Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could neither see, nor hear, nor speak; every body said he was dying of consumption. A bottle of Dr. King's New Discovery was sent him, and he bought a bottle, a bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds.

Try a bottle of this Great Discovery for Consumption free at J. Eisenhuth's.

—We wish to remind advertisers that the subscription list of the JOURNAL is constantly going up and that the paper is consequently a good advertising medium. We do not give bogus figures when asked about circulation but are willing to lay open our list for the inspection of advertisers.

—Editors who are in possession of railroad passes use them for the last time to-day. The new law causes railroad companies to stop issuing passes even to the newspaper scribbles after the first of April. Under the circumstances it is a sort of satisfaction to us to know that we never enjoyed the luxury of a railroad pass.

—Mr. Conrad Immel dropped in to see us on Monday and in conversation casually gave us the information that he recently bought the Samuel Harter farm, near the Beaver Dam school house, in Greig township, for \$50 an acre. Mr. Immel is an industrious, hardworking man, and what he has made by the sweat of his brow. But he gets there all the same.

JUST SO!—Seven out of ten you meet have a bad cold, and with coughing, hawking and snoring are about kept busy. If you are not satisfied that it is worth all you pay, the druggist will hand you back your money.

—The public sale of George Peters' factory property on North street, to take place on the 9th of next month, will afford capitalists a splendid opportunity for a good investment. It is just the site for some manufacturing establishment, as it has sufficient water power to run almost any kind of machinery all the year round and several acres of ground to erect buildings thereon. We hope some one with the means and energy will take a hold of the property and convert it into a lively business block.

LOST.—"I don't know where I can't tell when, I don't know where—something of great value to me, and for the return of which I shall be truly thankful, viz: a gold appetite."

FOUND.—"Health and strength, pure blood, an appetite like that of a wolf, regular digestion, all by taking that popular and peculiar medicine, Hood's Sarsaparilla. I want everybody to try it this season." It is sold by all druggists. One hundred doses one dollar.

THE VERDICT UNANIMOUS.

W. D. Solt, Druggist, Biggs, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of 18 years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I ever handled in my 25 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at J. Eisenhuth's drugstore.

—Thos. Buck, of Selingsgrove, a brother of our townsman, J. W. Buck, was here a few days on a visit, and was serenaded by the band one evening last week.

—J. C. Harper, Esq., of Bellefonte, was in town on a flying visit to friends. He popped into the JOURNAL office for a few moments to say how you do and good bye almost in one breath.

—Sam. Weiser, the tinner, seems to sail under an unlucky star. Yesterday forenoon, while cutting a piece of tin, he got the index finger of his left hand under the hinge shears, and cut a large slice of the flesh off. If Sam don't stop cutting around his fingers he will have nothing left but stumps. As may be expected the wound is painful.

—The Reformed Ladies' Mite Society of Aaronsburg will hold an entertainment in the old church at that place on Saturday evening, April 9th. Special efforts are being made to prepare a programme that will be entertaining to all. Admission 10 cts. Children under 15 years half price. Proceeds for the benefit of the church.

—If there is one thing above all others that needs to be broken up in this town it is the abominable fashion of young men to stand in front of the church doors to wait on their best girls, thus forming a double line through which church goers must run the gauntlet. The new boro' ordinance fixes that matter to perfection.

—Miss Kate Musser, daughter of M. M. Musser, of Aaronsburg, circulated in town one day last week, for the purpose of raising a class of pupils in instrumental music. We have not heard what success the lady met, but know that she is fully capable to give instructions in the art of music and hope she will get a large class.

—For scrofula, erysipelas, tetter, salt rheum, skin diseases, humors, swellings, tumors, boils, ulcers, head, ringworm, bites and all blood disorders, no remedy ever devised equals in efficacy and power McDonald's Great Blood Purifier or Sarsaparillian Alternative. Warranted.

—J. D. Loe's new house on Penn street is nearly completed and he expects to move in about next week. This makes the third dwelling which James has erected on that street. The first two he sold and when the tires of the one he is building now he'll sell again and put up another one. Not a bad way to build up a town.

