Please make room for the ladies. It seems to us that the boardwalks in this borough would last a good deal longer but for that privileged animal—the town cow. It is no unfrequent sight to see a dozen of them promenade along the sidewalks every day. The soaking rain and swift wind on Tuesday afternoon laid the oats and corn flat in many fields in the southern portion of Penn township. The byroads are washed out so badly at some places that they are almost impassable. John Rishel, Esq., of Centre Hall, candidate for associate judge, was in town last Saturday to shake the hands of his democratic friends. Should Mr. Rishel be nominated and elected he will make a good-looking judge, to say the least. Rev. C. F. Deisinger, of York, Pa., in a letter to his brother, B. O. Deisinger, states that since his return home he has been falling again in health, having lost about 16 pounds. He thinks he will have to retire permanently from the ministerial work before very long. News from headquarters give the gross proceeds of the Reformed Ladies' Mite Society festival at Aaronsburg last Saturday at \$60.35, netting \$5.10. Considering that there were 45 festivals going on in this neighborhood at the same time, this was remarkably good. On Saturday Mrs. Levi Stover, of Aaronsburg, sent the writer's family a lot of delicious apples, with the donor's compliments. As apples, and especially good apples, are very scarce this season the treat was highly appreciated by the recipients, who return their best thanks to the kind lady. Notice was also given property-holders on Water street to move their fences back on the line and construct boardwalks. Mrs. Michael Frank, residing with her daughter, Mrs. Wm. Smith, on the farm southeast of town, is reported seriously ill. The lady took sick while visiting at Henry Keen's, west of town, where she is at present confined to her bed. The Millheim Nine were to be Aaronsburg last Saturday to play the boys there a game of base ball. The Millheim club came off second best, the score standing 22 to 17 in favor of Aaronsburg. It was a stinger of a day to play base ball, but our boys are anxious to gain notoriety and they certainly will if they keep on. The announcement of Henry L. Harvey, of Boggs township, candidate for commissioner, appears in this issue. Mr. Harvey is an old-liner in the Democratic party, and seems a man of ripe experience in public affairs. He is a hard working farmer and if nominated and elected proposes to take good care of the interests of that class of taxpayers. SMALL POX.—A member of my family was taken down with the small pox. I immediately commenced to use Darby's Prophylactic Fluid. It kept the atmosphere of the room pure and fresh. The patient was greatly relieved, and never for a moment delirious; and never pitted, and was about the house again in three weeks, and no others had it. James W. Parkinson, ed. "The Caterer," Phila., Pa. Democratic voters should vote generally at next Saturday's delegate election and vote for such men as are most likely to make conscientious and efficient county officers. At any rate the delegates should go to the convention in strength. There ought to be no floating vote and by instructing your delegates the evil of trading, &c. would be avoided. BAND FESTIVAL.—The Rebersburg Band will hold a festival in the school house in that town, afternoon and evening of Saturday, August 6th, 1887. Ice Cream, Candies, all kinds of Temperance Drinks, and a good Supper will be furnished at reasonable prices. Good music will heighten the pleasure of the occasion. All are invited to be present. See posters. ENLARGED STORE.—Gheen & Spigelmyer's stock of goods, as well as their trade is increasing so much that they found it necessary to make additional room in order to meet the requirements of their business. They have rented the rear part of Musser & Smith's store building for that purpose where they will open business as announced in their regular advertising local. An important element of the success of Hood's Sarsaparilla is the fact that every purchaser receives a full equivalent for his money. The familiar headline, "100 Doses One Dollar," stolen by imitators, is original with and true only of Hood's Sarsaparilla. This can easily be proven by any one who desires to test the matter. For real economy, buy only Hood's Sarsaparilla. Sold by all druggists. Jos. L. Neff, of Boggs township, announces himself in this issue as a candidate for sheriff. Mr. Neff is well-known all over the county, not only on account of his business, that of auctioneer, but because he was before the people of this county six years ago as a candidate for the same office. He is a man of striking appearance and is not easily forgotten when once seen. He expects to make a good run this time. FARMING MACHINERY FOR SALE.