Democratic County Ticket.

For Congress—J. K. P. HALL. For State Senator—W. W. BETTS. Representatives—JOHN A. WOODWARD, LEONARD RHONE. Prothonotary—L. A. SHAEFFER. District Attorney—J. CALVIN MEYER.

JAMES H. McDEVITT, of Sunbury, was chosen by the Democrats of the Fourteenth District as their candidate for Congress.

The repeated and unreasonable campaign lies which the Republicans are getting up just now with the purpose of injuring the political record of Messrs. Rhone and Woodward, the democratic candidates for the Legislature from this county, will only serve to deepen the determination of Democrats to elect these gentlemen three weeks hence. Our opponents should by this time have learned that though it may be easy to tell an untruth it is so much more difficult to furnish proof with which to verify false statements.

WHEREVER Gov. Black makes his appearance and speaks to the people he gains a strong foothold with the masses. While at Pittsburg the other day at least 5000 people had gathered around the speaker's stand to hear Black talk. When he was introduced he was greeted with deafening applause. Mr. Black spoke in his plain, matter of fact way, without attempt at oratory, but his words had a convincing effect upon his hearers and the democrats of the smoky city are thoroughly aroused to the work of this campaign. The Irish Blaineites pleasantly surprised the future Governor by sending a committee of five to his rooms at the Central Hotel who read an address in which the Irish voters pledge themselves in the most decisive language to support the democratic standard bearer in the coming contest. Black's political sky is taking on brighter hues every day.

COOPER, the chairman of the Republican State Committee is hard up. The following circular frantically appealing to Republicans for funds reminds us of the last cries for help of a drowning man:

HEADQUARTERS REPUBLICAN STATE COMMITTEE, CONTINENTAL HOTEL, ROOMS 5, 6 and 7, FIRST FLOOR, PHILADELPHIA, October 8th, 1886. Dear Sir: The State committee is in great need of funds to carry out the plans laid for a vigorous battle all along the line—a battle which we can surely win, if properly supported; which we may lose, and lose disastrously, if our campaign fails for want of means to keep it going and to close it properly. The Democracy can now command nearly all of the Federal and State aid, while our appeals can only be made to those whose Republicanism prompts a response consistent with their regard for and interest in the party. Please contribute at your very earliest convenience by check or postal order to THOMAS V. COOPER, Chairman.

As we announced in our last issue J. K. P. Hall, of Elk county, received the congressional nomination in this district and he received it in a fair and regular manner, all the reports of Republican papers to the contrary notwithstanding. The people of Mr. Hall's home at St. Mary gave vent to their sentiments and feelings by giving him the warmest and most enthusiastic reception. Straws tell which way the wind blows and the significance of such public demonstrations is unmistakable. Mr. Hall is certainly a man who enjoys the highest esteem of his neighbors and townspeople and is also very popular with the laboring classes. Since his nomination is the deliberate work of the congressional conferees Mr. Hall can lay just claims to the full support of the democratic party of the 20th district. On the other hand his claims should be honored by the democratic voters and they are in duty bound to stick to their ticket and thus do their full share in electing a democratic congressman. Our candidate is known to be of sterling character, with ample brains and education, and he has proven in the past that his party affiliations are strong and lasting. Let all who profess to be of democratic faith give the whole ticket a boom, for anything less than that will not answer for a good democrat. And lastly vote for James Polk Knox Hall, for Congress.

Mr. Shaeffer's Denial.

BELLEFONTE, PA., Oct. 12, 1886. To the voters of Centre County.—In answer to the scurrilous article which appeared in last week's issue of the "Keystone Gazette," a Republican organ of this county, charging me with corruption and the use of dishonest methods in securing my nomination to the office of Prothonotary, I desire to return my absolute and unqualified denial.

I spent no money in my canvass for the nomination except what was necessary and lawful for printing and traveling expenses and the assertion that I admitted to a gentleman at Centre Hall that I had expended \$1200 to secure my nomination, and urged the fact as a reason why I should be elected, I pronounce as absolutely false in fact, and challenge proof to the contrary.