—Mrs. Brennen, of DuBois, has obtained judgement to the amount of \$120 against that borough for injuries received from a fall on a defective sidewalk. There are several boardwalks in the town which are in a similar condition. It is a disgrace to the borough and our council should take a warning from the above statement and take time by the forelock.

—Says neighbor Smith: "My little girl was pale and sickly, frequently losing flesh, appetite variable and sleep much disturbed. Her condition was becoming alarming. Was advised by a friend to try McDonald's Celebrated Worm Powders. Administered three and she expelled the enormous number of 132 worms." Neighbor Smith now thinks McDonald's Worm Powders are the greatest vermin-killers in existence.

—If we ever heard a real out and out stirring sermon it was that preached by Rev. Deitzler, in the Lutheran church last Sunday evening. He took his text from the 5th chapter of Matthew—20th verse and in his discourse worked out the forcible and fitting points in the most effective manner. His congregation could hardly help to be benefited by his remarks.

A CLEVER SET.—John M. Road, the stonemason, is well pleased with Messrs. Jun. Harter, Clayton Duck, Abe King and Geo. Rupp, who volunteered to haul the lumber for his new house on Water street free of charge, and he desires us to publicly express his thanks to these gentlemen for their generosity. Nothing like having friends in the hour of need.

—The meeting of the General Council of the Aaronsburg Lutheran church, which took place in the Luth. church on Penn street last Saturday was favored by bright and lovely weather, and the attendance was consequently large. We were unable to attend personally but are told that the programme was gone through with in a highly satisfactory manner and that the addresses were able and interesting.

A BOOM FOR HOWARD.—A half-interest in the Howard rolling mill, owned by B. Louth, was sold to a party from Chicago for \$3,000. The new firm is to go into existence on the first of April, under the management of John Louth, son of B. Louth, who retains the remaining interest. The intention is to run four forge fires, eight puddling furnaces and a "bar mill," giving probably work to about fifty men. The mill had been idle for several years and this enterprise will put new impetus into the business of Howard borough.

—The Berwick Gazette has the following to say about W. G. Rook, the former landlord of the National, at this place:

The Cross Keys Hotel which recently passed into the hands of William G. Rook, is now thrown open to the public and everybody is invited to the parlor of this hotel and enjoy themselves. A beautiful piano and an organ occupy corners in the parlor and all are at liberty to go there and have a good time. The hotel is lighted throughout and it now looks as though it was being occupied. Heretofore the shutters were closed after night-fall and the place presented a lonely, dismal appearance. Mr. Rook kept hotel before he came to Berwick and what he don't know about the business is useless.

—Brother Ulrich, of the Centre County Times, must have been a little absent-minded when he took notes at the wedding at Penn Hall. In his account of that event he gives the name of the bride's father as J. B. Heckman, when it should have been J. F. Heckman. We are also reliably informed that the names of the bride and groom were not Emma Heckman and Cal. Musser, but Mary Heckman and D. G. Smith. Likely the editor's mental force was some what obscured by an overdose of wedding cake.

—Following is not as big a swindle as can be perpetrated with Bohemian oats, or wire fences, but it is ingenious and the farmers ought to look out for it: Two rogues watch the papers for stray notices when one of them goes out to look for an animal. Of course the unsuspecting farmer shows the beast, and the fellow decides it is not his; then he returns to his partner and describes it minutely to him. No. 2 goes to the farmer, and after proving by a thorough description that he is the owner of the animal, says he cannot take it away and offers to sell it at a bargain. The farmer buys it. And in a few days the rightful owner comes along and claims the animal, and of course the farmer is out just so much.

FOUND GUILTY.—The Union County Court just got through with a special term in which a case of burglary certified from Columbia county was tried.

The defendant was Dan P. Swartz, a member of the Legislature, who is charged with having feloniously broken and entered the house of Elizabeth Jackson, of Berwick on the night of August 25th, 1885, with intent to rob and carry away about \$1000 worth of silverware. The case was hotly contested and created unusual interest. The commonwealth's chief witness was Charles Holland, a detective, whose services a number of citizens of Berwick had secured to ferret out the perpetrators of several robberies. Upon hearing the testimony on both sides and being charged by Judge Barnett, the jury, composed of the usual good citizens of Union county, rendered a verdict of "Guilty in manner and form as he stands indicted."

