Encyclopedia, Vol. X.
JUST PUBLISHED,
 By **THOMAS DOBSON,**
 Bookseller, at the Stone House, in Second-street Philadelphia.
VOLUME X. OF
ENCYCLOPEDIA; OR DICTIONARY
 Of Arts, Sciences, and Miscellaneous Literature, on a Plan entirely new;
 BY WHICH
 The Different Sciences and Arts,
 are digested into the form of
 Distinct Treatises or Systems:

THIS volume contains principles of Levels, Liberty, Doctrine of Light, Lightning, Locks, Logarithms, Logic, History of London, Longitude, Luther, Lydia, Macedon, Madagascar, Magic, Magnetism, Malts, History of Man, Marriage, Mary, Maryland, Masonry, Materia Medica, Meadow, Mechanics, with a great variety of Biographical and Miscellaneous articles, illustrated with TWENTY TWO COPPERPLATES.
 As a number of families are still in the country, and it is not generally known who are returned, T. Dobson, solicits the favor of the subscribers to call or send for their volumes, that they may be supplied as early as possible.
 The TENTH VOLUME of the Encyclopedia is now presented to the public; but as it makes its appearance in an imperfect state, some account of the reason of that imperfection should be given. On the 8th of September last, the Publisher had the misfortune of having his Printing-Office burnt down by a fire which broke out in the neighbourhood, and a great quantity of his printing materials destroyed, and among other articles, the FIGURES, with which he was printing the TABLES of LOGARITHMS, belonging to the present volume, were melted down by the violence of the fire. As a supply of these could not be immediately obtained, he was under the necessity of publishing the volume without the TABLES; but hopes he shall be able to publish them with the next volume which is now in considerable forwardness.
 The Publisher embraces this opportunity of expressing his grateful acknowledgments to the generous public, for the very liberal patronage with which his undertaking has been honored; at the same time he takes the liberty of representing to such of the subscribers as are in arrears, the indispensable necessity of punctuality, both in taking up the volumes as early as possible after publication, and of paying for them when taken. Many of the subscribers having got only one, two, three, &c. volumes, and several volumes remain UNPAID. Thus the work hangs in all its different stages from the commencement; and though the importance of a few dollars may be but a trifle to the individuals, yet the accumulation of these trifles UNPAID lays the Publisher under very serious embarrassment, and deprives him of the use of many Thousands of Dollars which at this time would be of very essential service. For these reasons the Publisher finds himself under the necessity of recurring to the original terms of publication, and in future no volumes will be delivered but only to those who take and pay to the time of publication.
