

GOVERNOR BEAVER sent in his first veto on Monday. He returned house bill No. 3, the Bullit bill amendment, without his signature and the house sustained the veto unanimously.

FIRST ASSISTANT POSTMASTER General Stevenson is confined to bed with an abscess in the inner cavity of his right ear, which will disable him for official duties for several weeks to come.

WOMAN'S SUFFRAGE seems to have a number of admirers in Pennsylvania's Senate. On last Wednesday a resolution to submit an amendment to the constitution granting the right of suffrage to women was adopted in that body, with 27 yeas against 16 nays.

WHAT A CALAMITY! Cleveland is making so many enemies among the democrats, so say some of the Republican papers, that he hasn't the ghost of a chance for re-election. How thankful we are for their sympathy and how easing it is to our aching hearts.

R. S. MENAMIN, of Philadelphia, publisher of the *Printer's Circular*, died on Tuesday evening. For fifteen years he was secretary of the Pennsylvania editorial association, and was its president in 1884. The newspaper fraternity loses a well and favorably known member by his death.

TAX BILL amending the act of 1834, giving assessors two dollars a day, passed the lower house of representatives finally last Tuesday morning. Also the mercantile appraisers bill and the bill requiring a brand upon all goods, wares, &c. made for sale by convict or other labor in any penitentiary, reform school, &c.

In speaking to a reporter about the next presidential campaign Mr. Cleveland said that as far as his renomination is concerned the matter has cost him very little thought. His time was entirely taken up with present duties which he strives to perform in such a manner that his successor will have to contend with no difficulties whatever. In his opinion it is the duty of his party to nominate the best man, in other words one who is best able to defend the rights of the people. Sound talk, that is.

CONGRESSMAN SCOTT, of Erie is said by the *Burlington (N. J.) Gazette* to be willing to bet \$50,000 that President Cleveland will be renominated without serious opposition and re-elected at the proper time. Furthermore, he is said to be willing to wager a similar sum that the Republican party will make no Presidential nominations after 1892. The theory upon which the last wager is to be laid is that another defeat will disintegrate the Republican party, which Charles Wolfe insists is held together now only by the hope of a victory in 1888.

TRUE, the interstate commerce law is a very complicated piece of legislation and therefore causes much embarrassment in some of the commercial channels of the country, but the assertion that it will go to pieces is altogether too premature. While the benefits which are claimed to result from the law can hardly be noticed in the infancy we have not the least doubt that the commission which has the execution of the measure in hands, and which consists of some of the ablest legal element in the land, will soon straighten out the tangles and things will move smoothly enough in due time.

AS ARBOR DAY is coming every man, woman and child in Pennsylvania should get a young tree, a sapling, a shrub, or a seed to plant on his or her grounds. There are so many reasons, says the *Philadelphia Times*, why the forests should be renewed as to furnish at least one that will appeal to every person. Rainfall and water supply; floods and droughts, public health and agriculture, the growth of the lumber demand and the decrease of the lumber supply, and last, but by no means least, the important influence of the beautiful in nature as an educator and refiner of the individual, unite in suggesting the universal observance of this new spring festival.

THE FARMER who would be independent in his old age, or who would leave more valuable inheritance to his children than he could now do, can have his wish by planting a lot full of such valuable trees as the walnut and others that bring high prices in the lumber market. The man who has a country house which he may some day sell, will add to its value by surrounding it with the means of shade and fruit. There are few better permanent investments than well selected trees. Let every one prepare for Arbor Day.

Mutilated Notes.

A Ruling by the Treasury Department which is of interest to Bankers.

WASHINGTON, April 15.—There was received at the United States treasury for redemption a package of perfectly new United States notes of small denomination to the amount of 1,000, which were mutilated by having a hole punched through them, through which a cord had been passed and then sealed on the outside of the wrapper. The package was sent to Washington by express by a national bank in Texas. The mutilation was very evidently intended as an additional safeguard in the transportation of the notes. This is said to be the practice of many of the southern express companies in the transportation of money to the treasury for redemption, but the present is the first instance where new uninjured notes have been treated in this way. It is not known whether these particular notes were mutilated by the bank or by the express company, but it is thought at the department that it was done by the bank to secure exchange on New York at the expense of the government. Acting Treasurer Wheelpley refused to receive the notes and directed their return to the bank at its expense, with a statement that such mutilation is considered a violation of law and will not be permitted by the department.

