Observing the two men who were supposed to be watching in the corridor to be fast asleep he removed the lock, emerged from his cell, took the key of the outer jail docr from one of the watchman's coat pockets and was then soon at liberty. At five o'clock the two watchmen awoke to find their prisoner gone. In the cell were found a club and a file. One end of the latter was made 1ato a screw driver. With this the case over the lock was probably taken off.