—The undersigned offers the following machines for sale: One eight-horse power Separator, motive power on four wheels. One eight-horse power Steam Vibrator, engine and all complete. One eight-horse power Steam Vibrator, entirely new. Having secured these machines at a bargain I can and will dispose of them at very low figures. Address or apply to F. P. VONADA, 25-4 Madisonburg, Pa. Our next door neighbor, W. N. Auman, showed us the skin of a three and a half-foot rattlesnake, which he killed on the road from Sugar Valley last Saturday, where he and W. K. Alexander had been set up a tombstone. The snake had eight rattles and showed fight at first, but with a stick Auman put an end to its existence in short order. He extracted several ounces of oil which is said to possess medical properties. The Middleburg Post says that landlord S. T. Frain, of Selinsgrove, is the prime mover in the getting up of a large Harvest Home picnic for Snyder county, which is to come off near Middleburg on the 13th instant. Special trains and six bands have already been secured and efforts are being made to have ex-Gov. Curtin for speaker. This would show that Sam. Frain still keeps things moving, as he did when he resided here. AT GHEEN & SPIGELMEYER'S.—We are opening on the 15th of August our Glass & Queensware store on Penn street in Millheim, in Musser & Smith's room, which connects with the store room at present occupied by us. To be convinced of how cheap we can and will sell all goods in these two stores you must come and see for yourselves. We are positively headquarters for all Fancy Dress Goods and Ladies' Trimmings. Dr. J. F. Hartor, the skillful cornetist and leader of the Millheim band received a handsome present from Messrs. Lyon & Healy, manufacturers and importers of band instruments, Chicago, this week. It consisted in a vocal mute for a concert Bb cornet, four very convenient music stands and a lot of folios. The firm is evidently pleased with our band and its leader for having purchased from them and paid for such a fine set of nickel-plated instruments.

John have you seen that woman lately? John, in astonishment: What woman? That woman picking Grapes for Speer's Wine. Just see her in another column and read about it, the wine are found by chemists to be absolutely pure and equal to the best in the World. The Board of Health in Large Cities and leading Hospitals have adopted their use where wines are needed. Mr. Todd, of Northumberland, the general insurance agent of the Penn Mutual Life Insurance Company, was a welcome caller at this office on Tuesday afternoon. He is also the partner of John E. Colt in an extensive store business in Northumberland. In conversation he told us that landlord T. F. Meyer, who moved to that place from Rebersburg, last spring, is doing the best business of the five hotels there, all of which the friends of that gentleman will be glad to hear. Chairman McClain gave us the desired response to our reminder in this week's JOURNAL that an excursion train should be arranged for to take our people to Bellefonte and back to Coburn next Tuesday. He writes that "excursion tickets from Coburn and intermediate points to Bellefonte and return will be sold on that day at regular excursion rates and that a special return train from Bellefonte to Coburn will be run, provided a guarantee of 50 passengers from Coburn is given." From inquiries we have made here and there we feel sure that the required number of passengers, and perhaps more can be counted upon. If any one thing has been oftener and more forcibly pressed upon public attention through the newspapers than another it is the fact that the most unsafe place a person can seek for refuge during a thunder storm is the shelter of a tree. It is the place most persons seek when storm driven, and more persons have been killed by lightning while there than in any other place. Most people know this, but still they rush upon their destruction with a promptness that is simply unaccountable. Already this season many deaths have been reported of persons who have sought such shelter, and the list will no doubt be much longer before the summer is over.—E. It wasn't Mary's little lamb that came to Miss McElroy's school room last Monday, but it created lots of excitement among her scholars all the same. A flock of lambs was being driven through Penn street, when, for some reason the drove scattered in all directions and one of the lambs made its way through an opening in the school yard fence, ran up to the open school room door and proceeded up to the platform. There was a sudden rise in the position of the female scholars some taking refuge from the imaginary enemy on top of their desks. Two of the brave boys were deputized to eject the intruder and after some time the teacher succeeded in restoring the usual quietness of her school room. CLOSE ESCAPE.