The Pope Favors the Knights of Labor.

NEW YORK, April 18.—The *Catholic News* of this city to-day received the following cable dispatch from Rome concerning the Pope and the Knights of Labor:

"ROME, April 18.—The Pope decided questions of the Knights of Labor in favor of that organization. This decision will stand so long as the present method pursued in furthering their aims prevails. The document of Cardinal Gibbons has been indorsed. The Pope further decides that in Canada, where a mandament had been issued against the Knights, the members of the order will receive absolution on promise of obedience to future decisions of the Holy See. If the Knights identify themselves with theories now being disseminated by certain agitators this decision in their favor will be revoked."

THE STATE LEGISLATURE.

THE HOUSE AGREES TO WIND UP ITS SESSION ON MAY 19.

HARRISBURG, April 18.—The entire session of the Senate to-night was devoted to the first reading of various bills. The House adopted the report of the committee of ways and means amending the Senate concurrent resolution for final adjournment on May 5, changing the date to May 19.

The Interstate Commerce Secretaryship.

OMAHA, Neb., April 15.—S. B. Jones, assistance general passenger agent of the Union Pacific railroad, has been offered the secretaryship of the interstate commerce commission. He will probably accept.

WASHINGTON LETTER.

(From our regular correspondent.) **WASHINGTON, April 18, 1887.** A close observer of the dietetic habits of the Cabinet has discovered, and given to the world the result of his researches, that the only total abstainer who sits at Mr. Cleveland's Council Board is Attorney General Garland. He also discovered that Secretary Whitney's liquor bills were very large owing to his liberal hospitality. If anything were needed, however, to demonstrate the leaning of the President towards the temperance cause, it is only necessary to point to the recent example set in this respect by the mistress of the White House, who without the least trace of fanaticism or intolerance, occupies the position that the drinking of intoxicating liquors is neither a proper thing to do nor encourage. It will be remembered that when at the Diplomatic State dinner the customary seven or eight wines were served as usual to the guests, Mrs. Cleveland took only water. Mrs. Cleveland's interesting personality continues to afford much material for the gossips and the press. Her most trivial saying and doing, and many things which she has never said or done, are constantly printed. She is now enjoying a season of quiet retirement and rest at the President's country place, "Oak View", and has not been at the White House for a fortnight. The novel proposition has been made that all the ladies who have presided as hostess of the Executive Mansion make arrangements for a meeting and reception in Washington. All the former Presidents have passed away, but there are still living eleven ladies who have occupied the position of first lady of the land. These are the widow of President Tyler and Mrs. Semple, his step daughter, now an inmate of the Louise Home in this city, who, during the period between her own mother's death and the second marriage of her father, was the head of his household at the White House. Then there are the widow of President Polk, and Mr. Johnson, the niece of President Buchanan, who was for four years the mistress of the Mansion; Mrs. Patterson, the daughter of President Johnson; Mrs. Grant, who had the position for eight years; Mrs. Hayes, who had it only six months; Mrs. McElroy, the last President Arthur's sister, who was lady of the White House during part of each of the three years of his term; Miss Rose Cleveland, who resigned fifteen months, and lastly, the young wife of the President.

Rheumatism and Neuralgia cured in

The Indiana Chemical Co. have discovered a compound which acts with truly marvelous rapidity in the cure of Rheumatism and Neuralgia. We guarantee to cure any and every case of acute Inflammatory Rheumatism and Neuralgia in 24 HOURS, and give immediate relief in chronic cases and effect a speedy cure. On receipt of 30 cents, in two easy installments, we will send to any address the prescription for this wonderful compound, which can be filled by your own druggist, at small cost. We take the precaution of giving our discovery to the public instead of putting it out as a patent medicine, it being well known that we will gladly refer you to any druggist who will give you satisfaction in any case not given. THE INDIANA CHEMICAL CO., Crawfordsville, Ind.

Miscellaneous News.

Anarchistic Emptily Showing Itself.

