton county and its leading democratic organ are the gainers and are to be congratulated. Mr. John Youngman, who had been associated editorially with the Philadelphia Times and the Harrisburg Patriot, will take Mr. Furey's place on the Watchman.

This farm is one of the best and largest in this part of the county and will prove a good investment to purchasers.

—Jas. R. Irwin, druggist, Curwensville, Pa., writes: "J. A. McDonald, Dear Sir:—Send us 4 gross of your Worm Powders—they give good satisfaction to our trade. Professionally, I always recommend them, as I consider they embody to the utmost the principal and most desirable points in a vermifuge—smallness of dose, easiness to take, compactness and elegance, while our steadily increasing sales attest their value as a worm destroyer and the satisfaction they give our trade."

Dissatisfied purchasers can have their money refunded. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

MILHEIM'S FACTORY.—At last the Hosiery Factory is an assured thing and articles of agreement between the manufacturers and the stock holders are at present being drawn up. The site for the factory building has been secured. The tract of land, situated west of Penn street between Stoner's and Reighard's farms, has been purchased of Mr. Jordan, Aaronsburg, for that purpose. It contains ten acres of ground and affords ample room for all the necessary buildings. After satisfactory arrangements have been arrived at with the Railroad Company about rates, work on the building is to be prosecuted as soon as practicable, and by the first of the new year we may hope to see the establishment in running order. This is the realization of a wish that was fostered by Millheim's enterprising men for many years and as we said before will be a Godsend to the farmers, merchants, mechanics and laborers within a radius of at least five miles. It is hardly necessary to say that the people in general will give the factory a hearty welcome. As matters progress we will give our readers further particulars from time to time.

—The immense crowd at the band festival last Saturday evening again showed that our people never go back on a festival, no matter which organization holds it. The conspicuous features of this occasion were in the first place the tasty decorations and neat arrangement of the rink. Another remarkable sight was the cake table covered with about 50 excellent cakes of all descriptions and makes, furnished by the ladies of this place and Aaronsburg. The presence of the Brushvalley Band and the numerous cake walks were a great help in making the affair pleasant and spicy. The ice cream and oysters were pronounced delicious but the crowd was doomed to disappointment for at about nine o'clock it was announced that the cream was all sold. The net proceeds amount to a small fraction less than \$70 and the members of the band take this opportunity to return their sincere thanks to the community and the surrounding country for the liberal patronage received. The band had splendid weather and the boys have the satisfaction to know that by hard labor and good management they had the most successful festival of the season.

—The following account from the Lincoln Co. (Kas.) Democrat of a Sunday school picnic at which Mr. P. B. Stover, a former Centre county figure as superintendent, shows that Kansas is wide-awake in the Sunday school cause: "The Pleasant Valley Sunday School held its annual picnic in the grove of Mr. Marsh on the 28th ult. This grove is but four miles from Lincoln, along the south side of Bull Foot creek, and is one of the most delightful spots that picnicers could desire."

On the occasion referred to above, every thing was arranged to give the school a pleasant day. A carefully prepared programme of exercises was carried out. Seats had been constructed sufficient to seat 200 persons comfortably, and a rostrum built for the singers and speakers. Promptly at 11 o'clock the school was called to order and the exercises commenced with singing by the choir and prayer by Rev. H. L. Yarger.

The superintendent then made an address of welcome, after which the meeting adjourned until after dinner. Any one looking over the table would not think that Lincoln county was suffering from a famine. Chickens, cakes, pies and everything good was there to replenish "the inner man." It was a dinner such as only the farmers of Lincoln county can prepare.

At 2 o'clock the school reassembled and listened to singing by a well drilled choir and several recitations by the boys and girls of the school. Rev. H. L. Yarger, Lutheran Pastor of the Ellisburg and Lincoln Mission, was present and spoke for 30 minutes on the importance and benefit of Sunday School work in a community.

A larger crowd than was expected was present, and everybody was pleased, and voted it a grand success. May there be many more such gatherings in the years to come is the wish of one of the VISITORS.

Active, Pushing and Reliable. Mr. J. Eisenhuth can always be relied upon to carry a stock the purest and best goods, and sustain the reputation of being active, pushing and reliable, by recommending articles with well established merit and such as are popular. Having the agency for the celebrated Dr. King's New Discovery for consumption, colds and coughs, he will surely care any and every affection of throat, lungs, or chest, and in order to prove our claim, we ask you to call and get a Trial Bottle free.