I also brand as a lie the charge that votes were bought on the streets of Bellefonte, or elsewhere, by me or by anyone with my knowledge or consent, and I challenge any and all persons to prove it.

I deny the truth of the charge that any hotel was chartered by me or by any one with my knowledge or consent, or that any beer, whiskey, or other liquor was bought by myself or by any one acting under my authority, or with my knowledge or consent, to be used for the purpose of influencing voters, and I defy proof of it.

I denounce the implied charge of buying up election boards as utterly false in fact, and a malicious report. Were any of the charges preferred true, I would not only be a violator of law, and subject, if elected, to prosecution and punishment, but might be prevented from qualifying for the office, or after being qualified be ousted by process of law.

In my effort to secure my nomination I did nothing unlawful, and nothing from which I have cause for fear, nor of which I am ashamed.

I am a candidate for the office of Prothonotary because I was fairly and honestly nominated, and because I feel able to discharge its duties in a satisfactory manner. I therefore ask you, the voters of Centre county, for your support, and should I be elected I shall be grateful and will discharge the duties of the office with fidelity.

Very respectfully, L. A. SHAEFFER.

The following letter, which appeared in the Bellefonte Watchman of a recent date, and which we are requested to republish, should be read by all and will explain itself: A Misrepresentation.

OFFICE OF MASTER, CENTRE HALL, PA., March 29, 1886.

The representation in certain localities that the present "Tax Law," of which so much is said, is the "Patrons' Tax Bill," which was presented by the State Grange to the State Legislature at the last session is without any foundation in fact. The present law is the bill prepared four years ago by the joint committee of both Houses of the Legislature. Two years ago it was defeated, and when again brought up at the last session, amended, and its enactment secured. This measure is so well understood to require explanation. Like nearly all the tax laws on our statute books, it is unconstitutional, unjust, and discriminating. The only redeeming feature in it is that it compels a return of all interest-bearing papers, bonds, mortgages, etc., and would the same rule apply to all classes of visible and invisible property there could be no objection to its searching enrollment or listing of property, for all who seek the protection of government and wish to live under it, ought to be willing to contribute their even-handed property to its support. No good citizen would object to this if all classes of property were enrolled and assessed alike. The evils of the present system of revenue laws is that certain property is assessable only for State purposes

and not local; and again certain property is assessable for local purposes and not for State. Of course if the valuation of property and assessments were at the same proportionate rates according to all the average costs of all the governments in the State there could be no reasonable objection; but this is not the case, for nearly all assessments for State purposes are at the rate of three mills, for which corporations are alone assessable, while the rates for local governments for which real estate is assessable are often from 10 to 20 mills. Take for instance the comparative cost of governments. For the State we find the cost only about \$6,000,000; county government, \$15,000,000, and township and borough government \$17,000,000; thus aggregating the entire expenses of the State governments, \$38,000,000. As nearly as we can ascertain from the imperfect statistics at command as to the value of all the property in the State enrolled it would exceed \$7,500,000,000, so that an assessment of 5 mills horizontally laid would fully cover all the expenses of government, State, county and township.

The present law does not in any way relieve the farmer and real estate owners from the unjust burdens of local government. It still leaves him to pay an average of 19 mills on the dollar of his valuation or \$30,000,000 taxes of the \$38,000,000 collected for all purposes; while the corporations in the State, aggregating \$1,000,000,000, only pay 3 mills on the dollar or \$3,000,000 exclusively for State purposes. Had the Patrons' tax bill been enacted into law—which we so earnestly contended for—the corporations of the State would have been compelled to pay for the entire expenses of the common schools of the State and not a farmer or laboring man would now need to pay a penny for school purposes which cost over \$9,465,000 annually, and even the corporations of the State would only have had to pay 11 mills, and the real estate owners still would have 12 mills to provide for as their share. The Patrons' bill taxing for local government provided that where there was a "dower," mortgages, judgements, bonds, notes and other evidences of debts, bearing interest and due from solvent debtors, it should be deducted from the valuation made by the assessments of each assessable property, the mortgage to pay the tax, which may be by deed, mortgage, note or bond—thus taxing property but once. Every principle of justice and equity would indicate that this would be fair and just.