NEW YORK, April 17.—Three fires have been started in and about the building of the *New Yorker Zeitung*. The last taking place early this morning and damaging the building and contents to an extent of \$16,000. There is suspicion that the fires are the result of anarchistic emity, developed through incendiaries.

Killed by too Much Hard Cider.

LANCASTER, April 17.—John Groh, an employe of the Holloway Works at Marietta, and a party of friends drank a large quantity of hard cider last night and Groh was subsequently found lying in front of the Railroad House unconscious. He was carried into the house, but died in a short time from paralysis of the brain, caused by the large amount of cider he had drunk. He leaves a wife and two children.

Good Results in Every Case.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so, and was entirely cured by two of the bottles. Since that time he has used it in his family for all Coughs and Colds with the result that the expectoration of thousands whose lives have been saved by this Wonderful Discovery. Trial Bottles free at J. Eisenhuth's Drug Store.

A Very Foolish Act.

ERIE, Pa., April 18.—A party of young men on the New York ship Michigan started out on a fishing and gunning expedition in the country yesterday. Their horse grew balky, and Joseph Frick, who is "Jack of the Dust" on the ship, used his gun to persuade the animal to go ahead. The horse kicked, causing the gun to be discharged. The charge took effect in Frick's arm and shoulder, lacerating the limb so frightfully that it had to be amputated at the joint. He cannot survive.

Ho Said He Would Shoot.

Special to the Altoona Tribune. **PHILIPSBURG, Pa., April 17.**—While a boy named Hay aged about 8 years, was walking down street yesterday a lad named Kline aged 10 years pulled a revolver out of his pocket and said, "I'll shoot you," and shot away in the head. The wound is not considered fatal but should it so prove Kline will in all probability be sent up for awhile. He had two revolvers on his person, a 22 and 32 calibre, that he had taken from a trunk at home and belonged to an older brother.

Three Miners Burned to Death.

CONNELLSVILLE, April 17.—The upper pit of the Davidson Coke Works, this place, caught fire yesterday afternoon and imprisoned three miners, all of whom are now believed to be dead. Their names are: Paul Nagle, William Roder and Shannan. The fire started in a small air shaft, near the entrance, and spread rapidly to the mine. The miners were quickly notified, and all escaped but the three men named. The mine is still burning, and all efforts to extinguish the flames have so far been fruitless. The imprisoned miners are all married men with families. The origin of the fire is unknown.

A Premature Explosion.

FIVE MEN KILLED AND SIX INJURED, NONE OF THE LATTER FATALLY. **BUENA VISTA, Col., April 12.**—At 5 o'clock last night a premature blast killed six men and wounded seven others at the camp of Kyner, Hibe & Bernard. The men were working in the 60-foot cut on the Midland grade, near Buena Vista. A 20-foot hole had been put down to blow off the face of the cut, and sprung with 26 kegs of black gunt powder. The foreman was loaded the charge, and when he had filled in ten kegs the charge prematurely exploded, throwing masses of rock into the cut where thirteen men were working, instantly killing six and wounding the others.

PETERSON'S MAGAZINE for May is on hand with its usual promptitude. Decidedly, so far, "Peterson" for 1887 has surpassed itself. If it go on as it has begun, this will be its jubilee-year in point of merit. This month's double-sized colored fashion-plate will be greeted with extra eagerness by the ladies, as it contains several Parisian costumes which novel in design, and as graceful as they are original. The steel-engraving is a beauty, and the crochet and embroidery patterns are very fresh and taking. The stories too, exceptionally good; "The Missing Link" is one of the best short tales we have read in a great while. In fact, the number is just a mass of good things from cover to cover; artistic beauty, literary interest, and household utility are so well combined, that there is ample choice for every taste, and a certainty of pleasing the most fastidious. Terms Two Dollars a year, with great reductions to clubs. Address PETERSON'S MAGAZINE, 306 Chestnut Street Philadelphia, Pa.

