Next Monday evening will be the next regular monthly meeting of the Millheim Building and Loan Association. Since Mr. Deininger, of Centre Hall, falls to put in his periodical appearance, one is apt to forget the time of these meetings.

A lot of Men's and Women's fine shoes at Musser's shoe store this week. Dr. John F. Harter is improving part of his time in laying the curb stones in front of the M. E. church on Main street, and judging by his puffs yesterday forenoon he had been doing a heap of muscular work.

The associate editor of the Centre County Times is awfully jealous of the book and ladder boys here. The reason is that Smith is just dying to belong to a book and ladder company and can't do anything of the kind in Centre Hall.—Daily News.

We invite editor Smith to come to Millheim. He can have the book and ladder truck of this place all to himself, consider himself the company, fill all the offices and do all the work. We are quite sure nobody will object.

John Chambers, of Millinburg, who about seven years ago was a citizen of this place, made his appearance in his former home for the first time since a suitable reward. He is now a citizen of New York and as he expects to give this section a thorough canvass he will likely be with us off and on during the next few months.

For a time my life was despaired of. My trouble was with the Kidneys, Liver and Bladder—also Constipation. Finally I used Dr. Kennedy's Favorite Remedy, and in my opinion it saved my life. I make this statement to save those who suffered as I did.—A. J. Gifford, Lowell, Mass. Druggist; St. Sené 2 cent stamp to Dr. David Kennedy, Rondout, N. Y., for his book on Kidney, Liver and Blood Disorders. Mention this paper. 25-41

Rev. M. L. Deitzler has received a pressing invitation to assist in laying the corner stone for a new church building at McClure, Snyder county, in his former pastorate, on June 12th. He has accepted the invitation and will proceed to St. Paul's congregation for June 12th, 10 a. m., and at Aaronsburg 7.30 p. m. will therefore be postponed. The next regular services will be June 28th, at Aaronsburg 10 a. m., and at St. Paul at 2 p. m.

Last week's Clinton Democrat is authority for the following snake story: Sunday, while the employes of the Beech Creek construction train were clearing up a wreck near Peale, some of them strayed a short way into the woods when they suddenly found themselves near a large flat rock on which lay the sun to large rattlesnakes. They succeeded in killing nine of the snakes, and brought the rattles home for trophies.

John have you seen that woman lately? John, in astonishment: What woman? That woman picking Grapes for Speer's Wine. Just see her in another column and read about it, the wines are found by chemists to be absolutely pure and equal to the best in the world. The Board of Health in Large Cities and leading Hospitals have adopted their use where wines are needed.

Two young strangers peddling rags and tin passed through town last Thursday with a one horse conveyance on their way to Coburn, when they were overtaken by one of the thunderbolts which were a frequent occurrence on that day, filling the air with sharp electricity and heavy claps of thunder. One of these electric charges frightened their horse, which became uncontrollable and upset their wagon, breaking the shafts and otherwise damaging the vehicle. Nobody was hurt, but they had to lay over for repairs until the next day.

Large and bushy shade trees in front of private residences and along the streets are ornamental as well as useful. But when they are allowed to grow in any shape and the lower branches are but seven or eight feet above the pavement they become a nuisance and an inconvenient impediment to pedestrians. A tall gentleman wearing a silk hat or persons carrying an umbrella on a rainy day will have to dodge or else run the risk of spoiling their hat or umbrella. We have a number of such trees in this town and we suggest that the owners trim them and thus confer a favor upon the public.

The Clinton Democrat suggests to the voters of that county to elect one of the present democratic incumbents of the commissioner's office, pointing out the inconvenience which may arise from electing three entirely new men. The suggestion is a wise one and what is more, we think, would answer as well for Centre county. It stands to reason that the affairs of our board of commissioners, which have been well regulated and successfully handled during the last six years, will suffer more or less in the hands of new and inexperienced men and we repeat editor Farey's advice to retain one of the old democratic commissioners, as applicable to this county.

We want money and we want it bad. This may seem a blunt, uncompromising statement, but it is nevertheless true, and the truth might as well be admitted. And to be still more frank, we want those of our subscribers who owe us from three to five years' subscription and who have repeatedly received statements to that effect from this office, to settle up promptly. In order to give them a chance to do so with the least inconvenience we have secured the services of a collector who may call on them during the next few months and we hope they will be prepared to meet our demands. As said before we need the money to run the JOURNAL successfully and that is the reason for these straightforward remarks.

