—Shame on Millheim's three best citizens! —The property of the late Samuel Weiser, Sr., in this place, consisting of two dwelling houses and a blacksmith shop on Main street and two valuable building lots on Penn street were not disposed of at last Saturday's sale, the bids having been too low. —Geo. L. Springer, the junior barber of our town last week took a wife unto himself. Miss Jennie H. Schreffler is the happy bride and they were married in one of the eastern counties, at least we noticed in the Sunbury Democrat that George procured his license from the Recorder of Northumberland county. We offer our congratulations to the young couple.

REAPER DEATH.—Mrs. Meyer, of Haines township, the widow of Samuel H. Meyer, who several years ago resided in this place and had charge of D. A. Musser's brick mill, followed her husband to eternity on Monday morning. The lady had been a subject of that dread disease, consumption, for several years and it finally ended her life. Shortly after her husband's death which occurred about five years ago, the lady removed to Aaronsburg, where she took charge of the toll gate. On account of bad health she had to give up her place there. Mrs. Meyer was much respected by all who knew her as a kind and gentle woman and a faithful Christian. She leaves one son, Ammon, who sadly mourns the death of his beloved mother. The remains were buried at Woodward yesterday forenoon.

—Captain Mitchell, of the bark Antoinette Sala, New York and Havana trade, came home in May, entirely helpless with rheumatism. He went to the mountains, but receiving no benefit, at his wife's request began to take Hood's Sarsaparilla. He immediately began to improve; in two months his rheumatism was all gone, and he sailed in command of his vessel a well man. Hood's Sarsaparilla will help you. Sold by druggists.

—The convention to be held in the old Reformed church at Aaronsburg under the auspices of the Ref. Ladies' Mite Society during the first week of February promises to be a grand success. Prof. William Meyer, of the Freeburg Musical College will be in charge of it as instructor. The services of Mrs. Noah Corman, of Rebersburg, are secured as organist. Prof. A. N. Bierly and Lowell Meyer and other singers throughout the country have signified their intention to be in attendance.

ANOTHER GONE.—Sebastian Musser, a widely-known old gentleman, and for years a resident of Penn township, departed this life on Sunday morning. Deceased had been ailing for the last few years with complaints incident to old age. Several grown children, all married, survive him and a large circle of relatives join them as mourners. The funeral took place from his late residence on Tuesday forenoon, when the remains were buried in Paradise Cemetery, Rev. Shambach officiating.

—Our town council have passed an ordinance granting the right of way to the Central Pennsylvania Telephone and Supply Co. The ordinance will be printed in bill form and posted throughout the town. The ordinance provides that the poles and lines shall be erected so as to cause as little damage and injury to the principal streets as possible, and shall be safe, substantial and made in a workmanlike manner. The ordinance is entirely in place but should have been passed more than a year ago. As this is "better late than never."

—Our former townsman, A. O. Deininger, who is at present engaged in the manufacture of cigars at Clarkstown, Lycoming county was kind enough to remember the writer on Christmas with a box of splendid cigars of his own make. Of course we enjoyed them hugely and return our best thanks. If we are a judge of the weed, and we think we are, we are free to say that Mr. Deininger's brands are excellent and should find ready sale. Our dealers would do well to send to him for trial boxes.

\$100 REWARD, \$100.

The readers of the JOURNAL will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known in the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength, by building up the constitution and assisting nature in doing its work. The Proprietors have so much faith in its curative powers that they offer one hundred dollars, for any case it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75 cts.

—The Bellefonte Daily News in speaking of the necessity of getting additional apparatus for fighting fires in that town says that either a fire engine or hook and ladder appliances could be put to excellent use. But in the end the Daily News man decides in favor of hooks and ladders by saying that they seem most necessary, as often fires can be controlled most easily by pulling down the walls. And then Bellefonte is fixed like Millheim was in former years—not a long ladder to be had in the whole town.

—John Crawford, of Philadelphia, arrived in town on Monday afternoon. As is natural where he came in sight of town he paid particular attention to the factory building in course of erection west of Penn street. He seems pleased with the structure and now that he is on hand in person the Knitting Mills matter will of course receive a new impetus. Jacob Alter's carpenter shop on North street has been procured to set up about ten machines for the purpose of educating a number of hand in handling the knitting machines.

