We would advise the H. and L. boys to waken up and attend to business, or else dissolve their organization and give the truck into the charge of the citizens. —I RECOMMEND Dr. Kennedy's Favorite remedy for Gravel. It cured me.—S. J. McCormick, U. S. Dep. Mineral Surveyor, Bliss Station, Idaho. My head and face was a mass of purification. Dr. Kennedy's Favorite Remedy purified my blood and I am now well.—J. A. Parker, Sunderlinville, Pa. Price \$1. Send 2-cent stamp to Dr. Kennedy, Rondout, N. Y., for book on Kidney, Liver and Blood disorders. Mention this paper. 15 ct. —Prof. E. J. Wolf, D. D., of Gettysburg Seminary, H. G. Wolf, of Millburg, and William Wolf, of Centre Hall, were over to Brushvalley to pay a visit to their aged mother, a lady of about 80 years, who makes her home with her son, Commissioner Wolf. On their way from the station all of them stopped several hours with their sister, Mrs. Sarah Zeigler, on Penn street. Prof. E. H. Wolf was accompanied by a little son of Prof. Bickley, also of Gettysburg college. —FATAL WORK OF A LOADED REVOLVER.—On last Sunday afternoon a shooting accident occurred on the premises of Samuel Marder, on Sugar Valley mountain, about three miles north of Logansville, which resulted in the instant death of his 13-year-old boy. The victim and his younger brother, aged 11 years, in the absence of their parents, got hold of their father's revolver, and after an examination concluded that it was not loaded. They began playing "Indian" around the yard, the smaller chasing the larger brother with the cocked revolver. He pulled the trigger several times, when at last the single cartridge which he stuck in one of the chambers, unknown to the children, discharged, the bullet entering the older boy's back and penetrating his heart, with the above sad result. —"YOU KNOW HOW IT IS YOURSELF.—There is not a particle of doubt but you have to this day a vivid recollection of the horrible, nauseating doses of wormseed tea or syrups forced down your throat twenty years ago by an over-sollicitious aunt or grandmother who pronounced your case worms. You will be able to appreciate a vermifuge like McDonald's Celebrated Worm Powders. The most effectual and reliable worm destroyer of the age. So easy and pleasant to take the patient will never know a medicine is being administered. Money refunded to dissatisfied buyers. JOHNSTON, HOLLOWAY & CO., Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa. —The house situate near D. A. Musser's saw mill, in the Gap above the toll gate, had a narrow escape from being destroyed by fire last Saturday evening. The building is occupied by a Mr. Ertle, whose children were left alone in the room while he attended to some work outside. They got to playing with the fire in the stove and one of them threw a burning piece of wood in the woodbox, which contained some kindling. In a short time the box was on fire, the flames striking up to the ceiling. But for the providential appearance of Mr. Greninger, the undertaker from Brush Valley, who passed the house on his way to this town, the premises would have been laid in ashes. As it was, the gentleman jumped from his buggy, grabbed a bucket and extinguished the flames, thus saving the property and probably the lives of the children. —Renews Her Youth. Mrs. Phoebe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness all my life, could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own house work. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Miss Emma Edmonds will teach a term of subscription school in one of the rooms in the Academy building. Will open next Monday. There is nothing like keeping on good terms with your better half. No doubt the girls think so about the time ice cream season opens. Isn't that so, Sam? Miss Nora Bower, daughter of Chas Bower, southeast of town, and a Mr. Bailey, of above Millheim, were married by Rev. Deitzler, on last Sunday evening. By the report of the secretary of the Lutheran Sunday school of this place, that school must be growing in numbers. They have enrolled 180 members and an average attendance of 105 during the past year. ANOTHER.

REBERSBURG.

William Bierly, manufacturer of cigars, left town and moved his machinery to Kreamersville where he will carry on the business in the future. Mrs. Clara Meyer, who seems to be subject to heart disease, was overtaken by an attack one day last week, while at home alone, the men being at work in the woods. She was almost helpless, but managed to reach the bell in the yard, which she could only tap a few times. Fortunately this feeble alarm was heard by John Breon, who was sowing clover seed in an adjoining field and who at once came to render assistance, and to call the other men. Glad to state that at this writing the lady is able to be about again. Two of Jared Snook's boys, of Millheim, spent Easter here with relations. Austin Gramley and Mr. Shultz erected their lime stacks last week. Forest Letzler paid this his former home a visit. He had a lot of fine watches along for sale. Geo. Brechbill gave several of the stables around here an overhauling and the buildings present a much better appearance. He tied the team to a post and proceeded to go after his business. During that time the horses took fright at something, tore loose and started for home on a dead run. Nothing was broken, nor were the horses hurt and they arrived in town as safely as if the driver had been on the wagon. Some of the farmers commenced plowing last week. NANOD.

John Welch, who for the last year kept bachelor's hall at Spring Mills, has moved back to this town again. Geo. F. Mark opened school with about twenty scholars. Judging by the errors in last week's report of the re-organization of the Lutheran (Sunday) school in this place, the correspondent of the Centre County Times can't be an attendant of that school, viz: S. J. Henry, Supl. (should be S. J. Herig); D. G. Lee, Librarian (nobody with that name around here); J. W. Hartges, (should be Ivy Bartges). D. J. Musser has his lime kiln in operation now. Those who were to the county seat on business last week were J. C. Condo, Jno. Smith, N. S. Weaver, C. F. Musser and D. G. G. Smith. The boys talk of reorganizing the base ball club.
