Philadelphia, October 18, 1887 TO THE PEGPLE OF PENNSYLVANIA:

A circular published in to-day's Philadelphia Times from Mr. Cooper, Chairman of the Republican State Committee, states that the saloon keepers and anarchists of Pennsylvania have raised a corruption fund of \$200,000, "which is being used ganization."

The state ticket containing the name of the candidate for state treasurer; the judiciary ticket, containing the names of the candidates for supreme judge and associate judge; and the county ticket containing all the names of the candidates for county offices. All voters should take good care to vote the three tickets and Democrats should pay particular attention to it that they vote for J. Ross Thompson, on The fact that Postmaster General Vilas the state ticket, for Bernard J. Mc-Grann and John Grove, on the judiciary ticket, and for John Noll, James Fiedler, W. A. Krise and H. A. Mc-Kee on the county ticket. All Democrats should be at the polls early and put in active party service. By so are elegant new carpets, and elegant new doing we may expect to poll a full vote for the three tickets and not only elect the county but the judiciary and state ticket. Get out the vote.

In just five weeks from next Monday the Lower House of the National Legislature will convene at the Union's capital for its regular annual session, and will start on an important political season, that of 1888. With the varied personnel of congress the lobbyists and hungry train ct politicians will of course be on hand and looking for "something to turn up."

PRESENT indications, if they do not prove false altogether, point to a political change in Pennsylvania this fall. The policy adopted by the Republican party in this state in late years, which in a great measure en- the body. croaches upon the personal liberties of thousands, has opened the eyes of many of that political persuasion and the chances are that many Republicans will desert their party. The peculiar and inconsistent position taken by the Republican party on the prohibition question, the passage of the extreme high license measure and the failure of the revenue bill, by which of Mrs. Washburne's death, six months C. L. Philips President of the Columan extra million dollars of taxes are previous, affected his health up to the loaded on the farmers and laborers of painless. Pennsylvania and which enables rich corporations to become richer yet, all these shortcomings of the Republican administration will have their natural effect this fall, The people want a change, must have a change, and their only hope for a change for the better is with the party which advocates honesty and fairness to all. Vote the

Why the Republican bosses raise such a racket about the alleged Democratic scheme about abolishing the Christian Sabbath is clearly explained in the following article from the Harrisburg Patriot:

The plan of the Republican managers in this state is so perfectly plain that the peo-ple have long ago seen through it. It is of the utmost importance that public atten-tion shall be drawn away from the record of the legislature of Quay & Co., and the nost unsatisfactory policy of the Beaver

administration.

There never had been a legislative body assembled at Harrisburg, even in the haly-con days of old constitution methods, which was more subservient than the last one, to the will of the bosses. The prompt man-ner in which it carried through every ring measure and every scheme of extravagant appropriation and refused or neglected to consider, or hesitatingly killed the measures in which the people were interested marked it as a model ring body and gave to the people of Pennsylvania the most decided taste of ring methods which they have had since the days when the Quay and Mackey ring ruled with undisputed sway.

The loss of the revenue bill and the hesitating policy of the administration with respect to it are enough in themselves to disgust the people with the latest attempt at republican "reform" government in Pennsylvania

It is of course of the utmost importance to the bosses that attention should be drawn away from this condition of affairs and so it is not strange to find that they have raised the ridiculous cry about the democracy of Pennsylvania and the Christian Sabbath. When reference is made to the careless-ness or crime which caused the loss of the revenue bill, the answer is "Don't believe it: it is a scheme of the democrats to get an through and by the Democratic orextra session that the liquor men may repeal the Sunday laws." When inquiry is made as to why Governor Beaver refused to allow a bill taxing store orders to become a law, up go the hands of the bosses and their not been offered, has not received and mention it, that bill was a democratic If it is asked why did a repubware of those oil producers in western Pennsylvania. They are altogether a bad set. This Billingsley bill was a wicked measure against the interests of the great and good Standard oil company that cers in western and good Standard oil company wouldn't hurt a flea. It was a scheme to allow these bad oil men a chance to import anarchists, to work their oil wells during the week, and to divert the people by their known amusement of throwing bombs at preachers and members of the legislature and other innocent people on Sunday thereby descrating the Christian Sabbath."