—Now that sudden and violent changes of weather occur every twenty four hours, almost everyone has a troublesome cold, which if neglected, may produce results that may trouble you for the remainder of your life. Dr. Kessler's Celebrated English Cough Medicine is especially deserving praise in this class of complaints. It never fails! It never disappoints! Instructions for treatment of croup and whooping-cough also accompany each bottle. Every family, especially where there are children, should have a bottle. Dissatisfied buyers can have their money refunded. **JOHNSTON, HOLLOWAY & CO.**, Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

A Druggist's Verdict—W. E. George, one of the principal druggists of Philadelphia, Pa., writes:

"Dear Sir:—One of the most prominent citizens of our city and a gentleman well-known and highly respected in the surrounding country, called at our store and voluntarily offered to go before a justice of the peace and testify in an affidavit to the virtue of your Blood Purifier, saying that he had used three bottles, and was now entirely cured of a distressing and long continued attack of erysipelas, after having tried a number of other remedies without receiving any noticeable benefit. Please send us one dozen by express. We never had a medicine in our store that sells so readily or gave such universal satisfaction as your Blood Purifier."

For scrofula, erysipelas, tetter, salt rheum, skin diseases, humors, sores, eruptions, pimples, blotches, swellings, tumors, boils, ulcers, scald head, ringworm, syphilis, and blood disorders, no remedy ever devised equals in power and efficacy McDonald's Great Blood Purifier or Sarsaparillian Alternative. Warranted. Seventy-five cents per bottle at all dealers in medicine. **JOHNSTON, HOLLOWAY & CO.**, Philadelphia Agents. Sold by J. Eisenhuth, Millheim, Pa.

Over a Hundred Lives Lost.

LONDON, April 7.—It is reported that an English steamer has foundered off Bonifacio, Corsica, and that 150 lives were lost.

SIX PERSONS KILLED.

Fatal Accident on the Chicago and Northwestern.

PALATINE, Ill., April 17.—While viewing the wreck of a freight train on the Chicago and Northwestern railroad, near this city to-day, six persons were killed by the bursting of a large water tank. It is supposed that the collision of the trains had jarred the immense tank containing a hundred thousand gallons of water and loosened or cracked the hoops, which gave way while a large crowd of country people were standing immediately under the structure. When it collapsed and fell it buried the people under the wreckage and water. Two boys and four men were killed outright; two other men were fatally and a number seriously injured.

An End to Bone Scraping.

Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to suffer humanity to know it. I have had a running sore on my back for several years, but my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Buerger's Arnica Salve, and my leg is now sound and well."

I Recommend Dr. Kennedy's Favorite Remedy for Gravel.

—**S. J. McCormick, U. S. Dep. Mineral Surveyor**, Bliss Station, Idaho. My head and face was a mass of purification. Dr. Kennedy's Favorite Remedy purified my blood and I am now well.—J. A. Parker, Sunderland, Pa. Price \$1. Send 2-cent stamp to Dr. Kennedy, Rondout, N. Y., for book on Kidney, Liver and Blood Disorders. Mention this paper. 15-4t

TERRIFIC STORM IN OHIO AND WEST VIRGINIA.

Walnut Grove Struck Without a Moment's Notice—Dwelling Houses Blown Down and a Number of Persons Injured.

WHEELING, W. Va., April 15.—The first genuine cyclone ever witnessed in this vicinity was experienced this afternoon and wrought devastation over a section of the country, extending from St. Clairsville, Ohio, ten miles west, to a point as far east as this city. Little damage was done here. The high hills on both sides of the river sheltering houses, but the commotion in the upper air was noticed and a few roofs were damaged, houses were leveled, trees snapped off like pipe stems, horses and cattle prostrated and carried bodily hundreds of yards by the gale, and the sky was darkened with the clouds of flying debris. The storm and its effects showed all the distinguished character of the western cyclones. No casualties to persons are reported, the funnel-shaped cloud having been seen approaching in time for families to take refuge in cellars. The loss in St. Clairsville will reach \$200,000. At Martin's Ferry 75 to 100 houses were more or less damaged, and the loss will reach \$165,000. Every few minutes news comes of additional damage in the county, and it is safe to say it will exceed millions of dollars.

MASON & HAMLIN ORGANS.

Highest Honors at all Great World's Exhibitions since 1857. 100 Medals to \$1000. For Cash, Easy Payments, or Rent. Catalogue, 49 pp., 40c. free.