—The auditors' annual report of the financial doings of the council and the overseers of the poor of Millheim borough appears on our second page. It will show for itself that the allegations of "Taxpayer" in last week's Reporter are incorrect, to say the least. He censures the council for extravagance, but forgets that former councils were obliged to expend much larger amounts of money for litigation, instigated by taxpayers, from which the borough derived far less benefit than from the Main street crossings. Again if "Taxpayer" has any experience in building or making improvements, and we think he has, he will know that calculations of the probable costs of such building hardly ever hold out and that when the job is finished the actual cost far exceeds his calculation. Would he call it extravagance? No, he would simply name it miscalculation and say no more about it. This is precisely the case with said crossings. They simply cost a little more than was first thought and hence the "squalling." Years ago two crossings were constructed at the same place that cost the borough nearly \$100 and all will remember what kind of crossings they were. That looked like extravagance, but "taxpayer" had nothing to say then. That was evidently an altogether different case. As we have intimated before, the office of councilman in this borough is a thankless post, and the man who had the honor (?) of serving in that capacity will testify.

—The following is an account given by the Clinton Democrat of a serious accident which happened to Mr. Lewis Dornblaser and wife, last week. The gentleman is a brother of Miss Puella Dornblaser, who is well-known to many of our readers:

Wednesday afternoon Lewis Dornblaser and wife, of near Clintondale, who were in this city buying groceries and other things, started for their home about half past two o'clock in their two horse carry-all. Everything went all right between here and the Mill Creek depot, but on their way making good time on their way to their home when, alas! just after crossing the Bald Eagle Valley road and when about half way between that and the Beech Creek track, the horses frightened at an engine coming down the Bald Eagle track, near the water tanks, and became uncontrollable. A disastrous runaway was the consequence. Mrs. Dornblaser, while her husband was attempting to manage the horses, reached for the brake to lock the wheels, thinking that might check the speed of the frightened animals, but in so doing she lost her balance and fell out of the vehicle, dislocating one of her shoulders and badly hurting herself otherwise. This happened at or near Stiver's, near the cross-roads, and the lady was picked up in an unconscious condition and carried to Mr. Stiver's house. The horses meanwhile continued on their mad career, with Mr. Dornblaser still in the wagon, until they arrived in front of the Presbyterian church in Mill Hall, where the wagon was overturned and the husband thrown out on the ground. He was picked up like his wife in an unconscious condition for the time being and carried first into Hunter's shoe store, where he was washed and cleaned up, after which he was taken into the Hunter residence, when it was found that his right arm was badly hurt, a gash cut in his upper lip, and it was feared that there was some internal injury to the right lung. After Dr. McIntyre had dressed Mrs. Dornblaser's wounds she was carried to Mr. Stiver's house, to Mr. Hunter's. The runaway team was caught in front of Shaffer's hotel, and sent on to Mr. Dornblaser's place. There was nothing broken about the carry all save the dash-board. The groceries and other articles purchased were scattered all along the road, but most of these were recovered.

A PAYING INVESTMENT.—At this season of the year our cows fail in milk, your horses become rough in coat, your pigs refuse to thrive, the hens won't lay as many eggs as they should, you will find a package or two of McDonald's Celebrated Tonic and Blood Purifying Horse and Cattle Powders judiciously administered an investment that will pay its dividends. They are positively the best Horse and Cattle Powders made. Dissatisfied buyers can have their money refunded. What other manufacturer dare make this offer.

Neighboring News.

COBURN.

News has been scarce the past week.

On Monday last the first work toward erecting a new church was begun by getting out and hauling the stones for the foundation walls. Subscription books are now in the hands of parties authorized to take subscriptions and we understand they are meeting with success. So it should be, as a nice, neat and comfortable church will be a credit to our little village.

J. F. Torbert, of Williamsport, spent Sunday last in this village.

Mrs. Geo. Bollinger and C. W. Burd have created quite a stir in our little burg with their patent washer, and it's no humbug either. We predict for them a large sale of washers in the near future.