—Erysipelas and obstinate ulcers, boils, carbuncles and running sores of every kind are cleansed, the poison germs destroyed and a speedy cure effected by using Darby's Prophylactic Fluid.

"I have been afflicted with the Erysipelas. Nothing would heal the sore or stop the running. I used Darby's Prophylactic Fluid and found a speedy cure. I have also tried it in several other cases and it proved effectual."—S. P. GREEN.

FIRE FIRE!—On Thursday forenoon, Jan. 6th, Lock Haven had a large fire which destroyed what is known as the Kremer block. The city postoffice was located in the block. A number of merchants were burned out and lost a large amount of goods. The total loss is estimated at \$40,000.

DESTRUCTIVE FIRE.—On Thursday night, about 12 o'clock, John J. Fisher's carriage shop at Rockville, one mile west of Rebersburg took fire and was totally destroyed, along with all the contents. Several finished sleighs, buggies, and carriages, a large amount of half-done work, several sets of the finest and most expensive tools in fact everything to be found in such a shop, was burned. The fire soon communicated to Mr. Fisher's dwelling house which stood quite close to the shops and that building as well as all the furniture in it was also laid in ashes in a very short time. All efforts to stop the work of the flames proved futile the heat being too intense to permit the near approach of the bucket brigade. We understand that Mr. Fisher and family barely escaped with their lives, some of the children being even very scantily dressed. It is said the neighbors had their hands full in saving their adjoining homes and they say that but for the snow on the house roofs it would have been impossible to check the conflagration. Most of the loss is covered by insurance.

LARGE FIRE IN BELLEFONTE.—The following account gleaned from Monday's Philadelphia Times adds another to the list of destructive conflagrations which befell our county set within two years: Fire was discovered early on Sunday morning in the basement of the Valentine Company's store in Rush's Arcade, on High street. The morning being severely cold, the firemen were unable to operate until the flames had progressed so far that they became unmanageable, resulting in the entire destruction of the building, including the Valentine store, dry goods and groceries; Dawson & Bro.'s bakery; E. L. Powers, boots and shoes; Dr. F. Kirk, drug store; W. Tripple, tailoring; Dr. Rothrocks, dental rooms; Mrs. Robinson, boarding apartment; the Keystone Gazette printing office, the armory of Company B, Fifth Regiment and the Masonic Lodge rooms. Some half a dozen families occupied apartments in the building and were among the sufferers. The arms and equipments of Company B were destroyed. The Masons had recently refitted and refurbished their rooms at an expense of \$5,000, but saved nothing. Guggenheimer's clothing, leather and fur store, in an adjoining building, was much damaged by water. The entire loss is estimated at from \$75,000 to \$100,000. The fire was incendiary.

—JUST SO. The wise and prudent man now procures a bottle of Dr. Kessler's Celebrated English Cough Medicine and keeps it in the house to be prepared for croup and whooping-cough emergencies. It never fails. It never disappoints. Instructions for treatment of croup and whooping-cough on each wrapper. Nothing like it for colds and all lung troubles. Dissatisfied buyers can have their money returned.

—When we read the last paragraph of the Coburn communication it fairly bewildered us. In fact we once thought it was Millheim the correspondent was writing about. You see dear "Vale" your sister-town, our enterprising, thriving little borough of Millheim is precisely in the same shoes and your sentiments on gossip and scandal voiced ours so minutely that we thought you stole the words out of our mouth. It is a state of affairs that will greatly disturb the peace and tranquility of any town and will create a hateful and unbrotherly spirit in the streets. In the poet's words

"He who stabs my name Would stab my person too Did not the haughty's rope Lie in the way."

However there are always two sides to a question and it is a long established fact that slanderers generally have the darkest past records themselves and their vile nature causes them to revel in the very deepest mire. They will never learn the lesson given in the scripture passage "Thou hypocrite, first cast out the beam out of thine own eye; and then shalt thou see clearly to cast out the mote out of thy brother's eye."

Most Excellent.

J. J. Atkins, Chief of Police, Knoxville, Tenn., writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for consumption; having found it to be what I claim for it, I desire to testify to its virtue. My friends to whom I have recommended it, praise it in every opportunity." Dr. King's New Discovery for Consumption is guaranteed to cure Coughs, Colds, Bronchitis, Asthma, Whooping Cough, Sore Throat, Chest and Lungs.

