## Lehigh County Prisoners Rebel.

ALLENTOWN, Pa., Oct. 6 .- Six of the long term prisoners in the county iail refused to work this afternoon and because of the violence they retreated to their cells where they had concealed iron bars to resist an assault. After much difficulty the officers with the revolvers drawn forced them into submission and they were shackled hand and foot.

### Every One Killed.

AMANDA, O., Oct. 6.-By the explosion of a boiler last night in David Young's saw mill, three miles from here, George Lane, Perry Lane, Simon Young and Amos Young, who was in stantly killed, and Mrs. Simon Young, who was at the time, 200 yards from the mill, was seriously injured. The cause of the explosion is unknown, as every one at the mill was killed. Simon Young's head was blown a hundred feet in the air. Amos Young's skull was crushed to atoms, and the bodies of the other's were blown to fragments. A President for Lebanon Valley Col-

lege.

ANNVILLE, Pa., : Oct. 6.-The ex ecutive committee of Lebanon Valley college met to-day and elected Rev. E. S. Lorenz, of Ohio, as president of the institution. Mr. Lorenz is a man of "Heavenly Carols," "Songs of Grace," "Gates of Praise," "Holy Voices," "Notes of Victory," &c. He is a man bright future awaits Lebanon Valley college.

RENOVO, Pa., Oct. 6. - A very sad accident occurred here yesterday in the railroad company's planing mill. William McCloskey, a lad of about 14 years. was sent to the cellar for the purpose of stepped over a belt running near the ground, when he was caught, run up was found that his skull was crushed of the yard about seven years ago. William was a very bright boy, and was loved by all who knew him, and his up timely death comes very hard on his widowed mother.

### A Woman Attacked by a Cow.

ALLENTOWN, Pa., Oct. 6 .- Mrs. been vicious previous to this time.

# WOMAN'S CHIEFEST CHARM.

Women.

San Francisco Argonaut. A woman's surest charm is her man ner. No one eyer saw an old maid who was high-bred, dashing and direct. She may be sweet and amiable, but she lacks the peculiar charm of graciousness and insistence, else she could never be an old maid. Mankind would for-

other day, a man and a fourteen-yearold girl wandered through the car look.

ing for a seat that would accommodate them both. None but half seats were

in yiew. An agreeable youth arose and insisted on giving up his seat, and the girl's escort said 'thanks' after the usual stolid fashion. But the girl turned toward the stranger, leaned forward, clasped her little hands, beamed

the softest and most caressing tone in the world : 'Oh, you're so very kind.' 'Non-not at all,' stammered the man, smiling at her responsively. with a knowing and wise little shake of her head.

The man strode on with a long-drawn

while the girl cuddled up beside her brother, put her head on his shoulder, after smiling up into his face, and went gently off to sleep. Every face in the car wore a more human expression, and marked ability. Student in theology of half the passengers beamed on the chi'd the Union Bibileal seminary in 1880 and fondly. It is the contrast of lights and shadows that not only reveals the lunar mountains to us, but enables us to measure their height. On the moon on the earth, because of the extreme atiments that effect the weaker sex. It is in every respect A WINE TO, BE REdeed it has any atmosphere at all. By stepping around the corner of a rock there, one might pass abruptly from dazzling noonday into the blackness of

midnight. The surface of the moon is extraordinary rough and uneven. It possesses broad plains, which are protaply the bottoms of ancient seas that have now dried up, but these cover only about two-fifths of the surface visible to us, and most of the remaining threefifths are exceedingly rugged and

mountainons. Many of the mountains of the moon are, foot for foot, as lofty as the highest mountains on the earth, while all of them, in proportion to the size of the moon's globe, are much larger than the earth's mountains. It is obvious, then, that the sunshine, as it creeps over these Alpine landscapes in the moon, casting the black shadows of the peaks and cratters many miles across the plains, and capping the summits of lofty mountains with light, while the Selinsgrove, lower regions far around them are vet buried in night, must clearly reveal the character of the lunar surface. Mourtains that cannot be seen at all when