—On Monday afternoon as the eastbound train neared Lemont, David Blair and family, of that place, met with an accident that might have cost their lives. They were driving home in a two-horse spring wagon and had just passed over the railroad crossing on the other side of Lemont, when Blair's horses took fright and made a sudden jump to the side of the road, running the wagon against the fence and hurling the driver out on his head. He struck a stone pile and received a large gash in his head and was severely bruised otherwise. The horse succeeded in breaking away from the wagon and Mrs. Blair and the two children who had all this time kept their seats escaped without a hurt. The train stopped and returned to the scene of the accident. Mr. Blair was picked up unconscious and put on the train to be taken home to Lemont. His injuries when examined closely by a physician were found not to be dangerous, but painful, and he can be very thankful that he and his family had such a miraculous escape. The committee on the Patrons' Picnic and Exhibition of Centre county, to be held on top of Nittany Mountain, near Centre Hall, September 14 and 15, is pushing it very vigorously, and now promises to be a grand affair surpassing anything of the kind ever held in the county. Arrangements for tents have already been fully completed, and the committee is now ready to furnish any number of them wanted and to all persons applying. Nearly all the Grangers have already engaged tents besides many private individuals, and all other applications should be made as soon as possible. Arrangements have also been completed with the Gettysburg railroad company to give stereoscopic exhibitions of the views of the Gettysburg battle field on large canvases. These exhibitions will be given two nights free of charge, along with many other novel and interesting scenes under the management of Messrs. Bartond & Long. It is a marvel how the Patrons of our county are able to give such an interesting exhibition free of charge, as they are usually accompanied with heavy expense. The majority of our manufacturers and dealers in agricultural implements have engaged space for the exhibition of their wares and implements, and no doubt there will be many more applications before the Exhibition opens. An effort is being made to secure an exhibition of thorough-bred horses and cattle. Those who desire to take advantage of this feature should make application early in order to enable the committee to provide accommodation. Hay, straw etc. will be furnished exhibitors of stock at a nominal price. The camp arrangements, under the supervision of proper officers, will be most complete. Stoves will be provided for cooking purposes for those wishing to board on the ground. A coffee house restaurant and refreshment stand will serve the public so there will be nothing wanting for the comforts of those attending the Picnic and Exhibition. Those desiring to tent on the ground should provide themselves with blankets and wraps for protection at night. Application will be made to the court for the appointment of police force. None but licensed horses will be allowed on or within one mile of the ground. Applications for restaurants, refreshment stands, boarding houses, etc., should be made to Messrs. Booser & Brisel, Centre Hall, who will act as the committee of this department and will oblige and accommodate all. For exhibition privileges, tents, etc., apply to Hon. Leobard Rhoads.

AARONSBURG. Changeable weather. The festival of the Ref. Mite Society took its absolute 87th last Saturday afternoon and evening. Miss Lulu Kurtz and her brother Newton, from Millheim, Pa., accompanied by their cousin, Miss Martie Foster, of Harrisburg, Pa., were up on Saturday and Sunday. There was another game of baseball on last Saturday between the Millheim and Aaronsburg boys. The latter came off victorious, but by very close shaving. Absolom Acker and wife, from near Lewisburg, are here visiting the gentleman's mother, Mrs. David Acker. Johnny DeHass, formerly of the Pine Creek Mills, now of Bald Eagle Valley, who has put in his harvest and haying season among our Haines township farmers, returned to his home on last Tuesday. Turb Kremer has gone to Bellefonte to work at the carpenter trade. Several of our young mechanics have found employment there. Mrs. Dornier and daughter, from Quakertown, Pa., are here visiting their relatives and friends. ANOTHER. WOODWARD. Gus, Neidig has purchased a new steam thrasher. Thomas Weaver is absent in Millin county. Kirk Kleckner has moved with his family to Pine Creek Hollow where he is engaged taking out timber for J. B. Barner. Grandmother Showalter is visiting friends here. Shoemaker Haines has rented the Yonda property, immediately this side of the Narrows. This will be a convenience to those residing in that part of the village. Quite a number of our community took in the tub race at Coburn. ARGENT. GREENBRIAR. The other day while William Hoover was out for whortleberries he saw and killed a rattlesnake with twelve rattles. Mr. Daniel Getzel bought a four-year old mare at a horse sale in Lewisburg last week. She stands 16 hands high, weighs 1000 pounds and has a pedigree unequalled in these parts. A. A. Loss paid his friends in this place a visit last week. Mr. Levi Spigelmyer, whose sickness was reported sometime ago is able to be about again, though not in a condition yet to attend to his work. Miss Cora Gettig, of Spring Mills, was visiting friends in this place Saturday and Sunday. Come again. Again the dogs made sad havoc among the sheep, badly damaging the flock of Jacob Saunders and others. These same dogs have been at this work all summer and it were about time to feed them to powder and ball. The festival at Coburn must have been a success. 