By what course of reasoning the revenue commissioners of the State constructed the law to prohibit such deduction is beyond our comprehension. It should not be the intention of the State to subject properties to double taxation. Under the instruction of the revenue commissioners a farm must be assessed at its full value; and then again, say a second assessment on mortgages that may encumber the property; then again justice would indicate the right to deduct money borrowed from money lent, so that each taxable would pay but one assessment on what he owns or possesses. The great misfortune of our State is that all the revenue laws of our Commonwealth have been made piecemeal to meet complaints and emergencies, and do great injustice to its citizens, and dishonor the State. The whole system of revenue laws should be revised by an enlightened statesmanship that would take into consideration all the departments of State and the relations the different industries sustain to each other, without doing injustice or injury to any one, and instead of driving capital, industry, enterprise, and many of the best farmers from our State, as is now the case by hundreds of farmers being driven from their ancestral homes annually to the far West to start anew in life.

Yours fraternally, LEONARD RHONE.

The Reading Foreclosure.

PHILADELPHIA, Oct. 8. — Justice Bradley, in the United States Circuit Court, this morning signed a decree of foreclosure under the Reading general mortgage and appointed George M. Dallas and James Pullock masters to report the amount due and the status of the seven per cent. general mortgage bonds and scrip, and to prepare a decree of sale and report within 90 days.

Railroad Bridge Destroyed by Fire.

MILLSBURG, Oct. 8. — At 3:30 this afternoon the Northern Central Railway bridge over Powell's creek caught fire and was completely ruined. The bridge was built entirely of wood, having heavily built sides and top, and was in ruins 40 minutes after the fire was discovered. The heat was so intense that the county road bridge 80 feet distant, also caught fire, but was saved through the exertions of Messrs. Westfall and Hoffman.

A Captain's Fortunate Discovery.

Capt. Coleman, scurvy, Weymouth, flying between Atlantic City and N. Y., had been troubled with a cough so that he was unable to sleep, and was induced to try Dr. King's New Discovery for consumption. It not only gave him relief, but also cured the extreme soreness in his breast. His recovery was almost as rapid and a single case had the same happy effect. Dr. King's New Discovery is now the standard remedy in the Coleman household and on board the steamer.

Remarkable Faith Cure.

INDIANAPOLIS, Oct. 10. — Another remarkable case of faith cure by Mrs. Woodworth, the trance evangelist, is reported from Anderson, Ind. Mrs. Elizabeth Farron had been an invalid for 16 years. The physician had pronounced her case hopeless, saying that death was but a question of a very short time, and as a last resort it was determined to apply the so-called faith cure. Accordingly a season of prayer was offered in behalf of the sick woman, lasting from early in the evening until about midnight, when she claimed relief. She is now able to walk about and help herself, while a week ago she was unable to raise a hand or speak above a whisper.

Punksutawney's Expensive Ashes.

PUNXSUTAWNEY, Pa., Oct. 10. — A disastrous conflagration took place here yesterday morning, which, in less than three hours, laid about one-third of the business portion of the town in ashes. The fire originated in the St. Elmo clothing store building at 2 o'clock, a. m., and was quickly communicated to the large frame structures adjoining. The wooden buildings burned like tinder, and the flames spread rapidly, in spite of the most furious efforts of the large and energetic bucket brigade to check them. The fire was not gotten under control until it had licked up 35 buildings, many of which were the most substantial and attractive in town. The entire loss amounts to about \$160,000, and the total insurance about \$75,000. The origin of the fire is unknown.

OCTOBER is a good month for merchants to examine their stock of Dr. Kessler's Celebrated English Cough Medicine and include a winter's supply in their next order. The people have found out by experience that it can be relied on in all cases of croup, whooping cough, colds, and lung troubles of any nature, and will have it. A good article always finds its way. It should be a source of satisfaction to a dealer as well, to know he is giving good honest value for money received. Money refunded to dissatisfied purchasers.

Coal Company's Reorganization.

The Old Clearfield Syndicate Changed to a New Corporation.

