George Bringham, COACH-MAKER,

In Mulberry (Arch) between Fourth and Fifth Streets, adjoining the Episcopal burying-ground,
TAKES this opportunity of returning his grateful thanks to his former employers, and requesting their future favors, as well as those of the public in general.

He continues to make and repair at the shortest notice, all kinds of pleasure carriages, such as coaches, chariots, phaetons with and without crane necks, coaches, chaises, kitchens, windfor sulkeys and chairs, and harness of every description, in the newest and newest fashion now prevailing in the United States.

And as he has a quantity of the best seasoned wood by him, and capital workmen, he has not the least doubt but he will be able to give satisfaction to those who please to employ him.

He has for sale, several carriages almost finished, such as coaches, an Italian windfor chair, hung on steel springs, a light phaeton for one or two horses, and a sulkey with a falling top.

Carriages sold on Commission.

Encyclopedia, Vol. X.

JUST PUBLISHED,

By **THOMAS DOBSON,**
Bookseller, at the Stone House, in Second-street Philadelphia.
VOLUME X. OF
ENCYCLOPEDIA; OR DICTIONARY
Of Arts, Sciences, and Miscellaneous Literature, on a Plan entirely new;
BY WHICH
The Different Sciences and Arts,
are digested into the form of
Distinct Treatises or Systems:

THIS volume contains principles of Levels, Liberty, Doctrine of Light, Lightning, Locks, Logarithms, Logic, History of London, Longitude, Luther, Lydia, Macedon, Madagascar, Magic, Magnetism, Malts, History of Man, Marriage, Mary, Maryland, Masonry, Materia Medica, Meadows, Mechanics, with a great variety of Biographical and Miscellaneous articles, illustrated with TWENTY TWO COPPER PLATES.

As a number of families are still in the country, and it is not generally known who are returned. T. Dobson, solicits the favor of the subscribers to call or send for their volumes, that they may be supplied as early as possible.
The Tenth Volume of the Encyclopedia is now presented to the public; but as it makes its appearance in an imperfect state, some account of the reason of that imperfection should be given. On the 8th of September last, the Publisher had the misfortune of having his Printing-Office burnt down by a fire which broke out in the neighbourhood, and a great quantity of his printing materials destroyed, and among other articles, the PROOFS, with which he was printing the TABLES OF LOGARITHMS, belonging to the present volume, were melted down by the violence of the fire. As a supply of these could not be immediately obtained, he was under the necessity of publishing the volume without these TABLES; but hopes he shall be able to publish them with the next volume which is now in considerable forwardness.

The Publisher embraces this opportunity of expressing his grateful acknowledgments to the generous public, for the very liberal patronage with which his undertaking has been honored; at the same time he takes the liberty of representing to such of the subscribers as are in arrears, the indispensable necessity of punctuality, both in taking up the volumes as early as possible after publication, and of paying for them when taken. Many of the subscribers having got only one, two, three, &c. volumes, and several volumes remain unpaid. Thus the work hangs in all its different stages from the commencement; and though the importance of a few dollars may be but a trifle to the individuals, yet the accumulation of these trifles amounts to the Publisher under very serious embarrassment, and deprives him of the use of many Thousands of Dollars which at this time would be of very essential service. For these reasons the Publisher finds himself under the necessity of recurring to the original terms of publication, and in future no volumes will be delivered but only to those who take and pay to the time of publication.

FOR the benefit of those who maybe concerned it may not be improper to notice, that the United States, by their Act of the 14th of February 1793, ordered that all Claims of the description therein mentioned, and which originated previous to the 4th of March 1789: be presented at the Treasury on or before the first day of May 1794, otherwise they will "for ever thereafter, be barred, and excluded from settlement or allowance." And as there may be several Creditors of the United States, holding Certificates or other Securities, which form a part of the Domestic Debt, and who wish to subscribe to the Loan, they are reminded that the term for receiving subscriptions at the Treasury, is by the Act of the United States, passed the second of March last, extended to the last day of June, 1794.

The following is an extract from the Act of Limitation above referred to:

SECTION I. "Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled— That all claims upon the United States, for Services or Supplies, or for other cause, matter or thing, furnished or done, previous to the 4th day of March 1789, whether founded upon Certificates, or other written documents from Public Officers or otherwise, which have not already been barred by any Act of Limitation, and which shall not be presented at the Treasury before the first day of May 1794, shall for ever after be barred and preferred from settlement or allowance: Provided, that nothing herein contained, shall be construed to affect Loan-Office Certificates, Certificates of Final Settlements, Indents of Interest, Balances entered in the books of the register of the treasury commonly called registered certificates, loans of monies obtained in foreign countries, or certificates issued pursuant to the Act, intitled "An Act, making provision for the Debt of the United States."
