Good Results in Every Case. D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by use of a few bottles. FINE STOCK OF MILLINERY.—Mrs. E. J. Brumgard spent several days in Philadelphia last week, to purchase her stock of Fall and Winter Millinery goods. It may be taken for granted that she made the boss selection and ladies wanting something neat, tasty and fashionable can not go wrong in giving Mrs. Brumgard a call at her place of business, on Main street.

—A clear complexion. How can you expect a clear complexion when the blood is full of impurities and the stomach clogged? The blood becomes impure because the liver does not act properly and work off the poison from the system, and the certain results are blotches, pimples and eruptions. Purify the blood with Simmons Liver Regulator, and regulate the liver, stomach and bowels, and then the skin will become clear.

—W. G. Rook, the royal landlord of the National Hotel, conveyed Messrs. Hall and Spangler to Spring Mills on Tuesday afternoon and it was indeed a treat to look at his fine turn-out. That neat and elegant carriage hitched to a pair of fiery bay horses, with silver plated harness and bright, tinkling martingales were handsome enough to haul the President of the United States. But then William is one of the pure democrats and they all go in for doing things right.

—Mr. J. C. Harper, of Bellefonte, spent a day in town this week. We cannot tell what his mission may have been, but we are informed that he did some electioneering against candidate Shaeffer. All we have to say about this business is that Mr. Harper will gather very little moss by fighting any part of the county ticket. He certainly got into the wrong box when he tried the game here. What wonders our most is how much "boodle" he gets for using his influence against Shaeffer.

—EMINENT Physicians connected with the principal hospitals throughout the United States report very gratifying and satisfactory results from the use of McDonald's Great Blood Purifier in all cases of vitiated blood, emaciated condition, enfeebled digestive power, malassimilation of food, &c. FARMERS, TAKE WARNING.—A farmer in Letterkenny township, Franklin county, made a narrow escape from losing his barn not long since. He had prepared some home-made phosphate from lime and chicken-manure, which he had left in a heap upon the floor. Some time after it was discovered that a peculiar smell, as of substance burning, was issuing from the barn. Upon investigation it was found that the phosphate was a mass of fire. The different compositions of which it had been made generated such a great heat that spontaneous combustion was the result. With the aid of others the farmer succeeded in pitching the burning mass from the barn. The barn floor, whereon the mass lay, was considerably charred and blackened. The discovery saved the barn.—Ex.

—This is what the Clinton Democrat has to say about a lady who is well-known to many of the readers of the JOURNAL:

Among those who have visited Nittany valley and been highly pleased and benefited by the exhilarating atmosphere of our mountains, is Miss Britt, of Wheeling, W. Va., who returned to her home on Tuesday morning. Possessing a voice of wondrous power and compass, which has been termed a "Soprano Dramatique" and among artists who appreciate the highest vocal shades, she has many friends. The newly made friends here are numerous and wish her a high place among the Priama Donnas of our land.

Tribute of Respect. WHEREAS in the wisdom and providence of God death has again crossed our threshold and removed from our Sabbath School Mr. J. Howard Harter, in whom we recognized a beloved, affectionate and considerate member, a kind and loving husband and father, and a faithful friend, be it therefore Resolved, that we bow in humble submission to the will of that supreme and ever-ruling Providence that did create and controls the destinies of his people so as to subserve his divine purpose and promote their spiritual good; Resolved, that we tender to the bereaved family and in a special manner to the distressed and sorrowing widow the most cordial and tender sympathies of the George's Valley Lutheran Sabbath school.

Resolved, that a copy of these resolutions be sent to that bereaved family with the assurance of our fraternal sympathies, confident that "He who is at all things well" will comfort and console them in this their sad hour of affliction, realizing that he is abundantly able and willing to supply their spiritual and temporal needs.

Resolved, that a copy of these resolutions be sent to the county papers for publication.

Carpenters are at work finishing Mr. Small's wash house.

Most of our farmers will get through husking corn this week.

STILL ANOTHER. SQUIBOD.

COBURN.

Our village has been unusually lively during the last week. On Saturday the ladies of the Luth. Mite Society gave an oyster supper and festival which was well patronized and a nice sum was realized.

On Monday evening the democrats gathered here in full force to hear the able addresses delivered by Messrs. Hall, Baker and Spangler. The meeting was to have been held in the school house, but when the time arrived it was seen that it would not hold one-half of the people and the meeting came off in front of Vonada's store. An organization was effected by electing A. R. Alexander president and several vice presidents, after which Mr. Hall was introduced. He spoke mostly of the bad effect anti-discrimination was having on the business interests of the country. He was followed by J. T. Baker, who kept the crowd in a good humor all the way through. Mr. Spangler made the closing speech in his usual happy mood, after which three hearty cheers were given for Black, Hall and the whole ticket.