Of course if the people were fools they would believe all the stuff which is being promulgated about this wicked attempt of

WASHINGTON LETTER. (From our regular correspondent,) ASHINGTON, D. C., Oct 24, 1887. Supreme Court of the United States proba-bly has not been so large as at the present time. Civil Service is again to the front, both in the departments, where the examination of of the clerks has been resumed, and in the public prints, where the diverging views of Civil Service Commissioners Oberly and Edgerton furnish current topics of editorial mment and private niscussion. Mr. Edgerton boldly takes issue with colleague on the position taken by him in regard to the lleged illegality of Government employes being active members of political associa-tions, and asserts his belief that there is no good foundation either in law or in reason

for such a conclusion.

HOME AGAIN.

The President and Mrs. Cleveland Returned to Washington after Visiting Seventeen States.

WASHINGTON, October 22 .- As the sun was slowly creeping heavenward over the Maryland hills beyond the Potomac and tempering the sparkling. crisp autumnal air with its genial rays, the Presidental train was entering Alexandria. A few minutes latter it was steaming cautiously over the historic Long Bridge, and at 6.40 pulled into the station of the Pennsylvania Railroad, whence it departed twentydays three ago, in the interim having made a circuit embracing seventeen States of the Union and 4,500 miles.

The President cannot speak too highly of the pleasures of his own trip. He was pleased with the country, delighted with the people and honored by the lemonstrations with which he was received everywhere. The amazing industrial activity and marvelous rescources, the fertile and highly cultivated farms and general happiness and prosperity noticeable every where as he passed through Pennsylvania made a deep impression upon his mind. When the President entered the State and traversed the agricultural belt to Harrisburg, and thence crossed the mountain regions, rich in deposits of iron and coal, with its network of railroads, and witnessed the gigantic metallurgical and manufacturing industries of Pittsburg, he was fresh from hospitalities and experiences of the national jubilee at Pennsylvania's metroplis on the Delaware. He therefore feels that he has enjoyed an opportunity to form an idea of the greatness of Pennsylvania which fully sustains all her claims to the proud title of Key stone Common wealth of the Republic

bian Bank Has Gone.

Charles L. Philips of the defunct Columbian Bank Philadelphia, has left the country. He sailed for Hayre, France, on the Compagnie Generale Transatlantique's steamer La Champagne from Pier 42, North river. New York city, at 9 o'clock Saturday morning. His departure was sudden and known to but very few, and it was in-timated last night he had left the country to escape criminal prosecution for the part he took in the mismanagement of the broken bank.

The Columbian Bank, at 433 Chestnut street, which also had a savings fund branch in Germantown, of which Philips was president, closed its doors, on July 30, and made an assignment in favor of its creditors to S. Edwin Megargee and P. F. Kernan. The liablities were claimed by the officers to have been between \$200,000 and \$300,000 and the assets more than double that amount. The appraisers, however, after about eight, weeks' work, found that the assets consisted principally of worthless stock and merchandise in warehouses on which advances had been made, in some cases, equal to the full value of the goods, and notes made and indersed by Philips and his associates. The savings fund depositors were mostly working people who had deposited the savings of years with Philips and his associates amounting

to about \$30,000.

An Extensive Cave-In. SCRANTON, Pa., Oct. 25. - The greatest "cave-in" yet experienced in the mines of the Lackawanna region occurred during last night in the Green Ridge colliery, in Dunmore borough. adjoining this city. It covers a surface area of nearly twenty-five acres, and effects the workings of three yeins of coal, the upper and middle ones of which are so crushed and filled up that they can never be opened up profitably. The damage to the lower vein is more the result of the concussion caused by the collapse of the heavy surface above it, and consists mostly of damaged bratice work, doorways and air chambers. The "cave-in" is the result of

robbing pillars in the first and second veins, the coal of which was of the most desirable kind, and which was kept up structive are that has occurred in this until there was an immense cavern opened up, the roof of which was sup ported by a few weak timber props which finally crushed down under the immense surface weight.
