Excitement in Texas. Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was helpless because he could not turn his head; every body said he was dying of consumption. A trial bottle of King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. The Verdict Unanimous. "W. D. Sult, Drugist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, drugist, Belleville, Ohio, affirms: "The best selling medicine I ever handled in my 20 years' experience, is Electric Bitters. Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at J. Eisenhuth's drugstore.

For 25 cts. in postage stamps sent to Box 36, Philadelphia post office, these pictures will be sent post-paid to any address. —The improvement fever has taken hold of the southern end of Penn street. Mrs. Reesman had her fence rebuilt and pay Fiedler and E. Bartholomew made new boardwalks in front of their premises. Others will follow suit and are preparing to lay new sidewalks. P. S. Meyer had a neat wire fence constructed. This is a commendable move and deserves to be imitated along the whole line.

—We are reliably informed that Rev. C. F. Deining will, on account of ill health, be compelled to resign his charge at York, Pa., and contemplates moving back to Millheim this fall yet. While we are glad to see the reverend gentleman come back to town, we are sorry to hear that his continued bad health unfits him for his ministerial work and hope he may recover sufficiently to resume his labors on the pulpit before long. —DON'T FORGET.—Those of our subscribers who several weeks ago received statements of their arrearages and have not found time yet to respond will please not to forget that we are anxiously waiting on their remittances. Long and wife, departed on the eastward bound train on Monday morning. Mrs. Long will stop off at the home of her parents, at Fisher's Ferry. E. H. goes on to Philadelphia and New York to select the fall goods for D. S. Kauffman & Co's store, and when through with that will take a trip to North Carolina to take a look at the rich copperfields there and probably make an investment. We wish Ala a safe and pleasant journey. —Jas. R. Irwin, druggist, Curwinstown, Pa., writes: "J. A. McDonald, DEAR SIR:—Send us a gross of your Worm Powders—they give good satisfaction to our trade. Professionally, I always recommend them, as I consider they embody to the utmost the principal and most desirable points in a vermifuge—smallness of dose, easiness to take, compactness and elegance, while our steadily increasing sales attest their value as a worm destroyer and the satisfaction they give our trade. Dissatisfied purchasers can have their money refunded. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

—A frequent expression made by visitors who have not been to Millheim for a few years is, how the place has changed! And so it did. New churches have been erected, new houses have been going up everywhere, especially in the southern part of town and old residences have been renovated and improved. Main street, the oldest part of town has undergone marked changes. The brick block on the square, which is about being finished, is an ornament to town and a monument of enterprise and push. And now that we are on the eve of getting a hosiery factory the prospects for a business and building boom are so much brighter and the time is not so very distant when Millheim will stand on a parallel with the liveliest towns in the state. —Some strange errors find their way into the columns of some of our esteemed contemporaries once in a while. For instance the Bellefonte Daily News announced last week that the Millheim Base ball club will play the State College club this week over day. Millheim did not enjoy the luxury of a base ball club for the past seven years. The Millheim correspondent of last week's Centre County Times informs the public that our winter schools commenced last week, when actually they will only begin next Monday, Oct. 4th. He further states that the Clymer family had a large audience. So they had, but the big crowd was on the outside. Again, he names the Crawford brothers as the contractors for the factory building, while the boro' builds the factory and the Crawford brothers are the manufacturers. Not much reliability in news of that kind.

—Take notice of D. S. Kauffman & Co's new advertisement. —Just received a fresh lot of Prunes, Figs and Dates at my grocery on Main street. Call and see. J. W. Lose. —Our public schools begin on Monday next, and our people are kindly reminded that the Journal Store is the right place to buy School Books and School Supplies of every kind, all at the very lowest cash prices. —Rev. M. I. Jamison, of Clintonville, brought his wife over on Tuesday to spend a week with her parents, Mr. Jacob Keen's. Rev. J. gave this office a short but pleasant business call and returned home the same day. —Mrs. Emma Hartman and Miss Katie Brumgard, two of the delegates from this place to the Women's Home and Foreign Missionary convention, which was held at Bellefonte, Sept. 28th and 29th, left for that place on Tuesday afternoon. —The Central Synod of the Lutheran church, which convened at Centre Hall last (Wednesday) evening, and which is composed of about 60 ministers and delegates, will be attended by a number of Lutherans from this place. Mr. and Mrs. B. O. Deining left for Centre Hall this morning. —While in Lewisburg last Friday we stopped at the Baker House and found the accommodations first-class in every respect. Mr. Baker, the proprietor is a very obliging landlord who considers it his special duty to make his guests feel at home. If any of our readers expect to go to Lewisburg we recommend the Baker house for a stopping place. —MULIUM IN PARVO.—McDonald's Great Blood Purifier or Sarsaparilla Alternative is the most highly concentrated, most harmoniously and skillfully combined of all the blood medicines offered to the public. Many certificates from well-known and worthy persons could be furnished to substantiate the virtues claimed for this great medicine, but the manufacturer prefers simply to say any purchaser feeling the benefit derived from the use of a bottle not equivalent to the seventy-five cents invested in the purchase can have their money refunded. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