There are several parties in this vicinity who make it a business whenever there is anything going on here or at other places to raise a disturbance and try to break things up. They never give one cent toward paying any expenses or help fix anything up, but always have the largest, most open and foulest mouth and bawl the loudest. Such was the case on Saturday evening and again on Monday evening. And, we are almost ashamed to say it, they were fellows that are old and big enough to have better common sense. It seems they lack the necessary attribute. Could they but see themselves as others see them, perhaps they would try to make men of themselves.

On Saturday last a son of Thomas Keen in running across the railroad track at our station fell and struck his head on the rail, inflicting an ugly and painful wound.

Capt. Rook and Squire Reifsnnyder were here on Monday evening and took in the meeting. The Millheim band was also out in full force. There is very little if any kicking on the ticket in this township and election will bring things right and the whole ticket will go through with an increased majority.

The Lutheran congregation here was agreeably surprised this week by a check of \$5.00 sent by A. S. Ruhl, of Rockford, Ill., as a contribution to the projected Lutheran church edifice in this place. He is the first donor heard from and the Lutherans feel very grateful to the gentleman for his generous gift.

AAARONSBURG. Our boys say the show at Bellefonte was N. G.

John C. Stover and wife, of near Fiedler, are visiting friends in Ohio.

Rev. Deitzler and wife are off to Snyder Co., visiting their former parishioners.

Jesse Wert and Frank Weaver took in Forepaugh at Lock Haven last week. Of course they were humbugged there all the same.

There were no bidders at H. H. Weaver's cattle sale on last Saturday. Therefore there were no sales made. Henry thinks his cattle are too precious to give away.

The Aronsburg Luth. S. S. donated \$10 to the Charleston sufferers, especially to those of the Luth. faith.

Dr. C. S. Musser was the first recipient of a letter under the special delivery system adopted here quite lately.

The old Fowler place, except several hundred acres of woodland was sold last week for \$1800, a Mr. Parker was the purchaser. E. Burd & W. Harter the owners made the sale.

REBERSBURG. Mrs. Blair and Mrs. Erhart, of Millheim, are at present visiting relatives in this vicinity.

Miss Irene Bierly left on last Friday for Dakota, where her brother Lyman is engaged in teaching.

Last week four school houses in this township were furnished with patent desks and other new furniture. This was much needed, especially in Gramley's school house, where the jack-knife of the mischievous schoolboy had played sad havoc with the old desks.

Landlord Moyer raised a radish which weighs 1 1/2 pounds. It is on exhibition at Lose's store. Who can beat Dave in the radish line?

Wm. Kreamer sold three fine horses to Smith & Co., of Lock Haven, one day last week.

Newton Brumgard is the owner of a colt, one year and five months old, which tips the scales at 1025 pounds. It is Percheron stock.

Rev. Basom, (Ev.) is at present holding a protracted meeting at Wolf's church, near Wolf's store, and has decided success.

The Miller family, the members of which are all of the feminine sex, became greatly alarmed one day last week at what they supposed to be a snake. Col. Strohecker, their nearest neighbor, was called upon for assistance, and the boardwalk was tore up for several rods. At last a small pine squirrel jumped from his hiding place and the Col. walked home mumbling something in his beard that sounded very much like latin. The boardwalk has been rebuilt and piny left for other quarters.

On Wednesday last a party of our young folks who had intended to take in Forepaugh's show at Lock Haven, were very much disappointed because the back failed to take them. John Gramley and Geo. Guistwie however were not to be beat out and they went and had a fine time.

They say it was a pleasure to listen to the open air concert which some of our Madisonburg violinists gave at our hotel the other evening. But boys who call around again don't forget to get the Rebersburg correspondent to the JOURNAL, as this is also familiar with the Bible and bow.

The other afternoon Philip Hubler, assisted by his little son aged six years gathered and hauled 290 bushels of corn. That's what Philip said and I guess well have to take his word for it.

TAKE SIMMONS LIVER REGULATOR. For all Diseases of the Liver, Kidneys, Stomach and Spleen.

This purely vegetable preparation, now so celebrated as a Family Medicine, originated in the South in 1838. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best prophylactic medicine, whatever the sickness may prove to be. In all common diseases it will, unassisted by any other medicine, effect a speedy cure.

No loss of time, no interruption of business while taking the Regulator. Children complaining of Colic, Headache, or Sick Stomach, a teaspoonful or more will give relief.

If taken occasionally by patients exposed to MALARIA, it will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would do so much good. It acts promptly and effectively moves the Liver to action, and at the same time aids in the weakening of the digestive and assimilative powers of the system. L. M. HINTON, M. D., Washington, Ark.
