ANOTHER PENSION FRAUD.

The Largest Claim Ever Allowed Based on Fraudulent Representations

ELMIRA, N. Y., June 19 .- The noted pension case of Francis Patterssn. the blind man, who a few days ago received \$13,322, appears to have been fraudulent from beginning to end. It was managed by Dr. R. N. Mills, of this city. Wilkes Miller, a resident of this place, yesterday made an affidavit before Pension Agent Galatian to the effect that Mills promised him (Miller) \$100 if he would make an affidavit before a Justice to the effect that he had known Patterson in the army, and that Patteissn then had sore eyes which resulted in blindnes. Miller says that he then went to a

nother town and impersonated a comrade of Patterson, testifying to the same thing. For this he received \$1, 000 if the pension was secured. Miller's motive for confessing the fraud is revenge on Mills, who refused to pay him as agreed, Dr. Mills is missing from Elmira and the sum of about \$8,-000 is missing also. He had a power o attorney from Patterson and went with the blind prisoner to Syracuse to draw the money. The theives knocked in a panel of the rear door, thus effecting an entrance. Holes were drilled in the safe and filled with powder, the cracks plastered with mud, and shortly afterwards a tremendous explosion occurred, blowing the door of the safe from its hinges shattering the skylight windows, and loosening the glass of the heavy French plate front. When I comn search of his ward. He found him I told him that I would die any way and that I would try your medicine. I was very bad. How I suffered for 9 years! I could hardly breathe at times. I saw Hall's Catarrh Cure advertised in the papers and commenced taking it. GRAPE WINES would have been under the ground today if it had not been for that. I have not had one bad spell of coughing since. In treathing my head feels well and I am well. It has done me a thousand dollars worth of good. There are ten of my friends, on seeing what it had done for me, taking it, and it is helping them. I only wish that every one who has catarrh, asthma and a bad cough could see me, so that I could tell them all to take it. All that know me here know how I have suffered, (I have been here since 1858.) and say to me that "I am so glad that you found something that could cure you." Everyone says, "how much better you look." The doctors say they are glad I found Hall's Catarih Cure as they could not cure me.