From the Patriot, Sat. Oct. 9th. From official papers filed yesterday in the office of the Secretary of the Commonwealth and of the Auditor-General, it appears that Cornelius Vanderbilt, Joseph M. Gazzam, and M. E. Olmsted, who recently purchased at Sheriff's sale the property of the Clearfield Bituminous Coal Company, met yesterday at Clearfield and reorganized under the name of the Clearfield Bituminous Coal Corporation. William D. Kelley, of Elmira, N. Y., was elected President, and General C. J. Langdon, of Elmira, Chairman of the Board, a position apparently similar to that sustained by Mr. Vanderbilt in the New York Central Railroad Company. S. R. Peale, of Lock Haven, is Vice President; Louis P. Miller, of Corning, N. Y., Secretary and M. H. Arnot, of Elmira, Treasurer. The Directors are: C. J. Langdon and John C. Groves, of Elmira; S. R. Peale, of Lock Haven; John G. Redding, of Philadelphia; H. McK. Twombly, of New York City; and M. E. Olmsted, of Harrisburg. The capital stock of the company, which in the original company was \$5,000,000, is reduced to \$1,670,000, of which \$1,300,000 is common stock and \$350,000 preferred stock the company retaining the right to increase it hereafter to \$500,000. A comparison with the reorganization certificate recently filed by the Beech Creek Railroad Company shows that the officers of the two companies are entirely different. The property of the Clearfield Bituminous Coal Corporation includes nearly 40,000 acres of coal lands on the line of the Beech Creek Railroad, including the mining villages of Peale and Gazzam.

Druggists all report a rapid and steadily increasing demand for McDonald's Celebrated Worm Powder. There is no secret or trick about their popularity. It is highly because people have become convinced through trial or hearing their neighbors say that they are the best and easiest to take vermifuge ever produced. Nasty, sickening, old-fashioned worming syrups won't sell. People demand McDonald's Celebrated Worm Powder, and won't have anything else, hence their sales are greater than all the other vermifuges combined. Money refunded to dissatisfied purchasers.

LEGAL ADVERTISEMENTS.

EXECUTOR'S NOTICE.—The undersigned having been granted letters testamentary in and for the county of Centre, Pa., in and for the estate of Joseph Crumley, deceased, late of said county, deceased, requests all persons knowing themselves indebted to said estate to make immediate payment, and those having claims against it to present them duly proven for settlement. U. S. SHAEFFER, Executor, Madisonburg, Pa., Oct. 11, 1886.

EXECUTOR'S SALE OF REAL ESTATE.—The undersigned, executor of the estate of Joseph Crumley, deceased, will sell at public sale on the premises, 3/4 of the tract of land in Township 10 North, Range 10 West, of the 2d Meridian, containing 100 acres, more or less, situate in the county of Centre, Pa., on Thursday, October 14th, 1886, at 1 o'clock, p. m., the following described real estate:

All that certain tract of land, situate as aforesaid in Miles Twp., Centre Co., Pa., bounded on the east by lands of Daniel and Jefferson Royer, on the south by lands of Daniel Royer, on the west by lands of Jacob Shultz and Adam Fair and on the north by land of Isaac Shultz, containing 100 ACRES. Thereon erected a DWELLING HOUSE, NEW BARN, 15 x 20 ft., horse pen, wash house and other necessary outbuildings, all in good repair. Good water runs in pipes to the house and cellar and to the barn. Also a well of water, and a choice fruit on the premises.

This valuable farm is in good state of cultivation, lies in one of the best localities in the county, convenient to four churches, and only about thirty miles from Col. John F. Taylor. The land is well adapted to the raising of corn, wheat, and other crops, and is also well adapted for raising stock. It is a desirable place for a family, and is also well adapted for a farm or for a plantation. Terms of sale: Ten per cent. of one-third of the purchase money to be paid on or before April 1st, 1887, one-third on the 1st of April 1888, and the remaining one-third on the 1st of April 1889. The interest on the purchase money to be paid annually to the widow of Joseph Crumley, deceased, until she shall have received the full amount of the purchase money. Full particulars sent on application to the undersigned.

For further information address J. A. GRAMLEY, Rebersburg, Pa. J. A. GRAMLEY, Executor.