Some of the thermometers in town registered as low as 15 deg. below zero, during the close of last week.

Burd we are told is at present in the worst stage of typhoid fever.

We wish to announce to the Journal readers, especially those living in distant lands, that Elijah Burd has taken a see little girl boarder. Lige thinks she has come to stay. We hope she will, as we think your order has been filled to the very letter.

ANOTHER.

COBURN.

Sleighing is excellent and farmers are taking advantage of it by bringing their grain to market. The grain houses were unusually lively last week taking in and shipping grain.

On Thursday last the freight train going west jumped the track just west of the station and blocked the main track for several hours, until a wreck train arrived here and put them on the track again. The accident was caused by a broken switch rod and no more damage was done than the detention to trains.

The Evangelical meeting is still in progress but the interest seems to be dying out which should not be the case as there are many more who should feel some interest in it.

Next Sabbath will decide whether the Sunday school shall be continued or not. Officers were to have been elected last Sabbath but there were not enough older persons on hand to elect. It would be a shame should our school be closed here, when we have from 50 to 100 scholars every Sunday. It all rests with the parents now, as there is no trouble at all in getting in the children. If parents would rather have their children roaming through the woods or on the ice skating, when they could be under the good influence of the Sabbath school, then they will be held accountable and not the small children. We hope to see a good turnout next Sunday and hope the school will be kept up.

Coburn for its size has become as great a place for gossip and slander as many other places three or four times its size. Almost daily there is something new stirred up and passed from mouth to mouth until what at first was nothing is made up into something wonderful. It seems to us we have people in our midst whose chief delight is to gossip and watch their betters. They pry into all the family and business relations of their neighbors to see if they cannot find something to get up a new sensation. Now the worst about this deplorable business is that some who want to be good church members and who take an active part in church affairs are guilty of such conduct. Where, oh where is that brotherly love and charity we are taught must be shown toward each other. In stead of trying to damage and ruin the business and character of a neighbor they should be the very ones to dis such things. If these people could only learn to see their own faults, which are legion, and chief among which is to mind other people's business.

VALE.

MADISONBURG.

Daniel Holderman expects to move to near Bellefonte to work for his brother. Mr. Holderman will be missed in the church and Sunday school.

Hiram Lee, of Bellefonte, sojourned with his brother, Dr. Lee, of this place, a few days last week.

Jacob Frank is still confined to the house with sickness and is having a serious time of it.

John Rachau, Jr. will move to Mr. Fiedler's house, vacated by Mr. Holderman.

PENN HALL.

Sleighing is still improving. Mr. John Fisher and sister from Boalsburg were visiting in town last Saturday.

The protracted meeting at Green Grove is still in progress. Mr. Geo. Weaver, a brother of Prof. Jno. A. Weaver was in town last week. Rev. Yearick (Ref.) preached an interesting sermon on the "Childhood of Jesus" last Sunday evening. On account of the bad weather the audience was small.

The people in this neighborhood are preparing themselves to accommodate the host of singers which are expected to attend the convention commencing next Monday.

We are glad to say that the young lady from this place, who was away to meet her lover has again returned. Not so slow, M.— DENVER DAN.

—MUST GO. The horrible nauseous worm-seed compounds called vermifuges and worm syrups, many of them as worthless as they are obnoxious, have had their day. It's downright cruelty to compel a child to take them, when McDonald's Celebrated Worm Powders, so easy and pleasant to take that children will take them and never know a medicine is being administered, can be procured for the small sum of twenty-five cents. Any case of failure to cause expulsion where worms exist, the money promptly refunded.

Thos. Frank and family, of Aaronsburg, were visiting in our midst. Henry Keen left for Stone Valley to buy up a lot of horses.

On Tuesday a sled-load of people from this place were over to Heckman's, below Wolf's Store, to visit the unfortunate lady, who is now 30 years old and has never yet been able to walk.

Operations on J. C. Smith's timberland have stopped for the present. Charles Gutelius, of Millburg, brought Henry Keen one of the very best, neatest and costliest sleighs this season. It's a daisy, nothing like it in Pennsylvania. Charles says they put out 77 sleighs this season. JUMBO.