42 conveyances passed through here on their way to Coburn last Saturday evening. The road along the creek and through this place is becoming a favorite drive for young folks. W. H. Ertel and wife spent Sunday in Sprucevton. On last Monday evening a large crowd witnessed Mr. Sobel's wonderful double trap feat. It consisted of shooting at two metal targets being thrown into the air in opposite directions. Mr. S. shoots the one to pieces and hits the other before it reaches the ground. He claims to be the only man in the world who can perform this feat successfully. ZITZKA. SPRING MILLS. Rev. L. K. Evans and family, of Pottsville, Pa., are visiting his father, James G. Evans, of this place. Mrs. Charles Miller has gone to Lock Haven to visit sick friends at that place. T. B. Jamison has gone to Pine Grove on business. Candidates are plenty. They are evidently on the home stretch. Mrs. John H. Hazel and daughter, from Propriet, Ill., are visiting her father, Mrs. Jos. Smith and other friends in this vicinity. Mrs. R. H. Chamberlain and her son who had been visiting at Dr. F. H. Van Valzab's for some time started for their home at Wichita, Kansas, on last Tuesday afternoon. The work train was taken off the railroad on last Saturday, which has thrown about twenty men out of employment at this place. REBERSBURG. J. C. Morris while loading wood the other day was nearly hit by a monstrous rattlesnake. The Women's Missionary Society had a large crowd at their social last Saturday evening. Rev. Lenhard took sick last Saturday while assisting the at Lutheran social. He was unable to preach last Sunday forenoon and Rev. Ed. Wolf, of Gettysburg filled the pulpit in his stead. George Wate has a subscription paper out and is collecting money to pay his doctor bill. George is a poor man and had a very severe time of it. Consequently the people feel like helping him along. He is able to limp around and attends school. Frazier's farm was sold to a man by the name of Jerome Meyer the other day. Our band received a new silver Eb cornet last week. On Friday evening our school board bought new school furniture of J. C. Morris, the popular school desk agent, to supply all the school houses in Miles township. On the same day the borough of Logansville gave Morris an order to fill the school room with new desks. In that place with new patent desks, Callahan's first-class article in his line and being full of push and energy "gets there" every time. Mr. Thos. Bierly, who had been at Bridge-water, Col., to look up a home, returned to this valley on Monday. He found that Colorado did not at all agree with him. He was sick nearly all the time he was there, sometimes even bedfast. Mr. Bierly is likely to stick to old Brushvalley now. On Monday evening a heavy rain storm passed over this valley accompanied by a strong wind which did considerable damage to the fruit trees. Many of the hill fields were badly washed out. NANOD. The Verdick Unanimous. W. D. Solt, Druggist, Bippus, Ind., testifies: "I can and do recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of 10 years' standing." Abraham Hare, druggist, Bellefonte, Pa., writes: "The best selling medicine I ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their names to the list, and the verdict is unanimous that Electric Bitters do cure all diseases of the Lymphatic system, and are a dollar a bottle at all A. Eisenhart's drug stores.

CENTRE MILLS. Mr. Editor: As the JOURNAL contains a few items from all the small places adjoining Millheim, I concluded that a few scraps from Centre Mills might possibly find space in your number's paper. A few weeks ago Lizzie Meyer, a little eleven-year old daughter of Jos. K. Meyer, of this place, fell from the barn, a distance of at least 25 feet, and, although no bones were broken, she received severe bruises. Glad to say she has recovered. W. K. Foster and wife, accompanied by the lady's niece and nephew, Miss and Master Blank, spent a week at the home of Aarons Small's. Fishing and playing croquet formed most of their pastime. Mrs. Sam'l. Lambert and son also spent a few days among us. Mrs. C. M. Bower and son, of Bellefonte, stopped with her brother, Mr. J. K. Meyer, several days last week. During their stay, John Bower and Nevin Meyer, the cousins, amused themselves by fishing in our little creek and succeeded in catching five little ones morning, one of which measured 3 feet and was 7 1/2 inches in circumference. Pretty good for boys. On Thursday afternoon C. M. took his family and two of Meyer's little girls back to Bellefonte. Henry Gilbert is attending school at Rebersburg. Miss Kate Small made a flying visit to Bellefonte. Miss Eva Meyer is spending her vacation at home, likewise Elmer Bierly. ANONYMOUS. COBURN. As the delegate election is drawing near candidates are