It is wholly unnecessary to expatiate on the advantage, to American readers, that this edition possesses, over every imported edition of any system of Geography extant. The addition of maps of the several states, procured at a very great expense, and from the best materials that are attainable, speaks such full conviction on this subject, that it would be disreputable to the reader's understanding to suppose it requisite to enter into a detail of arguments to prove its superiority. In no similar work have such maps been ever introduced.

The emendations and additions which are made in this work, are innumerable, and occur in every page. The public are referred to the preface for a slight sketch of a few of them.

The publisher takes the present opportunity of returning his most sincere thanks to those respectable characters who have favored him with documents for improving the maps of several of the states. He requests a continuance of their kindness; and hopes that such public spirited citizens, as are possessed of similar documents, will favor him with their assistance in perfecting his undertaking.

The extraordinary encouragement with which he has been favored, has excited in his breast the warmest sentiments of gratitude—sentiments which time will not efface. He pledges himself to the citizens of the United States, to spare neither pains nor expense to render the present edition of Guthrie's Geography improved, deserving of their patronage.

Fifty Dollars Reward.

ON the 31st of last month, the subscriber addressed a letter to Messrs. **Thomas Pearfall & Son,** merchants in New-York, and inclosed therein a bank note, No. 445, for twenty dollars; one ditto, No. 151, for thirty dollars; and one ditto, No. 3,866, for twenty dollars.—He also addressed a letter to Mr. **Gilbert Saltonstall,** merchant in New-York, inclosing a bank bill, No. 148, for fifty dollars, indorsed on the back thereof in these words—"Pay the within to Mr. **Gilbert Saltonstall—Eben. Huntington.**"—He also addressed a letter to Messrs. **White & Wardell,** merchants in New-York, and inclosed a bank bill for ten dollars, and a draft in favor of said **White & Wardell,** which letters were put in the Post-Office on said 31st January, to be forwarded to New-York: But by letters received from the Gentlemen to whom they were severally addressed, the money was robbed from each letter before delivery.

The Public are requested to endeavor a detection of the Villains who committed the above robbery. The bill indorsed, I think was a York bank bill, and some others, one or more was of the United States bank, remitted at Philadelphia. Any person discovering the Thief, and returning the Money, shall be entitled to fifty dollars reward.

An Essay on Slavery:

Designed to exhibit in a new point of view, its effects on morals, industry, and the peace of society. Some facts and calculations are offered to prove the labor of freemen to be much more productive than that of slaves; that countries are rich, powerful and happy, in proportion as the laboring people enjoy the fruits of their own labor; and hence the necessary conclusion, that slavery is impolitic as well as unjust.