—On Friday last we joined a large party of Penns and Brush Valley people and went to the Lewisburg Fair. The weather was delightful and the passengers naturally were in good humor. Arriving at the fairground we were struck with the improved look of the buildings, the clean and level race track and the well-arranged and attractive exhibitions of stock, wagons, farm implements, fruits, vegetables, fancy work, and the thousand other things. The Millinburg band was on the ground and discoursed good music and there was some interesting racing going on in the afternoon. Everything about the Fair went to show that Union county's Agricultural Society had indeed worked hard and successfully in making it one of the best Fair held in the last ten years. The only feature of regret for the Centre county visitors was the early departure of the return train in the afternoon and the very poor accommodations which this train afforded. The train was composed of only three passenger coaches, while the crowd who were to find room numbered about 400. The seats and every available space in the aisles and on the platform were literally packed with people and even the baggage car was occupied. With what comfort the journey was made may be imagined. The benefit all seemed to be on the railroad company's side. —The Allegheny Annual Conference assembled in its forty-eighth session in the U. B. church at Conemaugh, Sept. 22nd, 1886, Bishop J. Weaver, D. D., presiding. Following is the report of the stationing committee: Altoona District, J. A. Clemm, P. E. Altoona, T. P. Orner. Bellefonte, C. W. Wasson. Bellwood, W. H. Matten. Bigler, D. —One of the busiest men in Lewisburg is C. A. Sturgis, the jeweler. He says he has all the work and sometimes more than he can attend to. By close application and good work he has built up a splendid trade. —Prof. A. Bierly will begin his singing schools next week and will open his course of thirteen lessons in Millheim, on Wednesday, Oct. 6th. Members of the class and persons desirous of joining will please remember the date. —F. F. Wetzel on his soliciting tour for contributions to the G. A. R. festival met with such splendid success in the vicinity of Madisonburg that he thinks he will go back there whenever he needs any help in that line. They are a royal set of fellows over there. —DIED.—Sam. Wolf, residing along Penns Creek, in Gregg township, and one of the oldest citizens in this valley, died last Friday. Mr. Wolf was widely known, was an industrious and hard working man all his life, and raised a large family. His age was 95 years, 10 months and 11 days. —Frank and John Kauffman, and Geo. W. Long were among the many friends we met at the Lewisburg fair last week. They are as genial a crowd as you generally find in a day's travel. Geo. Long is in splendid spirits. He succeeded in getting one of the best schools in Northumberland county and expects to have a very good winter term. —D. G. Bush, Esq., of Bellefonte, departed this life on Thursday morning of last week. By his death Bellefonte loses one of its most enterprising and beneficent citizens, a man of sterling character and integrity. His own fine residence, the Bush Arcade, the Bush House, the McClain Block and scores of dwelling houses tell of his untiring concern for Bellefonte's growth and improvement. It is not to be wondered at if Bellefonte sincerely mourns the demise of this estimable man. —For habitual constipation, biliousness, sick headache, torpidity of the liver, congestion of the kidneys, malaria and all complications arising from a degenerated condition of the bowels, liver or kidneys, McDonald's Improved Liver Pills can be depended upon for certain and permanent relief; as a dinner pill, gentle cathartic and safe aperient, they are without an equal. Many eminent physicians use them in their daily practice. Money refunded to dissatisfied purchasers. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

THE SCHOOLS.—Next Monday the borough schools will open for a six months term. Crowds of children will again saunter along the sidewalks on their way to the schoolhouses, laughing and joking. They will be the same boys and girls as ever and their jolly procession will be a pleasant sight to look upon. But the beginning of the schools has a more earnest meaning for the parents and the teachers. Inevitable duties arise for both of them. One of the most important points for parents to attend to is to provide their children with the necessary books and other supplies and thus enable them to properly pursue their studies. Another task parents will have to perform is the care that their children attend regularly and encourage and assist them in every possible way. Help the teachers along and manifest some interest in the education of your children. Do not lay the whole responsibility upon the teacher and especially do not obstruct the tedious work of the teacher by undue prejudice and rash judgement. If both parents and teachers do their duty we may certainly look for a successful and profitable term. —Brother Foote, of the Millinburg Times, treats upon Millheim's factory enterprise in the following manner, and throws out several valuable and truthful hints: We were reliably informed on Saturday last that the Millheim Knitting Factory is a fixed fact. The papers are "signed, sealed and delivered." The Factory will employ about 50 hands at the start, and as fast as they can be taught the force will be increased until it reaches two hundred. Four gentlemen with the very best endorsement as to their qualifications for this business and their energy and business character in every respect, take charge of the business. This will be quite a boom for the town of Millheim, and to a few of her enterprising citizens she owes it all. A few of the men who have money, have subscribed liberally to the enterprise and the whole community will be benefited. We congratulate our sister town on this successful ending of her attempt to secure a prize, and trust that even the wisest hope of her most magnanimous citizens may be realized. And now Millinburg might send a committee to Millheim to learn, "how it was done." They would no doubt find that money has other uses than lying in Bank, waiting for a chance to buy Bank Stock, farms or first mortgages. —IN TIME OF PEACE PREPARE FOR PEACE.—Changes of climate, diet and water, oftentimes atmospheric changes alone, will subject some member of the family to cholera morbus, dysentery, &c., when that wail of misery in the "wee sma' hours of the night" announce the fact, and you are sent from your comfortable bed across lots or down back alleys for a doctor, 'twould be a good time to reflect that had you only secured a bottle of Curtis' Carmelite Cordial in time, you could with a few drops have headed off the attack, saved a doctor's bill, and secured a peaceful night's rest. Dissatisfied purchasers can have their money refunded. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.