becoming thick as flies. Seven candidates for different offices met here on one time one day last week. Coburn had the largest crowd of people on Saturday last that we ever had at one time. People came for miles to witness the tub race which had been advertised, and also took in the festival. The crowd was estimated at from 400 to 500 persons. The tub races came off as per announcement and were the cause of a great amount of merriment, keeping the crowd in the best of laughing and cheering humor. In the first race Thos. Evert, of Coburn, took the first prize of \$2.00, John Kerstetter, of Millheim, took 2nd prize of \$1.50 and the 3rd prize of \$1 was equally divided between Wm. Gettig, of Rising Springs, and Ed. Cassler, of Coburn. In the second race for boys there were but two entries. The first prize of \$2.00 was captured by Will Cantner, of Coburn, and the 2nd prize of \$1 was awarded to Geo. VanValin, of Coburn. The boys did very well. The Judge, Dr. Frank Squire, Klatsch and Jacob Getzel deserve credit for the fairness shown in awarding the prizes. The crowning feat which many did not see owing to their being unaware of the fact until a moment before it was done, was a dive made from the topmost point of the bridge into the creek, a distance of about 25 feet. The dive was successfully made by Mr. Searle. The Millheim band was on hand and made things lively with fine music. After the races all hands turned out to the festival where the building and grounds were soon one mass of people, and the waiters were kept busy and could not accommodate the vast crowd for lack of space. The only drawback to the occasion was that those in charge of the festival had not prepared for so large a crowd and consequently ran out of ice cream and other things in the early part of the evening, while if enough had been prepared we are sure the receipts would have run over \$100. The festival netted the ladies some \$60. We have learned from our merchants that Saturday evening's sport was a big benefit to them. Mr. Swengel, of Durham Bros. & Co., says it helped their sales at least \$25. R. F. Vonada says it helped him \$50. J. W. Glasgow says \$12 and Mr. Meyer claims it helped his sales \$35, and taking the festival and other money left here it can be seen that nearly \$300 was brought to our little village on Saturday evening in excess of what would have been had there been nothing going on. And all this on an outlay of \$17, and still we have a few croakers who will sit down on any attempt that is made by a few to get up something of this kind. We think the promoters of Saturday evening's entertainment are entitled to considerable credit and we know they are thankful to those who responded so cheerfully when called upon for financial aid. In eight days recently merchant Vonada took in 1670 quarts of 52 bushels of huckleberries. The heavy rains Monday raised the creek considerable. Henry Whitmer had men running his logs in the race to save them from going down the creek. Andy Campbell's foot bridge floated off Monday night. J. F. Turbert is here on business. VALE. Excitement in Texas. Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not get in bed, or raise his head; every body said he was dying of consumption. A bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained 15 lbs. in flesh in three weeks. Trial Bottles of this Great Discovery for Consumption free at J. Eisenhart's.

A Case of Deafness Cured. Office of Shaw & Bald in's Whole sal-Norton House, Toledo, O. Dec. 11, 1859. F. J. Cheney & Co., Toledo, O. Dear Sirs: About three years ago, noticing a letter addressed to you in the Bee from Gen. Slevin, in reference to the cure of his son by the use of Hall's Catarrh Cure, we were induced to commence the use of it for our daughter Nellie, now fourteen years old, who has been suffering from catarrh for about eight years, during which time she has been treated by one of the best physicians in the city. We have also tried the use of almost all the known remedies for catarrh, with no more success than temporary relief. Many nights have we laid awake to hold her mouth open to keep her from strangling. Her hearing had also become affected. We were afraid that she would never recover. We have now used six bottles of HALL'S CATARRH CURE and we believe Nellie to be entirely cured. In a few days after commencing the use of it we noticed a decided change for the better, and from that time along she has improved, until now she breathes as easily as any one. She sleeps well and her hearing is perfectly good. We feel that the disease is entirely removed. We write this unsolicited letter, feeling that it is due you, and with the hope that others may be benefited in a like manner. We can hardly realize that such a change could be effected in so short a time after battling with the disease so long. We are still using the remedy at intervals, as it seems to build up her system. You are at liberty to use this in any manner you see proper. We are yours, truly, MR. & MRS. S. BALDWIN, 223 Franklin Avenue. Sold by Druggists, 75c.