THANKS RETURNED.—My humble and sincere thanks are hereby extended to those kind hearted people of Millheim, who visited the U. B. parsonage on Tuesday evening and left a lot of groceries and eatables. Those who are member God's ambassadors in such a kind and substantial way are people who appreciate the Gospel and show clearly that they are under its hallowed influence. Not only so, but several times within the past few months have the pastor and his family been remembered in this manner by those kind people, and I wish to say to each of them, accept our warmest thanks and may your kindness to God's servants be remembered before the throne on high and cause the blessing of kind heaven to follow you forever. C. WORTMAN.

What more certain sign of real prosperity than unobscured railroads? says the Daily News. That is just what Bellefonte is now getting the benefit of, and soon can claim the site of the State Capitol, not only because of its central location, but also because it is the radiating point for the great highways of travel. Another is added to the list, the Lock Haven Democrat being informed that the Wilkesbarre and Western railroad company are now surveying a line for a railroad from Watkinsburg through Sugar and Nittany valleys to Bellefonte, with a branch from Washington Furnace to Mill Hill to connect with the Beech Creek road at that place, with a view of carrying coal from the Beech Creek coal basin to the eastern market. It is said this will be the shortest line from the Beech Creek and Snow Shoe coal fields to New York.

From last week's Centre County Times: Sunday afternoon C. F. Smith, of Centre Hill, and Miss Sadie Mitchell started on horseback en route for Howard, the home of the latter. On reaching the Fort Hill, Mr. Smith's horse stumbled and fell upon the rider, breaking one of the bones in his foot. The lady's horse frightened at the scrambling of the falling animal, leaped over a stone pile and threw the rider from a stone pile. Miss Mitchell, who is a good horse-woman, on seeing the danger ahead loosened her foot from the stirrup, but unfortunately her riding skirt caught on the saddle pommel by which she was suspended while the steed made several leaps in the air. The skirt gave way finally and the rider fell to the ground, receiving no other injury than a bruised limb, caused by a kick from the horse.

THREE EFFECTS.—The thousands of remarkable cures which have been accomplished by Hood's Sarsaparilla are due simply to three effects which this great medicine has upon those who take it: First, It purifies the blood. Second, It strengthens the system. Third, It gives healthy action to the digestive organs. With these three effects no disease can long retain its hold. It is forced to leave the system, giving place to health and strength, through the potent influence of Hood's Sarsaparilla. Sold by all druggists. Try it.

The annual statement of the receipts and expenditures of the Millheim Borough school district for the year ending June 6th is posted up and shows a balance of \$56.69 in excess of liabilities. The receipts during the year amounted to \$1579.54 while the expenses were \$1522.85, leaving a balance of \$56.69 from the duplicate of 1886 and cash on hand \$46.50. After the payment of a loan of \$100 there will be a balance of \$56.69 in the treasury. This is a creditable showing, considering the heavy item of expense for new furniture.

The school board has also made arrangements with Mr. F. A. Foreman, of Centre Hall, to teach a term of select school in this place, after harvest and has engaged the gentleman for the winter term of the grammar department. It is to be hoped that our people give the select school their hearty encouragement and support as it is just exactly what this town needed for some time. Should the work warrant it Mr. Foreman is authorized to engage an assistant teacher.

Local Correspondence. COBURN.

Coburn had quite a runaway one day last week. A team of horses belonging to Mr. Granley became frightened at the cars and tore loose from the grain house, running across the bridge and striking a wagon in front of the hotel. In front of the store they struck a buggy belonging to Mr. Seiler, using it up pretty badly. The team was caught here before doing any more damage.

Rogers and Shoop received a car load of roppers and movers from Springfield, Ohio, last Friday. The car was followed in by representatives of the Knights of Labor who circulated through the vicinity boycotting the machines and giving Royer & Shoop some trouble to get the machines out.

Beecher & Sober have brought a large tract of land along the Beech Creek R. R. and will shortly dispose of their interests here and remove there.

Rev. Auman preached for the Reformed's Sunday afternoon and Rev. Deitzler for the Lutheran's Sunday evening. The annual report of the Treasurer was read, showing an expenditure of over \$400 during the year which indicates that the Lutherans have been up and working.

The pay school will close in another week. The late rains have been making bad roads, especially so up along the creek and the turnpike from Coburn to Millheim, which is scarcely fit to travel on, let alone the privilege we have of paying 10 cents toll per trip. There is no attempt made to even keep it in repair. Occasionally an old man is put on a day or two to break up the stone that are piled in the middle of the road and then left lay until they are tramped in the mud. We venture to say that our August count will have something to say on the road question, if the proper repairs are not made before that time, as people who use the roads are becoming tired of the manner in which they are kept up. VALE.

Aaronsburg. Aaronsburg has a candidate for sheriff. Rev. Yearick (Reformed) is attending Synod of that church at Akron, Ohio. W. H. Phillips, wife and daughter are at present visiting the gentleman's parents and other relatives in Stark Co., Ohio. C. S. GREENBRIAR. The gypsies were in this neighborhood playing their usual avocation of begging, horsetrading and fortune-telling. The late heavy rains did considerable damage to corn fields, meadows, &c. However, the present outlook is for an abundance of hay.

The school house in the Getzler district is fast getting undermined by the waters of Penns Creek and one more flood would be likely to take it away altogether. Mrs. David Nease returned from her western trip last Saturday. She seems to be delighted with the west and Illinois in particular.

Mr. & Mrs. Womeldorf, of Sugar Valley, were the guests of Mr. Herb last week. There is quite a change in political talk since the announcement of Jack Emerick for Commissioner appeared in the papers.

Mr. & Mrs. Neathens and Mrs. Noll, from Zion, were the guests of Mrs. Funk, a sister of these ladies. Our genial and kind-hearted overseer of the poor is liked by all his dependents. George Charles was in our village last week with two horses. They were not exactly of perchon or canadian breed, but they were good eaters. George always has an eye for a trade.

One of the Jacobs' of this place has at last succeeded in obtaining a clear title to his land in Florida. Last Saturday evening this place was the scene of quite an interesting debate between two of our belles, each contending to have had the most beaux. ZITKA.

The creamery is running at its full capacity and is turning out gilt-edged butter quite fast. Farmers are realizing the benefit of this enterprise and are therefore anxious to sell their cream and save the trouble and work of butter making. Wm. Gray, the young man who had his limb amputated some time ago, is getting along very well. Dr. Van Valzsch is attending to his duties.

SMITH TOWN.

Wet and muddy. Wheat is blossoming and harvest is not far off. Work is progressing on the new township road leading from this point to the X roads and will soon be ready for travel.

John Kimpert planted several thousand cabbage plants. John look out for Hollow Eve. Several head of cattle are roving around in this neighborhood. It is supposed that they strayed from Brushvalley. The owner ought to be apprised of the way they got here.

Joseph Grossman's home was greatly improved by several coats of paint which his house and barn received lately. Several of Smith Town's dogs are afflicted with a disease which makes them very sick. George Toyer, John Harshberger and W. C. Duck each bought a cow from Jacob Korstetter.

Last week Wm. Royer and Clay Duck discovered a nest of white rats with red eyes under a large pine tree in Jon. Harter's woods. They say it was a novel sight. JUMBO.

REBERSBURG. Our regular correspondent "Nanod" takes a little rest this week and in his stead one of his friends furnishes the following items. Thos. Walker bought a horse from Elias Stover. Consideration \$140. Clark Granley can claim the honor of having helped to increase Mills-town's population. He is a full-fledged pap now. "Gut for der Drucker."

Geo. Wate returned home for good from Lock Haven. Austin Granley's farm buildings are completed and make an excellent appearance. John Hosterman was unfortunate in losing a valuable horse. His boy was riding the horse while fetching the cows home from the fields, when the horse fell and broke his leg. The animal had to be killed.

John Harter put on the matrimonial yoke by marrying Miss Ida Wolfe, a daughter of Commissioner Wolfe. The writer offers his hearty congratulations. Our school board held their settlement last Monday and find themselves between \$200 and \$300 in debt.

A new school house is being erected in Brunsburg's school district. The building will be a frame structure. Harry, the son of landlord Corman, is sick with quinsy. One of the board of school directors of Miles school district refuses to give C. S. Granley, our teacher, the winter school in this place. We are sorry that such is the case and hope that the rest of the board will outvote his decision.

Philip Granley and wife returned from a week's visit to Nittany, Lock Haven and Wayne station. They enjoyed their trip well. Nearly all of Wes. Snyder's horses are sick with distemper. So much for the Brushvalley Dutch.

Mrs. Mary Kline, of Marysville, Dauphin Co., is paying her father, Mr. Andrew Shaffner, of this place a visit. It would be quite a comfort to the church going people if the sextons would give ventilation a little more attention.

Mr. Middleworth and wife, and Mr. William Specht and wife, of Beaverstown, Snyder county, spent Saturday and part of Sunday with Mrs. Eisenman, the mother of Mrs. Snyder.
